CONTRACT NO.: PS63765 **CONTRACTOR:** Verizon Business Network Services

Verizon employees elected to go out on strike Wednesday, April 13, 2016. Verizon has provided the following statement to OGS:

“During the strike, the company is prepared to serve our customers. We have trained thousands of non-union Verizon employees to carry out virtually every job function handled by our represented workforce – from making repairs on poles to responding to inquiries in our call centers. Additionally we have made other arrangements to provide sufficient coverage to handle day-to-day operations for all our customers. We plan to continue providing the excellent service that NYS OGS, and all our customers, currently receives.”

All other terms and conditions of the original Contract Award Notification (CAN) remain the same.

SPRINT SOLUTIONS, INC. has requested and the State has approved the following amendments to the above-captioned contract PS63853:

INTERNET ACCESS

SPRINT DEDICATED INTERNET ACCESS: Sprint Dedicated Internet Access is always-on connectivity to the global Internet provided via dedicated ports connected to Sprint’s native IP backbone (“SprintLink”). Both dedicated local access and Customer Premise Equipment (“CPE”) are required for Sprint Dedicated Internet Access. Unless specifically stated otherwise in this Sprint Dedicated Internet Access pricing section below, dedicated local access and CPE are not included in any of the rates in this section, and if Customer elects to purchase these components from Sprint, the pricing for these components will be stated in a separate agreement with Sprint. The term “Net” as used in this pricing section means that the associated charge is after any applicable discounts have been applied, but before taxes, surcharges, and other charges otherwise outlined in the Agreement have been applied.

- A. Transit IP connectivity allows Customer to send and receive IP traffic from sites connected directly to Sprint's Internet network and sites that are connected to Sprint's peers. Non-Transit IP connectivity allows Customer to send and receive IP traffic only from sites connected directly to Sprint's Internet network. Customer will not be able to directly send or directly receive IP traffic from sites connected to other ISPs through its Non-Transit connection with Sprint.
- B. Sprint provides Ethernet Port Services only at selected locations for Co-Location or Customer Provided Access. Customers shall arrange and are responsible for all costs related to transport from customer premises to Sprint Ethernet Location(s). For Sprint Provided Ethernet Access, Sprint provides Ethernet Port/Access Bundles, where available. Sprint Provided Ethernet offers two types of access bundles; Dedicated and Shared. Shared Service is provided via shared Ethernet Virtual Private Line (EVPL) access based on a local access “switched” network to a shared network interface to the IP network while Dedicated Service is provided via Ethernet Private Line (EPL) access based on a local access network to a dedicated network interface to the IP network.
- C. Sprint will charge Customer a fixed Net MRC and fixed Net NRC in the applicable amounts from the table below for each Domestic Sprint Dedicated Internet Access Port with an individual Order Term of 3 years or longer, installed or in service during the Term.

Dedicated Internet Access Port Speed(s) Domestic	NET MRC	List NRC	Net NRC

MPLS

SPRINT GLOBAL MPLS VPN: Sprint’s Global MPLS VPN offering uses the Sprint IP/MPLS backbone as the transport mechanism. The MPLS protocol is utilized to interconnect the customer network and maintain data privacy. Both dedicated local access and Customer Premise Equipment (“CPE”) are required for Global MPLS VPN. Unless specifically stated otherwise in this Sprint Global MPLS VPN pricing section, dedicated local access and CPE are not included in any of the rates in this section, and if Customer elects to purchase these components from Sprint, the pricing for these components will be stated in a separate agreement with Sprint. The term “Net” as used in this pricing section means that the associated charge is after any applicable discounts have been applied, but before taxes, surcharges, and other charges otherwise outlined in the Agreement have been applied.

- A. Sprint provides Ethernet Port Services only at selected locations for Customer Provided Access. Customers shall arrange and are responsible for all costs related to transport from customer premises to Sprint Ethernet Location(s). For Sprint Provided Ethernet Access, Sprint provides Ethernet Port/Access Bundles, where available. Sprint Provided Ethernet offers two types of access bundles; Dedicated and Shared. Shared Service is provided via shared Ethernet Virtual Private Line (EVPL) access based on a local access “switched” network to a shared network interface to the IP network while Dedicated Service is provided via Ethernet Private Line (EPL) access based on a local access network to a dedicated network interface to the Global MPLS VPN Network.
- B. **Domestic.** Sprint will charge Customer a fixed Net MRC and fixed Net NRC in the applicable amounts from the table below for each Domestic Sprint Global MPLS VPN Port, with an individual Order Term of 3 years or longer, installed or in service during the Term.

Global MPLS VPN Port Speed(s) Domestic	NET MRC	List NRC	Net NRC

¹ Corporate-Liable Active Units on the Sprint Custom Voice & Data plan will share Anytime Minutes with only the Business Essentials family of plans.

² Subject to a per minute charge of \$0.75

³ If Customer's data usage in a given month exceeds the Data Services limitation, Customer will be liable for the overage charges set forth in the table above.

⁴ Subject to additional Terms and Conditions

⁵ The Sprint Custom Voice & Data Add a Phone plan is subject to a mandatory 1:1 ratio with the Sprint Custom Voice & Data \$49.99 500 Minutes of Use plan. Meaning, for every subscriber activated on the Sprint Custom Voice & Data Add a Phone plan, there should be an equal number of subscribers activated on the Sprint Custom Voice & Data \$49.99 500 Minutes of Use plan. Sprint reserves the right, at its sole discretion, to migrate subscribers activated on the Sprint Custom Voice & Data Add a Phone if the ratio increases from the mandatory 1:1 ratio to the Sprint Custom Voice & Data \$49.99 500 Minutes of Use plan. For example, if the Customer has three subscribers activated on the Sprint Custom Voice & Data Add a Phone plan and only two subscribers activated on the Sprint Custom Voice & Data \$49.99 500, then Sprint reserves the right, at its sole discretion, to migrate one subscriber from the Sprint Custom Voice & Data Add a Phone plan and activate that subscriber onto the Sprint Custom Voice & Data \$49.99 500 MOU plan.

- 1) Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible phone. Where the wireless high speed data network is available and a wireless high speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability
- 2) Direct Connect and Group Connect are available on select devices. Additional Direct Connect features, including, but not limited to, TeamDCSM, are available with certain devices and may be subject to an additional charge.
- 3) The Data Roaming limitation is 100MB. The combined Data Roaming usage from both the device and Mobile Hotspot contributes to the 100MB limit. Sprint may, without notice, deny, terminate, modify, disconnect or suspend Service to a Corporate-Liable Active Unit if Roaming in a given month exceeds the Data Roaming limitation.

- 4) All data usage (device and Mobile Hotspot) will count against the Sprint Mobile Hotspot Add-On Data Services limitation when the Mobile Hotspot functionality is turned on.

3. Custom Voice 100

5. Sprint Voice Plan Add-Ons. The following options may be added to a Sprint voice Business Plan on a per-Corporate-Liable Active Unit basis for the listed additional MRC, unless otherwise noted.

A. Sprint Domestic Messaging Add-Ons. Messaging add-ons include text, picture and video messages based on device capability. Additional charges apply for international messaging.

Messaging Plan	MRC	Additional Messages
300 Messages	NET \$0.00	\$0.20
1000 Messages	NET \$4.00	\$0.20
Unlimited Messages	NET \$7.00	N/A

- (1) Net Messaging Plans are net of all discounts. Service Pricing Discount does not apply.

B. Sprint Mobile Hotspot Add-On. Sprint Mobile Hotspot Add-On may be added for an additional MRC. Sprint Mobile Hotspot Add-On requires an eligible Voice/Data bundled Business Plan or an eligible voice Business Plan and an eligible Sprint Pro Pack. Sprint Mobile Hotspot Add-On is only available on certain Hotspot capable wireless devices. Sprint Mobile Hotspot Add-On usage is separate from underlying plan usage.

MRC	\$15.00*	\$37.99*
Data Services limitation in Gigabytes (“GB”)	2 GB	6 GB
Overage charges for additional data Services usage above data Services limitation	\$0.05 per MB ¹	\$0.05 per MB ¹

*MRC is net of all discounts. Customer’s Service Pricing Discount is not applicable.

¹If Customer’s data usage in a given month exceeds the Data Services limitation, Customer will be liable for the overage charges set forth in the table above.

- (1) The Data Roaming limitation is 100MB. The combined Data Roaming usage from both the device and Mobile Hotspot contributes to the 100MB limit. Sprint may, without notice, deny, terminate, modify, disconnect or suspend Service to a Corporate-Liable Active Unit if Roaming in a given month exceeds the Data Roaming limitation.
- (2) All data usage (device and Mobile Hotspot) will count against the Sprint Mobile Hotspot Add-On Data Services limitation when the Mobile Hotspot functionality is turned on.

C. Sprint Data Add-Ons

Data Plan	MRC
Sprint PRO Pack	NET \$20*
Sprint Business Application Data Plan	\$10

* MRC is net of all discounts. Customer’s Service Pricing Discount is not applicable

- (1) Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible phone. Where the wireless high speed data network is available and a wireless high speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.
- (2) The included email solution in the Sprint PRO Pack varies by device. Please review product specifications for details.
- (3) The Sprint Business Application Data Plan requires a Sprint business application.

6. 3G/4G Connection Card Plan: The 3G/4G Connection Plan provides both EVDO (using CDMA technology) and Sprint 4G data functionality in certain coverage areas of the United States. Sprint 4G Network coverage is not available everywhere and requires a Sprint 4G Network data-compatible connection card. Customer may contact its Sprint Account Representative or visit www.sprint.com/coverage for current coverage areas and applicable wireless devices. Sprint reserves the right to limit the devices that can be used with this Business Plan. This Business Plan is only available to Customer Lines domiciled in the United States.

3G/4G Connection Plan Charges

MRC	NET \$29.99 ¹	NET \$37.99 ¹
Usage Included	1G	Unlimited for Acceptable Use ²
Overage charge for additional data Services usage above plan limit	\$15 per GB ³	NA
Data Roaming limitation in Megabytes (“MB”)	100 MB	100 MB
Additional data Roaming usage above 100 MB	\$0.25 per MB ³	\$0.25 per MB ³
Data Pooling	Included	NA

¹ MRC is net of all discounts. Customer’s Service Pricing Discount is not applicable.

² Unlimited use available while on the Sprint network. Sprint reserves the right to modify, throttle or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable “bots” or similar routines.

³ If Customer’s data usage in a given month exceeds the plan’s Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

- A.** The 3G/4G Connection Card Plan includes unlimited data usage on the Sprint 4G Network, the Sprint 3G Network and the Nationwide Sprint Network. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible device. Where the wireless high speed data network is available and a wireless high speed data-compatible device is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.
- B.** Roaming is not available on the Sprint 4G Network at this time.
- C.** Premium Services content is not available with this Business Plan.
- D.** Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, “auto-responders” or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, “junk mail”, unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint’s Wireless Services or other parties’ Internet-based resources, including, but not limited to, “denial of service” (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to,

laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer’s plan, (ii) 100 MB/month while Roaming in total, or (iii) a majority of kilobytes while Roaming; provided that Customer’s Wireless Data Connection Devices on “unlimited” Business Plans will not be subject to the Data Services limitation but are subject to the Roaming limitations; or (h) for any other reason that, in Sprint’s sole discretion, violates Sprint’s policy of providing Service for individual use.

7. Tablet Plans

MRC	\$14.99¹	\$34.99¹	\$36.99¹	\$37.99¹
Data Services limitation in Megabytes (“MB”) or Gigabytes (“GB”)	300MB	3GB	6GB	Unlimited for Acceptable Use ⁵
Overage charge for additional data Services usage above data Services limitation ²	\$15 per GB ^{3,4}	\$15 per GB ³	\$15 per GB ³	N/A
Data Roaming limitation in Megabytes (“MB”)	100MB	100MB	100MB	100MB
Overage charge for additional data Roaming usage above data Roaming limitation	\$0.25 per MB ³			

¹ MRC is net of all discounts. Customer’s Service Pricing Discount is not applicable.

² The data Services overage charges set forth in the table above apply only to tablets compatible with the Sprint 4G LTE Network. The data Services overage charges for all other tablets will be \$0.05 per MB.

³ If Customer’s data usage in a given month exceeds the plan’s Data Services limitation or Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

⁴ Customer will be liable for the overage charge set forth in the table above for any data usage that exceeds 300MB per month.

⁵ Unlimited use available while on the Sprint network. Sprint reserves the right to modify, throttle or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

- A. All pricing and available MBs and GBs are the same whether Corporate-Liable Active Units use the Sprint 4G Network (if included), the Sprint 3G Network or the Nationwide Sprint Network. Sprint 3G Network coverage is not available everywhere and requires an EVDO-compatible data device. When the Sprint 3G Network is available and Customer uses a Sprint EVDO-compatible device with a wireless high-speed data Business Plan, Active Units will first attempt to connect to the Sprint 3G Network, and then default to the Nationwide Sprint Network depending on coverage and network availability. When the Sprint 4G Network is available and Customer uses a Sprint 4G-compatible device with a Business Plan for Sprint 4G Services, Active Units will first attempt to connect to the Sprint 4G Network, and then default to the Sprint 3G Network or Nationwide Sprint Network depending on coverage and network availability.
- B. Data usage on the Sprint 4G Network requires a 4G capable device.
- C. Roaming is not available on the Sprint 4G Network at this time.
- D. Additional charges apply for messaging service.
- E. A two year Minimum Service Term is required if Customer receives a wireless device discount. Wireless device discounts may not be available on all devices. Tablets compatible with the Sprint 4G LTE Network are not eligible for wireless device discounts, service credits or rebates, but may be eligible for certain promotions.
- F. **Sprint Mobile Hotspot Add-On.** Sprint Mobile Hotspot Add-On may be added for an additional MRC. Sprint Mobile Hotspot Add-On is only available on certain Hotspot capable wireless devices. Sprint Mobile Hotspot Add-On usage is separate from underlying plan usage.

MRC	\$15.00*	\$37.99*
Data Services limitation in Gigabytes (“GB”)	2 GB	6 GB
Overage charges for additional data Services usage above data Services limitation	\$0.05 per MB ¹	\$0.05 per MB ¹

*MRC is net of all discounts. Customer’s Service Pricing Discount is not applicable.

¹ If Customer’s data usage in a given month exceeds the Data Services limitation, Customer will be liable for the overage charges set forth in the table above.

(1) The Data Roaming limitation is 100MB. The combined Data Roaming usage from both the device and Mobile Hotspot contributes to the Data Roaming limitation. Additional roaming usage is \$0.25 per MB.

(2) All data usage (device and Mobile Hotspot) will count against the Sprint Mobile Hotspot Add-On Data Services limitation when the Mobile Hotspot functionality is turned on.

- G. Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, “auto-responders” or cancel bots

or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's plan, (ii) 100 MB/month while Roaming in total, or (iii) a majority of kilobytes while Roaming; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.

H. Certain data usage restrictions and limitations apply.

7. Sprint Static IP. In addition to a Sprint Data plan, Standard Public Static IP is available for an additional \$1 per IP address per month. Public Static IP is not available with Sprint Data Link.

CONTRACTOR: VERIZON BUSINESS NETWORK SERVICES, INC.
CONTRACT NO: PS63765
CONTRACT PERIODS: 02-29-2008 – 08-15-2017

SUBJECT: BILLING ERRORS

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Please be advised that Verizon will issue credits to Authorized Users pursuant to the provisions of the above contract, PS63765, for billing errors associated with the Federal Universal Service Surcharge (FUSF) assessment.

