BRADEN™

model 7871

model 7870R, 7870, 7870L

STANDARD FEATURES

- A flexible modular seating system that is exceptionally durable. Combine these seating components into a configuration that suits your space.
- Braden uses a unique ganging feature which locks units solidly together, but allows them to be separated and reconfigured when necessary. Locking "Pins" will always be on the left side of a ganging unit, while the pin receptacle will always be on the right side, seated.

OPTIONAL FEATURES

- For ganging hardware please use the following codes: Add "GB" for both sides. Add "GR" for right side seated only. Add "GL" for Left side seated only. Add "GC" for corner units only, both sides.
- For highly resilient, high density Ultracell foam on seat, Please specify (UC) after the model number. Add $47.00 for the seat and $94.00 for the seat and back.
- Optional Non-slip glide for hard surface flooring. Please specify and add $21.00.
- Braden can be upholstered in Fabric, Vinyl, Leather or Leather/Mock Leather. Not available in Leatherite.
- Model 7874 Table (top) is offered in the all the standard laminates. Please Specify.

CAMINO

models shown: 5471-CP Lounge Chair, 5475-W End Table, 5472-CP Two Seat Sofa.

model 5471-CP

model 5476-W

model 5485-W

STANDARD FEATURES

- A transitional soft seating series composed of one, two and three seat units. The series also offers tables with coordinating details and finishes.
- Frame is a heavy duty, interlocking plywood, puzzle box construction suitable for public environments.
- The soft seating leg system utilizes a continuous visible frame between the front and rear leg. Each leg frame is bolted directly to the sofa frame with large bolts to provide a very durable leg construction.
- Legs are equipped with translucent non marking glides as standard. Suitable for both carpet and hard surface flooring.
- Seating features as standard, decorative double stitch detail, which make seams lay flat and add extra seam strength.
- Cushions are highly resilient foam and seats are equipped with a synthetic rubberized sheet webbing suspension system for extra comfort. Cushions are fixed and non-removable.
- Tables are made with a choice of tops: Genuine Wood tops (W) with a reverse beveled edge, Thermally Fused Laminate tops (LP) with matching PVC edging or High Pressure Laminate top (HP) with matching PVC edging. Custom high pressure laminate finishes will be considered upon requested.
- Regardless of top chosen all tables have wood aprons and a unique tapered leg design.
- Some table assembly required, see RTA code with each item below.
- Measurement shown for weight is for one unit, measurement for volume is per carton.

OPTIONAL FEATURES

- Optional cushions and arms can have tailored piping details.
- For piping made in fabric matching the rest of the upholstery fabric please use **MP** models (matching piping after the model number). This is no upcharge.
- For contrast piping made in a fabric that does not match the rest of the upholstery fabric, you can specify any grade 3 or 4 upholstery material for this purpose, please see model numbers ending in **CP** which reflect the appropriate upcharge.
- For contrast piping in a fabric higher than grade 4, you must ask for a special quotation. Per unit price will vary depending on the number of units being ordered.
- Seating can be upholstered in any standard Global Upholstery fabric, vinyl, leather or combination leather/ mock leather upholstery. If a two tone fabric or a fabric / leather combination is required please fill in a fabric combination sketch showing which material goes where. Please contact Customercare.
- Seating unit and Tables come with a choice of wood legs or a polished cast aluminum. The table leg finishes coordinate with the legs on the soft seating units.
- Seating and tables with polished aluminum legs are shown as separate skus.
- Tops finishes coordinate with the laminate finishes for Global Casegoods and wood seating finishes. Specify laminate finishes from the Adaptabilities or Zira sections of the price list.
- Wood legs for seating are available in select Global wood seating finishes - see seating finishes. Only finishes ending in "M" are available for this series.

CITI™

model 7875LTM (BK)

model 7889

Citi Modular Group & Tables - Shown in Tungsten

STANDARD FEATURES

- Compact, contemporary design includes raised legs, ideal where space is at a premium.
- Fully upholstered. Fixed seat and back cushions. Raised metal tubular legs.
- Horizontal stitch detail on leather models only. Fabric models will not have decorative stitch detail.
- Citi seat and table legs are standard in a Tungsten (R1) colored finish.
- Citi tables complement the contemporary timeless decor of many offices
- Table tops are available in either tempered glass or laminate.

OPTIONAL FEATURES

- Legs are available in Black (R2) finish at no charge. A Chrome (R3) finish is available. Add $124.00.
- Wood feet are available as an option (non-cylindrical) for Citi Seating only. Add $207.00. Please inquire with Customer Service for available finishes.
- Citi tables and tablets are offered in the following laminate finishes: Absolute Acajou (ACJ), Asian Night (ASN), Avant Cherry (AWC), Avant Honey (AWH), Black (BLK), Brushed Cobalt (BRC), Constellation Java (CSJ), Dark Espresso (DES), Grey (GRY), Hayden Grey (Taupe) (HGT), Quartered Mahogany (QTM), Shaker Cherry (SKC), Storm Grey (SOG), Tiger Fruitwood (TFW), Tiger Mahogany (TMA), Tiger Maple (TMP), Tiger Walnut (TWL), White (WHT), White Chocolate (WHC), Willow Grey (WGY), and Winter Cherry (WCR). Please Specify.
- Tablets are also offered in Charcoal, Platinum, or White MDF. Please specify.
- Upon request Citi seating can be upholstered in Fabric or Vinyl. Please specify (F) after the first four digits of the model number when ordering, for example: 7895F, 7877FLTM, 7890FR. Contact your Global sales representative for further information. Please refer to Grade 7 list prices for lower grades.

CITI™ SQUARE

model S7875LFLT

Sample Layout A - Models shown: S7875FUC and S7911

Sample Layout B - Models shown: S7890RFUC, S7862FUC (2), S7897FUC, S7890LFUC and S7912.

STANDARD FEATURES

- Fully upholstered lounge series with a complete range of sectional components for all applications. Proportions are compact, 31" and 33.5" deep so it works well in public spaces.
- All models have fixed, non-removable cushions.
- Upholstered in leather or leather/mock leather combinations as standard. All leather models feature a horizontal stitch detail across the seat and back cushions.
- Standard models are upholstered in leather and leather/mock leather combination. Models with "LF" are upholstered in Genuine Italian leather or CTL Prescott leather and graded fabric choice for the balance of the seating unit. See note on "F" models, when all fabric or vinyl upholstery is required.
- The 5 inch high leg frame for seating and occasional tables lightens the look, it is available in Tungsten (S1) as standard or optionally available in Black (S2) Please specify finish, no upcharge added.
- Casters are not available on this series.
- Arm height on all models is 25"
- Tablet arms are made from thermally fused laminate, measure 12"D x 16.5"W 3/4" thick. Available right hand seated (RT), left Hand seated (LT) or both right and left hand (LRT).
- Ganging Brackets are sold separately. Ganging brackets are to be used on armless seating if interconnection to another armless seating unit is required. Bench and ottomans only gang to other benches/ottomans, cannot gang with seating units.
- Brackets come with a template for installation: unless noted otherwise all armless skus are equipped with the steel on steel connectors to receive this bracket.
- Measurement shown for weight is for one unit. Measurement for volume is per carton.

OPTIONAL FEATURES

- For high resilient, high density Ultracell foam on seat, PLEASE SPECIFY (UC) after the model number. One Seater add $90.00, Two Seater add $180.00, Three Seater add $269.00, and Four Seater add $359.00.
- Chrome finished leg frame on seating or tables Please Specify (S3) and Add $135.00.
- Upon request this series can alternatively be upholstered in Global Upholstery fabric or VINYL, add "F" to end of model number, for example S7885F, S7887FLT or 7890FR. Please use grade 7 price shown below for fabrics of a lower grade. (Note "F" models do not have horizontal decorative stitch detail across the middle of the seat and back cushions).
- To order units in combination of Global carded leathers on seat and back cushions and fabric on balance of chair see models where "LF" shows after first 4 digits.
- Tables and Tablet arms are made with high pressure laminate and are offered in the following finishes: Absolute Acajou (ACJ), Asian Night (ASN), Avant Cherry (AWC), Avant Honey (AWH), Dark Espresso (DES), Hayden Grey (HGT), Shaker Cherry (SKC), Tiger Mahogany (TMA), Tiger Maple (TMP), Tiger Walnut (TWL), White (WHT), White Chocolate (WHC), and Winter Cherry (WCR). Please Specify. Custom High Pressure laminate finishes will be considered upon request.
- Tablet arms are also offered in MDF with a tapered edge which features a rounded triangular profile and an epoxy finish. Available in Charcoal (CHR), White (WHT) and Platinum (PLT). Please add $184.00.
- Power/USB modules are available in the Citi Square tables. Each module includes a double power outlet and two USB terminals. It is equipped with a 6' long three-prong power cord with standard three prong plug. The Power monuments are available in Jet Black (J1) or White (W1). Add $635.00 per unit. Please see Electrical Placement below for predetermined locations.

ELECTRICAL PLACEMENT

Coffee/End Tables: Predetermined Location is on the end/side of the unit J1 (black) or W1 (white).

JEO

model 8434

model 8433-4

Optional Quilted Stitch Back (Q).

model 8435-22-24

model 8436-15-30

Optional 5 prong base with glides (G).

STANDARD FEATURES

- Jeo is a contemporary, retro - inspired series with versatility for a variety of workplace applications.
- The tailored box styling functions well in lounge, conferencing, collaboration and side/ guest environments.
- Three seating models: swivel tilter with a 5 prong caster base, a swivel self-centering return with a stationary round pedestal base or a matching four legged Arm Chair.
- Model 8433-4 is standard with a 5 prong aluminum base with carpet casters (HC).
- Jeo also offers two styles of matching pedestal base occasional tables with a round or square laminate top, available in two height sizes --- 15" and 22" high.

OPTIONAL FEATURES

- Chairs can be upholstered in fabric, vinyl, leather or a combination of two or more materials. The upholstery surfaces are seamed together with tailored double stitch detailing.
- Chairs are available with an Optional Quilted Stitch back. Please specify (Q). Add $140.00
- Optional 5 prong aluminum base with glides. Please specify (G).
- Optional soft casters are available on the 5 prong base. Please specify (SC) . Add $87.00
- The round pedestal base and 4 legged frame are available in Chrome (CH) or Brushed Chrome (BCH). Please specify.
- Occasional tables are available in the following laminate finishes to coordinate with Global casegoods and wood seating; Tiger Mahogany (TMA), Tiger Walnut (TWL), Tiger Maple (TMP), Tiger Fruitwood (TFW), Avant Cherry (AWC), Avant Honey (AWH), Constellation Java (CSJ), Brushed Cobalt (BRC), Dark Espresso (DES), Winter Cherry (WCR), White (WHT), Black (BLK), Absolute Acajou (ACJ), Asian Night (ASN), White Chocolate (WHC), Shaker Cherry (SKC) and Hayden Grey (HGT). Please Specify.

Sample Layout

STANDARD FEATURES

- **Please contact Customercare for product availability.**
- A modular seating series that is composed of linking units in straight, inside curves, outside curves and corner units. Soft seating models are available in standard height, high and extended high backs. All units are compatible and can be used together in any combination to create a wide variety of layouts.
- The unique tapered legs (swaged legs) are made of welded steel, heavy duty construction, with each leg bolted directly to the unit frame. The extremely robust construction insures trouble free performance in any environment. All units except for the Laptop Tables have the same leg height of 6.5". The unique leg height makes it easier to clean under the product.
- Legs are standard with black non-marking glides. Wood legs and casters are not available.
- All cushions are fixed and non-removable (cushions will not migrate). Perimeter seams feature a decorative single stitch detail, which makes seams lay flat and adds extra seam strength.
- Seating frames are heavy duty with interlocking plywood, puzzle box construction, made for rugged active environments. Seats are high density with highly resilient foam and are equipped with a synthetic rubberized webbing suspension system for extra comfort.
- Front edge or face of the seat, angles slightly inward, so feet have freedom of movement and shoe heels don't rub on the seat. This inward slanting matches the inward angles of the back. Benches and connecting end tables also reflect the inward angles on the front and back faces, so all units coordinate in visual appearance.
- High Traffic (HT) units are also available and are listed separately. Please see page 17-26 for High Traffic Models.
- Most units can be ganged together with a quick connect, disconnect feature. Ganging hardware is standard and is factory installed. Ganging hardware swivels out of sight when not in use.

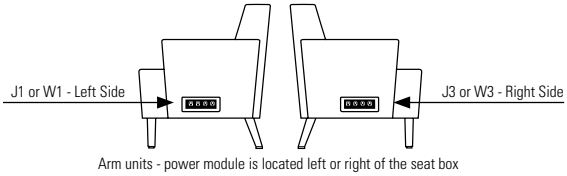
OPTIONAL FEATURES

- Most tables and seating units can be specified with Power/USB terminals, which includes two power outlets, two double USB terminals and a black 72" three-prong power cord. Each Power/USB module is set in predetermined locations, as shown in the electrical illustrations below. Electrical units must be factory installed.
- To add a Power/USB module: From the electrical illustrations below, please specify J1, W1, J2, W2, J3, W4, J4, W4, J6 or W6 after the product model number. Please note on seating units, if both right and left locations are required, add both J1/J3 or W1/W3 to the model number. Add $635.00 for each module/location required.
- Power/USB modules are available with either Jet Black (J) face plate with black Power/USB receptacles or with a White (W) face plate with white Power/USB receptacles.
- Tables are made with high pressure laminate and are offered in the following finishes: Absolute Acajou (ACJ), Asian Night (ASN), Avant Cherry (AWC), Avant Honey (AWH), Dark Espresso (DES), Hayden Grey (HGT), Shaker Cherry (SKC), Tiger Mahogany (TMA), Tiger Maple (TMP), Tiger Walnut (TWL), White (WHT), White Chocolate (WHC), and Winter Cherry (WCR). Please Specify. Custom High Pressure laminate finishes will be considered upon request.
- The metal legs are standard in Chrome (CHR). Tungsten (TUN) and Black (BLK) finishes are also available at no up charge. Laptop tables bases are only available in Tungsten (TUN) and Black (BLK) finishes.
- All models are available in fabric or vinyl. Leather upholstery is available upon special request and is only recommended for seat use. If more than one fabric or a fabric/vinyl leather combination is required, please fill out a "Seating Multiple Textile" form, specifying each fabric location. Please contact Customercare for more information.

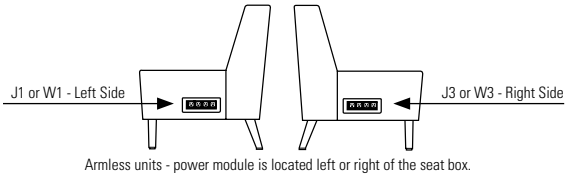
ELECTRICAL PLACEMENT

Soft Seating

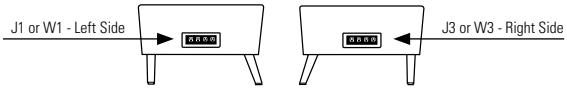
Locations available on left side J1 (black) or W1 (white), right side J3 (black), or W3 (white) or both sides J1/J3 (black) or W1/W3 (white).



Arm units - power module is located left or right of the seat box



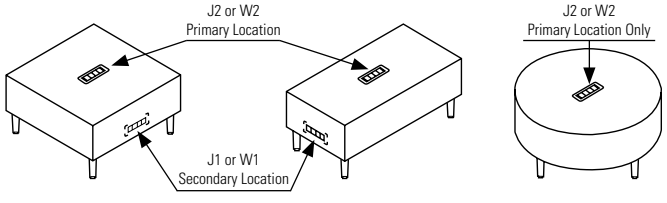
Armless units - power module is located left or right of the seat box.



Bench units - power module is located left or right of the bench.

Coffee/End Tables

Primary location is on the top of the unit, centered J2 (black) or W2 (white). Secondary Location is end/side of the unit J1 (black) or W1 (white).



Primary location is on the top rear/edge of the unit J4 (black) or W4 (white). Secondary Location is the back side of the unit J6 (black) or W6 (white).

RIVER HIGH TRAFFIC

Sample Layout

STANDARD FEATURES

- **Please contact Customercare for product availability.**
- River High Traffic models have all the same features and styling as River but are intended for High Traffic Applications. Please see series introduction page for more information.
- High Traffic (HT) units are rated at 350 lbs. active load per seat and 24/7 use. These units have the same puzzle box frame construction except that the framing wood is 1" thick, rotary cut, birch plywood and all arms, seat and back cushions are made with Ultracell Foam.
- High Traffic (HT) models are recommend to be specified in textiles that meet or exceed 100,000 double rubs for added abrasion performance.

OPTIONAL FEATURES

- For series optional features please refer back to series introduction page.

TRADITIONAL™

model 3771

Standard Feature
Attractive brass-colored nail head trim is standard on all models

model 3772

STANDARD FEATURES

- All models are solid wood frame. Tufted design with brass-colored nail head trim.

OPTIONAL FEATURES

- Legs are available in available in Absolute (AAM), Black (BKM), Cherry (ACM), Espresso Cafe (ECM), English Oak (EOM), Fruitwood (TFM), Gray (HGM), Honey (AHM), Mahogany (TMM), Maple (AVM), Medium Walnut (MWM), Night (ASM), Shaker Cherry (SKM), Walnut (TWM), WC Cream (WTM), White (WHM) and Winter Cherry (WCE). Please specify. Genuine maple faced veneers and solids are used.
- For availability of chair series in Fabric, Vinyl or Leather, please contact a Global Sales Representative.
- Traditional Vinyl's are (Grade 3); 557 Oxblood, 564 Wedgewood Blue, 568 Forest Green and 569 Black.
- Traditional can be upholstered in standard Global upholstery Fabric, Vinyl, Leather or Leather/Mock Leather combinations. Note the appearance of curved edges and tufted pleats will vary from upholstery material depending on thickness, stiffness and amount of stretch of the selected material. This upholstery material will make very flat pleats, thicker materials may make pleats with rolled edges. This can produce quite different looks. Both styles are considered acceptable, it is purely up to the personal preference of the purchaser. All VINYLS and most fabrics work well on these products, but thin, flat materials like JENNY and QUILT are not recommended.

WIND™ LINEAR

models 3363R and 3363L with 3382 bridge table, 3360 table attaching bracket kit and two 3380 coffee tables

STANDARD FEATURES

- Wind Linear is an extension of the Wind lounge series with an emphasis on expansive, clean lines.
- This modular furniture series includes single arm and armless sofas, benches, bridges and tables
- Furniture components, both seating or tables, can be used as stand alone or linked together with a bracket to create infinite configurations.
- Chair and table legs are standard in Chrome.
- There are no caster options for the Wind Linear series.
- Wind Linear tables complement the modern decor of many offices.
- Table 'bridges' can mount outside or in-between seats to accommodate various work and collaborative settings. Requires table attaching bracket kit (3360).
- Please note Bridge End Table (model 3882) is only to be used with Chairs and/or Sofa models. Not usable with Bench or Ottoman Models.
- Please note Bridge Table (model 3384) is only to be used with Bench models 3361B and/or Ottoman models 3363B.

OPTIONAL FEATURES

- Tables are available in Laminate tops, offered in the following laminate finishes: Absolute Acajou (ACJ), Asian Night (ASN), Avant Cherry (AWC), Avant Honey (AWH), Black (BLK), Brushed Cobalt (BRC), Constellation Java (CSJ), Dark Espresso (DES), Grey (GRY), Hayden Grey (Taupe) (HGT), Quartered Mahogany (QTM), Shaker Cherry (SKC), Storm Grey (SOG), Tiger Fruitwood (TFW), Tiger Mahogany (TMA), Tiger Maple (TMP), Tiger Walnut (TWL), White (WHT), White Chocolate (WHC), Willow Grey (WGY), and Winter Cherry (WCR). Please Specify.
- Table tops are available in high pressure laminate at an upcharge. Add 20%.
- Chair and Table legs are available in Tungsten (TUN), Charcoal (CHR) and Black (BLK) finishes at no up charge.

Multi-Depth Mechanism
Standard on all models. Allows seat to move forward and backward over a 2" range with 5 locking positions to provide a more shallow or deeper seat.

STANDARD FEATURES

- The TS models are available within standard series . TS stands for "Three Shift" and each of the TS models are rated for 24-7 applications as well as weight rated up to 350 pounds.
- Multi-Tilter models, feature a heavy duty mechanism.
- All models are standard with either Ultracell or molded heavy duty seat foam.
- All models have a heavy duty 3" wide back upright.
- All models, except Truform, have outer back panels retained by trim screws for extra security.
- All models, except Truform have standard clear vinyl bumper guards around their outside backs.
- Multi-Tilters standard with Pneumatic seat height and sliding seat depth adjustment. Forward and rearward seat tilt with infinite lock and free floating back angle control. Tilt tension control.
- Heavy duty drafting stools are standard with fixed back. Seat depth and pneumatic seat height adjustments. Swivels with adjustable chrome footring.

OPTIONAL FEATURES

- An optional ballistic nylon outer back fabric resistant to impact damage is available at an upcharge. Add $13.00 (excludes Truform)
- For availability of chair series in Vinyl, please contact a Global Sales Representative.
- LM models are available in leather and have additional stitch details. If no LM models are listed, series is not available in Leather.
- Grade 4 and above textiles are recommended for 24-7 applications.

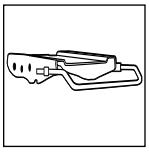
DEXTER™ & DEXTER PLUS™

model 2432-16 (TD)

model 2436-1 (3R)



Multi-Depth Mechanism
Standard on all models. Allows seat to move forward and backward over a 2" range with 5 locking positions to provide a more shallow or deeper seat.

Impact Resistant Back Cover
Impact resistant back shroud offers increased durability. Black Only.

STANDARD FEATURES

- Compound curved molded memory foam seat cushion distributes body weight evenly for better circulation and a fluid-like fit.
- Dexter and Dexter Plus models are standard with concave-shaped, height adjustable urethane arms (3R).
- Removable seat cushion requires no tools (Dexter Plus models Only).
- Back height and pneumatic seat height adjustments. Tilt tension control.
- Synchronized seat and back movement with 2-to-1 ratio can be locked in 5 different positions.
- Base and frame available in Black (BK) Only.
- Rated for Multi-Shift use for people up to 350 pounds.
- All models are standard with a heavy-duty frame and a five-legged, injection molded base.
- C10 casters are standard.

OPTIONAL FEATURES

- Optional adjustable height T-arms with teardrop shaped urethane armcaps (TD) are available. No Charge.
- Vari-Width Adapter Plate (WA) is standard on Models 2436-1 and 2437-1 when chairs are ordered with adjustable height arms (TD or 3M). Allows each arm to move outward an additional 2" (for a total of 4" extra seat width) and locks with the use of an easy to maneuver lever.
- Please see page 309 for additional caster options. Optional casters may be priced higher than the standard casters for your chair and the difference will be charged. Lower priced optional casters will not be credited.
- Available in fabrics with the EXCEPTION of Leather, Jenny, Match, Quilt, Shard, Styx, Drama, Pebbles, and Sprinkle.

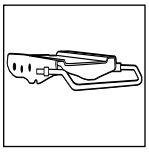
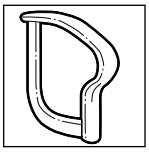
MAXIMA® II

model 2438-16



Multi-Depth Mechanism
Standard on all models. Allows seat to move forward and backward over a 2" range with 5 locking positions to provide a more shallow or deeper seat.



Optional Arm
Fixed height cuff resistant, vinyl dipped arms (ML). Add $113.00.

model 2438-16

STANDARD FEATURES

- Compound curved molded foam seat and back cushions conform to natural body curves.
- All models are standard with a heavy-duty steel frame and reinforced five-legged, injection molded base.
- Base and frame available in Black (BK) Only.
- Standard with adjustable height T-arms with teardrop shaped urethane armcaps (TD).
- Rated for Multi-Shift use for persons up to 350 pounds.
- C10 casters are standard.
- Vari-Width Adapter Plate (WA) is standard when chair is ordered with adjustable height arms. Allows each arm to move outward an additional 2" (for a total of 4" extra seat width) and locks with the use of an easy to maneuver lever.

OPTIONAL FEATURES

- Also available with fixed height scuff-resistant, vinyl dipped arms (ML). Add $108.00. See pages 306-308 for additional arm options.
- Optional ballistic nylon outer back fabric available. Resistant to impact damage. Available in Black Only (BKB). Add $13.00.
- Please see page 309 for additional caster options. Optional casters may be priced higher than the standard casters for your chair and the difference will be charged. Lower priced optional casters will not be credited.
- Additional stitch details will be added to the seat and back, when upholstered in Leather or Vinyl.
- Recommended Global textiles include Crescent, Cumulus, Imprint, Presidio, Oxygen, Quantum, Renewal, Replay, Station, Urban, and Leather/ Mock Leather combination (Grade 7).

ROBUST

model 2527

Memory Foam
Available, use code "MF".
Add $76.00.

STANDARD FEATURES

- Heavy duty chair rated for multi shift users up to 500 pounds.
- Standard with a six prong, oval tubular steel base (32" in diameter) in Black (BK) Only.
- Standard with a solid steel loop style arm. The arm is vinyl dipped to be warm to the touch and impact absorbent.
- Arms are width adjustable for an extra 2" on each side, providing additional room and comfort for users.
- There are no arm options for this series.
- Side tension adjustment can be reached from a seated position.
- Standard with Ultracell high density, high resilient foam on seat and back.
- Large diameter 3" black casters, providing easier mobility.
- Casters are suitable for hard surface flooring or carpet. There are no caster options for this series.
- Standard pneumatic seat height adjustment. Forward and rearward seat tilt with infinite lock and free floating back angle control. Tilt tension control.
- This series has a two-tone fabric combination as standard. Trim is always Silhouette fabric, SL20 Asphalt.

OPTIONAL FEATURES

- Memory Foam seats are optionally available. This slow release foam molds to your contour and evenly distributes body weight. Please specify (MF) Add $76.00.
- When upholstered in Vinyl or Leather please note that the Black trim will always be Mock Leather 550 Black.
- There is no option for all leather. Also not available in Drama, Jenny, Match, Quilt, Pebbles, Sprinkle, Shard, and Styx textiles.
- An optional ballistic nylon outer back, resistant to impact damage is available in Black only. Please specify (BKB). Add $13.00.
- For availability of chair series in Vinyl, please contact a Global Sales Representative.

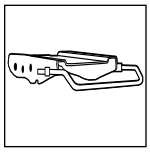
VION

model TS6321-8

model TS6331-8



Multi-Depth Mechanism
Allows seat to move forward and backward over a 2" range with 5 locking positions to provide a more shallow or deeper seat.

STANDARD FEATURES

- The TS models are available within standard Vion series . TS stands for "Three Shift" and each of the TS models are rated for 24-7 applications as well as weight rated up to 350 pounds.
- Multi-Tilter models, feature a heavy duty mechanism.
- Multi-Tilters are standard with Pneumatic seat height and sliding seat depth adjustment. Forward and rearward seat tilt with infinite lock and free floating back angle control. Tilt tension control.
- Side activated sliding seat depth adjustment (MD) is standard on Multi-Tilter. Provides 2" of seat depth adjustment.
- Heavy duty drafting stools are standard with fixed back. Seat depth and pneumatic seat height adjustments. Swivels with adjustable chrome footring.
- All models are standard with either Ultracell or molded heavy duty seat foam.
- All models have a heavy duty 3" wide back upright.
- All models are standard with height and width adjustable arms (AS) that feature a front to back sliding armcap.
- Upholstered back models will always feature black fabric (Jenny JN02) on the back side.

