ANT-ABGN-23	Dual Band ceiling mount omnidirectional MIMO antenna for AP300 series (compliant with AP332) with 2/3 dBi gain, with low profile ceiling mount for indoor applications requiring coverage of multiple bands with minimum visibility. Includes three 3' RPSMA pigtails to connect to a 3x3 802.11n AP. It is designed to be easily mounted to drop ceiling tiles or to a solid ceiling surface where cable routing access is available. Use 1 antenna per radio, for example AP310 will need 1 unit, and AP320 will need 2 units. For compatibility information outside the United States, please contact a Meru representative.	\$ 123.25	Accessories	Dual Band ceiling mount omnidirectional MIMO antenna for AP300 series (compliant with AP332) with 2/3 dBi gain, with low profile ceiling mount for indoor applications requiring coverage of multiple bands with minimum visibility.