Verizon had anticipated that the billing errors would likely result in the issuance of credits under the above contract. The billing error centered on the fact that while Verizon correctly suppressed charges resulting from implementation of the Access Recovery Charge (ARC) as part of a tariff filing in July, 2012, FUSF calculations still included the ARC in the base from which FUSF charges were derived. As a result, FUSF charges were overbilled.

Verizon developed a mechanism for correctly billing FUSF going forward. A one-time credit was to have appeared on applicable individual customer invoices that were incorrectly assessed the charges effective with the September 19, 2014 to October 16, 2014 billing periods. As a result of unforeseen circumstances, the effective billing periods for these credits has **CHANGED TO OCTOBER 1, 2014 TO OCTOBER 28, 2014.**

OGS encourages all Authorized Users to carefully review their individual invoices on the “Other Charges and Credits Section” of their bill for purposes of insuring that all credits due are applied during the above billing period.

All other terms and conditions of the original Contract Award Notification (CAN) remain the same.

AT&T – PS63306 – 10-05-2007 – 08-15-2017

CELLCO PARTNERSHIP D/B/A Verizon Wireless – PS63766 – 02-26-2008 – 08-15-2017

SUBJECT: UPDATE SERVICES, PRODUCTS AND PRICE LISTS

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

AT&T has requested and the State has approved the following enhancements for Wireless Services and Wireline Services on the above-referenced contract PS63306:

LOT 1

- **Managed Firewall Services:** Enhancement to the existing Managed Firewall Services. The pricing presented to The State of New York, that is currently offered on the AT&T State of California contract.

LOT 2

- **Frame Relay:** All Frame Relay Services are Grandfathered for future activations

LOT 3

- **Mobility Wireless Bundled Pricing:** Enhancement to include new Bundled pricing for Smartphones, which is more competitive for 2 GB and 5GB metered data plans.
- **Xora :** Enhancement to include new offering under Mobility Applications. Xora products enable businesses to better manage field employees, increase field employee productivity and lower operational costs. The pricing presented to the State of New York, is the same pricing that is currently offered on the AT&T WSCA contract.

- **Net Motion:** Enhancement to existing Net Motion product already offered on the NYS CTS. The pricing presented to the State of New York, is the same pricing that is currently offered on the AT&T WSCA contract.
- **Commercial Connectivity Services:** Enhancement to existing Commercial Connectivity Services. This feature provides connectivity to the and AT&T core network.
- **Mobility Solutions Services:** Enhancement to the existing Mobility Solutions Services for Lifecycle Management Services to include Staging/Kitting, Advanced Exchange and Extended Warranty for Mobile Devices.
- **Mobility Device Update:** Price reduction on select make and models of mobility devices with the purchase of Voice Plan of \$15.99 or greater or Data Plan of \$40.00 or greater.

LOT 1

CONTRACTOR: Cellco Partnership d/b/a Verizon Wireless

CONTRACT NO: PS63766

CONTRACT PERIOD: 02-26-2008 – 08-15-2017

SUBJECT: DISCONTINUATION OF EV-DO (Enhanced Voice Data Only) DATA IN
WESTERN CANADA

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

OGS has been advised of a change that may impact the user experience for subscribers under New York State contract Number PS63766 (Group 77017 Award 20268) Comprehensive Telecommunications Services.

Cellco Partnership, d/b/a Verizon Wireless, has been notified by its Canadian roaming partner that as early as March 31, 2014, they will be discontinuing EVDO data service on the CDMA network in all of western Canada. Verizon Wireless customers with the following devices, **3G & 4G CDMA Only/Non-Global or 3G or 4G Global device without 850 and 1900 UMTS bands**, who travel in those areas, may experience reduced data speeds.

OGS recommends that all authorized users whose travel destinations include western Canada should investigate the use of a Global capable device if users' needs and organizations' policies support this upgrade.

All other terms and conditions of the original Contract Award Notification (CAN) remain the same.

- p. **Price Reduction:** Motorola Admiral XT603 Promotional Price through 12/12/13 \$69.99
- q. **Price Reduction:** LG Optimus Elite Indy Promotional Price through 12/12/13 FREE
- r. **Price Reduction:** Samsung Galaxy S III (32GB) Promotional Price through 12/12/13 \$149.99
- s. **Price Reduction:** Samsung Galaxy S III (16GB) Promotional Price through 12/12/14 \$99.99
- t. **No Longer Available:** HTC EVO 3D, HTC EVO Design, Samsung Nexus S 4G, Samsung Replenish, LG Marquee, Samsung EPIC 4G Torch, HTC EVO Shift, Kyocera Echo, Palm Pixi, Blackberry Bold 9650, Sanyo Zio, Blackberry Curve 9330, Blackberry Style 9670, Motorola ES400, HTC Arrive, HTC EVO, Samsung Epic, Samsung LG Optimus S, Samsung Transform (m920), BlackBerry Torch 9850, HTC Touch Pro 2, Samsung Conquer (D600), Samsung Transform Ultra (M930),

8. Data Service Packs: 3G/4G Embedded Connection Plans

- a. **Honored Not Offered:** 3G/4G Embedded Connection Plan (Direct) \$42.99
- b. **Honored Not Offered:** 3G/4G Embedded Connection Plan (Indirect) \$47.99

9. Data Service Packs: Tablet Plans

- a. **Honored Not Offered:** 3G Tablet Plan (1GB) \$19.99 NET MRC, 3G Tablet Plan (2GB) Non-Pooling \$29.99 NET MRC, 3G Tablet Plan (5GB) \$39.99 NET MRC

- b. Price Reduction:** 3G Tablet Plan (2GB) Pooling \$29.99 NET MRC
- c. New:** 3G Tablet Plan (3GB) Non-Pooling \$29.99 NET MRC
- d. New:** 3G Tablet Plan Unlimited for Acceptable Use \$39.99 NET MRC

MRC	\$29.99 ¹	\$29.99 ¹	\$39.99 ¹
Data Services limitation in Megabytes (“MB”) or Gigabytes (“GB”)	2GB	3GB	Unlimited for Acceptable Use ³
Overage charge for additional data Services usage above data Services limitation	\$0.05 per MB ²	\$0.05 per MB ²	\$0.05 per MB ²
Data Roaming limitation in Megabytes (“MB”)	100MB	100MB	300MB
Overage charge for additional data Roaming usage above data Roaming limitation	\$0.25 per MB ²	\$0.25 per MB ²	\$0.25 per MB ²
Data Pooling	Included (see I below)	Not Included	N/A

¹ MRC is net of all discounts. Customer’s Service Pricing Discount is not applicable.

² If Customer’s data usage in a given month exceeds the plan’s Data Services limitation or Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer’s usage in a given month exceeds both the plan’s Data Services limitation and Data Roaming limitation.

³ Unlimited use available while on the Sprint network. Sprint reserves the right to modify or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan if such Wireless Data Connection Device exceeds 300 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

- A. All pricing and available MBs are the same whether Corporate-Liable Active Units use the Sprint 4G Network (if included), the Sprint 3G Network or the Nationwide Sprint Network. Sprint 3G Network coverage is not available everywhere and requires an EVDO-compatible data device. When the Sprint 3G Network is available and Customer uses a Sprint EVDO-compatible device with a wireless high-speed data Business Plan, Active Units will first attempt to connect to the Sprint 3G Network, and then default to the Nationwide Sprint Network depending on coverage and network availability. When the Sprint 4G Network is available and Customer uses a Sprint 4G-compatible device with a Business Plan for Sprint 4G Services, Active Units will first attempt to connect to the Sprint 4G Network, and then default to the Sprint 3G Network or Nationwide Sprint Network depending on coverage and network availability.
- B. Data usage on the Sprint 4G Network requires a 4G capable device.
- C. Roaming is not available on the Sprint 4G Network at this time.
- D. Additional charges apply for messaging service.
- E. A one year Minimum Service Term is required if Customer receives a wireless device discount. Wireless device discounts may not be available on all devices.
- F. **Sprint Domestic Messaging Add-Ons.** Messaging add-ons include text, picture and video messages based on device capability. Additional charges apply for international messaging.

Messaging Plan	Net MRC	Additional Messages
300 Messages	\$2	\$0.20
Unlimited Messages	\$5	N/A

(1) Unlimited Messaging includes text, picture, and video messages.

- G. Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting

services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, “auto-responders” or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, “junk mail”, unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint’s Wireless Services or other parties’ Internet-based resources, including, but not limited to, “denial of service” (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer’s plan, (ii) 300 MB/month while Roaming for a plan equal to or greater than 5GB/month in total or 100 MB/month while Roaming for a plan less than 5 GB/month in total, or (iii) a majority of kilobytes while Roaming; or (h) for any other reason that, in Sprint’s sole discretion, violates Sprint’s policy of providing Service for individual use.

- h. Data usage will be shared between devices on the \$29.99 2 GB plan using the same Billing Account Number

Please refer to the **Pricing Information** section of the Contract Award Notification (CAN) for a link to the updated product, price and services list. All other terms and conditions of the original Contract Award Notification remain the same.

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Cellco Partnership d/b/a Verizon Wireless has requested and the State has approved the following amendments to the above-referenced contract.

PS63766:

Cellco Partnership d/b/a Verizon Wireless has requested and the State has approved updates to their Mobile Wireless plan and equipment pricing. This update reflects new services pricing that did not exist at the time of approval of the contract by the Office of the State Comptroller. The rate plans include reduced pricing for the State’s Authorized Users activating service under these plans and features. The Federal Universal Service Fund rates have been adjusted to reflect the current charges as of July 1, 2013.

The following changes have occurred in the NYS Equipment Matrix:

CONTRACTOR: Sprint Solutions, Inc.
CONTRACT NO: PS63853

SUBJECT: SPECIAL ADD Authorizing New Promotional Plans for
 New York State Agency Authorized Users At Reduced Pricing

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

SPRINT SOLUTIONS, INC. has requested and the State has approved this Special Add which is limited to Authorized Users that are Agencies, as that term is defined in Appendix B, Section 5, Definitions, which reads as follows: **AGENCY OR AGENCIES** The State of New York, acting by or through one or more departments, Boards, commissions, offices or institutions of the State of New York

Vendor	Special Add Plan	Original Contract Price	New Contract Price	Savings \$	Savings %
<i>Sprint</i>	Bundled Voice & Data Plan	400 minutes @ \$49.99 Plus \$10.00 premium data plan	400 minutes @ \$54.99	\$5.00	9%
<i>Sprint</i>	Pay-As-You-Go Voice	0 minutes @ \$10.00 plus \$0.10/minute	0 minutes @ \$9.00 plus \$0.06/minute	\$1.00 plus \$0.04/minute	10%
<i>Sprint</i>	100 Text Messages (for PAYG Voice)	300 Text Messages @ \$2.00	300 Test Messages @ \$0.00	\$2.00	100%
<i>Sprint</i>	1,000 Text	1,000 Text	1,000 Text	\$1.00	20%

	Messages (for PAYG Voice)	Messages @ \$5.00	Messages @ \$4.00		
Sprint	Unlimited Text Messages (for PAYG Voice)	Unlimited Text Messages @ \$8.00	Unlimited Text Messages @ \$7.00	\$1.00	12%
Sprint	Unlimited Voice Plan	\$99.99	\$59.99	\$40.00	40%
Sprint	Unlimited Data (broadband)	\$39.99	\$37.99	\$2.00	5%
Sprint	Domestic Data (Blackberry)	\$37.49	\$39.99 or \$19.99 when added to a voice plan	\$17.50	47%
Sprint	Sprint Primary Data Plan	\$37.49 / month	\$34.99 / month	\$2.50	7%

Average Savings per Special Add Plan = 27%

²The 27% savings indicated for the plans available to State Agency Authorized Users only apply to only the plans themselves. The costs of the plans before price reductions, compared to the costs of the plans after price reductions yielded a 27% drop in cost.

Please refer to the **Pricing Section** of the Contract Award Notification (CAN) for a link to the updated product/price list. The terms and conditions of this Special Add apply only to transactions entered into by Agencies utilizing the promotional pricing in this Special Add. All other terms and conditions of the Comprehensive Telecommunications Services contract PS63853, including all Appendices and Attachments thereto remain the same as the original Contract Award Notification. To the extent that the terms and conditions of this Special Add are inconsistent with Contract PS63853, the terms and conditions of said contract shall supersede those of this Special Add.

SUBJECT: NOTICE OF CLASS ACTION SETTLEMENT - Verizon Communications, Inc.

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Please be advised that a settlement has been preliminarily approved by the United States District Court for the Northern District of California in a class action lawsuit against Verizon Communications alleging that it billed landline phone customers for unauthorized charges from third-party companies in violation of federal and state law. If an Authorized User was billed for third-party charges on its Verizon landline telephone bill, it may be entitled to a payment from this class action settlement.

If an Authorized User received notice of the settlement from Verizon or the Settlement Administrator in November or December, 2012, the following deadlines apply:

- **June 7, 2013 is the deadline to file a claim;**
- **January 13, 2013 is the deadline to opt out or object to the settlement**

Cellco Partnership d/b/a Verizon Wireless
Sprint Solutions, Inc.

PS63766 02-26-2008 08-15-2017
PS63853 05-09-2008 08-15-2017

SUBJECT: **PRICE REDUCTIONS FOR WIRELESS SERVICES – UCC INCREASE**

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

CELLCO PARTNERSHIP d/b/a VERIZON WIRELESS has requested and the State has approved updates to their Mobile Wireless plan and equipment pricing. This update reflects new services pricing that did not exist at the time of approval of the contract by the Office of the State Comptroller. The rate plans include reduced pricing for the State's Authorized Users activating service under these plans and features. The Federal Universal Service Fund rates have been adjusted to 17.40% to reflect the current charges as of October 1, 2012.

The revised pricing offer supersedes all previous offers to the State.

Global Data Feature			
This Global Data Feature is eligible for monthly access fee discounts.			
Monthly Access Fee	Data Allowance	Rate After Allowance (Global Data Plan Countries)	Rate per KB (non-Global Data Plan Countries)
\$25.00	100 MB	\$25.00 per each additional 100 MBs	\$0.02 per KB (\$20.48/MB)
Notes: Current coverage details and list of Global Data Plan countries can be found at www.verizonwireless.com/global . See attached Verizon Wireless Plan and Feature Details for important information about calling plans, features and options. Applies to all global-capable phones and internet devices. Customer must subscribe to a domestic Mobile Hotspot plan to use the service globally. Verizon Wireless reserves the right to terminate a line if less than half of the usage over three consecutive billing cycles is outside of the United States. All data usage, including Mobile Broadband Connect and dedicated Mobile Hotspot, deducts from the same data allowance. Rates for Global Voice, Global Messaging, and Pay Per Use Data Roaming can be found at www.verizonwireless.com/global .			

Mobile Broadband Machine-to-Machine Share Plans – Low Usage				
The calling plans below reflect the monthly access charge discount. No additional discounts apply.				
Mobile Broadband Machine-to-Machine Plans:	1 Megabyte	5 Megabytes	25 Megabytes	50 Megabytes
Domestic Shared Data Allowance Per Month	1 MB	5 MB	25 MB	50 MB

National Access Roaming (Canada) Per Kilobyte	\$0.002			

Mobile Broadband Machine-to-Machine Plans – High Usage			
The calling plans below reflect the monthly access charge discount. No additional discounts apply.			
Mobile Broadband Machine-to-Machine Plans:	1 Gigabyte	5 Gigabytes	10 Gigabytes
Domestic Data Allowance Per Month	1 GB	5 GB	10 GB

**GROUP 77017 AWARD 20268
COMPREHENSIVE TELECOMMUNICATIONS SERVICES**

Monthly Access Charge	\$25.00	\$37.50	\$60.00
Share Option	\$1.25	\$7.50	
Overage Rate Per Megabyte	\$0.03		
National Access Roaming (Canada) Per Kilobyte	\$0.002		

Note: Current National Access, and Mobile Broadband coverage details can be found at www.verizonwireless.com. Verizon Wireless Calling Plan and Features Details apply. Government Subscribers must supply their own authenticated Equipment (CPE) to be activated on these plans.
Sharing: Sharing is available only among Government Subscribers to these Custom Telemetry Megabyte Share Plans. Unused KBs will be distributed proportionally as a ratio of the KBs needed by each applicable Telemetry Unit to the total KBs needed by all sharing Telemetry Units. Each sharing Subscriber's unused KBs will pass to other sharing Subscribers that have exceeded their MB allowance, during the same monthly billing period.