OPTIONAL FEATURES

- Mesh back models are available in 5 colors: Black (MS69), Stone (MS71), Blue (MS72), Rope (MS73), and Natural (MS74).
- Vion mesh back models (all 5 colors) and approved upholstery materials are available to meet California TB133.
- Upholstered back models offer a Matching Outer (MO) upholstery option. Due to the additional material needed, these models are listed separately and are priced differently than the standard upholstered back models.
- Two featured "T" arm options that include height and width adjusting arms, one with sliding arm caps (AS) and one without sliding arm caps (AF). Also, available is a stylish fixed urethane arm (C) for conference/management environments.
- Optional Lumbar Pad can be added at the time of order. Please specify LP and add $25.00. Lumbar Pad can also be order after sale as a kit, specify model 6339 at $25.00 list. The Lumbar Pad is adjustable up to 3".
- Optional Memory Foam available on Vion Seats. Please specify MF and add $76.00.
- B7A Polished aluminum base and matching chrome arm accent on either AS or AF arms. Please specify ALU and AC. Add $110.00.
- Grade 4 and above textiles are recommended for 24-7 applications. All models are available in fabric, vinyl or leather.

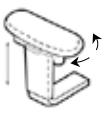
GL

Height and width adjustable forward and backward sliding armcaps.
$226.00

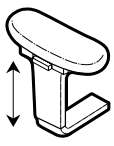


JJ

Height Adjustable "T" arm. Kidney shaped Comfort Foam armcaps. Vertical angle adjustment. Sits 1.5" higher than standard arms.
$275.00

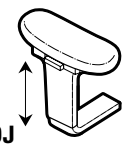
JO

Height Adjustable "T" arm. Kidney shaped Self-Skinned Urethane armcap. Vertical angle adjustment. Sits 1.5" higher than standard arms.
$226.00



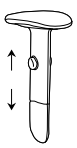
O

Height adjustable "T" arms with kidney shaped armcaps. Self-skinned urethane.
$200.00



OJ

Height adjustable "T" arms with kidney shaped armcaps. Comfort Foam armcaps.
$249.00



SC

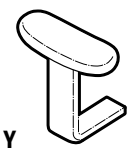
Height adjustable forward swept arms with kidney shaped armcaps. Self-skinned urethane.
$200.00

TD

Height adjustable "T" arms with teardrop shaped armcaps. Self-skinned urethane.
$200.00

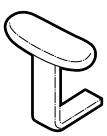
T6

Height adj. T arm. Rotates 360. Self-skinned urethane.
$226.00



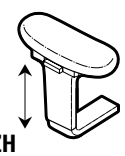
Y

Fixed height "T" arms with kidney shaped armcaps. Self-skinned urethane.
$144.00



Z

Fixed height sculptered "T" arms with kidney shaped armcaps. Upholstered.
$80.00



ZH

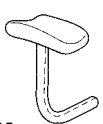
Height adjustable "T" arms with kidney shaped armcaps. Upholstered.
$167.00

VL

Height adjustable "T" arms. Swings away and folds. Self-skinned urethane.
$239.00

1T

Fixed height "T" arms with teardrop shaped armcaps. Self-skinned urethane.
$144.00

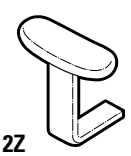


2M

Fixed height "T" arms with concave shaped armcaps. Self-skinned urethane.
$144.00

2N

Oval tubular upright. Fixed height "T" arm with Luxcurve armcap soft touch Self-Skinned Urethane (SSU) armcap.
$144.00

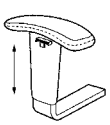


2Z

Fixed height tubular "T" arms with kidney shaped armcaps. Upholstered.
$80.00

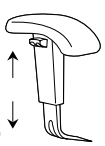
3B

Height Adjustable "T" arm with soft touch Self-Skinned Urethane (SSU) armcap.
$200.00



3N

Height adjustable "T" arms with curved shaped armcaps. Self-skinned urethane. Available in Black Only.
$167.00

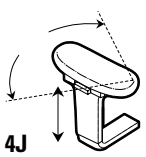


3P

Height adjustable "waterfall edge" arms. Self-skinned urethane. Available in Black Only.
$200.00

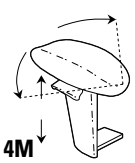
3R

Hard durometer. Height Adjustable "T" arm with Concave Oval soft touch Self-Skinned Urethane (SSU) armcap.
$200.00



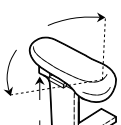
4J

Height adjustable "T" arms with kidney shaped armcaps. Rotates 300 horizontally. Comfort Foam armcaps.
$275.00



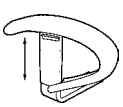
4M

Height/pivot adjustable "T" arms with concave shaped armcaps. Self-skinned urethane. Sits 3" higher than standard arms.
$226.00



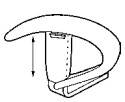
4T

Height/pivot adjustable "T" arms with teardrop shaped armcaps. Self-skinned urethane. Sits 3" higher than standard arms.
$226.00



9B

Height adjustable boomerang style arms. Laminate Hardwood.
$321.00



9S

Height adjustable boomerang style arms. Self-skinned urethane.
$249.00

ACADEMIC TASK SEATING

model S2237-6 (3N) Goal

model S3255 (3N) Granada

model S2312 Score

model S2343-6 Yorkdale

STANDARD FEATURES

- Durable task seating designed to sustain years of use in educational and training room applications.
- The back bar is welded to the chair mechanism and the backrest is permanently fixed in height and angle.
- Standard with adjustable height T-arms with curved urethane armcaps (3N) in Black Only.
- All models are standard with a five-legged, injection molded base.
- Base and frame available in Black (BK) Only.
- C65 casters are standard.
- Vari-Width Adapter Plate (WA) (This is a Standard Feature for Granada & Yorkdale models. An Option for Goal models. Add $56.00. (Not available on Score models). Available when chair is ordered with adjustable height arms. Allows each arm to move outward an additional 2" (for a total of 4" extra seat width) and locks with the use of an easy to maneuver lever.

OPTIONAL FEATURES

- See page 342 for additional arm options.
- Please see page 343 for additional caster options. Optional casters may be priced higher than the standard casters for your chair and the difference will be charged. Lower priced optional casters will not be credited.
- Vinyl Bumper Guard: This is a standard feature for Granada, Malaga, Goal, Score & Yorkdale. As an Option on Obusforme & Supra X. Add $16.00. Available with back edge vinyl bumper guard option (VBG).
- Granada Models Only: Available in Memory Foam. Use code "MF" and Add $76.00.
- Granada Models Only: Black base with chrome footring. Specify "B3". Add $80.00.

EXPLANATION OF VARIOUS INDUSTRIAL APPLICATIONS

This section presents only some of the possibilities that are available.
Please contact your Sales Representative for additional information.

50 - INDUSTRIAL

Designed for heavier duty intensive environments such as those found in factories, assembly lines and dispatch offices. Seating features durable components including heavy gauge steel construction, chromed chip/corrosion/humidity resistant pneumatic lift cylinders and frames, heavy duty bases, weight activated interval safety casters for hard floors or encased levelling glides, wear resistant fabric or easy clean vinyl upholstery.

52 - ELECTROSTATIC DISCHARGE (ESD)

ESD seating is designed to assist in the protection of delicate electronic equipment from the discharge of static electricity. All components of these chairs are designed and manufactured using conductive materials including: special fabric, bases, "lightning bolt" casters, mechanisms, pneumatic lifts and footrings. ESD seating is designed to be used in conjunction with personal wrist straps and ESD controlled floorings or ESD mats. All ESD seating products are tested to and meet the requirements of the ESD Association Standard Test Method ESD STM 12.1 - 1997 Section 5.3.

56 - CLEAN ROOM (CLASS UL #1000)

Class 1000 is the least intensive Clean Room classification used by hospital equipment suppliers and photo finishing/film companies. Workers here usually wear shop coats and gloves. Vinyl applied to the underside of the seat and vinyl or fabric upholstery are designed to prevent dust and other contaminants from entering the environment.

62 - ANTI-MICROBIAL

For hospital areas and labs that require furniture that minimizes bacterial and fungal growth and wipes up easily. Anti-microbial seating inhibits micro organism invasion and growth. Integrated filters allow fabric/vinyl to breath. A Class 1000 cleanroom would not contain more than 1000 particles bigger than half a micron in a cubic foot of air.

64 - WIPE DOWN

Furniture designed for dry food manufacturers, hospitals and forensic labs requiring regular and immediate clean up of dust,dirt or powder. Upholstery of any kind is unacceptable here. Features include comfortable Black self-skinned polyurethane seats and backs, chip/corroionn/humidity resistant pneumatic lift cylinders and frames,safety casters or glides. Some "Wipe Down" products may also be available with ESD.

FABRIC APPLICATION GRID

APPLICATION	FABRIC/VINYL
50 - Industrial	**Grade 4 (fabric):** Crescent, Cumulus, Imprint, Match, Oxygen, Quantum, Renewal, Replay, Silhouette **Grade 5 (fabric):** Abstract, Ace, Cocktail, Couture, Identity **Grade 6 (fabric):** Knack, Presidio **Grade 7 (fabric):** Boom **Grade 4 (vinyl):** Allante, Softhide, Legacy, Generations Collection, Lynx, Rhythm, Heritage
52 - Electrostatic Discharge (ESD)	**Grade 5 (fabric):** Gibraltar - GE46 Sapphire, GE91 Onyx **Grade 7 (vinyl):** ESO1 Blue
56 - Clean Room (Class UL #1000)	**Grade 4 (vinyl):** Allante, Softhide, Legacy, Generations Collection, Lynx, Rhythm, Heritage
62 - Anti-Microbial with Global UltraSeal™	**Grade 4 (vinyl):** Generations Collection (Arc, Aristo, Flair, Luxe, Surge, Verve, Vitality)

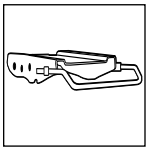
INDUSTRIAL SEATING

model 3212-50 (3N)

model 3288-50 (3N)

* Images shown are for illustration purposes only.

50 - Industrial
Designed for heavy duty environments found in factories, assembly lines and dispatch offices.
See page 321 for available fabrics.



Multi-Depth Mechanism
Standard on Granada models. Allows seat to move forward and backward over a 2" range with 5 locking positions to provide a more shallow or deeper seat.

STANDARD FEATURES

- *Industrial models have a chrome back upright.
- Granada models feature a molded seat and contoured back with enhanced lumbar support.
- Standard with adjustable height T-arms with curved urethane armcaps (3N) in Black Only.
- Chrome chip/corrosion/humidity resistant pneumatic lift cylinders and frames.
- Chairs have a 5" chrome pneumatic cylinder, stools have a 10" chrome pneumatic cylinder.
- All chairs and stools have chrome back uprights.
- Clear protective back bumper (full surround) is standard on all models.
- Standard with a five-legged, heavy duty molded base in Black.
- C10R casters are standard on Granada models amd Minotaur stools.
- Minotaur models are standard with a five-legged, heavy duty base with metal hub and C7R casters.

OPTIONAL FEATURES

- Heavy Duty Bench Stools are standard with non-slip rubber glides.
- Please see page 343 for additional caster options. Optional casters may be priced higher than the standard casters for your chair and the difference will be charged. Lower priced optional casters will not be credited.
- See page 342 for additional arm options.
- See page 321 for available Fabrics and Vinyls in grades 4-7.

ESD SEATING

model 3256-52

model 9667-52 (C42)

* Images shown are for illustration purposes only.

52 - Electrostatic Discharge (ESD)
Designed to direct static electricity away from delicate equipment, electronic components or volatile chemicals.

STANDARD FEATURES

- *ESD models have a polished aluminum base.
- Use of an ESD chair does not guarantee the dissipation of static electricity. Other products (that may include an ESD chair mat, etc.) as part of an ESD design or system may be necessary depending on the specific situation.
- Granada models feature a molded seat and contoured back with enhanced lumbar support.
- Granada models are standard with fixed height T-arms with upholstered kidney shaped armcaps (2Z), in Chrome.
- No other conductive arms are available.
- Chrome chip/corrosion/humidity resistant pneumatic lift cylinders and frames.
- Chairs have a 5" chrome pneumatic cylinder, stools have a 10" chrome pneumatic cylinder.
- All chairs and stools have chrome back uprights and frames.
- Clear protective back bumper (full surround) is standard on all models.
- Standard with a five-legged, polished aluminum base.
- C38R casters are standard. These casters are suitable for hard surface flooring. Not Available on models 9601-52 and 9604-52.
- For models 9601-52 and 9604-52 a polished aluminum base with C42 ESD Glides are standard.
- All Work Stools and Heavy Duty Bench Stools have chrome frames.
- Work stools are shipped fully set-up.

OPTIONAL FEATURES

- Please see page 343 for additional caster options. Optional casters may be priced higher than the standard casters for your chair and the difference will be charged. Lower priced optional casters will not be credited.
- See page 321 for available fabrics. Special grade 5 fabrics and grade 7 vinyl are available.

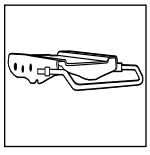
CLEAN ROOM CLASS #1000 - SEATING

model 3212-56 (3N)

model 9666-56

* Images shown are for illustration purposes only.

56 - Clean Room Class #1000
Vinyl applied to the underside of the seat and vinyl or fabric upholstery are designed to prevent dust and other contaminants from entering the environment.



Multi-Depth Mechanism
Standard on Granada models. Allows seat to move forward and backward over a 2" range with 5 locking positions to provide a more shallow or deeper seat.

STANDARD FEATURES

- *Clean Room Class #1000 models have a black cylinder.
- Granada models feature a molded seat and contoured back with enhanced lumbar support.
- Granada models are standard with adjustable height T-arms with curved urethane armcaps (3N) in Black Only. See page 346 for additional arm options.
- Chairs have a 5" black pneumatic cylinder, stools have a 10" black pneumatic cylinder.
- All chairs and stools have black back uprights and frames.
- Clear protective back bumper (full surround) is standard on all models.
- Standard with a five-legged, injection molded base in Black.
- C10R casters are standard on Granada and Minotaur Stools.
- C65R casters are standard on Minotaur Work Stools.
- All Bench Stools have chrome frames.
- Work Stools are shipped fully set-up.

OPTIONAL FEATURES

- Please see page 343 for additional caster options. Optional casters may be priced higher than the standard casters for your chair and the difference will be charged. Lower priced optional casters will not be credited.
- All Clean Room models are only available in grade 4 vinyls. See page 321 for available vinyls.

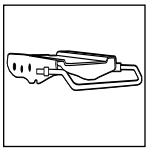
ANTI-MICROBIAL - SEATING

model 3212-62 (3N)

* Images shown are for illustration purposes only.

62 - Anti-Microbial
Upholstered chairs have vinyl and an integrated filter applied to the underside of the seat to prevent dust and other contaminants from entering the environment



Multi-Depth Mechansim
Standard on Granada models. Allows seat to move forward and backward over a 2" range with 5 locking postions to provide a more shallow or deeper seat.

STANDARD FEATURES

- *Anti-Microbial models have a chrome back upright and polished aluminum base.
- Granada models feature a molded seat and contoured back with enhanced lumbar support.
- Granada models are standard with adjustable height T-arms with curved urethane armcaps (3N) in Black Only.
- Chrome chip/corrosion/humidity resistant pneumatic lift cylinders and frames.
- Chairs have a 5" chrome pneumatic cylinder, stools have a 10" chrome pneumatic cylinder.
- All chairs and stools have chrome back uprights and frames.
- Clear protective back bumper (full surround) is standard on all models.
- Standard with a five-legged, polished aluminum base.
- C10R casters are standard.
- All Bench Stools have chrome frames.
- Work Stools are shipped fully set-up.

OPTIONAL FEATURES

- Please see page 343 for additional caster options. Optional casters may be priced higher than the standard casters for your chair and the difference will be charged. Lower priced optional casters will not be credited.
- All Anti-Microbial models are only available in grade 4 Generation Collection vinyls. See page 321 for available vinyls.
- See pages 342 for additional arm options.

Notes:
* Use this column to select another arm other than the one provided on your chair.
** Use this column to select arms for a chair that doesn't come with arms.

INDUSTRIAL CASTER SELECTIONS

	C5	Large Ball Caster	Chrome Hood/ Black Ball	Hard Floor	1 each	**13**
	Available as a substitute for C56 glides on WipeDown Work stools at no charge.					
	C7R	Slipper Glide		All surface except ESD	1 each	**15**
	Standard on Industrial, Anti-Microbial and wip Down Minotaur Work stools.					
 C10R	C10R	Integrated Dual Wheel Rubber Coated Caster	Black	Vinyl, Marble, Hardwood Floor	1 each	**26**
	Standard on Industrial , Clean Room #1000 and Wipe Down Minotaur stools and Clean Room #1000 and Anti-Microbial Granada models.					
	C38R	Non-Braking, Dual Wheel, Caster w/ESD	Die Cast Zinc Chrome Plated Hood Wheels - First Grade Polyamide w/ Soft polyurethane tread.	Hard Floor Surfaces	1 each	**38**
	Standard on ESD chairs and stools.					
	C39R	Dual Wheel, Hard Floor Safety Caster w/Interval Brake	Galvanized Steel Axle w/Chrome Plated Hood Zinc die cast frame)	Hard Floor Surfaces	1 each	**36**
	Standard on Industrial chairs and stools. Weight activated release brake helps to prevent chair from moving when not in use.					
	C40	Dual Wheel Safety Caster w/ESD, Interval Brake	Galvanized Steel Axle w/Chrome Plated Hood (Zinc die cast frame)	Carpeted Surfaces	1 each	**36**
	Available as a substitute on ESD chairs and stools Only. Weight activated release brake helps to prevent chair from moving when not in use.					
	C40R	Dual Wheel, Hard Floor Safety Caster w/ESD, Interval Brake	Galvanized Steel Axle w/Chrome Plated Hood (Zinc die cast frame)	Tiled Surfaces	1 each	**40**
	Available as a substitute on ESD chairs and stools Only. Weight activated release brake helps to prevent chair from moving when not in use.					
	C42	High Profile Steel Glide w/ESD w/Impact Resistant Polymer Glide	Steel Stem and Shell (Zinc plated steel stem)	All Surfaces	1 each	**15**
	Standard on Minotaur Heavy Duty Bench stools and Work stools with ESD					
C65R	C65R	2" Dual Wheel Rubber Coated Caster	Black	All surfaces except ESD	1 each	**20**
	Standard on Clean Room #1000 Minotaur work stools.					

INDUSTRIAL CASTERS NOTES:

- Prices listed for Industrial Casters are upcharges when substituted on Industrial chair orders.
- Industrial Casters are Not suitable for use on standard Global seating products.
- All casters are Not appropriate for all flooring surfaces. Please consult with your Sales Representative or Global Customer Service.

Representative for special situations that can be verified with the caster manufacturer. Alternate casters, if needed, may require an upcharge.

PLEASE SPECIFY ALL SUBSTITUTIONS AND OPTIONS.

NOTES

textiles and finishes

Care and Cleaning

TEXTILES

Fabrics: To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

Leather: For regular cleaning, simply use a soft damp cloth, taking care not to soak the leather. For more thorough treatment, soak a soft cloth in mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

Various Care and Cleaning Methods

- **Water-Based Cleaner:** Spot clean, using the foam only from a water-based cleaning agent, such as a mild detergent or non-solvent upholstery shampoo product. Apply foam with a soft brush in a circular motion. Vacuum when dry. Pretest small area before proceeding.
- **Solvent Cleaner:** Spot clean, using a mild water-free solvent or dry cleaning product. Clean only in a well-ventilated room and avoid any product containing carbon tetrachloride or other toxic materials. Pre-test a small area before proceeding.
- **Water/Solvent Cleaner:** Spot clean with amild solvent, an upholstery shampoo, or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well-ventilated room. Avoid any product that contains carbon tetrachloride or other toxic materials. With either method, pretest a small area before proceeding.
- **Vacuum Only:** Clean this fabric only by vacuuming or light brushing to prevent accumulation of dust and grime. Water-based foam cleaning agents of any kind may cause excessive shrinking, staining, or distortion of the surface pile and therefore, should not be used.
- **Crypton Cleaning:** Generally stains are removed with plain water and powdered enzyme detergent. Upholstery foam shampoo, water-based cleaning products and germicidal detergents can be used. Be sure to remove all residue from cleaning products with clean water. Do not use solvent-based cleaners or dry cleaning products.

HARD SURFACES

Wood Veneer Finishes: Waxing or polishing catalyzed finishes is not recommended because this will give a greasy, cloudy or uneven appearance to the product and could void your warranty. Global's conversion varnish is best cleaned by wiping the surface with a damp cloth, followed by a soft dry cloth in the direction of the grain. If the surfaces are heavily soiled, a gentle product like "Windex" can be used, following the same instructions as above.

Laminate & Painted Metal Finishes: Using a soft cloth, simply wipe the surface with a mild soap solution or glass cleaner. Always use a dry cloth and circular motion to prevent streaks.

Please contact your local GLOBAL Distribution Center for status of all COM requests. When textile is approved and an authorization number issued, a set of shipping instructions will be faxed or e-mailed to you.

Approved textiles are to be shipped to the address that will be included with instructions. Do not ship textiles to the address on this form. Dealer is responsible for the shipping expenses. Brokerage fees will be paid for by Global. However, duties imposed by North American Governments related to textile materials, content and Country of Origin, additional fees may apply and will be billed separately.

Please Note: C.O.M Textiles may not be shipped without shipping documents. GLOBAL is not responsible for any material shipped without the authorization number.

Please be advised that Global has phased out the use of textiles that contain certain Phthalates, including but not limited to: DEHP (di (2-ethylhexyl) phthalate), DBP (di-n-butyl phthalate), BBP (butyl benzyl phthalate) and DINP (di-isononyl phthalate) (collectively the "Listed Chemiclas"). The Listed Chemicals are used in certain types of vinyls. Global cannot accept orders for textiles that contain the Listed Chemicals, if such orders are to be shipped to the U.S.A. or are intended for customer in the U.S.A. If you are not sure if the C.O.M you have selected contains the Listed Chemicals, please contact the manufacturer or supplier of the fabric to verify.

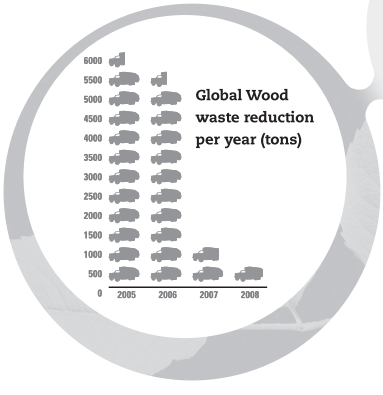
THE ENVIRONMENT We believe now more than ever, that it is our responsibility to protect the environment and our precious natural resources for future generations. The growing importance of energy and environmental concerns continues to challenge us in this ever changing marketplace.

As an industry leader, Global continues to take proactive steps towards reducing the negative impacts on the environment. We are building "healthier" offices; investing in Research & Development and new technologies; reducing waste and the consumption of energy; and improving the quality of the air we breathe, all which can have a significant impact on our quality of life.

Epoxy Powder coating process is solvent free. No harmful VOC's or lead. No toxins are released into the atmosphere.

Global has the products and resources to help your projects achieve LEED certification.

Global's recycled fabrics offer affordable, environmentally responsible alternatives to commercial textiles. We recycle 35,000 lbs of fabric offcuts weekly.



New technology allows us to reduce glue usage by 50%. In addition, our polyurethane glue reduces emissions and requires less energy to apply.

powder paint process:
98% paint recovery and reuse

more recycled fabric
less to the landfill

leed partnership program

we've diverted
90% of our wood waste from landfill in four years

For further information on Global's environmental initiatives, please visit http://www.globaltotaloffice.com/enviro/

TERMS & CONDITIONS

This illustrated price list has been designed to facilitate fast reference and easy use. All products are categorized into "seating", "desks", "files", "panels", "tables" and "modular furniture", and are listed numerically within their categories. The line drawings match actual photographs (where possible) to aid in instant recognition of the total range within a series.

Sales of Global-The Total Office ("Global") products are made only on Global's standard terms and conditions of sale which are contained in this Price Book. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Global's authorized personnel at its head office in Marlton, NJ. Any term or condition contained in any purchase order or other form used by dealer/purchaser to order goods (including standard, printed language) which is different from, in addition to, or in any way inconsistent with Global's standard terms and conditions shall be of no force or effect whatsoever.

All illustrations, specifications and prices in this book are based on the latest product information available at the time of publication. Global reserves the right to make changes, at any time and without prior notice, to prices, colors, materials, specifications and models offered.

Description
Each product shown or described in this price list is standard Global product. Variations are noted at the beginning of each series. Any variations from what is standard may require additional delivery time and cost and may affect the warranty given. Sizes and weights shown are approximate and are subject to slight changes from time to time.

Prices and Payment
The prices shown in this book, as well as those quoted by Global, are in United States dollars for orders shipped to destinations in the U.S. and Mexico.

If shipping date requested is more than 90 days from date of order, Global shall have the right to use published list prices effective at the time of shipment.

Orders are invoiced at the time of shipment. Terms of payment are net 30 days from date of invoice (1% 15 days) unless otherwise stated. The customer agrees that Global shall have the right to enforce a charge amounting to 1.5% per month (18% per year) on invoices outstanding more than 30 days.

If dealer/purchaser's most recent annual net volume is less than $5,000.00, payment must be made in advance.

Any products sold by Global shall remain the personal property of Global until fully paid.

Prices are suggested list prices only and are subject to change without notice. Global will, however, attempt to keep dealer/purchasers up-to-date on all developments including price changes.

Taxes
All prices shown in this book are exclusive of sales, use, excise and other applicable taxes and are the dealer/purchaser's responsibility as per the invoice issued by Global. If dealer/purchaser claims an exemption from such taxes, it shall be the dealer/purchaser's responsibility to furnish Global with an appropriate exemption certificate at time of order.

Ordering Information
To avoid errors and/or duplication Global requires that all orders be submitted in writing. All orders submitted to Global in writing will be acknowledged on Global's acknowledgement forms governing the transaction. The details appearing on this acknowledgement will describe the items to be shipped and the approximate shipping date. It is the dealer/purchaser's responsibility to determine that the information in the acknowledgment is correct. In the event of an error, the dealer/purchaser must notify Global immediately by telephone followed by written confirmation. Shipping dates are assigned to orders based on the item having the longest manufacturing lead time.

When ordering, please provide the following information:

1) Account number (if possible)
2) P.O. number
3) "Bill to" and "ship to" name and address
4) Complete model number
5) Description
6) Options:
   a. Upholstery fabric type and color (specify by name and number)
   b. Color of paint finish, laminate or wood (if applicable)
   c. Trim options (frame)
   d. Arms
   e. Base, Casters
   f. Mechanism
   g. Accessories

Dealer/purchaser is responsible for providing correct information when placing an order. Orders with incorrect information (finish, etc.) will be scheduled for manufacturing upon receipt of complete information.