Machine to Machine (M2M) Tiered Plan		
The Machine to Machine Tiered Data Plan is not eligible for additional discounts.		
Monthly Access Fee per Line	Data Usage Tiers (MBs)	Price/MB
\$0.75*	<100 MB	\$ 5.50
	100-199 MB	\$ 4.00
	200-299 MB	\$ 3.50
	300-399 MB	\$ 3.00
	400-499 MB	\$ 2.75
	500-999 MB	\$ 2.50
	1,000+ MB	\$ 2.25

Note: Machine to Machine coverage included the Verizon Wireless 4G, 3G and 3G Extended networks. Current data coverage details can be found at www.verizonwireless.com. All lines on this Plan must be on a separate account profile from Customer's other Voice, Data and Machine to Machine lines. Billing system limitations may require lines to be set up on multiple billing accounts. Detailed billing information will only be available online and the account will require its own unique log in credentials. All charges will be billed in arrears and data usage will be rated and billed in KBs (For example, data usage in the 100MB-199MB tier will be rated between 102,400KB and 204,800KB). Data usage from all lines active, at any time during the bill cycle, on the this plan will be aggregated to determine the applicable data usage tier for that month and each line will then be billed for its usage at that rate.
 *Customer must maintain a minimum of 200 M2M Lines on this plan otherwise all usage on the plan will be charged at \$5.50 per MB.

Calling Plan Optional Features			
GSM International Roaming Global Phone	Rates are available at www.VerizonWireless.com		
Verizon Wireless International Long Distance Value Plan	\$3.99 plus applicable airtime and long distance charges		
Field Force Manager (Government Subscribers Only)	Monthly Access per Handset		
	Monthly Access per Basic Device		
	Limited	Custom Basic*	Premium
	\$19.99 per user	\$15.00 per user (includes unlimited data usage)	\$49.99 per user
	Monthly Access per Advanced Device		
	Limited	Basic	Premium
	\$15.00 per user	\$20.00 per user	\$30.00 per user

The Field Force Manager feature is available when combined with a rate plan with Push to Talk feature with a minimum monthly access of \$12.00 or higher. Government Subscriber will be responsible for all costs and charges associated with the initial download of the FFM application (which will require approximately 2 MB of data), and any subsequent downloads. Custom Basic Field Force Manager Feature is NOT eligible for monthly access fee discounts. Field Force Manager is not available on all devices. Data sent or received will be aggregated each month, rounded up to the next megabyte and billed at \$1.99/MB on Nationwide plans and rounded up and billed at the per minute rate on America's Choice plans. *Usage charges will not be incurred for using the application after download to the device on the FFM Custom Basic Plan.

GROUP: 77017
Comprehensive Telecommunications Services

PLEASE ADDRESS INQUIRIES TO:
STATE AGENCIES & CONTRACTORS

Tom Comanzo
Purchasing Officer I – Contract Administrator
(518) 486-6836
Tom.comanzo@ogs.ny.gov

CONTRACT PERIOD:
September 24, 2009 to August 15, 2017

OTHER AUTHORIZED USERS
Customer Services
(518) 474-6717
customer.services@ogs.ny.gov

CONTRACTOR: Verizon Business, Inc.
CONTRACT NO: PS63765

SUBJECT: Update Price/Services List

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

The following is a summary of the updates and their location on the pricing spreadsheet:

Tab	Product	Description
Appendix A Taxes & Surcharges	FUSF, EUCL and CCRC	The Federal Universal Services Fund Contribution Factor, EUCL and CCRC rates have been revised.
Internet Services	Managed Services	Addition of Managed WAN Extra Small router, Managed Mobility and Akamai services options
ISDN	PRI and BRI	Clarification of non-recurring charges
Hosted IVR	Hosted ICR & Virtual Contact Center	Addition of Hosted ICR and Virtual Contact Center options. Grandfathering of Web Center
VoIP Services	VoIP	Clarification of pricing elements for BEST and update to CPE rental options
Local Services	Flexgrow	Grandfathering of service
Centrex	UCD	Elimination of monthly and nonrecurring charges for this optional feature
Private Line Service	DS1 and DS3	Clarification that ¼ mile pricing element does not apply

Verizon is also submitting price changes which reflect adjustments in the Universal Service Fund Charge FCC Surcharge for Educational Institutions (FCC 11 Sect 31.4), effective October 1, 2012. For consistency on the Appendix A Taxes & Surcharges tab, the Rate is shown as the Contribution Factor percentage for both Verizon Business Service Publication and Price Guide and 20268p116-T07kr

COMPREHENSIVE TELECOMMUNICATIONS SERVICES

Verizon Tariff references. This change is based on FCC mandate and is not initiated by Verizon. This filing is being made to reflect the change in the multi-line equivalency calculations that recover the Centrex FUSF deficiency over all multi-line business customers. A change in line counts affects the Rate Adjustment Factor (RAF), which changes the FUSF in some cases.

The Universal Service Fund Charge is a mandatory charge established by the FCC to support telecommunications and information services to schools, libraries and rural health care facilities. It also subsidizes local service to high cost areas and low income subscribers. Telecommunications companies must pay a specific percentage of their interstate and international revenues into the Universal Service Fund. This percentage is called the Contribution Factor. The Contribution Factor may change each quarter of the year, depending on the needs of the Universal Service Fund and the consumers it is designed to help. Different events, such as changes in demand for support or FCC regulatory action, may result in changes in the Contribution Factor. For example, increased demand for a particular Universal Service program may result in an increase to the Contribution Factor.

The FCC issued a subsequent Waiver Order, effective third quarter 2003, which preserves the carrier's option to assess the FUSF using "equivalency" relationships established in Section 69.158 of the Commission rules. This results in a rate adjustment factor (RAF) which changes quarterly based on the total number of lines billed by Verizon. The FUSF obligation amount is recovered through a FUSF percentage surcharge using the FCC prescribed rate adjustment factor applied to interstate end-user revenues along with the Contribution Factor. To calculate the FUSF, first the End User Common Line charge and port charge, if applicable, are determined. Second, the sum of these charges is multiplied by the Contribution Factor. Third, per the Waiver Order, the RAF is applied across all multi-line rates to develop the FUSF rates that fully recover Verizon's quarterly obligation. These calculations are submitted to the FCC for approval prior to the tariff going into effect. The customer is also assessed these charges under an approved cost recovery mechanism.

Unless otherwise specified, the effective date of these changes will be no later than the first day of the second full billing cycle following execution of this amendment.

Please refer to the **Pricing Section** of the Contract Award Notification (CAN) for a link to the updated price list. All other terms and conditions of the original Contract Award Notification remain the same.

LIGHTOWER FIBER NETWORKS – PS63764 – 02-26-2008- 08-15-2017
TIME WARNER CABLE – PS63596 – 03-11-2008 – 08-15-2017

SUBJECT: Update Services /Products Price Lists

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

LIGHTOWER FIBER NETWORKS has requested and the State has approved the following amendments to the above-referenced contract PS63764:

All Services

1.1. Changed building types from alpha coded to "LIT" or "NON LIT"

1.2. Updated tax and fee schedules

1.3. Updated installation cost tables

1.3.1. Delivery of services where Lightower facilities do not exist may require special construction charges. These charges may include elements such as cabling equipment, pole survey and preparation, manhole survey or construction, permitting and the like. The special construction pricing represents likely highest-cost scenario construction at an effective rate of \$52.50 per foot. This is a very comparable rate to our peer rates of \$95 - \$100 per foot plus special construction charges. See AT&T & Verizon notes below.

1.3.2. AT&T Sonet note on OGS Contract -Actual pricing will be determined based upon design requirements. The above prices assume facilities and capacity exists. Where facilities or capacity does not exist, a special construction charge of up to \$500,000 plus \$100/foot may be required. The service may not be available at all authorized users locations.

COMPREHENSIVE TELECOMMUNICATIONS SERVICES

LIGHTTOWER FIBER NETWORKS – Continued

1.3.3.Verizon Sonet note on OGS Contract -

Access circuit pricing is based on the serving wire center of the customer location. The prices indicated here represent the range of pricing for the many serving wire centers in NYS. Verizon will quote each circuit including access and pop to pop mileage upon request.

** Actual pricing will be determined based on design requirements. The above prices assume facilities and capacity exists where facilities or capacity does not exist special construction charge of up to \$450,000 plus \$95.00 per foot may be required. The service may not be available at all authorized users locations.

- 1.1. Added or updated ordering examples
- 1.2. All pricing was maintained or reduced

2. Private Line Data

- 2.1. Reduced or maintained pricing for DS1 and DS3 at all contract terms
- 2.2. Added network protection pricing
- 2.3. Added flexible private line pricing
- 2.4. Changed service structure from 'per node' to 'per circuit'
- 2.5. One-time charges for lit-locations now reflect 'per circuit' pricing and in some instances have increased to include the one-time charge of two nodes.

3. SONET Services

- 3.1. Reduced or maintained pricing for DS1 and DS3 at all contract terms
- 3.2. Added line rate of OC48C and associated pricing to all contract terms
- 3.3. Added line rate of OC192 and associated pricing to all contract terms
- 3.4. Added network protection pricing

4. Ethernet Services

- 4.1. Reduced pricing for all bandwidth intervals at all contract terms
- 4.2. Changed service structure from 'per node' to 'per circuit'
- 4.3. One-time charges for lit-locations now reflect 'per circuit' pricing and in some instances have increased to include the one-time charge of two nodes.
- 4.4. Added the following bandwidth intervals to all contract terms

20Mbps
30Mbps
40Mbps
200Mbps
300Mbps

COMPREHENSIVE TELECOMMUNICATIONS SERVICES

400Mbps
600Mbps
700Mbps
800Mbps
900Mbps
10,000Mbps

4.5. Added network protection pricing

5. Internet Services

5.1. Reduced or maintained pricing for all bandwidth intervals at all contract terms

5.2. Added the following bandwidth intervals to all contract terms

200Mbps
300Mbps
400Mbps
500Mbps
600Mbps
700Mbps
800Mbps
900Mbps
1000Mbps

Please refer to the **Pricing Section** of the Contract Award Notification (CAN) for a link to the updated services/products price list. All other terms and conditions of the original contract award notification remain the same.

TIME WARNER CABLE has requested and the State has approved the following amendments to the above-Referenced contract PT63596:

- 1) Modifications to Tax tables, including the Federal Universal Service Fund Rate to 17.9% and the State Recovery Fee, which is now 1.6064%;

- 2) Modify available speeds to including additional offering to Internet Access via Cable Broadband for New York City.

Please refer to the **Pricing Section** of the Contract Award Notification (CAN) for a link to the updated services/products price list. All other terms and conditions of the original contract award notification remain the same.

Note: The Equipment pricing in this New York State Equipment Matrix is available to Corporate Subscribers under the NYS Contract and is subject to the terms, provisions and conditions of the NYS Contract Group 77017 - Award 20268 - Contract PS63766. For specific product functionality and features as well as device and calling plan/ feature compatibility see www.verizonwireless.com. All Equipment is subject to availability and Verizon Wireless reserves the right to add or discontinue models. The prices of Equipment in the Equipment Matrix reflect discounted prices and are in effect as of December 5, 2011 for new cellular service activations and eligible equipment upgrades. All PC Card, USB Modem, notebooks with Mobile Broadband Built-In, eligible Smartphone or BlackBerry device purchases must be combined with an eligible data plan. Some Smartphone devices must be combined with eligible voice and data bundled plans only; certain restrictions may apply. Equipment purchased without service activation is not eligible for discounted pricing and will be charged full retail price. A wireless device must be in service for a minimum of 10 months to be eligible for an equipment upgrade at the discounted pricing regardless of contract vehicle chosen. If you choose to upgrade or replace Equipment due to loss or theft of your device prior to completing 10 months of service, you may be charged full retail price. Verizon Wireless reserves the right to disconnect cellular service in the event a number is disconnected from one wireless device and then reconnected on a new wireless device as a means to circumvent the 10 month upgrade policy. This offer cannot be combined with any other offer. Other restrictions or charges may apply. Quantities may be limited. Corporate Subscribers may purchase at New York State Equipment Matrix pricing or the then current Government promotional pricing whichever is less at the time of purchase. Please contact your sales representative at the time of purchase for the latest equipment pricing. *****May be activated on the America's Choice for Business 300/ 600/ 1000 minute plans.**

Accessory Discount: Subscribers are eligible to receive a 25% discount off the retail price of qualifying accessories. Corporate Subscriber accessory discounting is contingent upon Customer selecting and maintaining a minimum of five (5) Corporate Subscriber lines.

Please refer to the **Pricing Section** of the Contract Award Notification (CAN) for a link to the updated product/price list. All other terms and conditions of the original contract award Notification remain the same.

- B. Reduced NYS 3G Tablet Plan (5GB) \$39.99 with Unlimited 4G Services using 4G Capable Device
- C. NEW – Tablet Plans

Net MRC	\$19.99 ¹	\$29.99 ¹	\$34.99 ¹
3G Data Services limitation in Gigabytes (“GB”)	1GB	2GB	2GB
Overage charge for additional 3G data Services usage above plan limit	\$0.05 per MB ²	\$0.05 per MB ²	\$0.05 per MB ²
3G Data Roaming limitation in Megabytes (“MB”)	100MB	100MB	100MB
Overage charge for additional 3G data Roaming usage above plan limit	\$0.25 per MB ²	\$0.25 per MB ²	\$0.25 per MB ²
4G Data Services limitation	Not Available	Not Available	Not Available
Messaging	Not Included	Unlimited	Not Included ⁵
Standby plan usage	Not Permitted	Not Permitted	Not Permitted
Data Pooling	Not Applicable	Not Applicable	Included (see 4 below)

¹ MRC is net of all discounts. Customer’s Service Pricing Discount is not applicable.

² If Customer’s data usage on the Sprint 3G Network and the Nationwide Sprint Network in a given month exceeds the plan’s Data Services limitation or Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer’s usage in a given month exceeds both the plan’s Data Services limitation and Data Roaming limitation.

³ Includes unlimited data usage on the Sprint 4G Network if using a 4G capable device.

⁴ Data usage will be shared between devices on the \$34.99 2 GB plan using the same Billing Account Number.

⁵ Messaging will be available on this plan at the following price points:

Sprint Domestic Messaging Add-Ons. Messaging add-ons include text, picture and video messages based on device capability. Additional charges apply for international messaging.

Messaging Plan	Net MRC	Additional Messages
300 Messages	\$2	\$0.20
Unlimited Messages	\$5	N/A

- A. All pricing and available MBs are the same whether Corporate-Liable Active Units use the Sprint 4G Network (if included), the Sprint 3G Network or the Nationwide Sprint Network. Sprint 3G Network coverage is not available everywhere and requires an EVDO-compatible data device. Where the Sprint 3G Network is available and an EVDO-compatible data device is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network (if included), then to the Sprint 3G Network, and then default to the Nationwide Sprint Network depending on coverage and network availability.

- B. Roaming is not available on the Sprint 4G Network at this time.
- C. Unlimited Messaging includes text, picture, and video messages.
- D. Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's plan, (ii) 300 MB/month while Roaming for a plan equal to or greater than 5GB/month in total or 100 MB/month while Roaming for a plan less than 5 GB/month in total, or (iii) a majority of kilobytes while Roaming; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.
- E. Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex.

8. Mobile Wireless

- A. The Federal USF LD Surcharge rate is 14.40%, and the Federal USF Non-LD Surcharge rate is 3.51%. *(The Government Taxes and Fees and/or Sprint surcharges and their respective rates included are subject to change at any time. The interpretation of state and local tax laws is subject to change at all times. Consequently, the applicability to the specified services of Government Taxes and Fees and Sprint Surcharges, as well as additional Government Taxes and Fees and Sprint Surcharges, not listed or not in existence at this time, is subject to change without warning or notification.)*

Please refer to the **Pricing Section** of the Contractor Award Notification (CAN) for a link to the updated product/services price list. All other terms and conditions of the original contract award notification remain the same.

PAETEC COMMUNICATIONS has requested and the State has approved the following updates to its existing Pinnacle product line with the Pinnacle Managed Enterprise. This is an outsourced Service Lifecycle Management solution designed to manage the full lifecycle of IY Service Support and Service Delivery operations from procurement through provisioning, payment and chargeback Outsource solution including enhanced management of State Agency communication services specifically for bill audits, carrier invoice loads, carrier disputes, chargeback support, call accounting, cost optimization and vendor payment feeds to increase process automation.

MANAGED SERVICE FEES FOR PINNACLE ENTERPRISE

Hosted Service Pricing (PINNACLE, Oracle and Maintenance included)

- 3-YR Agreement = License Price / 15 = MRC
- Example: \$150,000 license / 15 = \$10,000/month

CONTRACTOR: Verizon Business Network Services, Inc
CONTRACT NO: PS63765

SUBJECT: VERIZON UNION CONTRACTS

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Verizon has announced that union contracts with employees that provide some telephone services for Verizon Business wire-line customers expire at midnight on August 6, 2011. In the event that an agreement is not reached, a work stoppage is possible. In anticipation, Verizon's contingency plan for maintaining service will go into effect. Attached is the official information letter from Verizon.

Please be advised that Verizon's CTS SPOC (single point of contact) phone number for the Verizon contract, **866-757-9761** remains in effect. All Verizon contract administrators will remain available to assist State agencies.

All other terms and conditions of the original Contract Award Notification (CAN) remain the same.

August 2, 2011

Dear Verizon Customer:

Verizon has contracts which expire at midnight on Saturday, August 6, 2011 with two unions that represent approximately 45,000 employees in the company's wireline division. The parties began bargaining discussions on June 22, 2011 to negotiate new contracts. The employees covered by the expiring contracts work in the Northeast and Mid-Atlantic states including Massachusetts, Rhode Island, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, and the District of Columbia. No other Verizon territories, or current Verizon Business employees, are covered by these expiring contracts. Verizon Wireless employees are also not covered.

Discussions are ongoing, and if for some reason the parties are unable to reach an agreement on a new contract prior to August 6th, a work stoppage is a possibility. It is also possible that the parties could continue bargaining while employees continue working. In the event of a work stoppage, operational contingency plans will go into effect to ensure that your needs as a valued customer continue to be met. This will include deploying additional personnel to meet your business needs, so that we can continue to provide you with the high level of service you deserve.

We value your business and trust.

Your Verizon Team

CONTRACTOR: Verizon Business Network Services, Inc
CONTRACT NO: PS63765

SUBJECT: VERIZON UNION CONTRACTS

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Verizon has announced that union contracts with employees that provide some telephone services for Verizon Business wire-line customers expire at midnight on August 6, 2011. In the event that an agreement is not reached, a work stoppage is possible. In anticipation, Verizon's contingency plan for maintaining service will go into effect. Attached is the official information letter from Verizon.

Please be advised that Verizon's CTS SPOC (single point of contact) phone number for the Verizon contract, **866-757-9761** remains in effect. All Verizon contract administrators will remain available to assist State agencies.

All other terms and conditions of the original Contract Award Notification (CAN) remain the same.

August 2, 2011

Dear Verizon Customer:

Verizon has contracts which expire at midnight on Saturday, August 6, 2011 with two unions that represent approximately 45,000 employees in the company's wireline division. The parties began bargaining discussions on June 22, 2011 to negotiate new contracts. The employees covered by the expiring contracts work in the Northeast and Mid-Atlantic states including Massachusetts, Rhode Island, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, and the District of Columbia. No other Verizon territories, or current Verizon Business employees, are covered by these expiring contracts. Verizon Wireless employees are also not covered.

Discussions are ongoing, and if for some reason the parties are unable to reach an agreement on a new contract prior to August 6th, a work stoppage is a possibility. It is also possible that the parties could continue bargaining while employees continue working. In the event of a work stoppage, operational contingency plans will go into effect to ensure that your needs as a valued customer continue to be met. This will include deploying additional personnel to meet your business needs, so that we can continue to provide you with the high level of service you deserve.

We value your business and trust.

Your Verizon Team

CONTRACTOR: AT&T
CONTRACT NO: PS63306

SUBJECT: CALL DETAIL IN WIRELESS BILLS ---AT&T PREMIER eBill

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

AT&T has announced that they will be including a flyer in all upcoming bills indicating that they will no longer be Providing “call detail” to wireless customers. Please be advised that, despite your receipt of this flyer, there will be no change to your account and you will continue to receive “call detail”. Please contact your AT&T representative if you encounter a problem with receiving “call detail”.

AT&T offers a program identified as AT&T Premier eBill which allows Authorized Users to view “call detail” on line, as a compliment to paper invoices. Use of Premier eBill does not eliminate the receipt of paper invoices, unless an Authorized User requests to discontinue that receipt. For further information on the Premier eBill alternative, please visit the AT&T website or contact your AT&T representative.

All other terms and conditions of the original Contract Award Notification (CAN) remain the same.

CONTRACT NO(s): All

SUBJECT: Contract Pricing and Classification

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

All Authorized Users are advised that CTS contractors are required to offer contract pricing or better for CTS purchases.

Authorized Users should ensure that their organizations are receiving the correct classification as a governmental entity and receiving accurate CTS pricing by:

- Working directly with the contractors' dedicated CTS contract administrator rather than a customer care center or small business representative;
- Validating that contract invoices for services provided under the CTS contract are classified as a governmental entity contract purchases; and
- Verifying that invoices reflect correct CTS contract pricing.

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Infohighway has requested and the State has approved the update to their price list for the change in the Universal Service Fund Charge to reflect the third quarter contribution factor of 13.6%.

Verizon Business has requested and the State has approved the updates to their price list which include the following:

- Change in the Universal Service Fund Charge to reflect the third quarter contribution factor of **13.6%** which is a decrease from the second quarter rate of 14.1%.
- Lot 2 – Category xDSL - Addition of DigiRouter – CPE to provide wireless data network connectivity
- CSA template for Ethernet Private Line (EPL) and Ethernet Virtual Private Line (EVPL)

Routing Code: 5LDI

NYS OGS Comprehensive Telecommunications Services PS63765
(Customer Specific Agreement) ("CSA")
(Ethernet Service)

Customer:
Address:
Account number:
NYS OGS CTS Custom Quote number:

1. Services. Verizon will provide the Services as set forth below in the section entitled "CSA Special Pricing."

2. Term and Survival. The applicable rates and charges shall be effective either: (a) when Service is installed if Customer does not receive such Services prior to the execution of this CSA; or (b) otherwise, on the first day of the second full billing cycle following execution and delivery of this CSA by Customer to Verizon ("Effective Date"). It is the responsibility of Customer to secure all necessary and appropriate facilities and equipment (including any access facilities that may be required) prior to Service commencement. Failure to secure all facilities and equipment (including any access facilities that may be required) shall not delay the commencement of billing for the Service nor relieve Customer of its obligation to pay for the Service hereunder. The "Term" begins upon the Effective Date and expires upon the completion of _____ () months. If, prior to such expiration, the Customer has not terminated this CSA by written notification to Verizon or executed a new CSA, the Service will continue on a month to month basis at the rates, terms and conditions set forth in NYS OGS Comprehensive Telecommunications Services Contract #PS63765 (the "CTS Agreement") until (i) either party terminates the Service as set forth in the CTS Agreement; or (ii) the Parties execute a new CSA. It is the responsibility of the Customer to notify Verizon if the Customer wishes to terminate Service at the expiration of the Term or wishes to execute a new CSA. Verizon will not notify the Customer of the expiration of the term.

3. CSA Special Pricing. Customer will not be eligible to receive any other additional discounts, promotions and/or credits (Tariffed or otherwise). The rates and charges set forth in this CSA do not include Taxes, Surcharges and Fee charges (as set forth in the CTS Agreement). Any additional components or services not identified below will be provided at the rates, terms and conditions of the CTS Agreement.

- (a) Customer will pay the following monthly recurring charges ("MRC"), which are fixed for the Term of this CSA and the non-recurring charges ("NRC") for Ethernet Services in the contiguous U.S. ("Service"), as set forth below. Customer represents that traffic transmitted between the locations on this network is: (select one)
[] Interstate (10% or more of the traffic is Interstate in nature)
[] Intrastate (less than 10% of the traffic is Interstate in nature)

Service Type (Check One): ___ Ethernet Private Line ___ Ethernet Virtual Private Line

Table with 3 columns: Service Element, MRC per Unit, NRC per Unit

- (b) Total MRC and NRC per Unit:
MRC: \$ _____
NRC: \$ _____

4. Termination. If Customer terminates any portion of the Service prior to the expiration of the Term, Customer will pay to Verizon termination charges as follows: (i) the difference between the then current MRC CTS Agreement rates in effect at the time of termination and the CSA special pricing rates stated in Section 3 above for the terminated Service, multiplied by the number of months from the Effective Date to the date of termination; plus (ii) the difference between the then current NRC CTS Agreement rates in effect at the time of termination and the CSA special pricing rates stated in Section 3 above for the terminated Service.

For illustration purposes only, the following example illustrates how termination charges would be calculated in the event a customer terminated a CSA in the seventh (7th) month of the Term:

If the CSA charges are as follows:

Service Element	MRC per Unit	NRC per Unit
Standard Channel Extension - Unprotected: GigE 50 Mbps	\$781.76	\$900.00
Local Mileage (7 Miles)	\$82.14	\$0.00
Long Haul Mileage (100 Miles)	\$5.74	\$0.00

If the CTS Agreement charges are as follows*:

Service Element	MRC per Unit	NRC per Unit
Standard Channel Extension - Unprotected: GigE 50 Mbps	\$822.91	\$1,000.00
Local Mileage (7 Miles)	\$86.46	\$0.00
Long Haul Mileage (100 Miles)	\$6.04	\$0.00

* CTS Agreement charges are subject to change and shall be determined as of the date of termination.

Termination charges:

Service Element	Quantity of Terminated Service	Difference between CTS Agreement MRC and CSA MRC	Total MRC Difference	Difference between CTS Agreement NRC and CSA NRC	Total NRC Difference
Standard Channel Extension - Unprotected: GigE 50 Mbps	2	\$41.15	\$82.30	\$100.00	\$100.00
Local Mileage	7	\$4.32	\$30.24	\$0.00	\$0.00
Long Haul Mileage	100	\$0.30	\$30.00	\$0.00	\$0.00

TOTAL TERMINATION CHARGES: Pursuant to this example, if Customer terminates the CSA in month 7 of the Term, Customer will pay to Verizon a Termination Liability charge equal to $(\$82.30 + 30.24 + \$30.00) \times 7 + (\$100.00 + 0.00 + 0.00) = \$142.54 \times 7 + \$100.00 = \$997.78 + \$100.00 = \$1,097.78$

Except as provided herein, all other terms and conditions of the CTS Agreement remain in full force and effect. Also, except as provided herein, this CSA does not supersede the CTS Agreement and in all other aspects the terms and conditions of the CTS Agreement shall control.

CONTRACTOR: Intercall
CONTRACT NO.: PS63101

SUBJECT: Billing Error

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Due to an error in Intercall's billing system, the last page of the April 2010 invoice contains Service Fees for conference calling services which are unauthorized. This error has been corrected and future invoices will not contain these charges. Authorized Users should not pay for these charges when payment is remitted for the April 2010 invoices. However, if payment is made, a credit for these charges will appear in the May 31 invoice. The Federal Universal Service Fund Contribution fee is an appropriate charge and should be paid.

OGS encourages all Authorized Users to carefully review their invoices for inaccuracies and unauthorized charges. Such issues should be brought to the attention of the contact listed above.

If you have any questions, please contact Joe Kirch of Intercall:

CONTRACTOR: Verizon Business
CONTRACT NO.: PS63765

SUBJECT: Update Price List/Customer Specific Agreement (CSA) templates

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Verizon Business has requested and the state has approved the updates to their price list which include the addition of services, reduction of prices and clarifications to services along with CSA's for Data Center Colocation, Voice over IP Service (VOIP) with Private IP (PIP) and Network Access Service, Transparent LAN Service (TLS) and Contact Center Services.

Additions include:

- Ethernet Virtual Private Line National
- Ethernet Private Line Metro
- Ethernet Private Line Access National
- Ethernet Private Line National
- Verizon Select Services Inc. Ethernet Private Line
- Ancillary charges

The Universal Service Fund Charge current Contribution Factor is now 14.1%, and increase from the third quarter rate of 12.9%.

Routing Code: 5V

NYS OGS Comprehensive Telecommunications Services PS63765
("CTS Agreement")
(ICB Contract)
Transparent LAN Service ("TLS" or "Service")
(PSC Service)

Customer:
Address:
Account number:
NYS OGS CTS Custom Quote number:

TLS Service and Charges: Customer will not be eligible to receive any other additional discounts, promotions and/or credits (Tariffed or otherwise). The rates and charges set forth in this ICB Contract do not include Taxes, Surcharges and Fee charges (as set forth in the CTS Agreement). Any additional components or services not identified below will be provided at the rates, terms and conditions provided for in CTS Contract #PS63765.

TLS Service Type (check all that apply):

- Ethernet Multipoint Service ("EMS") a/k/a Ethernet LAN Service ("ELAN")
Ethernet Relay Service ("ERS") a/k/a Ethernet Virtual Private Line ("EVPL")

Table with 6 columns: Quantity, Service Item, Non Recurring Charges ("NRC") per Unit, Monthly Recurring Charges ("MRC") per Unit, Total NRC, Total MRC.

- (i) Applicable tariff nonrecurring charges will apply to any move or relocation of an existing Service or change to initial Customer configuration.
(ii) An Interoffice (IOF) Mileage rate of \$100 per IOF Mile applies when local customer serving office is different from the installed TLS serving office and only for those IOF Miles greater than 20 miles.

Service Period: Customer will purchase the Service from Verizon for _____ () months following the execution of this ICB Contract, installation of the Service (if not previously installed and cutover), and receipt of all necessary regulatory and other governmental approvals that may be required prior to the provision of such Services ("Effective Date").

Termination. If Customer terminates any Item of the Service (EL AN and/or EVPL) prior to the expiration of the Term, Customer will pay to Verizon termination charges as follows: (i) the difference between the then current MRC CTS Agreement rates in effect at the time of termination and the ICB Contract special pricing rates stated in the Service and Charges section above for the terminated Item of the Service, multiplied by the number of months from the Effective Date to the date of termination; plus (ii) the difference between the then current NRC CTS Agreement rates in effect at the time of termination and the ICB Contract special pricing rates stated above for the terminated Item of the Service.