All phone orders must be confirmed in writing by the customer within 7 days.

To prevent a delay in processing orders, please specify delivery routing.

Changes and Cancellations
After the date of Global's acknowledgment of a dealer/purchaser's order, the order may not be changed or cancelled by dealer/purchaser without the written consent of Global. Special order items, C.O.M. and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Fabric-covered items are considered to be in production once the fabric is scheduled for cutting. Other standard items already in production are subject to a minimum 35% cancellation charge.

Errors and Omissions
All quotations, acknowledgements and invoices are subject to corrections for any errors and omissions.

FINISHES
Seating Finishes
Where painted frames are not a standard color, there is a one time charge of $578.00 list price per-order for custom wood staining/color matching. Restrictions may apply. The customer must provide a 3" x 3" color chip/sample. Non-standard finishes must be approved by Global prior to acceptance of order.

File Finishes
All non-standard finishes must be approved by Global prior to acceptance of order and may be subject to an upcharge.

Laminated Tops - Pricing for all non-standard finishes and sizes must be provided by Global Customer Service and may be subject to an upcharge.

Desk Finishes
Because the distinctive characteristics and the nature of wood products cause variations, exact matches are not always possible.

Global has launched a finishes program between marketing companies within the Global Group to match products as best as possible when same finishes are specified.

C.O.M. (Customers Own Material)
Use of Customer's Own Material must be approved by Global prior to acceptance of order. Please refer to page 348 of the Price Book and fill out the Authorization Request Form. Photocopy and use this form as often as necessary. The customer must provide a 12" x 12" fabric sample and advise how the fabric is to be applied. **Fabric yardage requirement will be advised by the factory, and additional yardage may be required if pattern requires matching.** Yardage shown in the List Price Book does not allow for pattern repeat/matching. Send to the address provided on shipping document upon approval from Global. If C.O.M. is difficult to apply or if product shall be modified, extra charges shall be made. Global reserves the right to cancel an order at any time if C.O.M. is inadequate for any reason. Customer's Own Material must be shipped freight and duties paid to our factory. Such shipment must be fully identified with purchaser's order number, RGA # provided by Global, and the item for which material is intended. Performance of C.O.M. when applied to product is the sole responsibility of the purchaser. Global's standard product warranty shall not apply to C.O.M. Use of C.O.M. will not reduce the published list price.

Textile Grading
All products are priced according to their standard fabric and fabric grade. Lower grade fabrics are available (unless otherwise specified) at same price as standard.

The listing of prices for each model indicates the prices for higher upholstery grades. Prices are based on yardage in imperial measurements.

TEXTILE PRICE GRADES - GLOBAL TEXTILES

Grade	Upholstery (Seating Fabrics)
1 (vinyl)	Leatherite
3	Drama, Jenny, Mock Leather, Pebbles, Urban, Quilt, Shard, Sprinkle, Station, Styx, Time, Traditional Vinyl
4	Crescent, Cumulus, Oxygen, Quantum, Imprint, Match, Renewal, Replay, Silhouette
4 (vinyl)	Allante, Softhide
5	Abstract, Cocktail, Identity, Couture
6	Presidio
7	Leather/Mock Leather Combination
10	Genuine Leather
12	Contract Leather

Grade	Upholstery (Panel Fabrics)
2	Agate II
3	Coordinate, Lola
4	Accent, Brinx, Mariposa

The charts above do not include Textiles offered by Momentum, Maharam, Designtex, KnollTextiles, Arc-com Fabrics, Ultrafabrics, Dani and Spinneybeck. Please refer to pages 346-349.

Upholstery Coverings
Slight variations in color may occur between dye lots. Although Global attempts to minimize these variances, they do occur and must be accepted as normal and will not be considered defects.

Yardage
Required yardage (ydg) is based on unmatched materials with widths of 54" for seating, 63" for GPS panels. Yardage calculations are based on imperial measurements.

Arms
A wide selection of arms are available for some series. See Arm Charts for details.

Delays
Global's shipping confirmation will state a shipping date which is Global's best estimate at the time the order is acknowledged. However, Global shall not incur any obligation or liability to Purchaser for failure to ship by specified date unless Global has agreed to an unequivocal shipping date in a separately signed written document executed by its authorized personnel at its head office. In addition, Global shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, delay or default in transportation, strike disputes among or between labor unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of the company, whether of the class of causes enumerated or otherwise.

F.O.B.
F.O.B. point is Global's Factory, Downsview, Ontario, Canada, or any Global Regional Distribution Center.

UPS Shipments
Seating products marked with a UPS symbol are packaged for UPS-able shipments.

Handling
A $25. net handling charge per shipment will be applied for non UPS-able orders of less than $2000. list.

Special Delivery Requirements
Global's delivered pricing provides for dock delivery during normal business hours (considered to be 8 am to 4 pm Monday through Friday) to customer/end user only. Additional delivery requirements such as inside delivery, lift gate, limited access sites, installations and weekend deliveries will incur an additional expense and will be the responsibility of the dealer.

Service
Service requests are normally the responsibility of Global's authorized dealers. Where this cannot be accomplished on a local level, service problems should be referred to Global's Customer Service Department in the nearest distribution center.

Returns
No returns of goods will be accepted without written consent and shipping instruction of Global. A minimum re-stocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Global in the condition in which they left the factory. This may increase depending on the type of product. Global's Return Goods Authorization (R.G.A.) numbers must appear prominently on all authorized returns. Global will not be responsible for freight costs. No credit will be given if goods cannot be reused as new. Special order items, non-stock items and C.O.M. products are in no event subject to return. All returns must be approved and authorized in writing by Global Customer Service. Global reserves the right to refuse delivery of any unauthorized returns.

Claims
All goods are sold F.O.B. plant or Global Distribution Center. Global is not responsible for damage which occurs in transit (or in storage). The carrier signs for all goods received in apparently good order. It is the dealer/purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier for losses or damage to the product occurring during transit, including concealed damage.

Any claims made against Global for apparent defects, errors or shortages must be made by the dealer/purchaser, in writing, within 15 working days after any delivery. Failure by the dealer/purchaser to make any claim against Global within 15 days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

Suspension
In the event that the dealer/purchaser defaults in the payment of any sum due to Global, or in the event the dealer/purchaser's financial condition becomes unsatisfactory to Global, Global shall have the right to defer or discontinue shipment of any goods until such time as the default is cured or the dealer/purchaser provides assurance of payment to Global.

Copyright
All catalogs, photographs, drawings, price lists and other printed material are protected by copyright. All rights reserved.

Trademarks
All trademarks are owned by Global Total Office other than OBUSFORME™ which is owned by OBUSFORME LTD. and are used under license. OBUSFORME® and the distinctive backrest design are registered trademarks of OBUSFORME LTD.

Designs and Patents
Many of the products produced by Global are protected by design registrations, design patents and/or patents. Design and specifications are subject to change, discontinuance or additions without notice.

Cubic Measure
The stated cubage is an approximate cubic foot measure to calculate freight costs. The figure shown is the volume for one carton and is subject to change without notice. It is most economical to purchase the specified number per carton.

Combined Shipments
Global will make every effort to combine shipments and orders on written request. However, Global cannot be held responsible where such request is not complied with.

Offer of Sale
Possession of this price list or any other literature shall not imply the company's willingness to sell to the holder and shall not be construed as a direct offer of sale.

If a conflict arises between: (i) prices found in software support packages furnished to the customer by Global or by any other source on behalf of Global; and (ii) Global's current printed price lists, then the most current shall prevail.

Disclaimer
All dimensions are in inches. Prices shown are current manufacturer's suggested list prices at the time of printing. All applicable taxes are extra. Descriptions, specifications and prices are subject to change without notice. Errors and omissions are subject to correction.

Flammability
The foam used in Global chairs meets the requirements of California TB117. In addition, a number of Global seating models can be certified to California TB133. This available certification can be done when selected seating models are upholstered in specific fabrics. The list of certifiable seating models and available fabrics changes from time to time. Please contact Customer Service for a list of certifiable models and upholstery materials.

Special CAL. 133 Upcharges
All plastic series/models within the Duet, Popcorn, and Sonic series do not have an upcharge ($0). All Vion models with mesh backs require a $150 list upcharge. All Softcurve models require a $209 list upcharge. Please see Chart below for addtional upcharges on products that can be certified to California TB133.

This list price book is effective as of October 1st, 2013.

For periodic updates, please check the PDF at www.globalindustries.com. After login, select INFORMATION, then GLOBAL, and then PRICE BOOK/PRICING. Global warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser.

CAL. 133 UPCHARGES

PRODUCT CATEGORY	SERIES	FABRIC	VINYL	LEATHER
Plastic Stacking/Nesting w/ Upholstered Pad(s)	All Series	$74	$74	$74
Guest, Task, Management, Conference, Executive	All Series	$110	$110	$110
Lounge — Single Seat	All Series	$209	$209	$209
Lounge — 2 Seate	All Series	$314	$314	$314
Lounge — 3 Seater	All Series	$418	$418	$418

LIFETIME WARRANTY

Global will repair or replace, at Global's option, as the sole remedy for any defect covered by the warranty. The warranty applies to products manufactured after January 1, 2011.

General Commercial Seating
Global's warranty for general commercial seating covers all chair components including pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats, backs and other structural components.

Exceptions to the warranty for general commercial seating are as follows:

- Foam, textiles (as sampled on Global branded and textile program cards), mesh material and electrical devices, are warranted for five (5) Years
- Control mechanisms are warranted for twelve (12) Years

The warranty applies to single shift, standard commercial usage, defined as a standard eight (8) hour day, forty (40) hour week for users weighing up to 300 pounds.

Heavy Duty Seating
Global offers products designed for multiple shift applications (24 hours a day / 7 days a week) and larger individuals weighing up to 350 and/or 500 pounds (depending on series and/or model). Global warrants these products for twelve (12) years to the original purchaser. All components (including control mechanisms, pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats/backs, etc.) are covered for 24/7 applications under the warranty. The exceptions are foam and textiles, which are covered for five (5) years. Textiles on these products must exceed 100,000 double rubs for the textile portion of the warranty to apply. Heavy Duty product series that apply under this warranty currently include: Concord Executive 24 hour, Dexter/Dexter+, Granada TS, Granada Deluxe TS, Malaga TS, Mallorca TS, Maxima II, ObusForme Comfort TS, Robust, Saxon, Stamina+, Truform TS, Vion TS and Yorkdale TS.

Light Use Seating
Global offers light use seating that is warranted for ten (10) years for the original purchaser. The warranty covers all components (frames, glides, and arms). The foam/textiles are warranted for five (5) years. The warranty on these light use series is for an eight (8) hour day, forty (40) hour week for users up to 200 pounds. Light use product series that apply under this warranty currently consists of Galaxy and Key series.

Textiles
Global warrants Global branded textiles and Global carded textile programs inclusive of fabrics, vinyls and leather products for five (5) years. Global carded textile programs are currently with Arc-Com, Momentum, Maharam, KnollTextiles, Designtex, Ultrafabrics, Dani and Spinneybeck. Global does not warrant COM (Customer Own Materials) or GPM (Global Purchased Materials) that are customer specified materials, or graded-in and purchased by Global for a customer. For GPM or COM products, please contact the textile supplier for performance information and warranty details.

Seating Warranty Summary

Seating Type	Components Warranty For Original Purchaser	Use Time For Warranty Coverage	Exceptions
General Commercial Seating	Lifetime	8 Hours/5 Days Per Week	Foam/Textiles/Mesh/Electrical Devices - 5 Years Control Mechanisms - 12 Years
Heavy Duty Seating	12 Years	24 Hours/7 Days Per Week	Foam/Textiles - 5 Years
Light Use Seating	10 Years	8 Hours/5 Days Per Week	Foam/Textiles - 5 Years

Files, Desks, Modular Furniture, Tables, Panels & Accessories
Global warrants all components of metal storage and filing, laminate and wood veneer desks, laminate and wood veneer tables, metal leg components and panels for the lifetime of the product to the original purchaser.

Exceptions to the warranty for Files/Desks/Tables and Panels are as follows:

- Electrical devices, panel and tackboard textiles, adjustable keyboard mechanisms/lecterns/coat trees and task lights – five (5) Years
- Folding tables (laminate and Lite Lift II models) – one (1) Year

Files, Desks, Modular Furniture, Tables, Panels & Accessories Warranty Summary

Product Type	Components Warranty For Original Purchaser	Exceptions
Metal Storage and Filing	Lifetime	None
Laminate/Wood Veneer Desks and Modular Furniture	Lifetime	Tackboard Textiles , Electrical Devices,Task Lights - 5 Years
Boardroom, Conference and Training Tables	Lifetime	Electrical Devices - 5 Years
Panels	Lifetime	Panel Textiles, Electrical Devices, Task Lights - 5 Years
Coat Racks and Lecterns	5 Years	None
Folding Tables (Laminate & Molded)	1 Year	None

Global's Warranty does not apply (for any product category) to the following:

- Failures due to wear and tear
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Global's written instructions and warnings
- Modifications, attachments or repair methods not approved by Global
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials and color matching of textiles
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes

Global's warranty does not cover the costs of transportation or labor. Repair or replacement will be at Global's option.

Global makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Global be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

Global's warranty applies to products sold within the United States of America, Mexico, the Commonwealth of Puerto Rico and Canada.

- Quality Assurance Program is qualified by C.G.S.B. ISO9001 standards.
- On-site furniture testing facility.
- Product and components are tested to ANSI/BIFMA standards.

ENVIRONMENTAL COMMITMENT

- Continuous development of "earth friendly" programs.
- One of the first molded foam manufacturers to create ozone-friendly, CFC and HFC-free process.
- Seat and back pans are made from recyclable plastics and wood waste, enabling little waste and cost effective products.

SYMBOL IDENTIFICATION

Global's Certified Products are in compliance with the stringent emission guidelines set by the GREENGUARD Environmental Institute and include all Upholstered Seating. To obtain a GREENGUARD Certificate for any product, please go to the product page on our website www.globaltotaloffice.com and click on "View GREENGUARD Certificate".

level™ certification, based on the ANSI/BIFMA e3-2012 furniture sustainability standard, sets furniture manufacturers on a path toward greater sustainability over time. Based on environmental and social criteria set forth in the standard, a product's entire supply chain is assessed.

Certification assessment includes an evaluation of specific corporate policies and guidelines and an assessment of associated company manufacturing facilities. Products must meet quantifiable milestones of environmental and social performance at every step of development.

The quantitative assessment addresses four categories: material use, energy and atmosphere impacts, human and ecosystem health and social responsibility.

Manufacturers earn points in each of the four categories. The level™ brand and its numeric rating of 1, 2 or 3 indicate what threshold of certification a product has achieved. level™ 3 is the highest rating.

WOOD VENEER DESK NOTES

The following applies to all VENEER Series - Dufferin and Easton (unless otherwise noted).

CONSTRUCTION:

- "Number one select, architectural grade A" oak, American black walnut, American black cherry, and hard maple. Wood worksurface moulded edges are solid oak, walnut, cherry, or maple (except where square self-edges exist, i.e. credenza and computer worksurface back edges that are most commonly against walls).

FINISH:

- Conversion varnish (similar to catalyzed lacquer, but tougher), 25 degree sheen. Finishes are not buffed or rubbed.
- All Global wood casegood products are veneered and finished on the back sides (360 degree finishing), except modular under-surface storage - tops and backs are unfinished.

PEDESTALS:

- Pedestals are fully assembled units. Undersurface storage units provide standard locks.
- All drawers are standard as vinyl-wrapped black embossed with V-groove construction.
- Drawers are "5-sided". The drawer front is an applied element to a four-sided drawer. Drawer fronts can be removed or replaced in the field.
- Pedestal drawers and lateral file drawers are supported by steel ball bearing suspensions. All suspensions carry a full lifetime warranty against defects.
- All drawers have full extension.

HARDWARE:

- All necessary hardware items for attaching furniture items are included in the shipment. Actual wall attachment fasteners for wall cabinets, tackboards and visualboards are not included due to variation between site conditions.
- **Leveling glides** are are shipped installed on the unit. Levelers have a 1" range of adjustment.
- **Hanging file rails** are pre-installed on file drawer perimeters with additional front-to-back rails found in the bottom of the filing drawers. These rails hang onto plastic clips and do not require any tools to install. The back rail in a lateral file drawer is designed for both legal and letter size filing. To adjust back rail, simply install the rail to the pre-drilled holes accordingly.
- **Flat plates** for attaching bridge and return to desk are shipped pre-attached to the bottom of the bridge or return. **Mini flat plates** for securing bridge modesty panels to desk or credenza end panels, and **quick connectors** for securing modular corner units to adjacent pieces (Dufferin Series) are shipped along with screws in a plastic bag attached to the bottom of the bridge or return. CAUTION: using screws other than those supplied by Global could result in damage to finished tops.

INSTALLATION:

Wall-mounted cabinets and visual boards are pre-attached with horizontal wall rails to the back of each unit. The wall-side components need to be detached from the unit and fastened to the wall accordingly. Wall fasteners are not included due to variation between site conditions. Securing the wall rail to a vertical structural member is the required manner of installation. The cabinet or visualboard is then lowered on to the wall rail. It is important to level the wall rail before installation. Wall cabinets are equipped with levelers at the bottoms of the side panels for proper cabinet alignment. It is recommended to use a single drywall screw through the back of the cabinet and the wall-mounted rail, to further secure the wall attachment.

Wall-mounted tackboards have vertical grooves in the back for tasklight wiring. Horizontal wall rails are provided. Fasteners are not included due to variation between site conditions. The site installer need to position the wall rail and determine the type of screw to be used for the application. The tackboard is hung on the wall rail. Using a level will also aid in the tackboard installation.

Hutches are installed with double-faced tape applied on the bottom of the end panels. Global utilizes a non-marring method of hutch attachment. The tape is shipped in a plastic bag found in the hutch. Removal of the hutch requires moderate pressure to be applied on the top of the unit towards the wall for at least a minute for the pressure-sensitive tape to release. At the dealer or installer's discretion, additional support may be added by installing flat plates along the back of the attached units. These flat plates are not included in the shipment.

Hutch tackboards are factory installed.

Modular storage units have pre-drilled holes through the tops for securing to the bottom of the worksurfaces. Disassemble the modular unit first before relocating the entire unit to avoid damage or body injuries.

5-Sided corner tables and adjoining bridge and credenza run-offs are attached with MP-53 mending plates. Accurate leveling is critical for these units to align and connect properly.

NOTE: Leveling wood office furniture properly is the most important procedure to ensure proper functioning and alignment of drawers, locks and doors. Upon completing installation, wipe furniture with a damp cloth, followed with a dry soft cloth - always in the direction of the grain.

dufferin

The **Dufferin** series is a unique entity in that it integrates wood veneer and laminate. Worksurfaces, drawer and cabinet fronts use genuine wood veneer while the chassis and cabinets are finished in your choice of laminate or wood veneer. The result is a rich, two tone appearance to coordinate with any contemporary business interior.

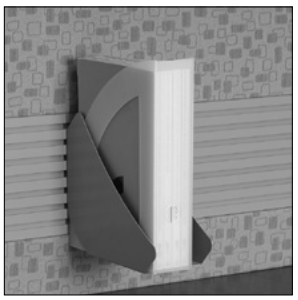
Key features include a two inch knife edge providing clean, crisp detailing, grommets, a reverse profile/self edge edge on connecting worksurfaces, square or round post leg on islands, base and modesty panel upgrades and endless electrical options.

Storage options are available in 29", 48", 54", 66", 72" and 84" heights. Various models include storage cabinets, file modules, mixed storage cabinets, open shelving, wardrobe cabinets and personal towers.

Above worksurface storage selections include overhead storage and hutches with or without pigeon-hole storage. Hutch doors are available in a choice of veneer or glass with an aluminum frame. Tackboards are offered in all fabric or with a built-in accessory rail for organizing folders, binders, cds and more!

Contemporary **two inch overhang knife edge** on user and guest sides. Self-edge veneer on ends and wall sides.

Optional **base upgrades** include a rectangular two tone base (shown) and elliptical base. Available on most islands.



Tackboards with **accessory rails** accommodate letter trays, binder bins and file holders.

Features and Benefits

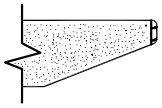
- Choice of ten handle options on every door/drawer that features handles
- Modesty panel options include metal in Black or Tungsten and veneer
- Base upgrades to replace standard monopost on islands are available in four styles
- Drawers are standard vinyl-wrapped construction with black drawer sides and bottom.
- 75 lb box - 150 lb. file drawer weight capacity with full height sides with pencil tray included in box drawer
- Lateral file drawers can accommodate legal or letter documents
- Premium full extension progressive ball bearing slides on file drawers
- Box drawers mounted on 3/4 extension premium ball bearing slides.
- Power / Data accessories are available to be factory installed on any Dufferin unit, including Boardroom Tables, to meet all today's technological requirements
- A full array of complementary Boardroom and Reception area furnishings are available to coordinate the entire office

GENERAL INFORMATION

- Dufferin is a veneer and laminate desking system composed of hundreds of models, capable of furnishing executive suites, boardrooms and reception areas.
- 1 3/16" thick worksurfaces utilizing pedestal and panel construction with top over side panel design.
- Full modesty panels on desks are available in either a straight or breakfront style
- Global desking products are in compliance with stringent emission guidelines set out by the Greenguard Environmental Institute under the standards for low emitting products and materials. **www.greenguard.org**
- **Level 2 Certified**

WORKSURFACES

- Standard with 1 3/16" top thickness
- All surfaces constructed from grade "A" veneers
- All top surfaces feature a contemporary 2" overhang knife edge on user and guest sides. Self-edge veneer on ends and wall sides.



Contemporary 2" overhanging knife edge

CONSTRUCTION

- "Number one select, architectural grade A" oak, American black walnut, American black cherry, hard maple and lyptus. Wood worksurface moulded edges are solid oak, walnut, cherry, maple or lyptus (except where square self-edges exist, i.e. credenza and computer worksurface back edges that are most commonly against walls).

FINISHES

- Conversion varnish (similar to catalyzed lacquer, but tougher), 35 to 40 degree sheen. Finishes are not buffed or rubbed.
- All Global wood casegood products are veneered and finished on the back sides (3600 finishing), except modular under-surface storage - tops and backs are unfinished.
- Global standard finish, on oak and walnut, is open pore and on cherry and maple is semi-closed pore. If a full finish is required for walnut, cherry, anigre and maple tops, Add the suffix "2" to the finish code and Add 5% to the base pricing for each product. **CUSTOM FINISH IS AVAILABLE.**

PEDESTALS

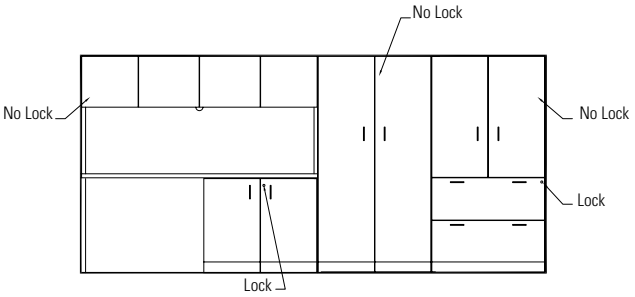
- Black embossed vinyl-wrapped construction drawer sides and bottom are standard.
- All pedestals are full to floor and locking.
- Double pedestal models feature a choice of four drawer configurations: two file/file pedestals (EE), two box/box/file pedestals (DD), file/file on left, box/box/file on right (ED), or file/file on right, box/box/file on left (DE).
- Single pedestal models feature a choice of two drawer configurations: one file/file pedestal (E) or one box/box/file pedestal (D) on the left or right.

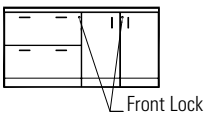
HARDWARE

- All necessary hardware items for attaching furniture items are included in the shipment. Actual wall attachment fasteners for wall cabinets, tackboards and visualboards are not included due to variation between site conditions.
- **Leveling glides** are shipped in a plastic bag attached to the bottom of the item or inside the pedestal. It is important to install leveling glides to ensure the unit is level. Levelers have a 1" range of adjustment.
- **Hanging file rails** are pre-installed on file drawer perimeters with additional front-to-back rails found in the bottom of the filing drawers. These rails hang onto plastic clips and do not require any tools to install. The back rail in a lateral file drawer is designed for both legal and letter size filing. To adjust back rail, simply install the rail to the pre-drilled holes accordingly.
- **Flat plates** for attaching bridge and return to desk are shipped pre-attached to the bottom of the bridge or return. **Mini flat plates** for securing bridge modesty panels to desk or credenza end panels, and quick connectors for securing modular corner units to adjacent pieces (Dufferin Series) are shipped along with screws in a plastic bag attached to the bottom of the bridge or return. **CAUTION**: using screws other than those supplied by Global could result in damage to finished tops.

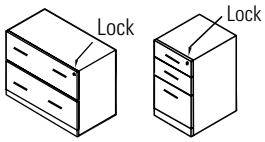
LOCKS

- Locks are standard on all "below worksurface level" drawer and door storage units with the exception of the stationary organizer, pull-out tray units and single lateral file drawer combination tray/slot units. Combination storage unit comes with lock for file and lateral file drawer only, box drawers cannot lock.
- Optional locks may be ordered on all "above worksurface level" closed storage, Factory Installed. Please specify **LO, ADD 88.00**.

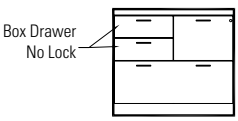




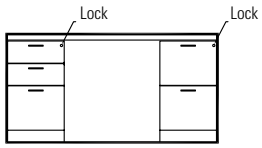
DCF7224
Style Credenza: File lock is on the inside gable behind the bookcase door. Lock for doors is on the front.



DWF **DWD**
Modular Furniture: Lock is on the front



DZ3622
Combination storage unit Z comes with lock for file and lateral file drawer only, box drawers cannot lock.



DD7236DE
Fully assembled furniture: Lock for D and E pedestals are inside the gable.

DUFFERIN

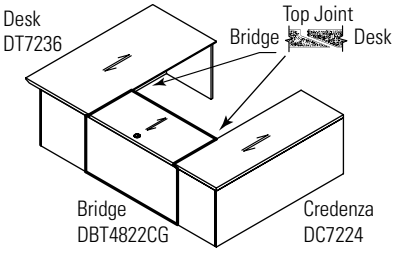
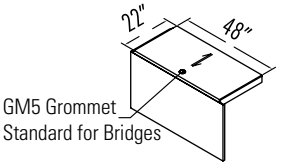
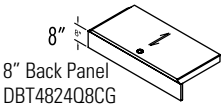
BRIDGES - EXECUTIVE	MODEL#	DIMENSIONS D x W x H	FREIGHT CLASS	WT/LBS.	CUBIC FT.	VENEER/LAMINATE	ALL VENEER

- An Executive Bridge is used to connect a Desk to a Credenza.
- Not to be used with Corner Components or Piano Desks,
- Three Modesty Panel options - Full Modesty, 8" Modesty and No Modesty (Flush Bridge Top).
- Modesty panel flush with end panels of Desk and Credenza.
- Includes GM1 grommet in the top center position.
- Both connecting sides of executive bridges feature a reverse profile edge







BRIDGES - LINKING

- A Linking Bridge is used to connect Corner Components to a Single Pedestal Desk, Single Pedestal Credenza, Desk Shell or Credenza Shell.
- Two Modesty Panel options - Full Modesty and 8" Modesty.
- Includes GM1 grommet in the top center position.
- Hand of Linking Bridge is determined by location of half end panel from user side.
- Linking Bridges are handed **left and right** (Handedness is determined by connecting side with the self edge). The opposite connecting side features a reverse profile edge.