In addition, all remaining circuits in Service (ELAN and/or EVPL) will revert to the standard rates for the Service set forth in the CTS Agreement until the expiration of that Agreement or until (i) the parties execute a new ICB Contract; or (ii) Customer terminates the Service as set forth in the CTS Agreement.

For illustration purposes only, the following example illustrates how termination charges would be calculated in the event a customer terminated an ICB Contract for TLS in the seventh (7th) month of the Term:

Service Type:

- Ethernet Multipoint Service (“EMS”) a/k/a Ethernet LAN Service (“ELAN”)
- Ethernet Relay Service (“ERS”) a/k/a Ethernet Virtual Private Line (“EVPL”)

If the ICB charges are as follows:

Service Item	Quantity	Unit MRC	Total MRC	Unit NRC	Total NRC
Standard Access – 1000 Mbps	2	\$2,800.00	\$5,600.00	\$1,300.00	\$2,300.00
IOF – Per Mile (If <=20 miles, no charge applies)	4 (miles)	\$0.00	\$0.00	\$0.00	\$0.00

If the CTS Agreement charges are as follows*:

Service Item	Quantity	Unit MRC	Total MRC	Unit NRC	Total NRC
Standard Access – 1000 Mbps	2	\$3,200.00	\$6,400.00	\$1,300.00	\$2,300.00
IOF – Per Mile	4 (miles)	\$100.00	\$400.00	N/A	N/A

* CTS Agreement charges are subject to change and shall be determined as of the date the Customer terminates all or part of the Service.

Termination charges:

Service Item	Difference between CTS Agreement Total MRC and ICB Total MRC	Difference between CTS Agreement Total NRC and ICB Total NRC
Standard Access – 1000 Mbps	\$800.00	\$0.00
IOF – Per Mile	\$400.00	N/A

Total termination charges: Pursuant to this example, if customer terminates the ICB in month 7 of the Term, Customer will pay to Verizon a Termination Charge equal to: 7 X (\$800.00 + \$400.00) = 7 X \$1,200.00 = \$8,400.00

Service Continuation: (i) If, at the time of expiration of the Service Period, a new agreement or tariffed service arrangement with Verizon for the Services is not effective and Customer has not requested, in writing, disconnection of the Services, then the Services will be reverted to the applicable monthly rates set forth in the CTS Agreement. The rates, terms and conditions of the CTS Agreement will govern the service arrangement prospectively. If the CTS Agreement no longer exists, then the Service will be subject to disconnection upon the expiration of the Service Period of this ICB Contract. If, upon expiration of the Service Period, there is a delay in reverting rates to the rates in the CTS Agreement, or in disconnecting the Services if the CTS Agreement is no longer in effect, the Service Period shall be deemed temporarily extended on a month-to-month basis until such reversion of rates or disconnection of Services is completed. In no event, however, will such temporary extension of the Service Period continue more than twelve months after the expiration of the initial Service Period. It is the responsibility of the Customer to notify Verizon if the Customer wishes to terminate Services at the expiration of the Service Period or wishes to execute a new ICB Contract. Verizon will not notify the Customer of the expiration of the Service Period. (ii) If Customer indicates to Verizon in writing that it desires to negotiate a new contract or tariffed service arrangement to continue or replace the Services provided for herein, the Service Period shall automatically be extended for a period not to exceed 60 days from the end of the initial Service Period to allow the parties to finalize a new agreement or to transition to a tariffed service arrangement. Written notice must be provided by Customer at least 30 days prior to the end of the initial Service Period. For purposes of this paragraph only, written notice may be by facsimile or electronic mail.

Locations: Service shall be provided to Customer at the following locations. Other Customer locations may be added to this ICB Contract only upon mutual written agreement of the parties.

--	--

Except as provided herein, all the other terms and conditions remain of the CTS Agreement remain in full force and effect. Also, except as provided herein, this ICB Contract does not supercede the CTS Agreement and in all other as pects the terms and conditions of the CTS Agreement shall control.

Agreed and accepted:

_____ (Customer)

NYS OGS Comprehensive Telecommunications Services PS63765
(Customer Specific Agreement) ("CSA")
Data Center Colocation ("Service")

Customer:
Address:
Account number:
NYS OGS CTS Custom Quote number:

1. Services. Verizon will provide the Services as set forth below in the section entitled "CSA Special Pricing."

2. Term and Survival. The applicable rates and charges shall be effective either: (a) when Service is installed if Customer does not receive such Services prior to the execution of this CSA; or (b) otherwise, on the first day of the second full billing cycle following execution and delivery of this CSA by Customer to Verizon ("Effective Date").

3. CSA Special Pricing. Customer will not be eligible to receive any other additional discounts, promotions and/or credits (Tariffed or otherwise). The rates and charges set forth in this CSA do not include Taxes, Surcharges and Fee charges (as set forth in the CTS Agreement). Verizon may change the MRC for power on a once per calendar year basis.

(a) Customer will pay the following monthly recurring charges ("MRC"), which are fixed for the Term of this CSA and the non-recurring charges ("NRC") for Data Center Colocation Services in the contiguous U.S. ("Service"), as set forth below.

Data Center Type (check one): ___ Standard ___ Advanced ___ Premium

Table with 5 columns: Service Element, MRC, NRC, Installation, Other. The table is currently empty.

(b) Total Charges:
MRC: _____
NRC: _____
Installation: _____
Other: _____

4. Termination. If Customer wishes to terminate the Service, the Service must be terminated in its entirety. If Customer terminates the Service prior to the expiration of the Term, Customer will pay to Verizon termination charges as follows: (i) the difference between the then current MRC CTS Agreement rates in effect at the time of termination and the CSA MRC special pricing rates stated in Section 3 above, for each Service Element of the terminated Service, multiplied by the number of months from the Effective Date to the date of termination; plus (ii) the difference between the then current NRC CTS Agreement rates in effect at the time of termination and the CSA NRC special pricing rates stated in Section 3 above, for each Service Element of the terminated Service.

For illustration purposes only, the following example illustrates how termination charges would be calculated in the event a customer terminated a CSA in the seventh (7th) month of the Term:

Data Center Type: Premium Data Center Colocation

If the CSA charges are as follows

Service Element	Qty	Unit MRC	Total MRC	Unit NRC	Total NRC
Custom Installation	1	N/A	N/A	\$25,000.00	\$25,000.00
Cabinet/space Footprint	20	\$700.00	\$14,000.00	Above	Above
20 Amp 120V AC power	20	\$400.00	\$8,000.00	\$1,000.00	\$20,000.00
Cross Connects (Fiber)	40	\$40.00	\$1,600.00	N/A	N/A
Data Center Access Connections – 20 Mbps	20	\$950.00	\$19,000.00	\$600.00	\$12,000.00

If the CTS Agreement charges are as follows*:

Service Element	Qty	Unit MRC	Total MRC	Unit NRC	Total NRC
Custom Installation	1	N/A	N/A	\$29,500.00	\$29,500.00
Cabinet/space Footprint	20	\$800.00	\$16,000.00	Above	Above
20 Amp 120V AC power	20	\$440.00	\$8,800.00	\$1,000.00	\$20,000.00
Cross Connects (Fiber)	40	\$50.00	\$2,000.00	N/A	N/A
Data Center Access Connections – 20 Mbps	20	\$1,011.25	\$20,225.00	\$600.00	\$12,000.00

* CTS Agreement charges are subject to change and shall be determined as of the date the Customer terminates all or part of the Service.

Termination charges:

Service Element	Difference between CTS Agreement Total MRC and CSA Total MRC	Difference between CTS Agreement Total NRC and CSA Total NRC
Custom Installation	N/A	\$4,500.00
Cabinet/space Footprint	\$2000.00	Above
20 Amp 120V AC power	\$800.00	\$0.00
Cross Connects (Fiber)	\$400.00	N/A
Data Center Access Connections – 20 Mbps	\$1,225.00	0.00

Total termination charges: Pursuant to this example, if customer terminates the CSA in month 7 of the Term, Customer will pay to Verizon a Termination Charge equal to 7 X (\$2000.00 + \$800.00 + \$400.00 + \$1,225.00) + \$4,500.00 = 7 X \$4,425.00 + 4,500.00 = \$30,975 + \$4,500.00 = \$35,475.00.

Except as provided herein, all other terms and conditions of the CTS Agreement remain in full force and effect. Also, except as provided herein, this CSA does not supersede the CTS Agreement and in all other aspects the terms and conditions of the CTS Agreement shall control, including but not limited to the Customer’s requirement to provide adequate insurance under the CTS Agreement.

Agreed and Accepted:

For Internal Purposes: Verizon Business Services

Routing Code: 1/2/3

**NYS OGS Comprehensive Telecommunications Services PS63765
(Customer Specific Agreement) (“CSA”)
(Contact Center Services)**

Customer:
Address:
Account number:
NYS OGS CTS Custom Quote number:

1. Services. Verizon will provide the Services as set forth below in the section entitled “CSA Special Pricing.”

2. Term and Survival. The applicable rates and charges for Contact Center Services shall be effective either: (a) when Service is installed if Customer does not receive such Services prior to the execution of this CSA; or (b) otherwise, on the first day of the second full billing cycle following execution and delivery of this CSA by Customer to Verizon (“Effective Date”). The "Term" begins upon the Effective Date and expires upon the completion of _____ (___) months. If, prior to such expiration, the Customer has not terminated this CSA by written notification to Verizon or executed a new CSA, the Service will continue on a month to month basis at the rates, terms and conditions set forth in NYS OGS Comprehensive Telecommunications Services Contract #PS63765 (the “CTS Agreement”) until (i) either party terminates the Service as set forth in the CTS Agreement; or (ii) the Parties execute a new CSA. It is the responsibility of the Customer to notify Verizon if the Customer wishes to terminate Service at the expiration of the Term or wishes to execute a new CSA. Verizon will not notify the Customer of the expiration of the term.

3. CSA Special Pricing. Customer will not be eligible to receive any other additional discounts, promotions and/or credits (Tariffed or otherwise). The rates and charges set forth in this CSA do not include Taxes, Surcharges and Fee charges (as set forth in the CTS Agreement). Any additional components or services not identified below will be provided at the rates, terms and conditions provided for in CTS Contract #PS63765.

- (a) Customer will pay the following monthly recurring charges ("MRC"), which are fixed for the Term of this CSA and the non-recurring charges (“NRC”) for **Contact Center Services** in the contiguous U.S. (“Service”), as set forth below.

Contact Center Type (check one): ECR Basic ECR Advanced IP IVR Basic
 IP IVR Advanced Web Center IP Toll Free

<i>Service Element</i>	<i>Quantity</i>	<i>Unit MRC</i>	<i>Total MRC</i>	<i>Total NRC</i>
Total	----	----		

- (b) **Total MRC and NRC:**
MRC: _____
NRC: _____

4. Termination. If Customer terminates the Service or any portion of the Service prior to the expiration of the Term, Customer will pay to Verizon termination charges as follows: (i) the difference between the then current MRC CTS Agreement rates in effect at the time of termination and the CSA MRC special pricing rates stated in Section 3 above for the terminated Service, multiplied by the number of months from the Effective Date to the date of termination; plus (ii) the difference between the then current NRC CTS Agreement rates in effect at the time of termination and the CSA NRC special pricing rates stated in Section 3 above for the terminated Service.

For illustration purposes only, the following example illustrates how termination charges would be calculated in the event a customer terminated a CSA in the seventh (7th) month of the Term:

Contact Center Type: **ECR Basic**

If the CSA charges are as follows:

Service Element	Quantity	Unit MRC	Total MRC	Unit NRC	Total NRC
ECR Platform Usage (minutes)	50,000	\$0.0400	\$2,000.00	N/A	N/A
Platform Features:					
Menu Routing (<i>per call</i>)	10,000	\$0.0150	\$150.00	N/A	N/A
Message Announcement (<i>per call</i>)	5,000	\$0.0150	\$75.00	N/A	N/A
ECR Application Fee	1	\$100.00	\$100.00	N/A	N/A

If the CTS Agreement charges are as follows*:

Service Element	Quantity	Unit MRC	Total MRC	Unit NRC	Total NRC
ECR Platform Usage (minutes)	50,000	\$0.0450	\$2,250.00	N/A	N/A
Platform Features:					
Menu Routing (<i>per call</i>)	10,000	\$0.0200	\$200.00	N/A	N/A
Message Announcement (<i>per call</i>)	5,000	\$0.0200	\$100.00	N/A	N/A
ECR Application Fee	1	\$100.00	\$100.00	N/A	N/A

* CTS Agreement charges are subject to change and shall be determined as of the date of termination.

Termination charges:

Service Type/Element	Difference between CTS Agreement Total MRC and CSA Total MRC	Difference between CTS Agreement Total NRC and CSA Total NRC
ECR Platform Usage (minutes)	\$250.00	N/A
Platform Features:		
Menu Routing (<i>per call</i>)	\$50.00	N/A
Message Announcement (<i>per call</i>)	\$25.00	N/A
ECR Application Fee	\$0.00	N/A

Total termination charges: Pursuant to this example, if customer terminates the CSA in month 7 of the Term, Customer will pay to Verizon a Termination Charge equal to : $7 \times (\$ 250.00 + \$ 50.00 + \$ 25.00 + \$ 0.00) = 7 \times \$ 325.00 = \$ 2,275.00$

For Internal Purposes: Verizon Business Services

Routing Code: 1/2

**NYS OGS Comprehensive Telecommunications Services PS63765
 (Customer Specific Agreement) (“CSA”)
 Voice over IP Service (“VOIP”) with Private IP (“PIP”) and Network Access Service**

Customer:
 Address:
 Account number:
 NYS OGS CTS Custom Quote number:

1. Services. Verizon will provide the Services (defined to include VOIP, PIP and Network Access Service as a bundled Service) as set forth below in the section entitled “CSA Special Pricing.” Installation, as applicable, may be scheduled between the hours of 8AM and 7PM ET Monday through Friday (excluding holidays).

2. Term and Survival. The applicable rates and charges for the Services shall be effective either: (a) when Services are installed if Customer does not receive such Services prior to the execution of this CSA; or (b) otherwise, on the first day of the second full billing cycle following execution and delivery of this CSA by Customer to Verizon (“Effective Date”). The "Term" begins upon the Effective Date and expires upon the completion of _____() months. If, prior to such expiration, the Customer has not terminated this CSA by written notification to Verizon or executed a new CSA, the Services will continue on a month to month basis at the rates, terms and conditions set forth in NYS OGS Comprehensive Telecommunications Services Contract #PS63765 (the “CTS Agreement”) until (i) either party terminates the Services as set forth in the CTS Agreement; or (ii) the Parties execute a new CSA. It is the responsibility of the Customer to notify Verizon if the Customer wishes to terminate Services at the expiration of the Term or wishes to execute a new CSA. Verizon will not notify the Customer of the expiration of the term.

3. CSA Special Pricing. Customer will not be eligible to receive any other additional discounts, promotions and/or credits (Tariffed or otherwise). The rates and charges set forth in this CSA do not include Taxes, Surcharges and Fee charges (as set forth in the CTS Agreement). Any additional components or services not identified below will be provided at the rates, terms and conditions provided for in CTS Contract #PS63765.

(b) Customer will pay the following monthly recurring charges ("MRC"), which are fixed for the Term of this CSA and the non-recurring charges (“NRC”) for **Voice over IP Services** in the contiguous U.S. (“VOIP”), as set forth below. Additional charges apply for PIP and Network Access Service as set forth in sections (b) and (c) below.

Service Type (check all that apply): IP Flexible T1 IP Integrated Access IP Trunking
 Hosted IP Centrex

Type of Plan (if applicable): _____

<i>Service Element</i>	<i>Quantity</i>	<i>Unit MRC</i>	<i>Total MRC</i>	<i>NRC</i>

(b) Customer will pay the following monthly recurring charges ("MRC"), which are fixed for the Term of this CSA and the non-recurring charges (“NRC”) for **Private IP Services** in the contiguous U.S. (“PIP”), as set forth below.

<i>Private IP Service Element</i>	<i>MRC per Unit</i>	<i>NRC per Unit</i>

(c) Customer will pay the following MRCs which are fixed for the Term of this CSA and the NRCs for **Network Access Services**.

<i>Circuit Type</i>	<i>CLLI Code</i>	<i>MRC per Unit</i>	<i>NRC per Unit</i>

(d) **Total MRC and NRC:**

MRC: _____
 NRC: _____

4. Termination. Customer must maintain the Services (each Service Element) set forth in Section 3 above (“Minimum Configuration”) to avoid termination liability charges. If Customer terminates Services below the Minimum Configuration prior to the expiration of the Term, Customer will pay to Verizon termination charges as follows: (i) the difference between the then current MRC CTS Agreement rates in effect at the time of termination and the CSA MRC special pricing rates stated in Section 3 above for the terminated Service, multiplied by the number of months from the Effective Date to the date of termination; plus (ii) the difference between the then current NRC CTS Agreement rates in effect at the time of termination and the CSA NRC special pricing rates stated in Section 3 above for the terminated Service.

In addition, all remaining Service will revert to the then current CTS Agreement rates for the Service set forth in Contract #PS63765 until (i) the parties execute a new CSA; or (ii) Customer terminates the Service as set forth in Contract #PS63765.

For illustration purposes only, the following example illustrates how termination charges would be calculated in the event a customer decreases its minimum configuration in the seventh (7th) month of the Term:

Service Type: ___ IP Flexible T1 ___ IP Integrated Access x IP Trunking ___ Hosted IP Centrex
Type of Plan: 250 Local and LD (250 LD minutes included)

Customer Minimum Configuration:
 Service Elements:

Concurrent Call Path -----	102
Type 2 CEA Access – 20 Mbps @ 100 Mbps Interface -----	2
15 Mbps PIP Port -----	2
9.216 Mbps PIP Gold CAR -----	2

In 7th Month of Service Period, Customer Decreases Quantity to:
 Service Elements:

Concurrent Call Path -----	82
Type 2 CEA Access – 20 Mbps @ 100 Mbps Interface -----	2
15 Mbps PIP Port -----	2
9.216 Mbps PIP Gold CAR -----	2

If the CSA charges are as follows:

Service Type: ___ IP Flexible T1 ___ IP Integrated Access x IP Trunking ___ Hosted IP Centrex
Type of Plan: 250 Local and LD (250 LD minutes included)

Service Element	Quantity	Unit MRC	Total MRC	Unit NRC	Total NRC
VoIP Service Establishment Fee	1	N/A	N/A	\$750.00	\$750.00
Concurrent Call Paths	20	\$21.00	\$420.00	N/A	N/A

If the CTS Agreement charges are as follows*:

Service Type: ___ IP Flexible T1 ___ IP Integrated Access x IP Trunking ___ Hosted IP Centrex
Type of Plan: 250 Local and LD (250 LD minutes included)

Service Element	Quantity	Unit MRC	Total MRC	Unit NRC	Total NRC
VoIP Service Establishment Fee	1	N/A	N/A	\$1,000.00	\$1,000.00
Concurrent Call Paths	20	\$19.60	\$392.00	N/A	N/A

* CTS Agreement charges are subject to change and shall be determined as of the date of termination.

Termination charges:

Service Element	Difference between CTS Agreement Total MRC and CSA Total MRC	Difference between CTS Agreement Total NRC and CSA Total NRC
VoIP Service Establishment Fee	N/A	\$250.00
Concurrent Call Paths	\$28.00	0.00

Total termination charges: Pursuant to this example, Customer will pay to Verizon a Termination Charge equal to : $7 \times \$28.00 + \$250.00 = \$196.00 + \$250.00 = \$446.00$.

In addition, all remaining Service will revert to the then current CTS Agreement rates for the Service set forth in Contract #PS63765 until (i) the parties execute a new CSA; or (ii) Customer terminates the Service as set forth in Contract #PS63765.

6. Additional Terms and Conditions. This CSA incorporates the following Appendix which must be completed by the Customer as part of this CSA whenever a new VOIP Service Administrator is named or removed, or whenever an existing VOIP Service Administrator needs a new password:

Appendix I – Designation of Customer VOIP Administrator(s) with CPNI Authorization

Except as provided herein, all other terms and conditions of the CTS Agreement remain in full force and effect.

Also, except as provided herein, this CSA does not supersede the CTS Agreement and in all other aspects the terms and conditions of the CTS Agreement shall control.

Agreed and Accepted:

_____ (“Customer”) VERIZON BUSINESS NETWORK SERVICES INC., on
 behalf of MCI Communications Services, Inc.

By _____

 Date _____

By _____
 Name/title _____
 Date _____

**Appendix I
Designation of Customer VOIP Administrator(s) with CPNI Authorization**

Customer	[INSERT CUSTOMER FULL LEGAL NAME]
Signature	
Name	
Title	
NASP ID AND GUDUNS ID (where available)	

A. Administrator Access to CPNI and Designation as CPNI Authorizer for Users. On behalf of itself and its affiliates, the Customer named above, through its authorized representative’s signature, hereby designates the individuals listed below or in an attachment containing the same data elements, as VOIP Administrators, with the authority to designate end users authorized to access CPNI of Customer and its affiliates, as specified below (collectively “Administrators”) for MCI Communications Services, Inc., d/b/a Verizon Business Services and its affiliates set forth in the Service Publication and Price Guide located at www.verizonbusiness.com/guide (collectively or individually “Verizon”).

Administrator Name	Title	Tel. No.	Email	Postal Address	Add	Remove
					<input type="checkbox"/>	<input type="checkbox"/>
					<input type="checkbox"/>	<input type="checkbox"/>

Customer will so designate as Administrators all representatives who are authorized to manage Customer’s use of Verizon VOIP service, including through the online applications made available by Verizon to Customer for its use. This designation, and any subsequent additions or removals of Administrators, will be effective within a reasonable period after Verizon has received a signed writing with the content set out above. Administrators are authorized to access the Customer Proprietary Network Information (“CPNI”)* of Customer and its affiliates.

B. User Access CPNI via Online Applications. Customer representatives (“Users”) designated by Administrators as authorized to access “ICP” (Integrated Communications Package) or other online applications made available by Verizon in connection with VOIP service are also authorized to access the CPNI of Customer and its affiliates through those online applications. This VOIP-specific CPNI access authorization is independent of any general CPNI authorization or deauthorization, and this authorization is not withdrawn by the withdrawal of a general CPNI authorization. In order to withdraw the VOIP-specific CPNI authorization established hereby, a Customer Administrator must permanently withdraw the User(s) access to ICP and all other VOIP-related online applications that may provide access to CPNI.

* CPNI includes information about the quantity, technical configuration, type, destination, location, and amount of use of telecommunications or interconnected voice over Internet Protocol services purchased from Verizon or its affiliates that is made available to Verizon or its affiliates solely by virtue of your relationship with Verizon or its affiliates and related local exchange or toll billing information.

SUBJECT: Unauthorized Telephone Charges

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

OGS has become aware of situations in which Authorized Users have been billed for unauthorized telephone charges after an employee provided their business telephone number on a website. Authorized Users are encouraged to advise their employees that they should exercise extreme caution when providing their business telephone numbers over the Internet or through promotional emails or postal mailings, and or telemarketing as these maybe “cramming”.

Authorized Users are also encouraged to closely review their telephone bills to check for unauthorized charges. If such charges are discovered, the billing company should be contacted in order to request a credit for the same and a written request for termination of such services should be provided to the billing company.

SUBJECT: Price List Updates
Contact Information Update

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

At&t has requested and the State has approved the following updates to their NYS price list:

- **Lot 3 / Audio Teleconferencing price reduction** for Toll Free Dial In/Reservationless Services from \$0.050 per minute to \$0.029 per minute, a savings of 42%.
 - **Lot 3 Wireless Data Price Plan** to include reduced pricing based on tiered usage basis as follows:
 - 60mb – 0 - 999 new subscribers \$29.00 per month
 - 1,000 – 4,999 new subscribers \$25.00 per month
 - 5,000 – 9,999 new subscribers \$22.00 per month
 - 10,000 and over new subscribers \$19.00 per month
 - 5 Gig – 0 – 999 new subscribers \$99.99 per month
 - 1,000 – 4,999 new subscribers \$72.99 per month
 - 5,000 – 9,999 new subscribers \$62.99 per month
 - 10,000 and over new subscribers \$54.99 per month
- Additional information pertaining to this price plan can be found on the price list.

- **Lot 1, Lot 2 and Lot 3 Clarification on Administrative Expense Fee**
 - At&t will continue to apply credit to offset the Administrative Expense Fees associated with UCC and payphone use charge as well as AT&T Digital Link (ADL) portability fee billed on the OneNet invoice.

- **Lot 1, Lot 2 and Lot 3 All - UCC Rate Increase to reflect 14.1% effective 1/1/2010.**

- Change in Local Correspondence Address to:
 - AT&T Corporation,
 - 1205 Troy Schenectady Road
 - Suite 101
 - Latham, New York 12110

CONTRACTOR: ALL

CONTRACT NO(S): ALL

SUBJECT: OFT PLAN TO PROCURE (PTP) UPDATE

ALL STATE AGENCIES :

The Office for Technology has recently informed OGS that the following service categories now require OFT approval prior to an NYS agency purchasing these services:

- Lot 1 – Voice Services
 - Toll Free Service – Switched Access and Dedicated Access
- Lot 3 – Managed Services
 - Video Conferencing/Bridging Services.

CIO/OFT PLAN TO PROCURE POLICY

Regardless of dollar value, notification of **any and all purchases** of technology and technology-related products, materials, services, ancillary or related products and services, or otherwise that meet the submission thresholds defined in this policy shall be submitted to the Chief Information Officer/Office for Technology (CIO/OFT) by means of the "Plan to Procure" (PTP) on-line application and process. Please refer to the attached flowchart outlining the new procedure and process. For additional information about the CIO/OFT's PTP process, please visit their website at:

<http://www.oft.state.ny.us/Policy/NYS-P08-001.pdf>

OFT Approval Required	OFT Approval Not Required

CONTRACTOR: ALL
CONTRACT NO(S): ALL

SUBJECT: Comprehensive Telecommunication Services (CTS) Symposium

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

The Office of General Services, Procurement Services Group, wishes to invite you to a symposium on the use of Comprehensive Telecommunications Services (CTS) contracts, Group 77017, Award 20268. We have provided a link for your reference.

<http://www.ogs.state.ny.us/purchase/snt/awardnotes/7701720268can.HTM>

The Symposium will be held in Albany, NY at the Empire State Plaza, in Meeting Room 6 on December 9, 2009 from 10AM – 3PM.

For information regarding parking at the Empire State Plaza, refer to the link below:

<http://www.ogs.state.ny.us/parking/forVisitor/visitor.html>

Lunch may be obtained at any one of the various venues located in the Empire State Plaza.

Representatives from OGS, OFT and various contract holders will be in attendance to provide contract information, answer questions and inform you of any contract specials that they may offer or plan on offering.

We will have a session on contract usage:

- How to maximize Telecommunications resources
- How to analyze your invoices.
- Office for Technology (OFT) PTP (Plan to Procure) requirements
- How to use the Comprehensive Telecommunications Contracts (CTS) to negotiate better pricing.
- How to ensure that usage for T-1 lines, Mobile wireless and other services are appropriate. That you are not paying for services, capacity or minutes that you don't use or conversely incurring additional charges for exceeding usage limits.
- Contract Update Procedures

You will have an opportunity to meet one on one with representatives of the various contract holders to discuss your specific concerns.

We are seeking your assistance in planning this event. Please provide us with your concerns with regards to the items listed above and any other areas of concern you may have regarding the Telecommunications (CTS) contracts. We want this event to be interactive. We want to learn from you; what are your needs, concerns, suggestions and how can OGS assist you to maximize your resources.

Please provide a list of questions, suggested topics and a tentative number of employees who will be participating to Donna McNeil by November 20, 2009. Her contact information is:

CONTRACTOR: Warwick Valley Telephone Co.
Information Regarding Pagers

CONTRACT NO(S): PS64729

SUBJECT: Correction & Information

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

The price list for Warwick Valley Telephone Co. (WVT) originally included Wireless Services. This pricing was posted in error and has been removed.

The Lots and Categories awarded to WVT are as follows:

Lot 1 – Voice over IP (VOIP), Regional
Lot 2 – Private Line Data Service, Regional
Lot 3 – Co Location, Orange County ONLY

Pagers are now included as a part of contracts resulting from RFP 20268. They are reflected under Lot 3, Mobile Wireless.

To view the Lots and categories awarded to all Contract holders refer to the chart on Page 30 of the Contract Award.

All other terms and conditions remain unchanged.

Room/Suite information:	
City, State and Zip Code:	
Installation Contact:	
Contact phone number:	

Section 3. Initial Term of Service

Term:	Effective Date:
XX months(renewed each fiscal year)	From the date of Time Warner Cable Completion Notice

Section 4. Circuit and Pricing Information

Customer will not be eligible to receive any other additional discounts, promotions and/or credits. The rates and charges set forth in this CSA do not include, but are subject to Taxes, Surcharges and Fee charges (as set forth in the CTS Agreement, award 20268). Any additional components or services not identified below will be provided at the rates, terms and conditions of the CTS Contract number PS 63596.

Customer will pay the following monthly recurring charges ("MRC"), which are fixed for the Term of this CSA and the Installation costs and One-Time Costs for Ethernet Services as set forth below/

Circuit Description	Monthly Recurring Charge	Installation Cost	One-Time Cost

Section 5. Additional Terms and Conditions

In lieu of One-time costs (defined in NYS OGS Contract PS63596) of \$_____per circuit referenced in Section 4, customer agrees to an initial term of service outlined in this agreement in Section 3.

In the event that the customer terminates any portion of the Service prior to the expiration of the Term, customer will pay to Time Warner Cable, the remaining construction liability which has been reduced by 1/xxth per circuit, per month from Effective date to Termination Date and based upon the months of term customer has contracted for (e.g. 1/12, 1/24, 1/36th etc.)

Except as provided herein, all other terms and conditions of the CTS Agreement remain in full force and effect. This CSA does not supersede the CTS Agreement and in all other aspects the terms and conditions of CTS Contract number PS 63596 shall control

Customer:	Time Warner Cable
Signature:	Signature:
Name:	Name:
Title:	Title:
Date:	Date:

Calculation Example:

Should termination of a circuit occur after the 36th month, the Customer’s reduced liability for the One-time construction would be:

Original One-time construction per circuit:	\$20,219.67
Less; 36 months@ \$336.99	(\$12,131.78)
Reduced per circuit One time Costs due at Termination date:	\$8,087.89

CONTRACTOR: Verizon Wireless
CONTRACT NO(S): PS63766

SUBJECT: Managing and Reducing Wireless Service Cost

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Verizon Wireless My Business Account helps you save time managing your wireless service costs.

Manage your agency's wireless accounts online.

View and pay bills, manage accounts, retrieve reports, and order new devices whenever you need to. It's everything your business needs to keep its wireless accounts on track:

Make payments online.

View balance as of last payment. •

Access up to 12 months of payment history. •

Simplify billing and payment processes by paying online: •

Select from multiple payment options, including one-time or —recurring payments.