Veneer Finish

lufton

LUFTON

GLOBAL is pleased to introduce the **LUFTON** wood veneer series. This contemporary collection features an all wood veneer construction with a variety of features that emphasize a modern approach to the private office.

1" worksurfaces include a choice of four ¼" hardwood edges to choose from – Flat (L10), Radius (L20), Fluted (L30) and Soft Tail (L40). A black 5mm PVC inlay between the worksurface and gable provides a striking visual detail. Drawers and storage items feature eight handle options to choose from (where applicable) – storage options are available in 29", 66" and 72" heights. Various models include different types of storage configurations.

New 23" height credenzas allow for different visual planes – combined with a spacer unit, worksurfaces can be supported over this credenza.

Above worksurface storage selections include overhead storage and hutches with or without pigeon-hole storage. Hutch doors are available in a choice of veneer or glass with an aluminum frame. Tackboards are offered in all fabric or with a built-in accessory rail for organizing folders, binders, CDs and more!

Features and Benefits

- Choice of eight handle options for every door/drawer that features handles.
- Modesty panel options include metal (in Black or Tungsten), veneer, and glass.
- Base upgrades to replace standard monopost on islands are available in four styles.
- Drawers are standard vinyl wrapped construction with black drawer slides and bottom.
- 75 lb. box – 150 lb. file drawer weight capacity with full height sides – pencil tray included in box drawer.
- Lateral file drawers can accommodate legal or letter documents.
- Box drawers mounted on ¾ extension premium ball bearing slides.
- Power/Data accessories are available to be factory installed on any LUFTON unit, including Boardroom Tables to meet all today's technological requirements.
- A full array of complementary Boardroom and Reception area furnishings are available to coordinate the entire office.

GENERAL INFORMATION

- LUFTON is a veneer desking system composed of hundreds of models, capable of furnishing executive suites, boardrooms and reception areas.
- 1" worksurfaces with 1/4" solid Wood Edge all around.
- 5MM Black PVC inlay between top and gables
- GM5P Grommet on all designated worksurfaces
- Global desking products are in compliance with stringent emission guidelines set out by the Greenguard Environmental Institute under the standards for low emitting products and materials. **www.greenguard.org**
- **Level 2 Certified**

Handles

- Handles are standard on most drawers/storage modules. Each handle is identified by letters **"PL33", "PL34", "PLS7", "PLS8", "PL74", "PL75", "PL64" and "PL67".** To specify a handle, please specify the code after the model number and veneer & laminate selections.

PL33 Black Moon Pull, 4"

PL34 Nickel Moon Pull, 4"

PLS7 Black Spaghetti, 7 3/8"

PLS8 Silver Spaghetti, 7 3/8"

PL74 Tungsten Pull, 5¼"
DK67 (On uppers)

PL75 Silver Wedge Pull, 3 5/16"

PL64 Nickel Pull, 5 3/8"

PL67 Tungsten Pull, 5 3/8"

Grommets

- Standard grommet on all components is GM5P. Grommet is included with products where shown in line drawings in price book.
- Optional grommets may be ordered in standard worksurface locations (left, center or right). Order as **GM1TL, GM1TC or GM1TR. ADD 69.00.**
- Grommet hole dimensions are 2 ¾" in diameter. Specify **GM1** for **Black** or **GM1K** for **Tungsten**. **Standard Grommet Locations:**

CORNERS	MODEL#	DIMENSIONS	FREIGHT CLASS	WT/LBS.	CUBIC FT.	LIST PRICE

- A Corner Desk is used to connect to a Linking Bridge and Linking Credenza, or Connectable Table
- Cable management tray is included.
- Full Modesty Panel option.
- 5-Sided Corners include a GM1 grommet in the top center position. Grommets are available as an option on Extended Corners.
- Hand of Linking Credenza is determined by location of full end panel from user side.
- Hand of Extended Corner is determined by location of long narrow end from user side.
- Connecting sides feature a self edge.

PIANO DESKS

- Can be ordered as a shell or with pedestals.
- Components include a GM1 grommet in the top center position.
- Hand of Rectangular Desk is determined by location of pedestal from user side.
- Hand of "D" Top is determined by outward orientation of curved end from user projection.
- Hand of "P" Top is determined by outward orientation of conference end from user projection.
- Connectable Tables and Bridges - To remove cross grain veneer pattern on top, delete suffix "CG" from the model number. Available as a special - no upcharge.

Tackboard - Accessory Rail, Wallmounted

For use on **16.5"H** overhead storage (**CSFO_, CSF**_) mounted above 23"H credenzas for a **finished height of 72".** See Tackboard Notes above for exact fabric availability. List Price shown applies for all fabric grades

- **Must Specify Black (E) or Tungsten (K) Accessory Rail finish.**
- **NOTE**: Care should be taken to mount the units. Units should be mounted to wall studs using correct fasteners. Failure to do so may result in collapse of the unit and subsequent personal injury. **Mounting hardware not included.** Mounting hardware used should be based on wall material. Consult an installation professional for proper wall mounting.

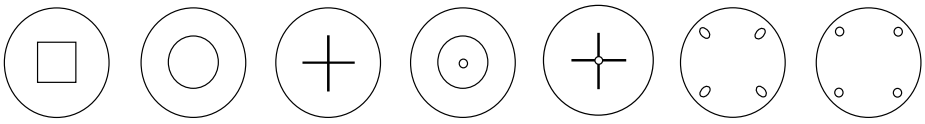
BOARDROOM TABLES

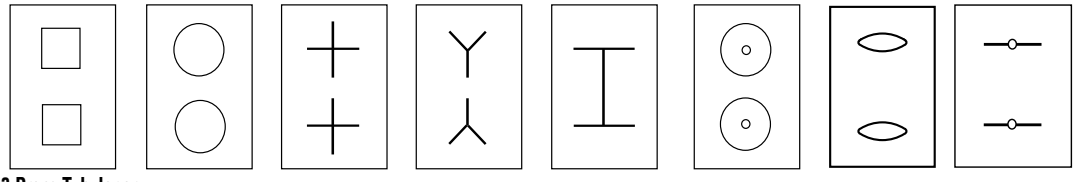
BOARDROOM TABLE TOP AND BASE GUIDE

Pedestal Base | **Drum Base** | **Cross Base** | **Post Leg w/Plate and Trumpet Base** | **Tubular & Flat Bar 4-Prong Base** | **Post Legs (Wood)** | **Post Legs (Metal)**



Requires 1 of the following: Pedestal, Drum, Cross, Post Leg w/Plate, Tubular and Flat Bar 4-Prong base, Trumpet Column Base
Requires 4 of the following: Wood Post Legs or Metal Post Legs.

Pedestal Base | **Drum Base** | **Cross Base** | **"Y" Base** | **Slab Base** | **Post Leg w/Plate and Trumpet Base** | **Elliptical Base** | **Tubular 2-Prong & Flat Bar "T" Base**



3-Prong Tubular or 3-Prong Flat Bar | **Post Legs (Metal)** | **Post Legs (Wood)**

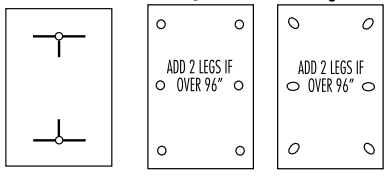


Table Tops up to 120" are in one section and require (2) bases.
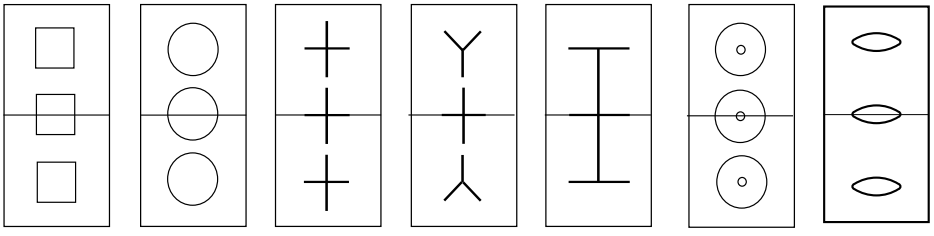
Tubular, 2-Prong Base - Table Tops up to 84" require (2) bases.
Tubular and Flat Bar "T" Base - Table Tops up to 120" require (2) bases.
Post Legs - Table Tops up to 96" are in one section and require (4) legs. Tops 108" to 168" require (6) legs.

Pedestal Base | **Drum Base** | **Cross Base** | **"Y" Base** | **Slab Base** | **Post Leg w/Plate and Trumpet Base** | **Elliptical Base**



3-Prong Tubular or 3-Prong Flat Bar | **Post Legs (Wood)** | **Post Legs (Metal)**

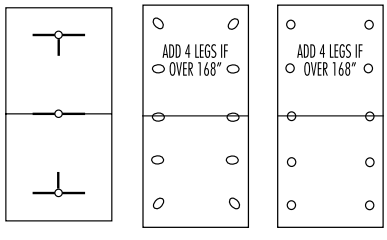


Table Tops 144" and over are in two sections and require (3) bases.
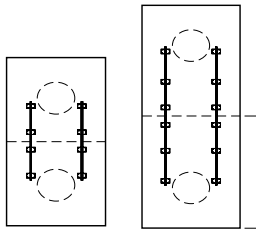
"Y" Base - Require (2) "Y" bases and (1) Cross base in the center.
Slab Base - Require (3) Slab bases.
Tubular and Flat Bar 3-Prong Base - Require (2) 3-Prong bases and (1) 2-Prong base in the center.
Post Legs - Table Tops 180" to 240" require (10) legs.



If design considerations or dimension requirements dictate an unsupported table joint, use metal table support rail.

Top section must not exceed 72" to use metal supports.

Care and Cleaning

Textiles

Fabrics: To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

Leather: For regular cleaning, simply use a soft damp cloth, taking care not to soak the leather. For more thorough treatment, soak a soft cloth in mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

Hard Surfaces

Wood Veneer Finishes: Waxing or polishing catalyzed finishes is not recommended because this will give a greasy, cloudy or uneven appearance to the product and could void your warranty. Global's conversion varnish is best cleaned by wiping the surface with a damp cloth, followed by a soft dry cloth in the direction of the grain. If the surfaces are heavily soiled, a gentle product like "Windex" can be used, following the same instructions as above.

Laminate & Painted Metal Finishes: Using a soft cloth, simply wipe the surface with a mild soap solution or glass cleaner. Always use a dry cloth and circular motion to prevent streaks.

- **Water-Based Cleaner:** Spot clean, using the foamonly froma water-based cleaning agent, such as amild detergent or non-solvent upholstery shampoo product. Apply foamwith a soft brush in a circularmotion. Vacuumwhen dry. Pretest small area before proceeding.
- **Solvent Cleaner:** Spot clean, using amild water-free solvent or dry cleaning product. Clean only in a well-ventilated roomand avoid any product containing carbon tetrachloride or other toxicmaterials. Pretest a small area before proceeding.
- **Water/Solvent Cleaner:** Spot clean with amild solvent, an upholstery shampoo, or the foamfromamild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well-ventilated room. Avoid any product that contains carbon tetrachloride or other toxicmaterials. With eithermethod, pretest a small area before proceeding.
- **Vacuum Only:** Clean this fabric only by vacuuming or light brushing to prevent accumulation of dust and grime. Water-based foam cleaning agents of any kindmay cause excessive shrinking, staining, or distortion of the surface pile and therefore, should not be used.
- **Crypton Cleaning:** Generally stains are removed with plain water and powdered enzyme detergent. Upholstery foamshampoo, waterbased cleaning products and germicidal detergents can be used. Be sure to remove all residue fromcleaning products with clean water. Do not use solvent-based cleaners or dry cleaning products.
- These recommendations and codes were developed by fabric specialists. However, because of the various ways fabric can be stained or damaged, there is no guarantee that the results will be completely successful. Use suggestedmethods on your own responsibility. To help prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Use professional furniture cleaning service when overall soiled condition has been reached.

THE ENVIRONMENT We believe now more than ever, that it is our responsibility to protect the environment and our precious natural resources for future generations. The growing importance of energy and environmental concerns continues to challenge us in this ever changing marketplace.

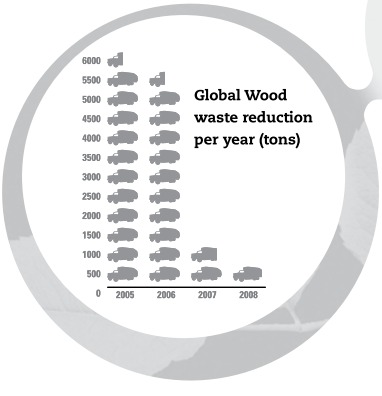
As an industry leader, Global continues to take proactive steps towards reducing the negative impacts on the environment. We are building "healthier" offices; investing in Research & Development and new technologies; reducing waste and the consumption of energy; and improving the quality of the air we breathe, all which can have a significant impact on our quality of life.

Epoxy Powder coating process is solvent free. No harmful VOC's or lead. No toxins are released into the atmosphere.

Global's recycled fabrics offer affordable, environmentally responsible alternatives to commercial textiles. We recycle 35,000 lbs of fabric offcuts weekly.

Global has the products and resources to help your projects achieve LEED certification.

New technology allows us to reduce glue usage by 50%. In addition, our polyurethane glue reduces emissions and requires less energy to apply.



powder paint process:
98% paint recovery and reuse

more recycled fabric
less to the landfill

TERMS & CONDITIONS

This illustrated price list has been designed to facilitate fast reference and easy use. All products are categorized into "seating", "desks", "files", "panels", "tables" and "modular furniture", and are listed numerically within their categories. The line drawings match actual photographs (where possible) to aid in instant recognition of the total range within a series.

Sales of Global-The Total Office ("Global") products are made only on Global's standard terms and conditions of sale which are contained in this Price Book. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Global's authorized personnel at its head office in Marlton, NJ. Any term or condition contained in any purchase order or other form used by dealer/purchaser to order goods (including standard, printed language) which is different from, in addition to, or in any way inconsistent with Global's standard terms and conditions shall be of no force or effect whatsoever.

All illustrations, specifications and prices in this book are based on the latest product information available at the time of publication. Global reserves the right to make changes, at any time and without prior notice, to prices, colors, materials, specifications and models offered.

Description
Each product shown or described in this price list is standard Global product. Variations are noted at the beginning of each series. Any variations from what is standard may require additional delivery time and cost and may affect the warranty given. Sizes and weights shown are approximate and are subject to slight changes from time to time.

Prices and Payment
The prices shown in this book, as well as those quoted by Global, are in United States dollars for orders shipped to destinations in the U.S. and Mexico.

If shipping date requested is more than 90 days from date of order, Global shall have the right to use published list prices effective at the time of shipment.

Orders are invoiced at the time of shipment. Terms of payment are net 30 days from date of invoice (1% 15 days) unless otherwise stated. The customer agrees that Global shall have the right to enforce a charge amounting to 1.5% per month (18% per year) on invoices outstanding more than 30 days.

If dealer/purchaser's most recent annual net volume is less than $5,000.00, payment must be made in advance.

Any products sold by Global shall remain the personal property of Global until fully paid.

Prices are suggested list prices only and are subject to change without notice. Global will, however, attempt to keep dealer/purchasers up-to-date on all developments including price changes.

Taxes
All prices shown in this book are exclusive of sales, use, excise and other applicable taxes and are the dealer/purchaser's responsibility as per the invoice issued by Global. If dealer/purchaser claims an exemption from such taxes, it shall be the dealer/purchaser's responsibility to furnish Global with an appropriate exemption certificate at time of order.

Ordering Information
To avoid errors and/or duplication Global requires that all orders be submitted in writing. All orders submitted to Global in writing will be acknowledged on Global's acknowledgement forms governing the transaction. The details appearing on this acknowledgement will describe the items to be shipped and the approximate shipping date. It is the dealer/purchaser's responsibility to determine that the information in the acknowledgment is correct. In the event of an error, the dealer/purchaser must notify Global immediately by telephone followed by written confirmation. Shipping dates are assigned to orders based on the item having the longest manufacturing lead time.

When ordering, please provide the following information:

1) Account number (if possible)
2) P.O. number
3) "Bill to" and "ship to" name and address
4) Complete model number
5) Description
6) Options:
   a. Upholstery fabric type and color (specify by name and number)
   b. Color of paint finish, laminate or wood (if applicable)
   c. Trim options (frame)
   d. Arms
   e. Base, Casters
   f. Mechanism
   g. Accessories

Dealer/purchaser is responsible for providing correct information when placing an order. Orders with incorrect information (finish, etc.) will be scheduled for manufacturing upon receipt of complete information.

All phone orders must be confirmed in writing by the customer within 7 days.

To prevent a delay in processing orders, please specify delivery routing.

Changes and Cancellations
After the date of Global's acknowledgment of a dealer/purchaser's order, the order may not be changed or cancelled by dealer/purchaser without the written consent of Global. Special order items, C.O.M. and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Fabric-covered items are considered to be in production once the fabric is scheduled for cutting. Other standard items already in production are subject to a minimum 35% cancellation charge.

Errors and Omissions
All quotations, acknowledgements and invoices are subject to corrections for any errors and omissions.

FINISHES
Seating Finishes
Where painted frames are not a standard color, there is a one time charge of $578.00 list price per-order for custom wood staining/color matching. Restrictions may apply. The customer must provide a 3" x 3" color chip/sample. Non-standard finishes must be approved by Global prior to acceptance of order.

File Finishes
All non-standard finishes must be approved by Global prior to acceptance of order and may be subject to an upcharge.

Laminated Tops - Pricing for all non-standard finishes and sizes must be provided by Global Customer Service and may be subject to an upcharge.

Desk Finishes
Because the distinctive characteristics and the nature of wood products cause variations, exact matches are not always possible.

Global has launched a finishes program between marketing companies within the Global Group to match products as best as possible when same finishes are specified.

C.O.M. (Customers Own Material)
Use of Customer's Own Material must be approved by Global prior to acceptance of order. Please refer to the inside back cover of this Price Book and fill out the Authorization Request Form. Photocopy and use this form as often as necessary. The customer must provide a 12" x 12" fabric sample and advise how the fabric is to be applied. **Fabric yardage requirement will be advised by the factory, and additional yardage may be required if pattern requires matching.** Yardage shown in the List Price Book does not allow for pattern repeat/matching. Send to the address provided on shipping document upon approval from Global. If C.O.M. is difficult to apply or if product shall be modified, extra charges shall be made. Global reserves the right to cancel an order at any time if C.O.M. is inadequate for any reason. Customer's Own Material must be shipped freight and duties paid to our factory. Such shipment must be fully identified with purchaser's order number, RGA # provided by Global, and the item for which material is intended. Performance of C.O.M. when applied to product is the sole responsibility of the purchaser. Global's standard product warranty shall not apply to C.O.M. Use of C.O.M. will not reduce the published list price.

Textile Grading
All products are priced according to their standard fabric and fabric grade. Lower grade fabrics are available (unless otherwise specified) at same price as standard.

The listing of prices for each model indicates the prices for higher upholstery grades. Prices are based on yardage in imperial measurements.

TEXTILE PRICE GRADES - GLOBAL TEXTILES

Grade	Upholstery (Seating Fabrics)
1 (vinyl)	Leatherite
3	Drama, Jenny, Mock Leather, Pebbles, Urban, Quilt, Shard, Sprinkle, Station, Styx, Time, Traditional Vinyl
4	Crescent, Cumulus, Oxygen, Quantum, Imprint, Match, Renewal, Replay, Silhouette
4 (vinyl)	Allante, Softhide
5	Abstract, Cocktail, Identity, Couture
6	Presidio
7	Leather/Mock Leather Combination
10	Genuine Leather
12	Contract Leather

Grade	Upholstery (Panel Fabrics)
2	Agate II
3	Coordinate, Lola
4	Accent, Brinx, Mariposa

The charts above do not include Textiles offered by Momentum, Maharam, Designtex, KnollTextiles, Arc-com Fabrics, Ultrafabrics, Dani and Spinneybeck. Please refer to pages 346-349.

Upholstery Coverings
Slight variations in color may occur between dye lots. Although Global attempts to minimize these variances, they do occur and must be accepted as normal and will not be considered defects.

Yardage
Required yardage (ydg) is based on unmatched materials with widths of 54" for seating, 63" for GPS panels. Yardage calculations are based on imperial measurements.

Arms
A wide selection of arms are available for some series. See Arm Charts for details.

Delays
Global's shipping confirmation will state a shipping date which is Global's best estimate at the time the order is acknowledged. However, Global shall not incur any obligation or liability to Purchaser for failure to ship by specified date unless Global has agreed to an unequivocal shipping date in a separately signed written document executed by its authorized personnel at its head office. In addition, Global shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, delay or default in transportation, strike disputes among or between labor unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of the company, whether of the class of causes enumerated or otherwise.

F.O.B.
F.O.B. point is Global's Factory, Downsview, Ontario, Canada, or any Global Regional Distribution Center.

UPS Shipments
Seating products marked with a UPS symbol are packaged for UPS-able shipments.

Handling
A $25. net handling charge per shipment will be applied for non UPS-able orders of less than $2000. list.

Special Delivery Requirements
Global's delivered pricing provides for dock delivery during normal business hours (considered to be 8 am to 4 pm Monday through Friday) to customer/end user only. Additional delivery requirements such as inside delivery, lift gate, limited access sites, installations and weekend deliveries will incur an additional expense and will be the responsibility of the dealer.

Service
Service requests are normally the responsibility of Global's authorized dealers. Where this cannot be accomplished on a local level, service problems should be referred to Global's Customer Service Department in the nearest distribution center.

Returns
No returns of goods will be accepted without written consent and shipping instruction of Global. A minimum re-stocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Global in the condition in which they left the factory. This may increase depending on the type of product. Global's Return Goods Authorization (R.G.A.) numbers must appear prominently on all authorized returns. Global will not be responsible for freight costs. No credit will be given if goods cannot be reused as new. Special order items, non-stock items and C.O.M. products are in no event subject to return. All returns must be approved and authorized in writing by Global Customer Service. Global reserves the right to refuse delivery of any unauthorized returns.

Claims
All goods are sold F.O.B. plant or Global Distribution Center. Global is not responsible for damage which occurs in transit (or in storage). The carrier signs for all goods received in apparently good order. It is the dealer/purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier for losses or damage to the product occurring during transit, including concealed damage.

Any claims made against Global for apparent defects, errors or shortages must be made by the dealer/purchaser, in writing, within 15 working days after any delivery. Failure by the dealer/purchaser to make any claim against Global within 15 days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

Suspension
In the event that the dealer/purchaser defaults in the payment of any sum due to Global, or in the event the dealer/purchaser's financial condition becomes unsatisfactory to Global, Global shall have the right to defer or discontinue shipment of any goods until such time as the default is cured or the dealer/purchaser provides assurance of payment to Global.

Copyright
All catalogs, photographs, drawings, price lists and other printed material are protected by copyright. All rights reserved.

Trademarks
All trademarks are owned by Global Total Office other than OBUSFORME™ which is owned by OBUSFORME LTD. and are used under license. OBUSFORME® and the distinctive backrest design are registered trademarks of OBUSFORME LTD.

Designs and Patents
Many of the products produced by Global are protected by design registrations, design patents and/or patents. Design and specifications are subject to change, discontinuance or additions without notice.

Cubic Measure
The stated cubage is an approximate cubic foot measure to calculate freight costs. The figure shown is the volume for one carton and is subject to change without notice. It is most economical to purchase the specified number per carton.

Combined Shipments
Global will make every effort to combine shipments and orders on written request. However, Global cannot be held responsible where such request is not complied with.

Offer of Sale
Possession of this price list or any other literature shall not imply the company's willingness to sell to the holder and shall not be construed as a direct offer of sale.

If a conflict arises between: (i) prices found in software support packages furnished to the customer by Global or by any other source on behalf of Global; and (ii) Global's current printed price lists, then the most current shall prevail.

Disclaimer
All dimensions are in inches. Prices shown are current manufacturer's suggested list prices at the time of printing. All applicable taxes are extra. Descriptions, specifications and prices are subject to change without notice. Errors and omissions are subject to correction.

Flammability
The foam used in Global chairs meets the requirements of California TB117. In addition, a number of Global seating models can be certified to California TB133. This available certification can be done when selected seating models are upholstered in specific fabrics. The list of certifiable seating models and available fabrics changes from time to time. Please contact Customer Service for a list of certifiable models and upholstery materials. Following is the list price upcharge information for products that can be certified to California TB133.

Stacking or Nesting Chair
Fabric, Vinyl or Leather .....Add $74.00 list upcharge

Standard Chair
Fabric, Vinyl or Leather .....Add $110.00 list upcharge

Single Seat Lounge Chair
Fabric, Vinyl or Leather .....Add $209.00 list upcharge

Loveseat (Two Seater)
Fabric, Vinyl or Leather .....Add $314.00 list upcharge

Sofa (Three Seater)
Fabric, Vinyl or Leather .....Add $418.00 list upcharge

This list price book is effective as of October 1st, 2013.

For periodic updates, please check the PDF at www.globalindustries.com. After login, select INFORMATION, then GLOBAL, and then PRICE BOOK/PRICING. Global warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser.

LIFETIME WARRANTY

Global will repair or replace, at Global's option, as the sole remedy for any defect covered by the warranty. The warranty applies to products manufactured after January 1, 2011.

General Commercial Seating
Global's warranty for general commercial seating covers all chair components including pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats, backs and other structural components.

Exceptions to the warranty for general commercial seating are as follows:

- Foam, textiles (as sampled on Global branded and textile program cards), mesh material and electrical devices, are warranted for five (5) Years
- Control mechanisms are warranted for twelve (12) Years

The warranty applies to single shift, standard commercial usage, defined as a standard eight (8) hour day, forty (40) hour week for users weighing up to 300 pounds.

Heavy Duty Seating
Global offers products designed for multiple shift applications (24 hours a day / 7 days a week) and larger individuals weighing up to 350 and/or 500 pounds (depending on series and/or model). Global warrants these products for twelve (12) years to the original purchaser. All components (including control mechanisms, pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats/backs, etc.) are covered for 24/7 applications under the warranty. The exceptions are foam and textiles, which are covered for five (5) years. Textiles on these products must exceed 100,000 double rubs for the textile portion of the warranty to apply. Heavy Duty product series that apply under this warranty currently include: Concord Executive 24 hour, Dexter/Dexter+, Granada TS, Granada Deluxe TS, Malaga TS, Mallorca TS, Maxima II, ObusForme Comfort TS, Robust, Saxon, Stamina+, Truform TS, Vion TS and Yorkdale TS.