Pay multiple Verizon Wireless accounts at one time: •

Simplify your payment process by paying for all statements from —a single bank or credit card account.

Receive exclusive benefits.

Registered customers will have the monthly fee of Backup Assistant • waived.

Manage your accounts online.

- Activate upgraded or existing devices (i.e., change electronic serial • numbers [ESNs] online).
- Change wireless user information. •
- Reset wireless user voice mail passwords. •
- Suspend or resume service. •

Access online statements.

View multiple bills from a single interface with 24/7 availability. •

Gain quick access to current statements: •

- Review the most recent statement (within five days of billing —cycle close).
- View unbilled voice and data usage accrued since the most —recent statement.
- View and download call details per wireless user or account.—
- Compare plan allowance minutes vs. actual minutes used.—

Opt for paperless billing to eliminate paper bills. •

Order accessories and upgrade equipment using your government-approved credit card or purchase order.

- Enjoy the flexibility of placing orders from a single login or an • agency-specific URL.
- Buy online today and receive your business discount for all online • purchases.
- Get free shipping and free returns on all orders. •

Use robust reporting tools.

Use standard and customized reporting options: •

- Determine whether wireless users are on the right calling plan.—
- Customize select reports with filters.—
- View and download all report options.—

Download and view account level and wireless number reports: •

- Analyze trends by wireless number, department, or —billing account.
- Review billed and unbilled usage activity.—

Incorporate activity from multiple Verizon Wireless billing —accounts into a single report.

Create agency-specific structures to organize costs by • department level:

- Review costs by call type and usage type, such as peak, off-peak, —and National Mobile to Mobile Calling.
- Send electronic bill summaries to wireless users.—

ManageyourAGENCY'sWIRELESS accountsonline.

Examples of My Business Account reports.

Account level reports.

- 20 longest calls
- 20 most expensive calls
- 20 most called numbers
- 20 most expensive called numbers
- 20 most called countries
- Cost summary by call type
- Cost summary by month
- Cost summary by time period
- Summary usage

Wireless number reports.

- Top 10 most expensive calls
- Calls by call type
- Charges by call type
- Minutes by call type
- Calls by destination
- Charges by destination
- Minutes by destination
- Calls by call origination
- Charges by call origination
- Minutes by call origination
- Calls by rate period
- Charges by rate period
- Minutes by rate period
- Device report

Advanced reporting options.

- Additional charges
- Airtime charges detail
- Airtime charges summary
- Call detail
- Data usage
- Deactivated mobile number report
- Suspended mobile number report
- Grand total
- National Mobile to Mobile Calling/Mobile to Mobile Network report
- Memo bill status report
- Monthly usage
- View structure
- Raw data download (available by request)
- Global summary report

CONTRACTOR(S): ALL
CONTRACT NO(S): ALL

SUBJECT: Comprehensive Telecommunication Services (CTS) Symposium

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

The Office of General Services, Procurement Services Group, wishes to invite you to a symposium on the use of Comprehensive Telecommunications Services (CTS) contracts, Group 77017, Award 20268. We have provided a link for your reference.

<http://www.ogs.state.ny.us/purchase/snt/awardnotes/7701720268can.HTM>

The Symposium will be held in Albany, NY at the Empire State Plaza. The date and time of the Symposium will be announced in a separate communication.

Representatives of OGS and the contract holders will be in attendance to provide contract information, answer questions and inform you of any contract specials that they may offer or plan on offering.

We will have a session on contract usage:

- How to maximize Telecommunications resources
- How to analyze your invoices.
- How to use the Comprehensive Telecommunications Contracts (CTS) to negotiate better pricing.
- How to ensure that usage for T-1 lines, Mobile wireless and other services are appropriate. That you are not paying for services, capacity or minutes that you don't use or conversely incurring additional charges for exceeding usage limits.
- Contract Update Procedures

You will have an opportunity to meet one on one with representatives of the various contract holders to discuss your specific concerns.

We are seeking your assistance in planning this event. Please provide us with your concerns with regards to the items listed above and any other areas of concern you may have regarding the Telecommunications (CTS) contracts. We want this event to be interactive. We want to learn from you; what are your needs, concerns, suggestions and how can OGS assist you to maximize your resources.

Please provide a list of questions, suggested topics and a tentative number of employees who will be participating to Donna McNeil by September 28, 2009. Her contact information is:

Customer Services
(518) 474-6717
customer.services@ogs.state.ny.us

CONTRACTOR: Verizon Business
CONTRACT NO.: PS63765

SUBJECT: Price List Update and Additional Customer Specific Agreement Template

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Verizon has requested the following changes which include enhancements to some services, clarification of Centrex electronic set pricing, clarification of availability of analog and digital DS0 service and price changes which reflect adjustments in the End User Common Line Charge as well as the Universal Service Fund Charge. Also included is a Customer Specific Agreement template for Private IP and Network Access Services.

- Lot Group 1 Centrex clarification to demonstrate how pricing will be applied should a user require more than 33% digital sets.
- Lot Group 1 correction of certain Voice Mailbox optional feature monthly and nonrecurring rates which may result in a credit to users who have subscribed to these features.
- Lot Group 1 enhancement to VOIP service with update to pricing and inclusion of additional related CPE.
- Lot Group 2 enhancement to Private Line Service to clarify availability of both analog and digital DS0 Service.
- Lot Group 3 enhancement to provide certain network engineering and other professional services which authorized users may desire.
- Lot Group 3 enhancement to provide Internet Dedicated-Managed Service and related CPE.
- Lot Group 3 enhancement of Audio Conferencing Service to provide Net Conferencing Named Host as an interactive, Internet-based service allowing geographically dispersed people to share information and/or edit documents online while discussing them on the phone.

Refer to the **Pricing Section** of the Contract Award Notification (CAN) summary page for a link to the updated Price List.. All other Contract terms and conditions remain unchanged.

For Internal Purposes: Verizon Business Services

Routing Code: 1/2

**NYS OGS Comprehensive Telecommunications Services PS63765
(Customer Specific Agreement) (“CSA”)
(Private IP and Network Access Service)**

Customer:
Address:
Account number:
NYS OGS CTS Custom Quote number:

1. Services. Verizon will provide the Services (defined as both the Private IP and Network Access Service as a bundled Service) as set forth below in the section entitled “CSA Special Pricing.”

2. Term and Survival. The “Service Activation Date” for Service ordered hereunder will be the date the Private IP Service is available to route IP packets at Customer’s site. The applicable rates and charges shall be effective either: (a) on the Service Activation Date if Customer does not receive such Services prior to the execution of this CSA; or (b) otherwise, on the first day of the second full billing cycle following execution and delivery of this CSA by Customer to Verizon (“Effective Date”). The "Term" begins upon the Effective Date and expires upon the completion of thirty-six (36) months. If, prior to such expiration, the Customer has not terminated this CSA by written notification to Verizon or executed a new CSA, the Service will continue on a month to month basis at the rates, terms and conditions set forth in NYS OGS Comprehensive Telecommunications Services Contract #PS63765 (the “CTS Agreement”) until (i) either party terminates the Service as set forth in the CTS Agreement; or (ii) the Parties execute a new CSA. It is the responsibility of the Customer to notify Verizon if the Customer wishes to terminate Service at the expiration of the Term or wishes to execute a new CSA. Verizon will not notify the Customer of the expiration of the term.

3. CSA Special Pricing. Customer will not be eligible to receive any other additional discounts, promotions and/or credits (Tariffed or otherwise). The rates and charges set forth in this CSA do not include Taxes, Surcharges and Fee charges (as set forth in the CTS Agreement). Any additional components or services not identified below will be provided at the rates, terms and conditions of the CTS Agreement.

(a) Customer will pay the following monthly recurring charges ("MRC"), which are fixed for the Term of this CSA and the non-recurring charges (“NRC”) for **Private IP Services** in the contiguous U.S. (“PIP”), as set forth below. Additional charges apply for Network Access Service as set forth in section (b) below. Installation may be scheduled between the hours of 8AM and 7PM ET Monday through Friday (excluding holidays).

<i>Private IP Service Element</i>	<i>MRC per Unit</i>	<i>NRC per Unit</i>

(b) Customer will pay the following MRCs which are fixed for the Term of this CSA and the NRCs for **Network Access Services**.

<i>Circuit Type</i>	<i>CLLI Code</i>	<i>MRC per Unit</i>	<i>NRC per Unit</i>

(c) **Total MRC and NRC per Unit:**
MRC: \$ _____
NRC: \$ _____

4. Termination. If Customer terminates any portion of the Service prior to the expiration of the Term, Customer will pay to Verizon termination charges as follows: (i) the difference between the then current MRC CTS Agreement rates in effect at the time of termination and the CSA special pricing rates stated in Section 3 above for the terminated Service, multiplied by the number of months from the Effective Date to the date of termination; plus (ii) the difference between the then current NRC CTS Agreement rates in effect at the time of termination and the CSA special pricing rates stated in Section 3 above for the terminated Service.

For illustration purposes only, the following example illustrates how termination charges would be calculated in the event a customer terminated a CSA in the seventh (7th) month of the Term:

If the CSA charges are as follows:

Service Element	MRC per Unit	NRC per Unit
384 Kbps PIP Port	\$214.50	\$0.00
256 Kbps Gold CAR	\$98.10	\$0.00
Network Access – DS1	\$100.00	\$0.00

If the CTS Agreement charges are as follows*:

Service Element	MRC per Unit	NRC per Unit
384 Kbps PIP Port	\$328.90	\$100.00
256 Kbps Gold CAR	\$112.70	\$0.00
Network Access – DS1	\$100.00	\$200.00

* CTS Agreement charges are subject to change and shall be determined as of the date of termination.

Termination charges:

Service Element	Quantity of Terminated Service	Difference between CTS Agreement MRC and CSA MRC	Total MRC Difference	Difference between CTS Agreement NRC and CSA NRC	Total NRC Difference
384 Kbps PIP Port	2	\$114.40	\$228.80 ¹	\$100.00	\$200.00 ²
256 Kbps Gold CAR	2	\$14.60	\$29.20 ¹	\$0.00	\$0.00
Network Access	2	\$0.00	\$0.00 ¹	\$100.00	\$200.00 ²

Total termination charges: Pursuant to this example, if customer terminates the CSA in month 7 of the Term, Customer will pay to Verizon a Termination Liability charge equal to $(\$228.80^1 + \$29.20^1 + \$0.00^1) \times 7 \text{ months} + (\$200.00 + 200.00) = \$1,806.00 + \$400.00 = \text{Total termination charges of } \$2,206.00.$

Except as provided herein, all other terms and conditions of the CTS Agreement remain in full force and effect. Also, except as provided herein, this CSA does not supersede the CTS Agreement and in all other aspects the terms and conditions of the CTS Agreement shall control.

Agreed and accepted:

CONTRACTOR: AT&T
CONTRACT NO(S): PS63306

SUBJECT: Credit for Underutilization Charges for T-1 lines

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

In a prior Purchasing Memo, dated February 10, 2009, Authorized Users were informed of how to request a credit of the T-1 Underutilization charges imposed by AT&T for the months of March, April, May and/or June 2008.

A recent review of information provided by AT&T indicates that there are still authorized users who are entitled to credits that have not submitted a request for their credits. OGS strongly recommends that all authorized users take advantage of these credits.

AT&T reviewed the accounts of all affected authorized users to ensure that they were set up with a profile which would allow them to file for T-1 Underutilization credits. **AT&T has also streamlined the process for requesting these credits.** The following e-mail was sent to all affected authorized users:

You are entitled to a credit for the Mar-June 2008 T1 Underutilization Charge that appeared on your Oct/Nov 2008 OneNet account invoice. Attached are instructions on how to initiate a dispute using the AT&T Business Direct system. We have streamlined the process to make it easier for you to make a request and navigate the system using the Initiate Bill & Account Inquiries tool.

If you have any questions, please feel free to contact:

CONTRACTOR(S): AT&T
Sprint
Verizon Wireless

CONTRACT NO(S): PS63306
PS6385 3
PS6376 6

SUBJECT: Mobile Wireless Savings

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

The Telecommunications Services Carriers listed above impose over utilization charges for Mobile Wireless Plans. Depending on the plans purchased, these charges may be assessed if your usage exceeds the plan minutes. These charges can be as high as 42 cents per minute!

In these times of fiscal constraint OGS recommends that all Authorized Users of the Comprehensive Telecommunications Services Contract review all existing Mobile Wireless charges to determine their monthly use and assess whether their current plans meet their needs and are the most prudent use of their resources.

This review will help determine if any changes to plans would result in savings.

OGS recommends that all users review their monthly Telecommunications invoices to ensure that plan minutes are actually being used, and make changes as necessary, as paying for minutes not used also has a negative fiscal impact.

OGS regularly reviews their Telecommunications bills for Mobile Wireless charges. This review examines the plans purchased, equipment utilized, and minutes used.

These reviews have resulted in total savings of approximately **\$590,000 over the past 5 years.**

Additionally by changing plans to maximize resources OGS has realized additional savings of 18% over contract pricing.

Listed below are ways to reduce your costs for Mobile Wireless Services:

- Always review the Account Summary
- Check that the plan charges match the plans purchased
- Check plans available to ensure that plans meet your needs
- Standardize Equipment to lower costs
- Negotiate better pricing from carriers
- Block any costly, unnecessary services
- Pool all minutes across your agency and geographically, preferably Statewide
- Seek feedback from the users
- Centralize the review function

The carriers listed below will assist you in reviewing your present plans, usage patterns and suggest any changes to maximize your telecommunications expenditures.

The contact individuals listed below can assist you in this review:

CONTRACTOR: Verizon Business
CONTRACT NO(S): PS63765

SUBJECT: Price List Update
Contact Information
Approved Service Agreement Templates

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Verizon has requested and the State has approved the following:

OGS has approved the Price list update which includes: adding services, deleting services, and price changes which reflect adjustments in the Universal Service Fund Charge.

The contact information page has been updated to reflect the most recent information.

Various Service Templates:

OGS has approved the following templates for various services that Authorized Users can utilize

1. Customer Specific Agreement ("CSA") IP Application Hosting
2. ICB Contract - Intellipath II Service
3. Facility Construction and Usage Agreement ("FUA")
4. CSA Internet Dedicated Service and Network Access Service

The Verizon ICB Template (#2 above) ICB template will contain:

- The minimum line count required to be maintained in order to retain the pricing agreed to

- The specific termination liability calculation factor.
- The user's termination liability calculation factor is computed as the difference between the ICB rate and the CTS standard rate as of the date the ICB agreement is negotiated.
- The example shown on the template is for illustration purposes only and is to be used to show how termination liability charges will be applied; however, the actual computation will be based on the individual user's specific ICB agreement

Authorized users should review these templates and compare them to any agreements for the listed services that they may enter into during the term of the NYS contract. Additional templates for other contract services are anticipated and they will be posted once they are reviewed and approved by OGS.

NOTE: Authorized Users should always ensure that any agreements signed contain language that “at the end of the agreement the rates will revert to CTS contract rates”. This applies to all contracts issued under Award 20268.

Refer to the **Pricing Section** of the Contract Award Notification (CAN) summary page for a link to the updated price List and the Contractor Information Section for a link to the updated contact information.

All other contract terms and conditions remain unchanged.

Facility Construction and Usage Agreement (U.S. Facilities)

This Facility Construction and Usage Agreement (the "FUA") is made by and between Verizon Business Network Services Inc., on behalf of MCI Communications Services, Inc., d/b/a Verizon Business Services and MCI Legacy Companies, as defined in Section 3.2 below (individually and collectively, "Verizon"), with offices at 22001 Loudoun County Parkway, Ashburn, VA 20147, and _____ ("Customer"), with offices at _____ (collectively, the "Parties"). The references below to Appendix B mean the New York State Office of General Services Appendix B, General Specifications. The Related Services referred to below are being purchased under the Comprehensive Telecommunications Services Agreement with the State of New York, Contract No. PS63765, Group No. 77017, Award No. 20268, the "Service Agreement".