Light Use Seating
Global offers light use seating that is warranted for ten (10) years for the original purchaser. The warranty covers all components (frames, glides, and arms). The foam/textiles are warranted for five (5) years. The warranty on these light use series is for an eight (8) hour day, forty (40) hour week for users up to 200 pounds. Light use product series that apply under this warranty currently consists of Galaxy and Key series.

Textiles
Global warrants Global branded textiles and Global carded textile programs inclusive of fabrics, vinyls and leather products for five (5) years. Global carded textile programs are currently with Arc-Com, Momentum, Maharam, KnollTextiles, Designtex, Ultrafabrics, Dani and Spinneybeck. Global does not warrant COM (Customer Own Materials) or GPM (Global Purchased Materials) that are customer specified materials, or graded-in and purchased by Global for a customer. For GPM or COM products, please contact the textile supplier for performance information and warranty details.

Seating Warranty Summary

Seating Type	Components Warranty For Original Purchaser	Use Time For Warranty Coverage	Exceptions
General Commercial Seating	Lifetime	8 Hours/5 Days Per Week	Foam/Textiles/Mesh/Electrical Devices - 5 Years Control Mechanisms - 12 Years
Heavy Duty Seating	12 Years	24 Hours/7 Days Per Week	Foam/Textiles - 5 Years
Light Use Seating	10 Years	8 Hours/5 Days Per Week	Foam/Textiles - 5 Years

Files, Desks, Modular Furniture, Tables, Panels & Accessories
Global warrants all components of metal storage and filing, laminate and wood veneer desks, laminate and wood veneer tables, metal leg components and panels for the lifetime of the product to the original purchaser.

Exceptions to the warranty for Files/Desks/Tables and Panels are as follows:

- Electrical devices, panel and tackboard textiles, adjustable keyboard mechanisms/lecterns/coat trees and task lights – five (5) Years
- Folding tables (laminate and Lite Lift II models) – one (1) Year

Files, Desks, Modular Furniture, Tables, Panels & Accessories Warranty Summary

Product Type	Components Warranty For Original Purchaser	Exceptions
Metal Storage and Filing	Lifetime	None
Laminate/Wood Veneer Desks and Modular Furniture	Lifetime	Tackboard Textiles , Electrical Devices,Task Lights - 5 Years
Boardroom, Conference and Training Tables	Lifetime	Electrical Devices - 5 Years
Panels	Lifetime	Panel Textiles, Electrical Devices, Task Lights - 5 Years
Coat Racks and Lecterns	5 Years	None
Folding Tables (Laminate & Molded)	1 Year	None

Global's Warranty does not apply (for any product category) to the following:

- Failures due to wear and tear
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Global's written instructions and warnings
- Modifications, attachments or repair methods not approved by Global
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials and color matching of textiles
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes

Global's warranty does not cover the costs of transportation or labor. Repair or replacement will be at Global's option.

Global makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Global be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

Global's warranty applies to products sold within the United States of America, Mexico, the Commonwealth of Puerto Rico and Canada.

PROTECTING THE ENVIRONMENT FOR FUTURE GENERATIONS

Our environmental success story began with the challenge to create an office system that would meet today's business requirements while maintaining a firm commitment to save and protect the environment.

Sustainability became a part of the creative focus and development of Evolve that incorporates the latest technology and design features to provide excellent performance at a competitive price.

As government and industry environment ratings such as LEEDS & Greenguard become more prevalent, Evolve offers designers and architects functional, attractive, and economical office designs that meet these standards.

Evolve is a leader in reducing waste in the manufacturing of its products as well as utilizing recycled materials wherever possible. We make extensive use of recycled plastic and wood waste from other Global factories.

Evolve is committed to the continuous improvement of our environmental systems, the prevention of pollution, and to comply with both the spirit and the letter of all relevant environmental legislation.

Evolve Panels are 100% recyclable at the end of their lifespan. Nothing from an Evolve Panel needs to end up in a landfill.

PRODUCT INFORMATION

Evolve offers fabrics that are made from 100% recycled polyester, which means less waste going to landfills. These fabrics also reduced the demand for petroleum products, and decrease the environmental impacts of processing those petroleum products into polyester.

Evolve has developed a Panel interior made from 100% recycled wood and polypropylene. Through innovative design and technology, Evolve utilizes waste that would have normally been sent to landfill.

Evolve Panels are insulated with Roxul, a mineral wood insulation made from slag, an inert steel by-product, and basalt rock. Roxul is a high density product that provides maximum sound absorption to reduce noise in the work environment. Roxul insulation is fire resistant, water repellent and will not support the growth of fungi or mildew.

Evolve's epoxy powder coating process involves no liquids and is solvent free. It contains no harmful VOC's or lead. Up to 99% of over sprayed powdered is reclaimed, mixed with virgin powder and reused.

PANELS

- NOTE: Panels consist of module frames, module interiors and a variety of skins.

Panel Information

- All metal components are painted with environmentally friendly epoxy powder.
- Raceway Interiors are coated with recycled epoxy powder.
- The entire Evolve Panel and the processes used to manufacture it are designed to save and protect the environment. Evolve panels are made from recycled materials and are 100% recyclable.
- Panels conform to CGSB and ANSI/BIFMA Standards
- The quality and performance level of these panels have been tested to equal or exceed the requirements of the U.S. Government.
- Classified as Acoustic, these panels meet the acoustical requirements of the U.S. Government with the following ratings:
  - .65 NRC
  - 23 STC
- Panel has a steel frame and is 2 7⁄8" thick. Corner posts create a panel creep of 3 1⁄4".
- Leveling Glides extend 2 1⁄2" high. (Carpet grippers are available, contact Evolve Customer Support).

Panel Options

- Standard, Beltline and Light* Segmented Panels are available in the following heights: 30", 42", 54" and 66".
- Standard, Beltline and Light* Monolithic Panels are available in the following heights: 42", 48", 54" and 66"

  ** Light panels do not contain a base raceway, therefore the listed heights consider the 6" open space that would have contained a raceway.*
- Standard and Light Panel widths come in (8) sizes: 18", 24", 30", 36", 42", 48" 54" and 60"
- Beltline Panel widths come in (7) sizes: 24", 30", 36", 42", 48", 54" and 60". The 6" Power Belt Module is metal with knockouts on both sides.
- Beltline Panel with Chimney widths come in (2) sizes: 36" and 42".

Panel Skin Options

- Acoustic Fabric (Tackable), Glazed, Open, Laminate, Whiteboard, Metal, Air Flow, Slat

Panel Extension Modules

- Attaches to the top of Standard, Beltline or Light panels.
- Offered in 6", 12", 18" and 24" heights
- Can be stacked in an excess of 14'-0". (Contact the Evolve Specification Department regarding additional support required.)

Extension Module Options

- Fabric, Glazed, Open, Laminate, Whiteboard and Airflow. Laminate and Whiteboard available in single and double sided.

Panel Reconfiguration

- Panels can be modified on site by replacing fabric modules with Glazed, Open, Laminate, Whiteboard or Air Flow at any time after the initial installation*.
- All panel types existing on site can have their height altered by replacing the vertical liners (on each side of the panel) and adding or subtracting modules* as required.
- Fabric can be replaced easily; using pre-cut segments of fabric, a drawstring (C-Jex) is sewn in around the edges. Then a rubber spline is used to 'screen' the fabric in place.
- Panels can be removed from the workstation, without having to remove an overhead or worksurface.
- Corner connectors can be converted from 2-way to 3-way, etc., by attaching an in-line connector with one screw.
- The Power Belt Module for the Beltline Panels cannot be relocated.

  **Contact Evolve Customer Support for information on field installed modules (they are available in heights of 6", 12" and 24")*

VOICE/DATA AND ELECTRICAL POWER

- NOTE: Panels and Electric components are CSA/UL approved. Tools are not required to install electrical in the Evolve Panel System.

Voice and Data can be run at the following levels:

- Standard Panels–Base of the panel.
- Beltline Panels – Base, Beltline of the panel.
- Beltline Light Panels – Beltline of the panel.

Electric can be run at the following levels:

- Standard Panels–Base raceway
- Beltline Panels – Base and/or Beltline raceway
- Light Panels – Do not contain a raceway for electric.
- Beltline Light Panels – Beltline raceway

Additional Data and Electric Options

- A panel mounted power bar can be mounted on-module at any level and contains a 14' cord.
- Desktop modules are available to install in the worksurface scoop for electric and data.
- 6" Vertical Panel provides electric and data above the worksurface and electric just below the worksurface.

Electric Information

- Electric can be run in any raceway whether it is at the base or Beltline.
  - 8-Wire, 4-Circuit Capability
  - 2 Utility + 2 Dedicated Circuits
  - 10 Gauge (oversized) Neutrals.
- All circuits can support up to 20 amps (15 CSA).

Raceway Information

- Raceway knockouts sizes conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.38" x 2.71" at the base and Beltline.
- Standard data face mount plates can be used without the need of adapter plates (supplied by others).
- **Cabling Capacities**
  (calculations below are based on CAT5 cables)
- **Base Raceway – for Standard and Beltline Panels**
  - Without Electric – 140 Cables
  - With Electric – 48 Cables
- **Beltline Raceway – for Beltline and Light Beltline Panels**
  - Without Electric – 65 Cables
  - With Electric – 54 Cables
- **Panel Connectors - 45 Degree Connectors Posts**
  - Without Electric – 20 Cables
  - With Electric – 6 Cables
- **Panel Connectors - 60 Degree Connector Posts**
  - Without Electric – 20 cables
  - With Electric – 6 Cables
- **Post Extension - 90 Degree Post**
  - Without Electric - 45 Cables
  - With Electric - 25 Cables
- **Post Extension - 45 Degree Post**
  - Without Electric - 20 Cables
  - With Electric - 6 Cables
- **Post Extension - 60 Degree Post**
  - Without Electric - 20 Cables
  - With Electric - 6 Cables

WORKSURFACES

- NOTE: Worksurfaces come in a variety of shapes and sizes.

Worksurface Options

- Standard worksurface depths are 18"d, 24"d and 30"d.
- Standard worksurface widths range from 24"w – 84"w standard depending on the shape.

Worksurface Laminate Options

- Thermally Fused – 1" thick
- High Pressure – 1-1/16" thick
- High Pressure – 1-7/16" thick
- Wood Veneer – Contact Customer Support for Quotes

Worksurface Information

- Cable scoops are located in the back of each worksurface to route power and data cables
- Depth from center of scoop to panel is 1-1/8".
- Once installed there is a 3/8" gap between the worksurface and the panels for additional cabling needs.
- Custom sizes are available, contact Customer Support for Quotes.
- Metal inserts are standard for a metal to metal connection between the worksurface and the supporting hardware. This will allow product to be reconfigured many times and still perform.
- All worksurfaces utilize balanced construction.

STORAGE

Pedestals

- Available as Worksurface Supporting, Freestanding and Mobile.
- Mobile pedestals are available with or without a cushion. Mobile pedestals with a cushion can have an upholstery fabric applied to them.
- Standard Pedestal Depths are 18"d, 19"d, 23"d, 24"d, 29"d and 30"d
- Pedestal widths are 15"w. Please note maximum extension of pedestal glide is 1".

File Drawers

- 150 lb Full Extension Slides
- Full height drawer sides are standard on all File drawers which enables the hanging of files from the drawer side so no extra hardware is necessary. File drawers accept legal, letter and metric sized files.

Box Drawers

- 75 lb Single Action Slides

Drawer Information

- Steel construction guarantees the performance of the product over the long term.
- Welded joints with a full top, back and base ensure that the pedestal will sit square and adequately support the worksurface where necessary.
- Double wall drawer face
- 20 gauge steel
- Metal roller ball bearing slides
- Adjustable glides are accessible from the inside of the pedestal.
- Standard positive and secure locking system.
- Epoxy powder coated.
- Locks can be keyed alike or master keyed*. Please note Key list(s) required to key alike.
- *Master Key must be ordered separate.
- Standard recessed handle offers uncluttered aesthetic.

Lateral Files

- All lateral files are 18" deep
- Standard widths are 30"w, 36"w and 42"w.
- Standard EV12 Heights are 27.75"h, 40.5"h, 54"h and 65.88"h.
- Available with fixed front drawers, receding doors with roll-out shelf, and half height drawers (See page 184 for more information Lateral File)

Lateral File Information

- Drawer anti-locking system
- Three Stage, anti-bounceback suspension
- Receding door features 16 gauge, spring loaded hinges
- Premium drawer slides with black zinc coating for smoother, quieter motion.
- Pre-Installed file bars
- 18-20 gauge steel
- Adjustable glides are accessible from the inside of the lateral file. Please note maximum extension for lateral glide is 5/8"

Storage Towers

- Features all metal construction and a choice of 20 different configurations.
- Heights include 50"h, 54"h and 65.875"h. 42"h and 48"h available upon request.
- 24"w x 24"d
- Side shelving available.

Bookcases and Storage Cabinets

- Features all metal construction.
- Available in widths of 30"w, 36"w and 42"w.
- Heights include 27.75"h, 40.5"h, 54"h and 65.88"h.

eStor Cabinets

- Features all metal construction and a choice of 18 different configurations.
- Available in widths of 30"w and 36"w.
- Standard height is 54"h.
- Allows for electric to pass through the base of the cabinet.

Overhead Storage

- Standard widths include 24"w (not available on all units), 30"w, 36"w, 42"w, 48"w, 54"w and 60"w. Please note ADA and Double Wall Overheads are not available in 24"
- Standard heights range from 12"h to 17.5"h.
- Overhead Options
- Flat Front 12" Flipper Door
- Full Pull 13" Flipper Door
- Full Pull Double Wall Flipper Door (also available with shelf option)
- Full Pull 16" Flipper Door (door retracts inside cabinet)
- Sliding glass or fabric doors
- ADA Compliant Overhead with soft close mechanism
- High and Low Profile Shelf
- A magnetic whiteboard is available for metal front overheads.

WARRANTIES AND PERFORMANCE

- A Lifetime Warranty
- Non Obsolescence Warranty
- Reduced cost of assembly and reconfiguration
- ISO9001:2000 Registered
- ISO14001:2004 Registered
- GreenGuard Certified
- ANSI/BIFMA CGSB testing on all products
- For piece of mind over the long term, we cover you with a comprehensive warranty that is supported by our dealer network.
- Some installation companies claim that the Evolve Panels System can be installed in half the time it takes to install most of our competitor's segmented panels. This cost saving can amount to thousands of dollars over the lifetime of our furniture.
- Your assurance of consistent quality to an international standard. Evolve Systems is committed to design, manufacture and distribute superior quality office furniture, which meets or exceeds the requirements of our customers.
- Confirmation that Evolve is committed (1) to providing product that, through their entire life cycle, minimize negative environmental impacts on the environment, (2) to continuous improvement to our environmental systems and programs and (3) to comply to all relevant environmental legislation and regulations.
- Evolve Systems can help a company meet LEED requirements for office furniture.
- Evolve components are tested to the highest standard in the industry. This is your assurance of quality and longevity.

Evolve products have been coded using alphas that correspond with the product name. This creates an easy-to-remember code. The following breaks down the coding logic and highlights the required code components needed to order within each product category.

PANELS

Example: **Product:** **Segmented Panel**

Specify (1) **E V P F A**

EV — P — F — A

Base Code found on the product page to the left of the product name and a simple product illustration.

EVolve product line

Panel category

Fabric-covered or partly fabric-covered Panel

Acoustic Panel
(EVPF P – represents Premium Acoustic)

(2) EVPFA**6648**

Panel size offering. Listed on every product page with price listing.
Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

(3) EVPFA6648 –**BLK**

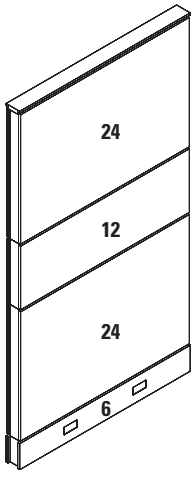
Finish code for frame. See Textiles & Finishes pages 240-241.

To specify fabric for an Evolve Panel, please note:

(4) EVPFA6648–BLK–**B84A**

Fabric code for all modules on both sides of the Panel*.
See Textiles & Finishes pages 240-241.

*** NOTE:** If different fabrics are to be included on an Evolve Panel, please use the following ordering format. **Start at the bottom** of one side of a Panel and work to the top module of that Panel. Then start the process over on the other side of the Panel. As an example:



= 66
Position 3
Position 2
Position 1

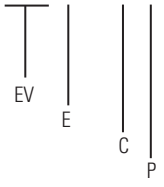
I1	B86A	I = Inside
I2	B84A	O = Outside
I3	B86A	
01	B86A	
02	B86A	
03	B86A	

ELECTRICAL

Example: **Product:** **Pass-Through Cables**

Specify

1 **E V E 8 C P**



Base Code found on the product page to the left of the product name and a simple product illustration.

EVolve product line

Electrical category

Cable Panel.

Pass-Through.

2 EVE8CP**40**

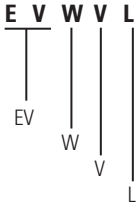
Product size offering – length. Listed on every product page with price listing. Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

WORKSURFACES

Example: **Product:** **Curvilinear Worksurface - Left**

Specify

1 **E V W V L**



Base Code found on the product page to the left of the product name and a simple product illustration.

EVolve product line

Worksurface category

Cur**V**ilinear shape

Left hand configuration

2 EVWVL**3042**

Worksurface size offering. Listed on every product page with price listing. Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

3 EVWVL3042–**T431**

Laminate code for surface. See Textiles & Finishes pages 240-241.

4 EVWVL3042–T431–**CHR**

PVC code for trim. See Textiles & Finishes pages 240-241.

WORKSURFACES - HARDWARE

Example: **Product:** **End Panel**

Specify (1) **E V H E P**

EV H E P

Base Code found on the product page to the left of the product name and a simple product illustration.

EVolve product line

Hardware category

End Panel.

End **P**anel.

(2) EVHEP–**T431**

Laminate code for End Panel. See Textiles & Finishes pages 240-241.

STORAGE

Example: **Product:** **Box, Box, File Pedestal**

Specify (1) **E V S 1 2 B B F**

EV S B B F

Base Code found on the product page to the left of the product name and a simple product illustration.

panels

TECHNICAL FEATURES OF EVOLVE PANELS:

- Evolve Panels are 2 7⁄8" thick.
- An aluminum low profile top cap is included with the panel.
- Base Raceway will allow for 140 data cables without electrical, or 48 data cables with electrical.
- Beltline Raceway will allow for 65 data cables without electrical or 54 data cables with electrical.
- 90 degree post extension will allow for 45 data cables without electric and 25 data cables with electric.
- Raceway knockout openings are 1.38" x 2.71".
- Acoustic Rating: .65 = NRC - Noise Reduction Coefficient
- STC: 23 = Sound Transmission Coefficient

BASIC FEATURES OF EVOLVE PANELS:

- Evolve Segmented Panels are available in four (4) basic heights: 30", 42", 54" and 66"; and eight (8) widths: 18", 24", 30" 36", 42", 48", 54" High and 60".
- Evolve Monolithic Panels are available in four (4) basic heights: 42", 48", 54" and 66"; and eight (8) widths: 18", 24", 30" 36", 42", 48", 54" and 60".
- Evolve Panels must include the same segmentation on both sides of the panel. Cannot be Monolithic on one side and Segmented on the other.
- Opposite sides of each Fabric Module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at the highest grade.
- There is no panel creep in a straight Panel-to-Panel configuration; however, a corner post (2, 3, 4 way) will add 3.25" inches to a panel run.
- All Fabric Acoustic Panels (EVPFA) are composed of a 6" raceway module and a 24" base-height module which create the EVPFA30. Subsequent heights are created by adding either a 12" high module to create an EVPFA42 or a 24" high module to create an EVPFA54. The addition of both 12" and 24" modules creates a EVPFA66.
- In contrast, a Premium Panel (EVPFP) is composed of a 6" raceway module, a 24" base-height module and either two (2) or three (3) 12" modules which make up the two premium heights: EVPFP54 and EVPFP66.
- All Panels available with Aluminum trim as a standard option.
- Individual fabric covered acoustic modules incorporated into a rigid steel frame.
- Raceway covers included with panels
- Beltline Panels contain a 6" Power Belt Module that is metal with knockouts on both sides.

BASIC FEATURES OF EXTENSION MODULES:

- Stackability: Evolve Panels can be increased in height in 6", 12", 18" or 24" increments. See Extension Module (pages 82-90) for part numbers.
- Panel Extension Modules stack on the top of a Panel.
- Modules can be stacked to add privacy or divide space.
- Opposite sides of a fabric module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one Panel, the entire Module must be priced at highest grade.

GENERAL WARRANTY INFORMATION:

- Panel and tackboard textiles, adjustable keyboard mechanisms, tasklights and electrical devices = ten (10) Years
- Other parts = Lifetime Warranty

This page provides an exploded view of a sample configuration highlighting each **Panel** component required when specifying this configuration.

Components

A. EVPERA66 End-of-Run Kit (Wall mount)
Note: adds 1" to the width of a Panel Run.

B. EVPFA6636 Segmented Panel

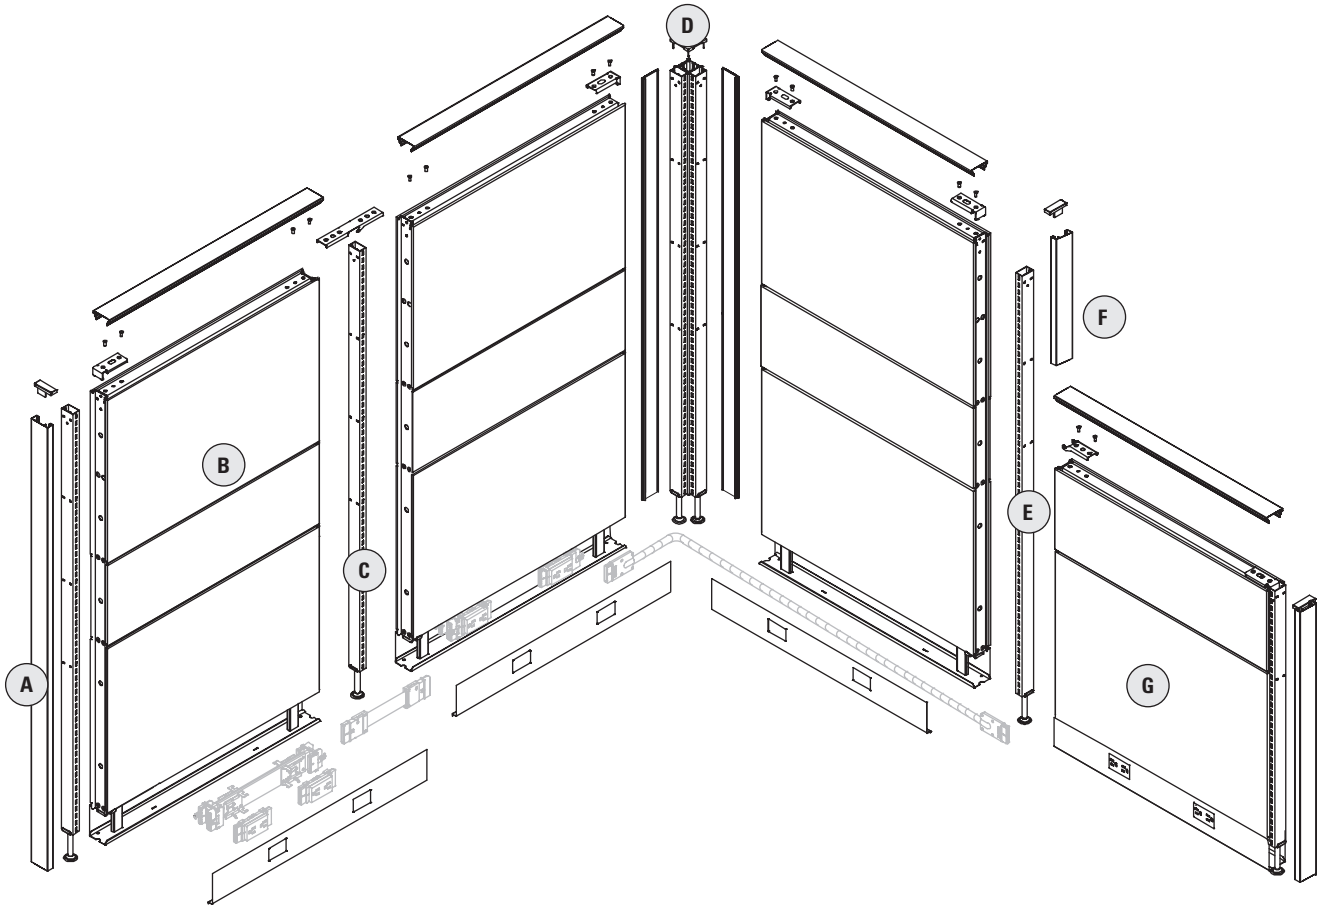
C. EVPIC66 Inline Panel Connector

D. EVPCPA266 Two-Way Corner Post
Note: Trim kit included.
Post Connectors can be custom manufactured with or without slots. Contact your Evolve Customer Support Representative for a special quote.

E. EVPVC66 Variable-Height Connector
Note: Connector height must reference taller Panel.

F. EVPTVA24 Panel Trim Variable-Height

G. EVPFA4236 Segmented Panel



This page provides an exploded view of a sample configuration highlighting each **Beltline Power Panel** component required when specifying this configuration.

Components

A. EVPERA66 End-of-Run Kit (Wall mount)
Note: adds 1" to the width of a Panel Run.

B. EVPBCFAM6636 Monolithic Beltline Powered Chimney Panel

C. EVPBIC66 Inline Panel Connector for Beltline Electric Panels

D. EVPBIPA266 Two-Way Corner Post for Beltline Electric Panels
Note: Trim kit included.
Post Connectors can be custom manufactured with or without slots. Contact your Evolve Customer Support Representative for a special quote.
Note: All beltline post connectors come with PVC covers to install at beltline height on all sides.

E. EVPVC66 Variable-Height Connector for Beltline Electric Panels
Note: Connector height must reference taller Panel.

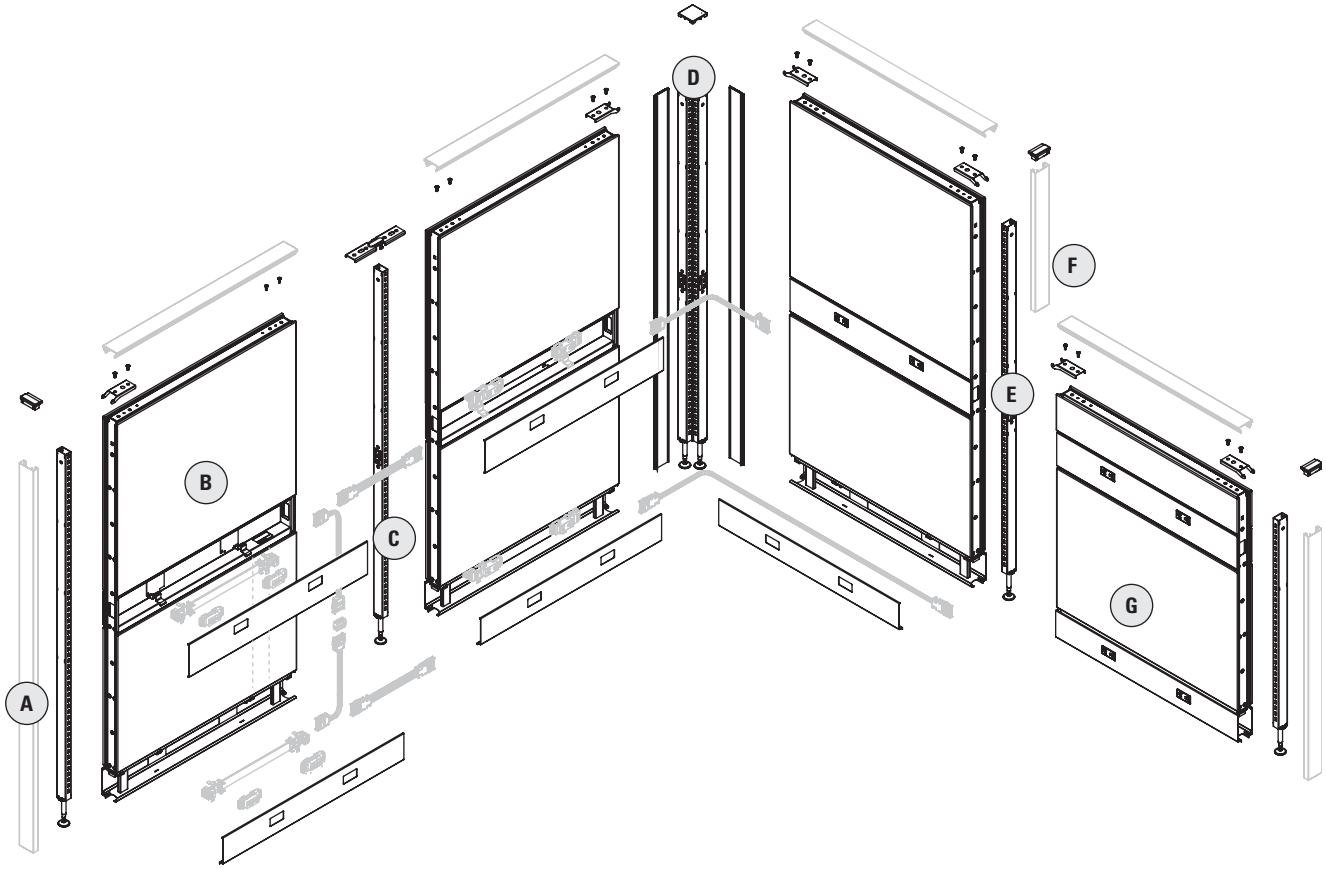
G. EVPBFAM4236 Monolithic Beltline Powered Panel



EVPFAM - MONOLITHIC PANEL

- Monolithic Panel incorporates fabric modules within a solid steel frame.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPLFA - SEGMENTED LIGHT PANEL

- Segmented Light Panel incorporates fabric modules within a solid steel frame.
- There is no base raceway in Light Panels to accommodate electrical.
- Light Panel Connectors must be used in conjunction with Light Panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve Light panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPLMGTU - MONOLITHIC 12"H GLAZED LIGHT PANEL - TEMPERED GLASS

- Monolithic 12"H Glazed Light Panel incorporates a lower fabric module with a 12"H top position glazed module, into a solid steel frame.
- There is no base raceway in Light Panels to accommodate electrical.
- Light Panel Connectors must be used in conjunction with Light Panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.
- Standard in clear (CLR) or smoked glass (SMK) as an option.
- Frosted glass (FRST) 20% upcharge.

EVPBCFGT - PARTLY GLAZED BELTLINE POWERED CHIMNEY PANEL - TEMPERED GLASS

- Partly Glazed Beltline Powered Chimney Panel incorporates fabric modules with a power beltline raceway and a 12"H or 24"H glazed module, within a solid steel frame.
- A Chimney Panel is required to run electric and data from the base to belt.
- Separate electric harness required to go from base to belt (see EVE8CPCP).
- 6"H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- Beltline Connectors must be used in conjunction with beltline panels.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.
- Standard in clear (CLR) or smoked glass (SMK) as an option.
- Frosted glass (FRST) 20% upcharge.

EVPF1S - SLATWALL PANEL - SINGLE SIDED

- Slatwall Panel incorporates fabric modules with a single 12"H or 24"H top position slatwall module, into a solid steel frame.
- 66"H panel can be configured with either a 24"H slatwall module at the top or a 12"H slatwall at the middle Position (EVPF1S66xxM)
- Opposite side is fabric covered.
- Slatwall is made of aluminum.
- Accessories can be used on slatwall modules. Please see accessory section for additional details.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPBSFA - FRAMELESS SLATWALL BELTLINE POWERED PANEL - DOUBLE SIDED ONLY

- Frameless Slatwall Beltline Powered Panel incorporates fabric modules with a single 6"H slatwall module above a power beltline raceway, into a solid steel frame.
- Slatwall module has slatwall on both sides only, and is not available Single Sided.
- Slatwall is made of aluminum.
- Slatwall is not encompassed within a frame.
- A Chimney Panel is required to run electric and data from the base to belt
- 6"H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- Beltline Connectors must be used in conjunction with beltline panels.
- Accessories can be used on slatwall modules. Please see accessory section for additional details.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPBLSFA - FRAMELESS SLATWALL BELTLINE POWERED LIGHT PANEL - DOUBLE SIDED ONLY

- Frameless Slatwall Beltline Powered Light Panel incorporates fabric modules with a single 6"H slatwall module above a power beltline raceway, into a solid steel frame.
- Slatwall module has slatwall on both sides only, and is not available Single Sided.
- Slatwall is made of aluminum.
- Slatwall is not encompassed within a frame.
- 6"H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- There is no base raceway in Light Panels to accommodate electrical.
- Light Beltline Panel Connectors must be used in conjunction with Light Beltline Panels.
- Accessories can be used on slatwall modules. Please see accessory section for additional details.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPBCSFA - FRAMELESS SLATWALL BELTLINE POWERED CHIMNEY PANEL - DOUBLE SIDED ONLY

- Frameless Slatwall Beltline Powered Chimney Panel incorporates fabric modules with a single 6"H slatwall module above a power beltline raceway, into a solid steel frame.
- Slatwall module has slatwall on both sides only, and is not available Single Sided.
- Slatwall is made of aluminum.
- Slatwall is not encompassed within a frame.
- A Chimney Panel is required to run electric and data from the base to belt.
- Separate electric harness required to go from base to belt (see EVE8CPCP).
- 6"H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- Beltline Connectors must be used in conjunction with beltline panels.
- Accessories can be used on slatwall modules. Please see accessory section for additional details.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPH1S - LAMINATE PANEL - SINGLE SIDED

- Laminate Panel incorporates single sided laminate modules, into a solid steel frame.
- Opposite side is fabric covered.
- Laminate faces on all modules provide durable, washable surfaces on Single Sided of the panel.
- Available in high pressure laminate only.
- If wood grain is selected, grain runs horizontally.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPLH2S - LAMINATE LIGHT PANEL - DOUBLE SIDED

- Laminate Panel incorporates double sided laminate modules, into a solid steel frame.
- Laminate faces on all modules provide durable, washable surfaces on Single Sided of the panel.
- Available in high pressure laminate only
- If wood grain is selected, grain runs horizontally.
- There is no base raceway in Light Panels to accommodate electrical.
- Light Panel Connectors must be used in conjunction with Light Panels.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPFAF - AIRFLOW PANEL

- Airflow Panel incorporates bottom 24"H airflow module with individual fabric modules, within a steel frame.
- The 24"H Metal airflow module is positioned in the base section to provide air circulation.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPM2S - METAL SKIN PANEL - DOUBLE SIDED

- Metal Skin Panel incorporates double sided metal skin modules, into a solid steel frame.
- Metal faces on all modules provide durable, washable and magnetic surfaces on Single Sided of the panel.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPFOL - OPEN BOTTOM PANEL

- Open Bottom Panel incorporates bottom 24"H open module with individual fabric modules, within a steel frame.
- The 24"H open bottom module in the base section is to provide air circulation and access to electrical or data.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

	High Profile Foot	EVHHF01	232	6	1	21

EVPDSL/R - SLIDING PRIVACY DOOR

- Sliding Privacy Door attaches to Evolve Panels using standard connectors to add privacy. Brackets that attach to Connectors are included.
- This door must mount on panels of equal width. It is also intended to be used for openings of equal width.
- Left (L) or right-handedness (R) is determined by the direction of door movement (from compressed to expanded position), while facing the door on the panel mounted side.
- Painted frame may match any Evolve Standard Paint Finish. The door interior is standard with a louvered acrylic finish.
- Telescoping arms eliminate the need for thresholds, wheels or casters.
- 81"H door must connect to panels 84" or higher.
- Thickness of louvered acrylic is 6 mm.

TIPS!!

When ordering Panel Extension Modules, Inline Panel Extension Connectors (EVPIEC) must be ordered separately. Please see EVPIEC for details.

Inline Panel Extension Connectors connect two panel extension modules of equal height in a straight run.

Extension connectors do **not** provide support for hang-on storage components above 66"H.

When specifying stacking panels up to 66" H and using a single full height connector additional single clamps (EVCLVAR $6 list each) are recommended.
Order 2 clamps per extension module.

NOTES

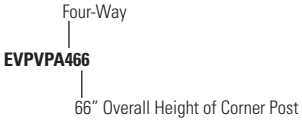
panel connectors

TIPS!!

Slotted posts are included with each Variable-Height Corner Post. The height of each slotted post must be specified when ordering a Variable-Height Corner Post. Slotted post height is determined by the height of the connecting panel run.

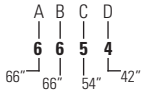
Example

Step 1 Specify base code listed on pricing page.



Segmented Panel

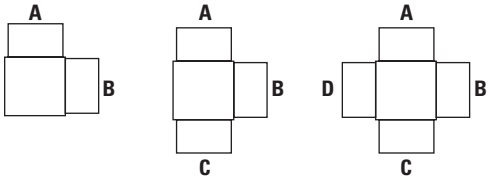
Step 2 Specify slotted post heights.



Note: To specify height, use the first number of the connecting panel run height dimension.

Slotted Post Positions

As illustrated in the example below, start with position A and continue clockwise specifying the height of each slotted post.



Sample Configuration - EVPVPA466-6654

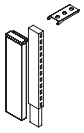
	EVPIECS18	37	18	2 7/8	
	EVPIECS24	37	24	2 7/8	

EVPEERSA - END-OF-RUN EXTENSION CONNECTOR - SLOTTED - ALUMINUM TRIM

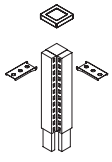
- Connects at the end of a run of extension modules, and can be used to attach a panel to a fixed wall.
- Adds 1" to the width of panel run.
- Includes one slotted inline extension connector, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
End-of-Run Extension Connector - Slotted - Aluminum Trim	EVPEERSA06	33	6	2 7/8	
	EVPEERSA12	33	12	2 7/8	
	EVPEERSA18	41	18	2 7/8	
	EVPEERSA24	41	24	2 7/8	

EVPCEPSA2 - TWO-WAY POST EXTENSION - SLOTTED - ALUMINUM TRIM

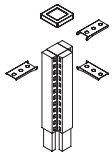
- Connects two extension modules in a 90 degree configuration.
- Post and connecting hardware adds 3.25" to the panel run.
- Includes one post, two slotted inline extension connectors, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Two-Way Post Extension - Slotted Aluminum Trim	EVPCEPSA206	61	6	2 7/8	
	EVPCEPSA212	61	12	2 7/8	
	EVPCEPSA218	95	18	2 7/8	
	EVPCEPSA224	95	24	2 7/8	

EVPCEPSA3 - THREE-WAY POST EXTENSION - SLOTTED - ALUMINUM TRIM

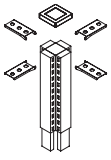
- Connects three extension modules in a "T" configuration.
- Post and connecting hardware adds 3.25" to the panel run.
- Includes one post, three slotted inline extension connectors, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Three-Way Post Extension - Slotted Aluminum Trim	EVPCEPSA306	72	6	2 7/8	
	EVPCEPSA312	72	12	2 7/8	
	EVPCEPSA318	113	18	2 7/8	
	EVPCEPSA324	113	24	2 7/8	

EVPCEPS4 - FOUR-WAY POST EXTENSION - SLOTTED

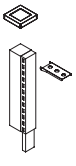
- Connects four extension modules in a "+" configuration.
- Post and connecting hardware adds 3.25" to the panel run.
- Includes one post, four slotted inline extension connectors, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Four-Way Post Extension - Slotted	EVPCEPS406	84	6	2 7/8	
	EVPCEPS412	84	12	2 7/8	
	EVPCEPS418	125	18	2 7/8	
	EVPCEPS424	125	24	2 7/8	

EVPCEPSA1 - ONE-WAY POST EXTENSION - SLOTTED - ALUMINUM TRIM

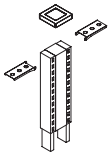
- Connects at the end of a run of extension modules in place of an EVPEERSA – End-of-Run Extension Connector.
- Should not be used to attach a panel to a fixed wall.
- Post and connecting hardware adds 3.25" to the panel run.
- Includes one post, one slotted inline extension connector, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
One-Way Post Extension - Slotted Aluminum Trim	EVPCEPSA106	59	6	2 7/8	
	EVPCEPSA112	59	12	2 7/8	
	EVPCEPSA118	74	18	2 7/8	
	EVPCEPSA124	74	24	2 7/8	

EVPCEIPSA2 – INLINE TWO-WAY POST EXTENSION - SLOTTED - ALUMINUM TRIM

- Connects two extension modules in a straight line in place of EVPIECS – In-Line Extension Connector.
- Post and connecting hardware adds 3.25" to the panel run.
- Includes one post, two slotted inline extension connectors, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Inline Two-Way Post Extension - Slotted Aluminum Trim	EVPCEIPSA206	64	6	2 7/8

		EVPLERTA84	67	80 1/4	2 7/8	
		EVPLERTA90	70	86 1/4	2 7/8	

EVPTVA - PANEL TRIM - VARIABLE HEIGHT -ALUMINUM

- Attaches to the exposed end of the taller panel when 2 panels of different height meet in straight run.
- Slotted Connector not included.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Panel Trim - Variable Height - Aluminum	EVPTVA06	12	6	2 7/8	
		EVPTVA12	18	12	2 7/8	
		EVPTVA18	23	18	2 7/8	
		EVPTVA24	30	24	2 7/8	
		EVPTVA30	35	30	2 7/8	
		EVPTVA36	41	36	2 7/8	

EVPTEA - PANEL EXTENSION TRIM - ALUMINUM

- Attaches to bottom of exposed end of panel to provide extension for End-of-Run post trim kit when using panel extensions.
- Does not include slotted connector nor connecting hardware.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Panel Extension Trim - Aluminum	EVPTEA12	16	12	2 7/8	
		EVPTEA18	23	18	2 7/8	
		EVPTEA24	29	24	2 7/8	

EVPVTFA - FLAT TRIM - ALUMINUM

- To be used with 30"H posts as a replacement trim.
- For "U" trim configuration use three flat trim according to height specifications.
- For "L" trim configuration use two flat trim according to height configurations.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Flat Trim - Aluminum	EVPVTFA30	9	29 1/8	2 7/8	
		EVPVTFA36	10	34 1/8	2 7/8	
		EVPVTFA42	12	41 1/8	2 7/8

		EVPVTFA96	22	95 1/8	2 7/8	

EVPVTFEA - FLAT EXTENSION TRIM - ALUMINUM

- Finishes exposed faces of One-Way, Two-Way, Three-Way and Inline Panels.
- For reconfiguration and replacement use only.
- For "U" trim configuration use three flat trim according to height specification.
- For "L" trim configuration use two flat trim according to height specification.
- Aluminum Trim must be specified when using premium color paints.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Flat Extension Trim - Aluminum	EVPVTFEA12	8	12 3/8	2 7/8	
		EVPVTFEA18	10	18 3/8	2 7/8

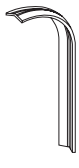
EVSC12 - SLOT COVER

- Covers the slots of a slotted connector between modules as well as corner post situation.
- Available in all standard colors (Black, Charcoal Silver, Taupe, Tungsten, White and Nevada)
- Sold per foot. The desired quantity of the slot covers is the required length in feet.
- An easy way to calculate the required length is to sum the length of all inline connectors used in a project (including the posts) and multiply by 2.
- Should be field cut to required length.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Slot Cover	EVSC12	3			

electrical

STEP-BY-STEP SPECIFICATION – 8-WIRE ELECTRICAL SYSTEM

Step 1 **Determine the location of the source power entering the Panel Run.**

1. At the base of the Panel.
   (a) Use EVE8FR1 Reversible Floor Power Entry (default to EVE8FR1).
   (b) Select the Panel to which the Floor Power Entry will be attached. This Panel requires an EVEPD Power Distribution Housing.
   (c) Select the side of the Panel and the receptacle outlet to which the Floor Power Entry is to be attached.
2. From the ceiling.
   (a) Use EVE8EC1 Ceiling Power Entry.
   (b) Select the post through which to feed the Ceiling Power Entry.
   (c) One Panel adjacent to the selected post requires an EVEPD Power Distribution Housing.
   (d) Attach Ceiling Power entry to the nearest end of the Power Distribution Housing.

Step 2 **Determine which Panels are to be powered.**

1. Use EVE8PD Power Distribution Housing that corresponds with the width of the Panel.

BELTLINE TIPS:

DO - use a 17" long Mesh Beltline Jumper when making 90 degree turns in the Beltline raceways only.

DO NOT - use a 20" long Metal Flex Jumper when attempting to make 90 degree turns in the Beltline Raceways. The end connector is too long to make the turn.

DO - use a 20" long Metal Flex Jumper when traveling through a Beltline Post, in a straight line only.

DO NOT - use a 17" long Mesh Beltline Jumper Traveling through a Beltline Post, in a straight line only. The Jumper is too short to make the connection.

Step 3 **Connect power to the powered Panels.**

1. Use EVE8CP**16** Jumper Cable between two adjacent powered Panels, separated by an Inline Connector.
2. Use EVE8CP**20** Jumper Cable between two adjacent powered Panels separated by a post.
3. Use EVE8CP Pass-Through Cables to connect powered Panels that are separated by one or more non-powered Panels (maximum distance between the powered Panels is 16 feet).
   (a) The length of the Pass-Through Cable is calculated by adding together the widths of the non-powered Panels (that separate the two powered Panels) and applying an additional 16" to the total. (EVE8PD Power Distribution Housing is positioned 8" in from the ends of the powered Panel.) (b) An additional 3" must be added to the Pass-Through Cable for each post that the cable passes through.
4. From the price list, select the EVE8CP Pass-Through Cable that matches the calculated length. If the length is between listed sizes, use the next size up.

Step 4 **Determine the location and circuitry of the receptacles.**

1. Each powered Panel has four (4) potential locations for EVE8RD Duplex Receptacles – 2 per side. (Exception: 24" wide Panel has only two potential locations – 1 per side, 18" wide Panel has no locations for receptacles.)
2. At each receptacle location there is a choice of four circuit options. Select a circuit option for each location.
   Circuits one & two are utility circuits; circuits A & B are dedicated circuits.

EVOLVE'S MODIFIED 8-WIRE ELECTRICAL SYSTEM

Evolve has modified its 8-Wire Electrical System to stay abreast of changing industry standards.

Evovle's electrical system allows for the integration of the commonly required "2+2" configuration (2 utility circuits, 2 dedicated circuits) found in the source power of most of today's North American buildings.

This system is rated for connection to:

1. A grounded 120/240V, single phase, 20 A, 60Hz
2. A 120/208V, 3 phase, 20 A, 60Hz branch circuit

Data/Comm

Evolve's duplex receptacle openings will now conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.38 +/- .035 x 2.71 +/- .04. There will no longer be the need to use adapter plates to reduce the size of Evolve's raceway opening, or to use Evolve dedicated data plates for data/comm terminations.

Transition

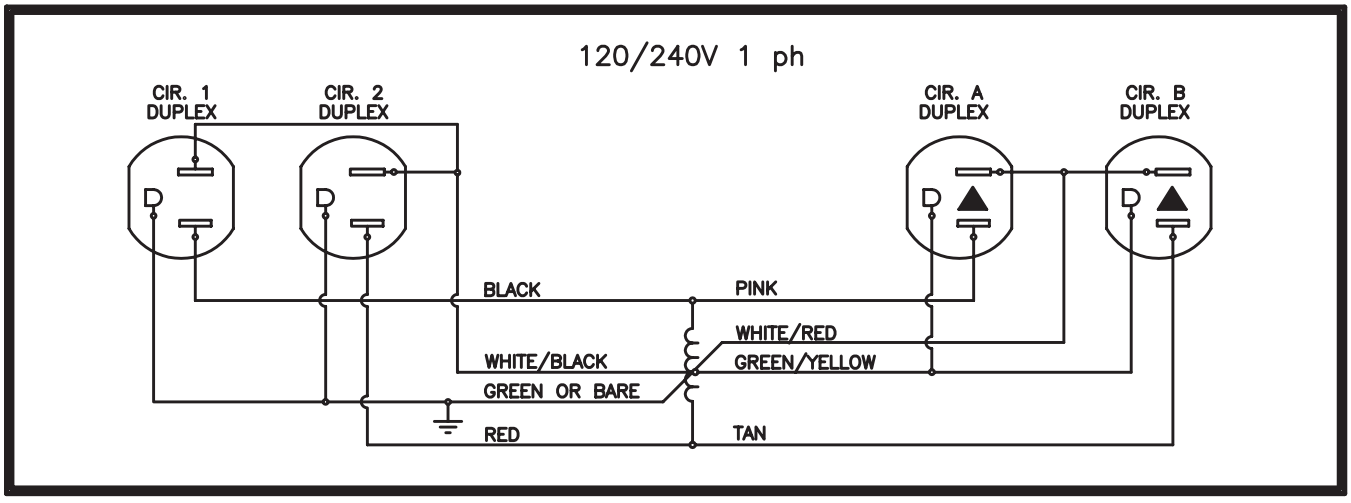
A transition cable is available to connect the previous electrical system prior to April 1, 2005 to the current system when adding Panels to an existing installation. Also, new raceway covers with the smaller openings can be provided and applied to existing Panels when retrofitted with new electrics.

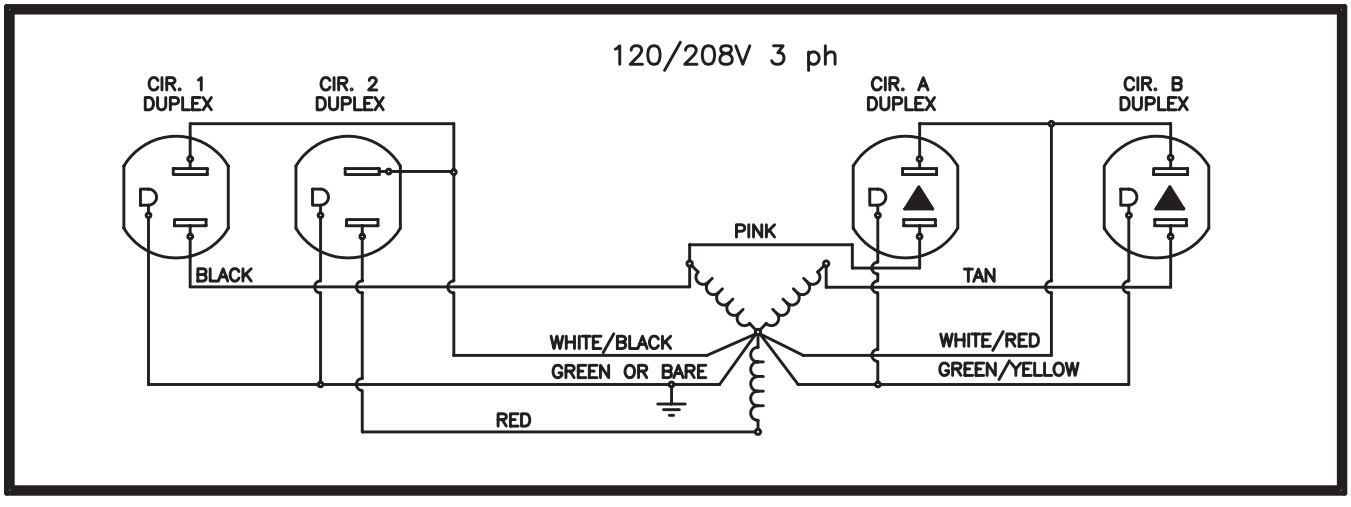
EQUIPMENT AMPERAGE

Calculator	0.25
Electric Eraser	0.50
Pencil Sharpener	1.00
Radio	0.05
Paper Shredder	4.40 - 13.00
Electric Typewriter	1.20
Personal Computer	2.00 - 4.00
Video Display Terminal	0.08
Draft / Letter Quality Printer	1.20 - 3.00
Fan	1.00
Heater	8.50 - 12.50
Coffee Pot	15.00
Task Light	1.00
Slide Projector	2.00 - 6.00
Laser Printer	5.00 - 8.00
Processor / Disk Unit	1.00 - 10.00
Desk Top Plotter	1.50

Some equipment, such as large copiers, printers, plotters, heaters and coffee makers may occupy most of the circuit capacity. It is recommended that such devices be supplied with the power directly from the wall or building receptacle.

WIRING SCHEMATIC





DEFINING "2 + 2" WIRING CONFIGURATIONS

2 + 2 Configuration (8 wire, 4 circuit)
Two Utility Circuits [Evolve's #1 & #2 circuits] share one neutral wire and one ground wire.
(2 hot [circuit] wires + 1 neutral wire*** + 1 green ground wire* = 4 wires)

Two Dedicated Circuits [Evolve's "A" & "B" circuits] share one neutral wire and one ground wire.
(2 hot [circuit] wires + 1 neutral wire *** + 1 green/yellow ground wire** = 4 wires)

NOTE:

It is the ground wire that makes the difference between "Utility" and "Dedicated" circuits. Refer to Wiring Schematics found in the Price List.

* A Green ground wire is a "system" ground. This means it could be grounded to any piece of metal, including the Panel.
** A Green/Yellow ground wire is isolated, within the wiring conduit, all the way back to the box at the source (building ground).
*** All Neutral Wires are 10 gauge rather than 12 gauge meaning they are larger than normal, allowing greater protection against "noise" or interference on the circuit.

This page provides an exploded view of a sample configuration highlighting each **Electrical** component required when specifying this configuration.

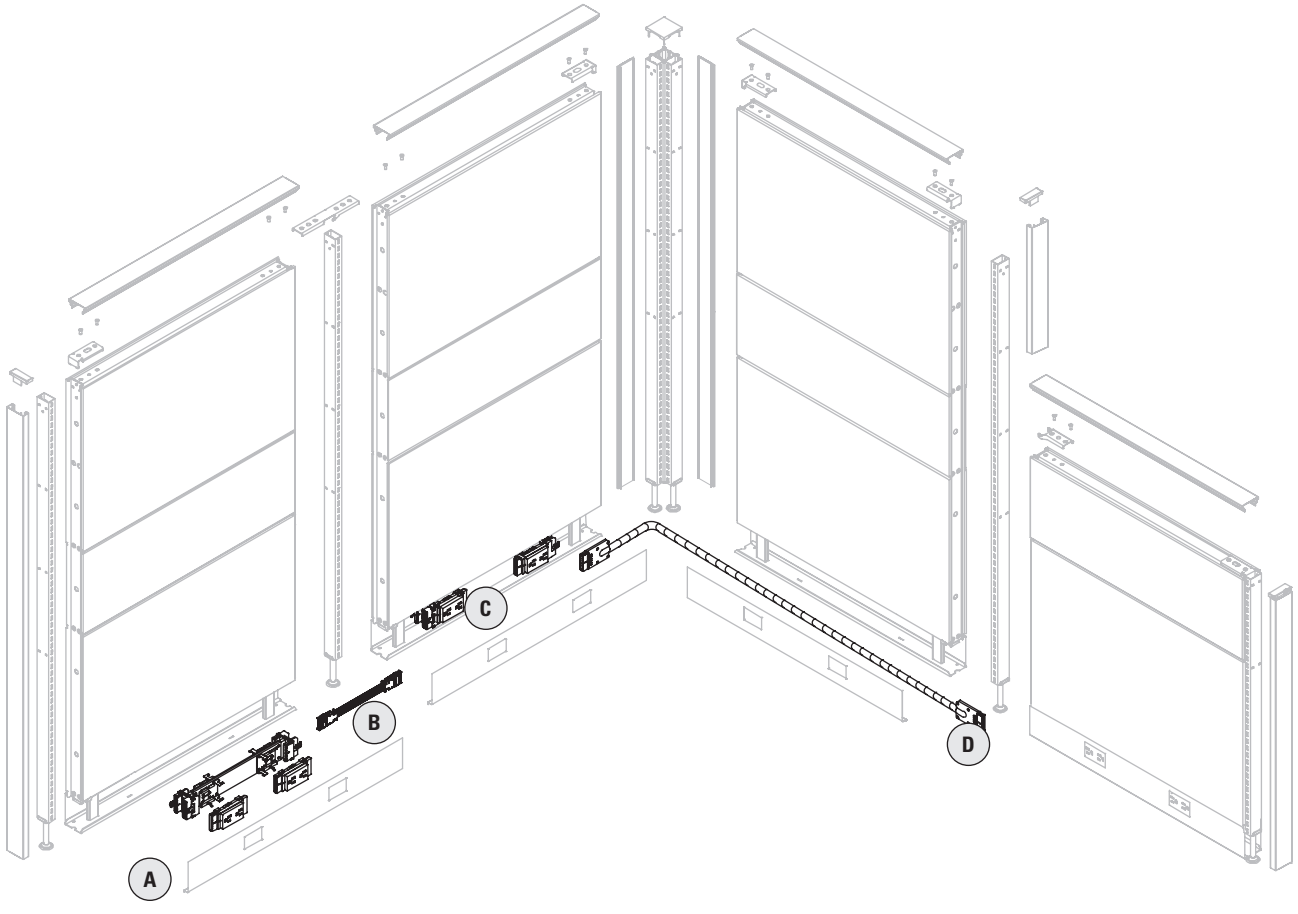
Components

A. EVE8PD42 Power Distribution Housing
Note: 8 wire, 4 circuits (3rd/4th circuits dedicated) labeled A or B.

B. EVE8CP16 Jumper Cable
Note: EVE8CP16 connects two powered panels positioned side by side, separated by an Inline Connector
EVE8CP20 connects two powered panels separated by a post.

C. EVE8RD Duplex Receptacle

D. EVE8CP Pass-Through Cable
Note: Pass-Through Extension Cable (EVE8CPF154) available – extends power capability beyond 208".



This page provides an exploded view of a sample configuration highlighting each **Beltline Power Panel** component required when specifying this configuration.

A. EVE8PD36 Power Distribution Housing
Note: 8 wire, 4 circuits (3rd/4th circuits dedicated) labeled A or B.

B. EVE8CP17 Jumper Cable
Note: EVE8CP16 connects two powered panels positioned side by side, separated by an Inline Connector

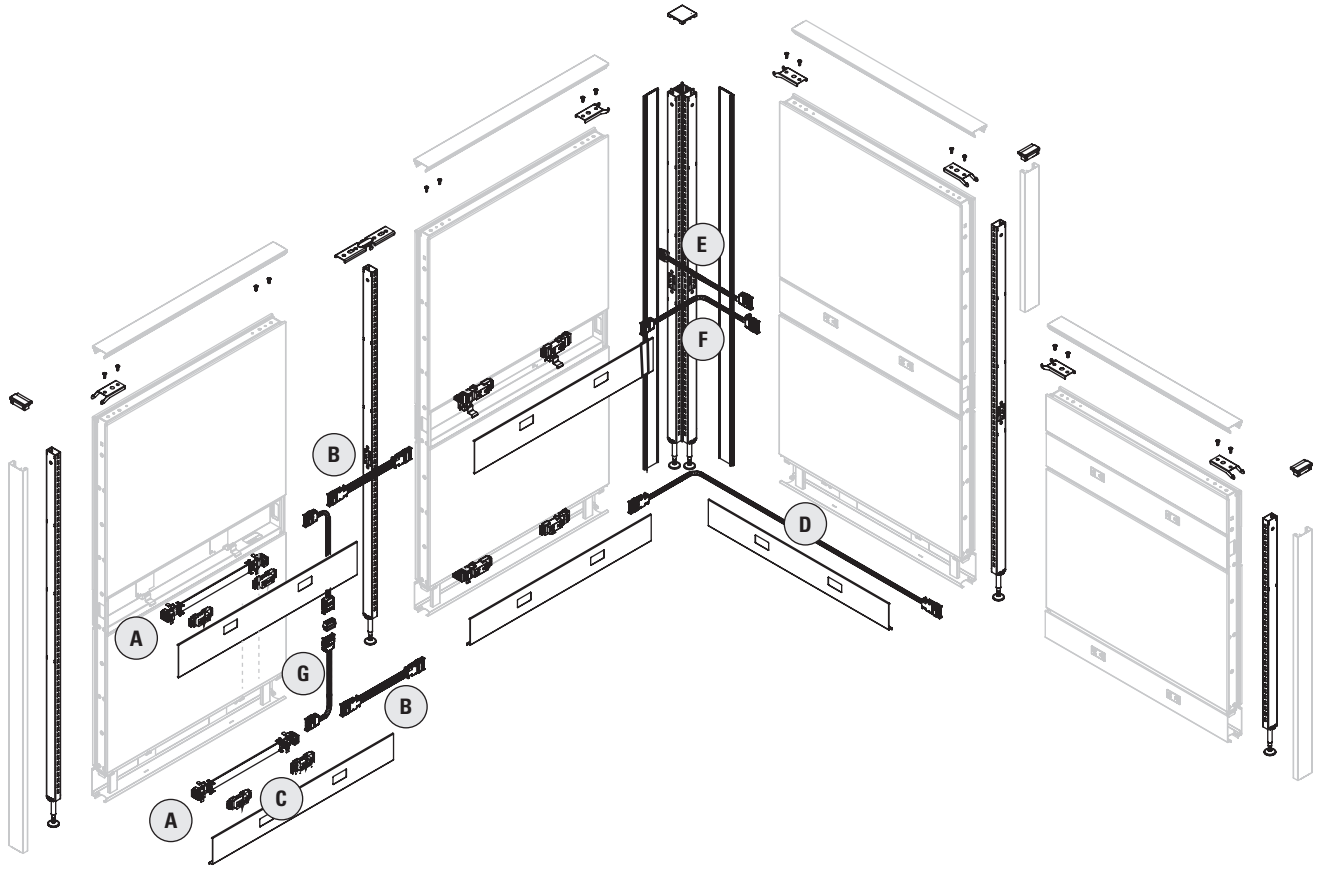
C. EVE8RD Duplex Receptacle

D. EVE8CP Pass-Through Cable
Note: Pass-Through Extension Cable (EVE8CPF154) available – extends power capability beyond 208".

E. EVE8CP20 Jumper Cable
Note: EVE8CP20 connects two powered panels separated by a post, in a straight line.

F. EVE8CP917 Jumper Cable
Note: EVE8CP20 connects two powered panels separated by a post, for turns through post.

G. EVE8CPCP Base to Belt Pass Through Kit
Note: For use in Chimney Panels only.



EVE8PD - POWER DISTRIBUTION HOUSING

- Power housing is specified per panel size (e.g. EVE8PD36 is for use in a 36" panel).
- 8 wire, 4 circuits (2+2 configuration).
- Provides two duplex receptacles per panel side on all panel widths except the 24" wide panel.
- 24" wide panel allows for only one (1) duplex receptacle per panel side.
- Each power distribution housing supports 15-20 amps.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D

EVE8CP - JUMPER CABLE

- The EVE8CP16 electrically connects two powered panels positioned side by side, separated by an Inline connector
- The EVE8CP20 electrically connects two powered panels separated by a post.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Jumper Cable	EVE8CP16	90		16	
		EVE8CP20	105		20	

EVE8CPCP - CHIMNEY PANEL JUMPER CABLE KIT

- Contains two (2) 17" flexible harnesses and one (1) "I" connector.
- Used to connect electric from the base to the beltline raceway in Beltline Powered Chimney panel.
- Must use in conjunction with base power distribution harness and beltline power distribution harness (sold separately)

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Chimney Panel Jumper Cable Kit	EVE8CPCP	229			

EVE8CP17 - FLEXIBLE MESH JUMPER CABLE

- One (1) 17.5" flexible harness
- Used to connect two power distribution housings at the beltline level at 90 degrees.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Flexible Mesh Jumper Cable	EVE8CP17	83			

EVE8CP - PASS-THROUGH CABLE

- Flexible metal conduit is used to distribute electrical power through non-powered panels.
- To calculate the length of a Pass-Through Cable, add the widths of the non-powered panels separating the powered panels (panels with distribution housing attached). To this, add 16" (distance from the edge of the panel to the distribution housing x 2).
- Add additional 3" when passing through a post. See the Tips at the beginning of the section for more details.
- Pass-Through Extension Cable connects to the end of a Pass-Through Cable to extend power capability beyond 208".

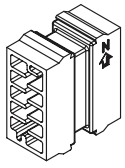
EVE8CI-1 - "I" CONNECTOR

- Female - Female connector used to connect two Pass-Through Cables



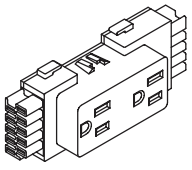
DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
"I" Connector	EVE8CI-1	62			

EVE8RD - DUPLEX RECEPTACLE

- Duplex receptacles are rated for 15 Amps.
- EVE8RD1 = Circuit #1 (utility circuit)
- EVE8RD2 = Circuit #2 (utility circuit)
- EVE8RDA = Circuit A (dedicated)
- EVE8RDB = Circuit B (dedicated)

NOTE:

- EVE8RD1 and EVE8RD2 (#1 and #2 share common ground)
- EVE8RDA and EVE8RDB (A and B share common ground)
- Up to 6 receptacles per circuit (24 per infeed), not to exceed total of 15 Amps per circuit.
- Standard in black. Available in White or Nevada with upcharge, add $3.00.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Duplex Receptacle	EVE8RD1	23	2	4 5/8	1 1/4
	EVE8RD2	23	2	4 5/8	1 1/4
	EVE8RDA	23	2	4 5/8	1 1/4
	EVE8RDB	23	2	4 5/8	1 1/4

EVEUSB01 - USB MODULE

- Includes two USB ports.
- Available in White and Black.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	USB Module - White	EVEUSB01WHT	150	2	4 5/8	1 1/4
	USB Module - Black	EVEUSB01BLK	150	2	4 5/8	1 1/4

EVE8FR1 - REVERSIBLE FLOOR POWER ENTRY

- Takes the place of a duplex receptacle by snapping into the base power way or Beltline power way.
- Includes 72" long flexible vinyl conduit.
- Must be hard wired to source power by a licensed electrician.
- Diameter is 0.85"

EVE8FR2 - REVERSIBLE FLOOR POWER ENTRY

- Takes the place of a duplex receptacle by snapping into the base power way or Beltline power way.
- Includes 144" long flexible vinyl conduit.
- Must be hard wired to source power by a licensed electrician.
- Diameter is 0.85"

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Reversible Floor Power Entry	EVE8FR1	246		72	
	Reversible Floor Power Entry	EVE8FR2	318		144	

EVE8EC - CEILING POWER ENTRY

- Snaps into the end of a Power Distribution Housing.
- Flexible metal conduit extends into the ceiling through a corner post and post extension.
- Must be hard wired to source power by a licensed electrician.
- 4" junction box included.
- Post extension ordered separately
- Can feed directly into beltline power when Beltline Post Connectors are specified.
- Cannot feed through Inline or End-of-run Connectors.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Ceiling Power Entry	EVE8EC1	190		132	
		EVE8EC2	333		144	
		EVE8EC3	376		180	

EVEENY-2 - HARDWARE POWER ENTRY BOX - NEW YORK

- A licensed electrician must provide hard wire connection within the junction box.
- Not for use in panels less than 36"W.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Hardware Power Entry Box - New York	EVEENY2	315	3	28	2 1⁄5

EVEJBC-1 - HARDWARE JUNCTION BOX - CHICAGO

- Can be retrofitted in any size of panel at the receptacle location.
- Gives access from one side only at each location.
- Customer to supply conduit, wiring, receptacle, and face plate.
- 2 per panel, except 24" panels only one is needed.
- A licensed electrician must provide hardware connection with the junction box.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Hardware Junction Box - Chicago	EVEJBC-1	70			

EVDPE - POST EXTENSION DATA/COMM LAY-IN

- Attaches to the top of a post to bring power and/or data cables from the ceiling to the panel power way
- Three-sided power pole with snap-on fourth side.
- Post extension can be opened on one side for lay-in or power and/or data cables.
- Made of aluminum and can be field cut.
- Accommodates up to 25CAT 5 Cables with electric. Accommodates up to 45 CAT 5 Cables without electric.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Post Extension Data/Comm Lay-in	EVDPE64 EVDPE82	121 147	64 84	2 7⁄8 2 7⁄8	

EVDP6E - 60º POST EXTENSION DATA/COMM LAY-IN

- Attaches to the top of at 60º corner post to bring power and/or data cables from the ceiling to the panel power way.
- Two-sided power pole with snap-on third side.
- Post extension can be opened on one side for lay-in or power and/or data cables.
- Made of aluminum and can be field cut.
- Accommodates up to 6 CAT 5 Cables with electric. Accommodates up to 20 CAT 5 Cables without electric.

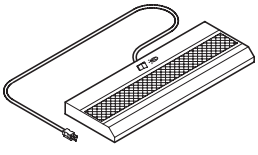
EVET5L - UNDER STORAGE LOW WATTAGE TASK LIGHT FOR ENVIRONMENTALLY FRIENDLY BENEFITS

- Task light must be at least 6" shorter than storage component to which it is attached.
- T5 rapid start fluorescent lamps
- Uses low wattage for energy efficient illumination
- Meets Chicago and NY electrical codes
- Electronic ballast
- Miniature rocker switch, positive position rocker
- 7 ft. black cord on all under storage models except 48". 48" models come with a 9 ft. cord.
- Available in black only
- Cannot be attached to Evolve 1600 Series Overhead Storage bins, without screws (not supplied).



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D

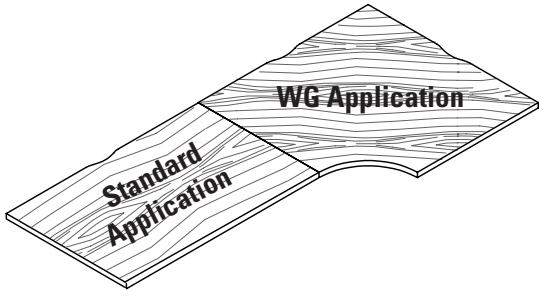
NOTES

worksurfaces

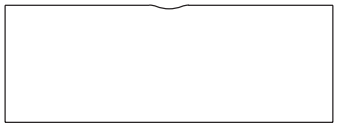
THE INFORMATION LISTED BELOW PROVIDES YOU WITH BASIC FEATURES OF EVOLVE WORKSURFACES.

- Evolve thermally fused worksurfaces are 1" thick, high pressure is 1 1⁄16" and 1 7⁄16" thick. These are finished with 3 mm PVC edging on all sides.
- Standard laminate offerings are available in thermally-fused (TF) and most high pressure laminates (HP). See laminate listings for details.
- Wood grain laminates on corner worksurfaces up to 42" available in laminate run diagonally for an upcharge. Otherwise, standard horizontal application of laminate will be used.
- To avoid unsatisfactory results in laminate application when attaching two corner surfaces side by side, select "WG" surfaces for matching grain.
- Some wood grain laminate worksurfaces will have matching wood grain PVC trim unless specified otherwise.
- The depth of the worksurface scoops are 1 1⁄8" when measured from the panel the worksurface is attached to.



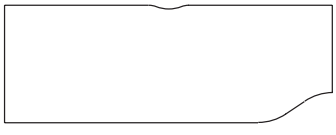
- All worksurfaces have threaded inserts for metal-to-metal connection for support hardware.
- All worksurfaces require support hardware. These are priced separately within this section.
- Communication and electrical wires are routed through a cable scoop located at the back of the worksurface. Depending on the specific surface, note that the number of cable scoops depends upon the width of the worksurface. All worksurface shapes have at least one scoop on the Panel edge.
- A 3/8" separation between the back of the worksurfaces and panels allows for cables to be moves to the panel seams and concealed by wire managers.
- Note: Wood veneer options for worksurfaces are available at an upcharge and with an extended lead time. Contact Evolve Customer Support for details.
- Tungsten (TUN) and Designer White (DWT) trim available at no charge.
- Note the following abbreviations:
  TF = Thermally-Fused Laminate; (1") HP = High-Pressure Laminate (1 1⁄16"); HPW = High-Pressure Laminate (1 7⁄16"); WG = Wood Grain

One Scoop EVWS 24"- 48"



Two Scoops EVWS 54" - 72

One Scoop EVWVL 24" - 48"



Two Scoops EVWVL 54" - 72"

EVWKKR - ANGLE FRONT EDGE WORKSURFACE

- To be used with EVWCF3012 and EVWCF3612 Corner Worksurface.
- Creates an efficient, compact keyboard corner worksurface.
- Use 12" cantilever supports on shorter 12" depth
- For use with flat screen monitor.
- Support hardware must be order separately. See the listing in the section.

EVTHLEG - EVOLVE BRIDGES LEG

- Leg assembly attaches to panel for application which requires functionality of panels with environment of bridges tables.
- One leg wit horizontal member connection to 1" increment slots in connector. Provides support to panel and panel connected worksurface at end of run- design coordinated with Bridges freestanding tables.
- Supports 24" and 30" deep worksurface
- One leg can support 2 adjoining worksurfaces by specifying 2 flat brackets.
- Leveling glides is standard
- No worksurface supporting beams, use panel cantilever and storage for worksurface support.
- One aluminum leg with steel structure - specify left or right and 24" or 30" deep for corresponding worksurface depth.
- Panel bracket, dislodgment clip and worksurface hardware included.
- Anodized aluminum upcharge $32.00.
- Please specify paint finish.

EVDRR - RETURN - RIGHT

- Return Chassis with one full end panel and modesty panel
- Includes all supporting hardware. However a 2" "Z" bracket may be required depending on the adjacent connected unit (must be ordered separately).
- 1 7/16" high pressure worksurfaces cannot mount on chassis.
- All Freestanding products are available in thermally fused thickness only.

NOTE:

- Add either "H" (half modesty) fo "F" (full modesty) to the end of the product code (i.e. EVDRL2436H).
- Worksurface must be ordered separately. Choose from Rectangular or Curved Surfaces.
- A "Z" Bracket (EVDHZ) is required where a modesty panel connects to an end panel (must be ordered separately).

storage

LATERAL FILE FEATURES

LATERAL FILES

- Binder storage
- EDP storage (with optional EDP sides)
- Lifetime Warranty (see Terms & Conditions)
- Counterweights must be specified on lateral files with pull out drawers, unless worksurface supporting, ganged together or anchored to the floor or wall.

DRAWERS/SHELVES

- Drawer interlocking system
- Three-stage, anti-bounceback suspension
- Pre-installed file bars
- Side-to-side file bars for letter, legal and A4
- Looped full pull
- Front-to-back file bars – optional
- Label holder
- Fixed front drawers – available
- Receding door, roll-out shelves – available
- Slotted, pull-out shelves with rolled edge
- Full-height dividers – optional

LATERAL FILES 1200 SERIES

- Receding door series features 16 gauge, spring loaded hinges
- Mig welded top corners
- Thicker receding door with redesigned pivot motion to prevent door rub
- Half height drawers - optional
- Premium drawer slides with black zinc coating for smoother, quieter

MOTION

- Salt spray resistance treatment
- Durable epoxy powder coating
- Superior locking system with anti-lift mechanism
- Large standard color palette
- ANSI / BIFMA approved
- CSGB approved

CONSTRUCTION

- Top stiffener bar
- Corner gussets
- 18 – 20 gauge cold-rolled steel
- Four (4) ganging drill points are marked to ensure correct positioning
- Cam lock included
- Leveling glides
- Counterweights are recommended in all heights/widths – optional

- Spring counterbalanced height adjustable arm extension provides free floating vertical range of movement through 13" of travel.
- VESA mounting plates contain 75mm and 100mm mounting configuration.
- 180-degree of arm swivel around slat wall mounting bracket pivot point.
- VESA plate head is fully adjustable with 180-degree of tilt, 180-degree of swivel and 360-degree of rotation for portrait to landscape viewing.
- Keyhole slots in VESA plate for quick mounting of display screen.
- Slat wall bracket clamps to Slat Wall via adjustable brackets allowing for easy installation and removal (installation tools provided).
- Cable management provided on arm swivel points.
- Arm components manufactured from 100% recyclable aluminum dye cast material, providing stability and durability.
- Friction screw adjustment on arm segments for touch screen applications.
- Available in White (WHT), Black (BLK) and Silver (SIL). Post is chromed.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Slat Wall Monitor Arm Dual Extension/Height Adjustable	EVLCD07	540			

EVLCD09 - MONITOR ARM - PARABOLIC QUAD SCREEN, BEAM MOUNT

- Available in White (WHT), Black (BLK) and Silver Metallic (SIL). Post is chromed.
- Frees up valuable worksurface space.
- Double extension has 19" of back and forth movement to allow for different vocal depths of viewing comfort.
- Adjust from 3" to 12" above worksurface.
- Counter-balance arm provides an additional 6" of height adjustment.
- Quick-release VESA plate included.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Monitor Arm - Parabolic Quad Screen	EVLCD09	1236			

EVCPU - CPU HOLDER

- CPU holder with soft touch knob.
- Vertical underside storage space.
- Maintains CPU at set height.
- Inside width adjustment 3.5" — 9.25"
- Inside vertical adjustment 12.25" — 22.25"
- Load rating: 85lbs.
- Available in black only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	CPU Holder	EVCPU01	231	14	8.25	7.75

EVCPU02 - CPU HOLDER ON GLIDE TRACK

- Accepts tower CPUs with a width range of 3.5" to 9.3" and a height range of 12.5" to 22.5".
- Soft touch knob for side clamp adjustment and bayonet lance for vertical height adjustment.
- 12" glide track mounted and 360-degree swivel for easy access to rear of CPU.
- Manufactured from steel and engineered resin, providing rugged durability and support.
- Available in Black only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	CPU Holder on Glide Track	EVCPU02	253			

EVWALS01 - LAPTOP SUPPORT WITH INTEGRATED 4 PORT USB HUB

- 5 adjustment angles for ergonomic viewing.
- Adjustment arm allows for unrestricted air flow.
- 4 port USB hub powered by a computer, no external power required.
- Fully compliant with universal serial bus specifications 2.0.
- Over current protection for downstream port.
- Compatible with Windows 7, XP, 98, ME, 2000 and Vista. Also compatible with MAC OS 8x, 9x, and 10.
- CE/UL/FCC approved and RoHS compliant.
- Available in Black and Grey.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Laptop Support with Integrated 4 Port USB Hub	EVWALS01	132			

EVWADH01 - DESKTOP DOCUMENT HOLDER

- Dimensions of 16 1/2" wide x 10" high x 8" deep.
- Heavy duty steel easel support.
- Magnetic line glide.
- Available in Black only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Desktop Document Holder	EVWADH01	132			

EVWAFR01 - ADJUSTABLE FOOT REST

- Provides support for the 5th percentile female when chair adjustment is not adequate.
- Easily adjustable to angles of 6°, 12°, 16° and 25°.
- Footrest surface covered with anti-fatigue rubber mat.
- Available in Black/Grey combination only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Adjustable Foot Rest	EVWAFR01	132			

EVWACP - CRT CORNER PLATE

- Converts two abutting worksurfaces in a 90º corner into a 45º angle keyboard worksurface.
- Keyboard mechanism not included.
- Must specify paint color.
- Made of metal.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	CRT Corner Plate	EVWACP1818	71	1.125	18	18

EVATP - TOUCH-UP PAINT KIT

- Available in standard Evolve paint colors to facilitate easy touch-ups.
- 1/2 fl. ounce bottle (spray not available).
- Specify color.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Touch-Up Paint Kit	EVATP01	32			

textiles and finishes

Care and Cleaning

The following guide encompasses the Evolve System line.
The guide was compiled using information from our "raw" material suppliers and is relevant only to our standard offering finishes and textiles.

FABRICS

To extend the life of your upholstered panels, regularly dust the panel to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

PANEL FRAMES

The panel frames are manufactured out of sturdy aluminum with a powder coated enamel paint finish. To clean the frames of the panels, and all hardware associated with the Evolve line, simply utilize a clean, damp cloth. For stubborn stains on the panel frames, you may consider adding a mild detergent.

GLAZED PANELS

Cleaning of the glazing in panels should only be done with a damp lint-free cloth. A mild detergent can be used if necessary. Do not use paper towels in combination with a window cleaner-this may cause scratches to the glazing.

WORKSURFACES

The worksurfaces are manufactured using primarily Nevamar Brand laminates as the exposed surface. To properly clean these areas, it is best to use a clean, damp cloth and circular motion to prevent streaks. For stubborn stains, you are able to add a mild detergent to the water. Be certain not to use an ammonia-based solution. It will react with the PVC, or wood edge trim, causing permanent damage to the contacted areas.

ACCESSORIES

The accessories sold with the Evolve product line can be simply cleaned with a clean, damp cloth. If they are really dirty, a mild, non-abrasive solution may be added. Wipe with a damp cloth after the solution, and finally, a dry clot

*Premium paint selections are available on the following components: Panels (top trim and frame), Hardware, End-of-run/Post Kits, and Accessories at a 22% upcharge. Storage with no upcharge.

*Please note all Double Wall Storage units must be ordered in a minimum quantity of 50 when ordering in a premium paint finish. Different model types can be combined to achieve the minimum quantity required. See pages 192-193 for affected models.

All special and premium paint match orders of 50 panels or less will incur a $500 net setup fee. Panels, hardware, accessories and storage may be combined on orders to achieve minimum of 50 pieces or more and will not be subject to $500 net set up fee. Add on orders will not have that charge for 90 days after the original order has shipped and must have the original PO# quoted otherwise they will not qualify for the program.

Global matte paint finishes are available on most Evolve Storage pieces without an up charge regardless of quantities.

All Mica and Metallic paint finishes will incur a minimum up charge of 10%.

All non-standard paint finishes must be approved by Evolve prior to placing an order.

ADA Overheads are not available in Evolve premium color paints. ADA Overheads are available in Evolve standard paint colors only.

Frames for all Open Panel models, all panel retainers, PVC components for panels and connectors are unavailable in premium or special/custom paint colors. They are available in standard Evolve paint colors only.

PREVIOUSLY APPROVED TEXTILE

Fax completed form to: 856.596.5684

MAIL FORM AND TEXTILE SAMPLE ONLY TO:

GLOBAL - COM Department
17 West Stow Road
Marlton, NJ 08053 | 856.596.3390

Please contact your local EVOLVE CustomeCare representative for status of all COM requests. When textile is approved and an authorization number issued, a set of shipping instructions will be faxed or e-mailed to you.

Approved textiles are to be shipped to the address that will be included with instructions. Do not ship textiles to the address on this form. Dealer is responsible for the shipping expenses. Brokerage fees will be paid for by Global. However, duties imposed by North American Governments related to textile materials, content and Country of Origin, additional fees may apply and will be billed separately.

Please Note: C.O.M Textiles may not be shipped without shipping documents. GLOBAL is not responsible for any material shipped without the authorization number.

Please be advised that Global has phased out the use of textiles that contain certain Phthalates, including but not limited to: DEHP (di (2-ethylhexyl) phthalate), DBP (di-n-butyl phthalate), BBP (butyl benzyl phthalate) and DINP (di-isononyl phthalate) (collectively the "Listed Chemiclas"). The Listed Chemicals are used in certain types of vinyls. Global cannot accept orders for textiles that contain the Listed Chemicals, if such orders are to be shipped to the U.S.A. or are intended for customer in the U.S.A. If you are not sure if the C.O.M you have selected contains the Listed Chemicals, please contact the manufacturer or supplier of the fabric to verify.

TERMS & CONDITIONS

APPLICATION OF STANDARD TERMS

Sales of Evolve products are made only on Evolve standard terms and conditions of sale which are contained in the Price Book and in Evolve's order acknowledgments. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Evolve's authorized personnel at its head office in Marlton, New Jersey. An offer by Purchaser of said terms and conditions shall not be binding until accepted by Evolve in writing.

All illustrations, specifications and prices in this Price List are based on the latest product information available at the time of publication. Evolve reserves the right to make changes, at any time and without prior notice, to prices, colors, materials, specifications and models offered.

PRICES AND PAYMENT

The prices shown in this Price List, as well as those quoted by Evolve, shall be in US dollars for orders shipped to destinations within the continental United States.

Prices listed herein are for standard product. Quotations for special product are available through Evolve Customer Support Department in Marlton, New Jersey.

If shipping date requested is more than 90 days from date of order Evolve shall use published list prices effective at the time of shipment.

Not included in the list price are special or export packing, unpacking and installation. Orders are invoiced at the time of shipment. The Customer agrees to pay a charge of 2% per month of invoices outstanding more than 30 days.

FOR PAYMENTS ONLY, MAIL TO:

Evolve Furniture Group, a division of:
Global Industries, Inc.
17 West Stow Road
P.O. Box 562
Marlton, New Jersey 08053

Any products sold shall remain the property of Evolve until fully paid for in cash. The Purchaser agrees to perform all acts which may be necessary to perfect and assure retention of title to such products to Evolve until such time as the goods have been paid for in full.

Freight charges will be prepaid by Evolve to destinations within the contiguous United States on orders of $10,000 list and greater. For purchase orders less than $10,000 list, the freight charge will be 5% of the total list price.

Please note exception below:
All showroom and mock-up orders will be subject to actual freight charges.

Evolve shall, in its sole discretion, determine the most appropriate method of shipment routing and carrier. Shipments of less than a full trailer load (LTL) shall ship via common carrier. **These LTL shipments are not subject to specific delivery days or times.** Full trailer loads will provide for dedicated delivery time and schedule. Purchaser may request special packaging or method of shipment at Purchaser's sole expense.

TAXES

All sales, use, excise and other applicable taxes and the collection and reporting thereof (excluding only taxes on the net income of Evolve) are the Purchaser's responsibility and will be invoiced to the Purchaser. If Purchaser claims an exemption from such taxes, it shall be the Purchaser's responsibility to furnish an appropriate exemption certificate to Evolve.

ORDER INFORMATION

Evolve requires that **all orders be submitted in writing** to avoid errors and/or duplication. Orders will be acknowledged with Evolve's acknowledgement forms governing the transaction. The details appearing on the acknowledgement will describe the items to be shipped to Purchaser who must ascertain that they are correct. If not correct, Purchaser should notify Evolve immediately by telephone or fax followed by written confirmation. Acknowledgment shows approximate shipping date of items ordered. **Shipping dates are assigned to orders based on the item having the longest manufacturing lead time.** Orders with Customer's Own Material (C.O.M.), or missing or incorrect information (finish selections, fabric selections, etc.) will be scheduled for manufacturing upon receipt of COM or correct complete information. Purchaser must indicate if multiple shipping schedules are required including noting if the shipping date requested is longer than standard posted lead time. Each shipment will be invoiced at time of shipping and will be subject to payment terms described herein.

C.O.M. CUSTOMER'S OWN MATERIAL

Should Purchaser request a fabric, not standard to the Evolve upholstery line, Purchaser shall submit a sample of not less than two yards for approval. Evolve will determine whether fabric is suitable to manufacturing process and applicable UL or code requirements. Should Evolve be required to test such fabric, it shall so advise Purchaser, and Purchaser shall be responsible for all costs associated therewith. This includes all duty and brokerage fees.

Fabric yardage requirement will be determined by Evolve. An additional charge may be made to cover the cost of cutting, matching or sewing unusual or directional patterns. Evolve shall have no responsibility for condition, quality, performance, physical properties or any other aspect of C.O.M. For panels, price as if grade 1 fabric is used.

Evolve reserves the right to reject any C.O.M. deemed unsuitable.

Evolve reserves the right to cancel an order at any time if C.O.M. is, in the sole judgement of Evolve, inadequate for any reason.

CHANGES AND CANCELLATION

The order may not be changed or cancelled by Purchaser without the written consent of Evolve. This charge can be as much as 100% based upon proximity to scheduled shipment date. Special order items and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Fabric-covered items are considered to be in production once the fabric has been cut.

DEPOSIT ON SPECIAL ORDERS

Orders for nonstandard products may, at Evolve's discretion, require deposit prior to scheduling of production, the amount of the deposit being credited against the total price of the project.

SUSPENSION

In the event that the Purchaser defaults in the payment of any sum due Evolve, or in the event the Purchaser's financial condition becomes unsatisfactory to Evolve, Evolve shall have the right at its option, upon written notice to the Purchaser, to cancel shipment of any goods, unless within ten (10) days of Purchaser's receipt of such notice Purchaser provides assurance of payment to Evolve in such form, content and/or amounts as Evolve, in its sole discretion, deems adequate.

COMBINED SHIPMENTS

Evolve will make every effort to combine shipments and orders on written request. However, acceptance of such request shall be with Evolve's sole discretion.

CODE RESTRICTIONS

Evolve portable furniture may be subject to local fire, electrical and/or building codes applicable to portable furniture. It shall be Purchaser's sole responsibility for the proper application of Evolve items within the limitations of such local codes, which may be different from area to area.

SERVICE

Service problems shall be handled by the authorized Evolve dealer. Where this cannot be accomplished on a local level, service problems should be referred to:
Evolve Furniture Group
Customer Support
17 West Stow Road
Marlton, New Jersey USA 08053
856-552-4000 888-827-2500
Attention: Evolve Operations Manager

STORAGE

In the event Purchaser requests postponement of delivery beyond the acknowledged shipping date, Evolve may transfer the goods to storage on Purchaser's account and at Purchaser's risk and expense subject to a daily storage rate. Such transfer to storage shall be deemed shipment to Purchaser for all purposes, including invoicing and payment.

DELAYS

Evolve's order acknowledgement will state a shipping date which is Evolve's best estimate at the time the order is acknowledged. However, Evolve shall not incur any obligation or liability to Purchaser for failure to ship by a specified date. In addition, Evolve shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, act of enemies, delay or default in transportation, strike disputes among or between unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of Evolve, whether of the class of causes enumerated or otherwise. Without limiting the generality of the foregoing, Evolve may, without causing any breach or incurring liability, allocate goods which are in short supply, regardless of the reasons therefore, among purchasers, in any manner which Evolve, in its sole discretion, deems advisable.

BACK CHARGES

Evolve will not accept charges for expense incurred by the Purchaser in expediting shipments or otherwise. Evolve will not accept charges for the repair of damage by others.

CLAIMS

All goods are sold F.O.B. Toronto, Canada, unless otherwise agreed to in writing by Evolve. Evolve is not responsible for damage which occurs in transit or in storage. The carrier signs for all goods received in good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier. Any claims made against Evolve for apparent defects, errors or shortages must be made by the Purchaser in writing, within fifteen (15) working days after any delivery. Failure by the Purchaser to make any claim against Evolve within the above-described ten days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

RETURNS

No returns of goods will be accepted without written consent and shipping instructions, including Evolve's Return Goods Authorization (R.G.A.) numbers, to Evolve. A minimum restocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Evolve in the condition in which they left the factory. No credit will be given if goods cannot be reused. Special order items and fabric-covered items are in no event subject to return. All returns must be approved and authorized in writing by Evolve Customer Support, Marlton, New Jersey.

LIFETIME WARRANTY

Evolve warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser. This warranty is made by Evolve only to original customers acquiring the product directly from Evolve's authorized dealers. The customer's sole remedy pursuant to this warranty is limited to repair or replacement of parts or product at Evolve's option. Consent from Evolve must be obtained before any warranty work is performed. This warranty shall not apply to any products which must be replaced because of normal wear and tear, negligence, abuse or "accident", shipping damage, or product use and installation other than in accordance with written instructions or warnings. It shall also not apply when product has been modified or altered, repaired or refurbished by someone other than Evolve or an authorized dealer or because of natural variations over which Evolve has no control. In the event of repair and/or replacement of any defective product, Evolve does not warrant matching color, grain, texture or dye lots. Evolve's warranty does not cover the cost of transportation or labor. Repair or replacement will be at Evolve's option. Evolve makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, expressed or implied, other than those set forth in this Price List. As codes and standards vary from one jurisdiction to another, references to compliance are soley for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Evolve be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

This Lifetime Warranty is NOT applicable to customers who use Evolve products for rental purposes and is effective only for products, parts or components manufactured after January 1, 2011.

Exceptions to this warranty include:

- Global fabrics and wood veneers, which are warranted for five years from date of delivery.
- Electrical components, which are warranted for ten years from the date of delivery.
- Moving parts such as glides, slides, casters, user-adjustable worksurface mechanisms, which are warranted for five years from date of delivery.
- Fading on fabric and wood veneers can be caused by exposure to U.V. rays/sunlight. Natural wood veneer, being a natural material, will have shade differences between veneer sheers, the difference will be more apparent between dye lots.

Evolve does not warrant color fastness on Customer's Own Material.

Because of natural variations over which Evolve has no control, this warranty does not extend to color, grain or texture of wood, and Evolve does not warrant matching of color, grain or texture.

Evolve makes no warranties, including implied warranties of merchantability and fitness for a particular purpose, other than the express warranties contained herein.

LIMITATION OF REMEDY

Purchaser's sole and exclusive remedy (excluding the repair or replacement of goods for breach of the express warranty above) for any matter or claim arising under or relating to these terms and conditions, the goods covered hereby and any transaction involving or relating to such goods, whether in contract, tort (including negligence) or otherwise, shall be payment of the lesser of the cost to repair or replace said product or the purchase price for the goods to which the claim relates. In no event shall Evolve be liable for any special, indirect, consequential, or incidental damages, including without limitation, damages for loss of business profits, business interruptions, or loss of information.

EVOLVE'S WARRANTY DOES NOT APPLY (FOR ANY PRODUCT CATEGORY) TO THE FOLLOWING:

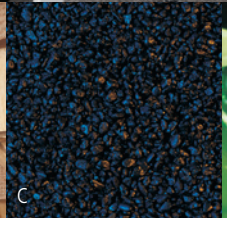
- Failures due to wear and tear
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Evolve's written instructions and warnings
- Modifications, attachments or repair methods not approved by Evolve
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials and color matching of textiles
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes

Evolve's warranty applies to products sold within the United States of America, Mexico, the Commonwealth of Puerto Rico and Canada.

At Evolve we believe it is our responsibility to protect the environment for future generations. The growing importance of reducing energy consumption and resource sustainability continues to challenge us in this ever-changing marketplace.

A

B



C

D

Evolve's epoxy powder coating process (A) involves no liquids and is solvent free. It does not contain any harmful VOC's or lead. Up to 99% of over sprayed powder is reclaimed, mixed with virgin powder and reused. All powder that doesn't get recirculated is recycled and used to paint non-exposed parts.

Evolve has developed a panel interior made from 100% recycled wood (B) and reclaimed polypropylene (C). Through innovative design and technology, Evolve utilizes waste that would normally have been sent to a landfill.

Evolve panels are insulated with a mineral wool insulation made from slag (an inert steel product) and basalt rock. This material's high density provides maximum sound absorption to reduce noise in the work environment. Mineral fiber insulation is fire resistant, water repellent and will not support the growth of fungi or mildew.

Evolve offers fabrics that are made from 100% recycled polyester (D), which means less waste going into landfills, reduced demand for petroleum products, and fewer environmental impacts from the processing of petroleum products into polyester.

Evolve is Level 2 and Greenguard® certified to rigorous indoor air quality standards for low-emitting interior products and manufactured in ISO 14001 registered facilities.

OFFERED FROM OFFICES TO GO,

IT'S EASY FOR THE

BUDGET MINDED BUSINESS

TO SELECT HIGH QUALITY

WORKPLACE FURNITURE

AT THE RIGHT PRICE.

Choose from MESH, FABRIC or LEATHER (Luxhide) upholstery and MULTI-FUNCTION, TILTER, TASK, MANAGEMENT, and GUEST/STACK styles to complete your office environment.

All Offices To Go® seating is manufactured exclusively in certified factories and has been tested to ensure compliance with all applicable industry standards. You can sit comfortably knowing you have selected a quality product from Offices To Go®!

All Offices To Go® seating models come with easy-to-follow assembly instructions and detailed photographs making product assembly quick and simple.

THE SEATING COLOR PROGRAM

Most Offices To Go® fabric chairs are stocked in either QL10 Black patterned upholstery, black mesh or black mesh fabric. All fabric chairs marked with a T icon are also available in other textile options (visit each chair's page for more details – an upcharge may apply).

Offices To Go® Luxhide chairs have soft Luxhide seating surfaces made from bonded leather with matching simulated leather trim. All Luxhide chairs marked with a T icon are also available in other textile options (visit each chair's page for more details – an upcharge may apply).

Mesh back chairs are featured and available exclusively in black mesh except OTG10900B and OTG10902B which feature grey mesh backs.

*Luxhide is bonded leather consisting of 15% leather fibers.

CERTIFICATION + SYMBOLS

GREENGUARD INDOOR AIR QUALITY CERTIFICATION – All Offices To Go® seating and laminate products (unless noted otherwise) are in compliance with stringent emission guidelines set out by the Greenguard Environmental Institute under the standards for low emitting products and materials. Visit www.greenguard.org for more information.

All Offices To Go® seating products (unless noted otherwise) are suitable for UPS shipment.

MESH SEATING

OTG11668B

Mesh Executive Chair

Black mesh back with mesh fabric seat • Pneumatic seat height adjustment with adjustable lumbar support • Height and width adjustable arms with slide and pivot feature • Synchro knee-tilt chair control with multi-position tilt lock and seat slider with tilt tension adjustment • Soft casters (OTG10700) are available (see page 55 for more information) • Greenguard certified • UPSable

Dimensions: 27W x 24.5D x 43H
Ergonomic Features: A, B, C, E, H, L, M, N, Q, R

List price **$895**

Offices To Go model OTG11668B provides a high degree of comfort and adjustability. The seat is manufactured with resilient high density foam padding that allows the user to remain comfortable throughout the work day. The mesh back allows air to freely move through it enhancing the comfort. There is an adjustable lumbar support that moves in and out as well as up and down. The chair adjusts for different size users through the pneumatic seat height adjustment and the seat slider which allows the seat to be moved forward or rearward to achieve the perfect amount of support for shorter or taller people.

The chair arms are fully adjustable. A button on the side of each arm allows the arms to move up and down. The arm caps rotate inward and can slide forward as well, helping to provide great support when keyboarding. The arms are even width adjustable, meaning that with the OTG11668B a user can position the arms and armrests exactly where they will provide the greatest comfort and support. All of these features allow the chair to be truly customized to the size and preferences of the user.

All OTG models, including this one, are tested in advance of coming to market, and also tested during and after production to make sure that they meet applicable industry standards, such as ANSI-BIFMA. We want to make sure the purchaser is happy with OTG seating now and in the future. As a result, OTG chairs are great investments both now and over their lifetime.

OTG11669

Mesh Executive Headrest

Chair headrest for model OTG11668B • Headrest is adjustable for both angle and height

Dimensions: 12.5W x 6.5D x 11H

List price **$80**

A **The Built-in Lumbar support** can be adjusted up and down. Its sliding action allows the user to position the lumbar support at the most comfortable and supportive position. Simply grip the adjustment tabs and move the support to the optimal location.

B **The Built-in Lumbar support** is also adjustable in and out. This feature allows the user to "dial in" the exact amount of support desired. The amount of support is easy to adjust and change. Simply grip the control arms and slide them to your desired position.

Width Adjustable Arms can be slid in or out by 1.5" allowing the armrests to be positioned exactly where the user wants them. Simply move the lever forward to release movement of the sliding arm.

Depth Adjustable Arms slide forward and rearward allowing the arm caps to be optimally located. They are constructed from a soft polyurethane material which provides comfort AND durability.

Height Adjustable Arms allow the user to position the arm caps exactly where they need to be. The arm height is easily changed through the use of a button under the outside edge of the arm cap.

Pivot Adjustable Arms swivel to the left and right to face toward a keyboard or mouse. Rotating the arm caps so they aim where needed may help to reduce Repetitive Strain Injuries (RSI's).

A TENSION ADJUSTMENT

Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

B CHAIR TILT LOCK

Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C SEAT HEIGHT

Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D BACK HEIGHT

Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E SEAT DEPTH

Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G BACK ANGLE

Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H ARM HEIGHT

Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

L SYNCHRO-TILT MOVEMENT

Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M WATERFALL SEAT EDGE

Reduces pressure at the back of the knee, contributing to good blood flow.

N PROPERLY CONTOURED CUSHIONS

Support the body effectively, allowing you to sit longer without discomfort.

Q WIDTH ADJUSTABLE ARMS

Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

R ARM ROTATION

Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S CENTER-TILT MOVEMENT

Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V LUMBAR DEPTH ADJUSTMENT

Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

Maximize Your Ergonomic Seating

Every Offices To Go chair is built with features that are ergonomically designed to promote proper posture and provide maximum comfort. While fully supporting your body, these features also allow you to adjust your chair to fit YOU.

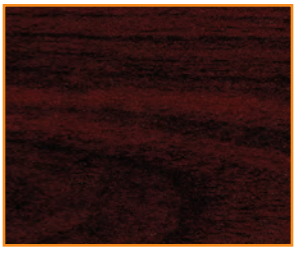
Always select a chair that is designed for the type of work you perform and make certain the chair is comfortable for the length of time spent using it. Ensure that the seat and back cushions are contoured to fit your body, which will help eliminate pressure points. An ergonomically designed chair should allow changing positions easily. As you work, reposition yourself throughout the day to reduce strain and stress on specific muscle groups. If you change job functions, adjust your chair to fit the new task.

Proper ergonomic seating should help eliminate many of the work related injuries that result from poor posture and poorly designed seating.

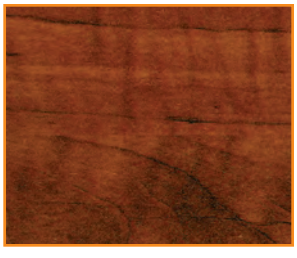
SUPERIOR LAMINATE DESKING

- Four contemporary finishes include American Cherry (ACL), American Mahogany (AML), American Dark Cherry (ADC) + American Espresso (AEL) all accented with 3mm matching impact resistant edges.
- Box and file drawers feature full extension ball bearing drawer slides.
- Lateral files and file/file pedestals come equipped with a mechanical safety interlock.
- Pedestals, lateral files + multi-storage files are designed to connect to the appropriate desk, credenza + return shells.
- Metal pins + cam fasteners are designed for easy assembly. Metal brackets are also included for additional strength and rigidity.
- American Espresso (AEL) is standard with silver handles. Black handles optional (an upcharge applies).
- American Cherry (ACL), American Mahogany (AML), American Dark Cherry (ADC) are standard with black handles. Silver handles optional (an upcharge applies).

American Cherry (ACL)



American Mahogany (AML)



American Dark Cherry (ADC)

American Espresso (AEL)

Grommets are standard on desks, returns, bridges, credenzas, extended corners and hutches.

Top quality full extension ball bearing slides on all box and file drawers.

Black handles standard on ACL, AML + ADC. Silver handles optional (an upcharge applies).

Silver handles standard on AEL. Black handles optional (an upcharge applies).

GREENGUARD INDOOR AIR QUALITY CERTIFICATION

All Offices To Go® Superior Laminate Desking is in compliance with stringent emission guidelines set out by the Greenguard Environmental Institute under the standards for low emitting products and materials. www.greenguard.org

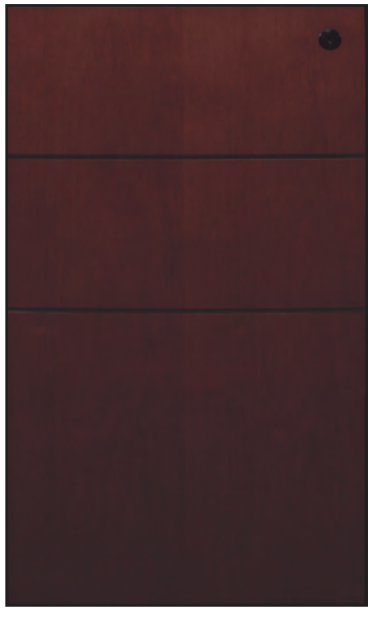
MARGATE WOOD VENEER DESKING

- Hand selected veneers accented with solid wood radius edges finished in a rich satin gloss Cordovan finish that features a nine step finishing process with a Polyester top coat finish.
- Box and file drawers feature full extension ball bearing drawer slides.
- Lateral files come equipped with a mechanical safety interlock.
- Pedestals + lateral files are designed to connect to the appropriate desk, credenza and return shells.
- Drawer interiors are constructed of multi-ply wood veneer.
- Metal pins and cam fasteners are designed for rigidity. Metal brackets are also included for additional strength + rigidity.

Grommets are standard on desks, returns, bridges, credenzas, extended corners and hutches.

Solid wood radius edges finished in a rich satin gloss Cordovan (CCH) finish.

Top quality full extension ball bearing slides on all box and file drawers.



Natural wood grain runs vertically and matches seamlessly from top to bottom on all drawer fronts

- Box and file drawers feature full extension ball bearing drawer slides.
- Lateral files come equipped with a mechanical safety interlock.
- Pedestals, lateral files + multi-storage files are designed to connect to the appropriate desk, credenza and return shells.
- Drawer interiors are constructed of multi-ply wood veneer.
- Metal pins and cam fasteners are designed for rigidity. Metal brackets are also included for additional strength + rigidity.

Satin Nickel handles are standard on all Ventnor filing and storage components.

Solid wood fluted edges finished in either a rich satin gloss Toffee (TCH) or Cordovan (CCH) finish.

Natural wood grain runs vertically and matches seamlessly from top to bottom on all drawer fronts

Grommets are standard on desks, returns, bridges, credenzas, extended corners and hutches.

Top quality full extension ball bearing slides on all box and file drawers.

CARE + CLEANING

Fabrics:

To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface. For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent.

Luxhide:

For regular cleaning, simply use a soft, damp cloth, taking care not to soak the Luxhide. For more thorough treatment, soak a soft cloth in mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

Always test fabric first in an unseen area before using any cleaning method. Seating textiles shown are for reference only. While color consistency and quality are controlled to the highest standards, color may vary from samples shown.

For actual finish samples, please contact your local sales representative.

Wood Veneer Finishes:

Following the direction of the grain, wipe with a soft damp cloth, then a soft dry cloth. For heavier soils, try a mild soap solution (do not use spray polishes, solvents or products containing ammonia), then repeat the above steps.

Laminate Finishes:

Using a soft cloth, simply wipe the surface with a mild soap solution or glass cleaner, then use a soft, dry cloth and circular motion to prevent streaks.

Always test finish in an unseen area before using any cleaning method. Finishes shown are for reference only. While color consistency and quality are controlled to the highest standards, color may vary from samples shown.

For actual finish samples, please contact your local sales representative.

WARRANTY ..... Inside Back Cover

WARRANTY

Offices To Go® warrants its products to be free from defects in material and workmanship subject to the limitations below. This warranty is made by Offices To Go® only to original end user customers acquiring the product directly from authorized Offices To Go® dealers. The customer's sole remedy under this warranty is limited to repair or replacement at Offices To Go®'s option. Consent from Offices To Go® must be obtained before any warranty work is performed. This warranty shall not apply to any products which must be replaced due to normal wear and tear, negligence, abuse or "accident", shipping damage or product use other than in accordance with written instructions or warnings. It will also not apply when product has been modified or altered, repaired or refurbished by someone other than Offices To Go®. This warranty does not cover the cost of transportation or labor. Offices To Go® can make no warranty that any of its products are suitable for any particular purpose and can make no other warranties, expressed or implied. In no event shall Offices To Go® be liable in either tort or contract for any loss or direct, special, incidental, consequential or exemplary damages.

This warranty is not valid if the products are used for rental purposes.

Under this warranty, claims must be made within the following periods from the original date of purchase: (a) non-moving parts are warranted for five years; (b) drawers, slides, leveling glides, locks and other moving parts are warranted for two years; (c) gas cylinders, mechanisms and other moving parts are warranted for two years; and (d) upholstery materials and foam are warranted for two years.

Desking warranty is based on an eight hour, single shift work day. Seating Warranty is based on an eight hour, single shift work day for users weighing up to 250 pounds. NOTE: Select light duty stacking chairs; OTG11696, and OTG11697, are warranted for users weighing up to 200 pounds.