1. Service Terms and Conditions

- 1.1. In order to provide certain data, public IP and/or voice services that Customer may request from Verizon (collectively the "Related Services"), Verizon has determined that it must construct, configure or install necessary facilities and/or equipment, including, if applicable, fiber optic cabling, hereinafter collectively Facilities ("Facilities") from its network to Customer's U.S. premises ("Locations") listed in Attachment A (or other Attachments added hereto by duly executed Amendment, collectively referred to herein as the "Attachment(s)") and incorporated herein by this reference. Such construction will be pursuant to the Terms and Conditions set out herein.
- 1.2. In consideration of Verizon's capital expenditure to construct, configure and/or install the Facilities at Customer's Location(s), as well as allowing Customer to use the Facilities to the extent permitted by this FUA, Customer agrees to minimum term and volume commitments for such Location(s), which are set forth in Attachment A or other Attachments, hereinafter known as "Minimum Term" and "Volume Commitment". Such construction, configuration and installation shall hereinafter be referred to as "Build-Out". This FUA does not establish terms and conditions of the Related Services. Customer shall purchase Related Services pursuant to the "Service Agreement, which will include the rates, terms and conditions of Related Services.
- 1.3. This FUA is binding upon execution by both parties ("Effective Date). The "Term" of this FUA will begin on the Effective Date, and will continue until Customer has satisfied all Location Subminimums, as defined below.

2. **Facilities**. Customer understands and agrees that the Facilities are and remain the sole property of Verizon and nothing herein will be construed to convey to Customer any rights or privileges to the Facilities either directly or indirectly through Customer's commitment. Customer understands and agrees that construction of the Facilities is dependent upon Customer securing the right for Verizon to install, operate and maintain its equipment within the private property at the Location, including obtaining all necessary approvals from the Location owner or lessor. If Customer is unable to secure such approvals, this FUA and Customer's Order for Related Services purchased under the Service Agreement are null and void. Verizon is responsible for obtaining all necessary permits, easements and rights of way for those portions of the Facilities located on public property. At Verizon's reasonable discretion, Customer may be required to sign a colocation agreement with Verizon (or Verizon's affiliate) which will provide the terms and conditions for colocation of Verizon network equipment and facilities at the Location.

3. Location Subminimums

- 3.1 At each Location, Customer guarantees minimum Local Usage Charges (Volume Commitment) for the Minimum Term as set forth on Attachment A or subsequent Attachment hereto (the "Location Subminimum(s)"). "Local Usage Charges" means Customer's recurring charges, net of discounts and credits, for MCI Legacy Company-provided local exchange services,

dedicated internet access, Metro Private Line, and/or local or network access services provided by such MCI Legacy Company pursuant to a current and effective Service Agreement but excludes: (i) Taxes, as defined in the Service Agreement; (ii) charges for equipment and data center services, unless otherwise expressly provided herein; (iii) charges incurred where Verizon or an Verizon affiliate acts as agent for Customer in the acquisition of goods or services; (iv) non-recurring charges; (v) Governmental Charges, as defined in the Service Agreement; (vi) charges for any services at the Location(s) that are already installed on the Location Start Date; and (vii) other charges expressly excluded by this FUA. For purposes hereof, the "Location Start Date" for each Location is the date on which the Location is "lit" and ready to utilize the Services.

- 3.2 "MCI Legacy Company," as used above, means the following Verizon entities (only Related Services provided by these entities may contribute to Location Subminimums hereunder): MCI Communications Services, Inc. d/b/a Verizon Business Services; MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services; MCImetro Access Transmission Services of Virginia, Inc. d/b/a Verizon Access Transmission Services of Virginia.; or MCImetro Access Transmission Services of Massachusetts, Inc. d/b/a Verizon Access Transmission Services of Massachusetts.
- 3.3 If, in any monthly billing period, commencing with the Location Start Date, Customer's Usage Charges at an applicable Location are less than the Location Subminimum, then Customer will pay an underutilization charge equal to the difference between the Location Subminimum and Customer's Usage Charges at the Location during such monthly billing period.
- 3.4 In addition to the Volume Commitment for the Minimum Term, Customer agrees to pay the Build Out Charge listed on Attachment A in accordance with the payment terms of the Service Agreement, subject to any late payment charges as provided under the Service Agreement.
4. **Failure to Complete Build-Out:** Verizon will make commercially reasonable efforts to obtain all required public permits, easements and rights of way. However, unless otherwise stipulated in Attachment A or subsequent Attachment, Verizon does not guarantee that it will be able to obtain such permits, easements or rights of way, or that any specific Location build-out will be completed, or completed within a certain time period, and any delay or failure by Verizon with respect thereto shall not be deemed Cause for termination by Customer under Section 5. This provision is not intended to limit the Customer's right to terminate as set forth in the Service Agreement.
5. **Termination of Build-Out Prior to Completion**
 - 5.1 In the event that (a) Customer elects to permanently discontinue a Build-Out prior to its completion, other than for Cause, Customer will pay Verizon a charge equal to Verizon's reasonable costs incurred relating to the Build-Out in accordance with the payment terms set forth in the Service Agreement, notwithstanding the right to terminate for convenience otherwise specified in Appendix B, Section 60.b. Customer agrees that the reasonable costs incurred related to the Build-Out shall be deemed to be "accrued but unpaid charges" under Appendix B, Section 60.b, that shall be paid upon such termination.
 - 5.2 As used above, "Cause" means:
 - 5.2.1 A failure of either party to perform a material obligation under this FUA which is not remedied within thirty (30) days after receipt of written notice thereof, except that with respect to payment of invoices under this FUA, "Cause" means Customer's failure to pay any invoice (excluding bona fide, documented disputed amounts) in accordance with the payment terms set forth in the Service Agreement, which failure has not been cured within 10 days of receiving written notice of the failure to pay; or

5.2.2 A material, uncured breach of the Service Agreement by either party, resulting in termination thereof under the termination for Cause provisions thereof.

6. **Termination Of FUA after Completion of Build-Out.** Notwithstanding any language in this FUA or the Service Agreement to the contrary, if following completion of the build-out (i) Customer terminates this FUA for any reason, other than its termination of the Service Agreement for Cause, as defined therein, or (ii) Verizon terminates this FUA for Cause, then Customer will pay, in addition to all accrued but unpaid charges through the date of such termination, an early termination charge equal to the aggregate of the Location Subminimums (and a pro rata portion thereof for any partial monthly billing period) that would have been applicable for the remaining unexpired portion of the Minimum Term as set forth in the applicable attachment.
7. **Disclaimer of Warranties.** EXCEPT AS OTHERWISE EXPRESSLY PROVIDED IN STATE OF NEW YORK OFFICE OF GENERAL SERVICES APPENDIX B, SECTION 72.h VERIZON MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, AS TO THE BUILD-OUT OF FACILITIES TO ANY OF THE LOCATIONS. EXCEPT TO THE EXTENT INCONSISTENT WITH APPENDIX B SECTION 72 OF THE SERVICE AGREEMENT, VERIZON SPECIFICALLY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NONINFRINGEMENT OF THIRD PARTY RIGHTS, OR ANY WARRANTIES ARISING FROM A COURSE OF DEALING, USAGE OR TRADE PRACTICE.
8. **Limitation Of Liability.** Verizon's total liability to Customer in connection with the build-out of the Location(s) under this FUA is limited to amounts specified in Appendix B, Section 76.
9. **General Provisions.**
- 9.1 **Charges and Payment.** Customer agrees to pay all Verizon charges owed under this FUA in accordance with Appendix B, Sections 62 and 64.
- 9.4 **Use of Service Marks and Trademarks.** Neither Verizon nor Customer shall: (a) use any service mark or trademark of the other party; or (b) refer to the other party in connection with any advertising, promotion, press release or publication unless it obtains the other party's prior written approval. In the case of such approval, Verizon shall follow the procedure set forth in Appendix B, Section 20.
- 9.5 **Notice.** All notices, requests, or other communications (excluding invoices) hereunder must be in writing and transmitted via overnight courier, electronic mail, hand delivery, or certified or registered mail, postage prepaid and return receipt requested to the Customer at the address provided on Page 1 of this FUA, and to Verizon at the addresses below, unless otherwise stated in the FUA^[MR1].

Locations - Location Subminimums

1. **Location**

[STREET ADDRESS]
[CITY, STATE, ZIP]

2. **Description of Build.** The Verizon Facilities at the above Location shall provide for a [single/dual] entrance and consist of ____ bandwidth.

3. **Length of Usage Commitment (Minimum Term)**

() months

4. **Location Subminimum (Volume Commitment)**

Dollars (\$) per monthly billing period

5. **New Build Out Charge:**

\$ _____

6. **[OPTIONAL – REQUIRES MIGRATION OF SPECIFIC EXISTING CIRCUITS TO LIT FACILITY. REMOVE IF THERE ARE NO ACCESS SAVINGS CONTRIBUTING TO SUBMINIMUM]**

Access Savings: Notwithstanding anything within this Agreement to the contrary, “Access Savings” of \$ _____ as calculated by Verizon, will contribute toward the satisfaction of the Location Subminimum, provided that Customer agrees to allow Verizon to migrate existing circuits to Verizon fiber, once the building is lit, pursuant to a mutually agreeable plan for such migration. Access Savings are the LEC local access charges that, but for the build-out contemplated by this Agreement, would have been incurred for Customer’s existing circuits specified below. Cancellation of such circuits without replacement with similar or upgraded Verizon Services may require an adjustment to the monthly Access Savings figure.

7. **[OPTIONAL—MOVE CHARGE TO MOVE EXISTING CIRCUITS TO THE NEW FACILITY MAY APPLY, AS STATED BELOW]**

\$ _____

**NYS OGS Comprehensive Telecommunications Services PS63765
(Customer Specific Agreement) ("CSA")
(Internet Dedicated Service and Network Access Service)**

Customer:
Address:
Account number:
NYS OGS CTS Custom Quote number:

1. Services. Verizon will provide the Services (defined as both the Internet Dedicated Service and Network Access Service as a bundled Service) as set forth below in the section entitled "Special Pricing; Monthly Recurring Charges and Non Recurring Charges."

2. Term and Survival. The "Service Activation Date" for Service ordered hereunder will be the date the Internet Dedicated Service is available to route IP packets at Customer's site. The applicable rates and charges shall be effective either: (a) on the Service Activation Date if Customer does not receive such Services prior to the execution of this CSA; or (b) otherwise, on the first day of the second full billing cycle following execution and delivery of this CSA by Customer to Verizon ("Effective Date"). The "Term" begins upon the Effective Date and expires upon the completion of thirty-six (36) months. If, prior to such expiration, the Customer has not terminated this CSA by written notification to Verizon or executed a new CSA, the Service will continue on a month to month basis at the rates, terms and conditions set forth in NYS OGS Comprehensive Telecommunications Services Contract #PS63765 (the "CTS Agreement") until (i) either party terminates the Service as set forth in the CTS Agreement; or (ii) the Parties execute a new CSA. *

3. CSA Special Pricing. Customer will not be eligible to receive any other additional discounts, promotions and/or credits (Tariffed or otherwise). The rates and charges set forth in this CSA do not include Taxes, Surcharges and Fee charges (as set forth in the CTS Agreement). Any additional components or services not identified below will be provided at the rates, terms and conditions of the CTS Agreement.

(a) Customer will pay the following monthly recurring charges ("MRC"), which are fixed for the Term of this CSA and the non-recurring charges ("NRC") for **Internet Dedicated Services** in the contiguous U.S. ("Internet Dedicated Service"), as set forth below. Additional charges apply for Network Access Service as set forth in section (b) below. Installation may be scheduled between the hours of 8AM and 7PM ET Monday through Friday (excluding holidays).

<i>Internet Dedicated Service Type</i>	<i>MRC per Unit</i>	<i>NRC per Unit</i>

(b) Customer will pay the following MRCs which are fixed for the Term of this CSA and the NRCs for **Network Access Services**.

<i>Circuit Type</i>	<i>CLLI Code</i>	<i>MRC per Unit</i>	<i>NRC per Unit</i>

(c) **Total MRC and NRC per Unit:**

MRC: \$ _____
NRC: \$ _____

(d) DRAFTER's NOTE: If optional features, such as Burstable Select, are included in the Approval Note, add charges appropriately.]

* It is the responsibility of the Authorized User to notify Verizon if the Authorized User wishes to execute a new CSA; Verizon will not notify the Authorized User.

4. Termination. If Customer terminates any portion of the Service prior to the expiration of the Term, Customer will pay to Verizon termination charges as follows: (i) the difference between the then current MRC CTS Agreement rates in effect at the time of termination and the CSA special pricing rates stated in Section 3 above for the terminated Service, multiplied by the number of months from the Effective Date to the date of termination; plus (ii) the difference between the then current NRC CTS Agreement rates in effect at the time of termination and the CSA special pricing rates stated in Section 3 above for the terminated Service.

For illustration purposes only, the following example illustrates how termination charges would be calculated in the event a customer terminated a CSA in the seventh (7th) month of the Term:

If the CSA charges are as follows:

Service Element	MRC per Unit	NRC per Unit
IDE Port	\$3,253.25	\$1,000.00
Access	\$1,368.00	\$100.00

If the CTS Agreement charges are as follows*:

Service Element	MRC per Unit	NRC per Unit
IDE Port	\$3,253.25	\$1,800.00
Access	\$3,700.00	\$200.00

* CTS Agreement charges are subject to change and shall be determined as of the date of termination.

Termination charges:

Service Element	Quantity of Terminated Service	Difference between CTS Agreement MRC and CSA MRC	Total MRC Difference	Difference between CTS Agreement NRC and CSA NRC	Total NRC Difference
IDE Port	2	\$0.00	\$0.00 ¹	\$800.00	\$1,600.00 ²
Access	2	\$2,332.00	\$4,664.00 ¹	\$100.00	\$200.00 ²

Total termination charges: Pursuant to this example, if customer terminates the CSA in month 7 of the Term, Customer will pay to Verizon a Termination Liability charge equal to \$4,664.00 (\$4,664.00¹ + \$0.00) x 7 months = \$32,648 + \$1,800.00 (\$1,600.00² + \$200.00²) = Total termination charges of \$34,448.00

Except as provided herein, all the other terms and conditions remain in effect as stated in the CTS Agreement. Also except as provided herein this CSA does not supersede the CTS Agreement and in all other aspects the terms and conditions of the CTS Agreement shall control.

Agreed and accepted:

**NYS OGS Comprehensive Telecommunications Services PS63765
(ICB Contract)**

Customer:
Address:
Account number:
NYS OGS CTS Custom Quote number:

Service Description:

<u>Service</u>	<u>Initial Quantity</u>	<u>Monthly Rate Per Line</u>
Intellipath II lines (includes all standard features set forth in applicable tariff)	____*	\$ ____**

Intellipath II optional features included in the above Monthly Line Rate:

- * Includes ____ Analog lines and ____ Digital lines (P-Sets).
- **The Monthly Rate Per Line includes the nonrecurring charges (“NRCs”) for the Initial Quantity. Customer will pay to Verizon the applicable NYS OGS CTS NRCs for any subsequent lines added. In addition, the Monthly Rate Per Line includes the Federal End-User Common Line (“EUCL”) charge and the New York State Centrex Exchange Access (“CEA”) charge. Changes in, or elimination of, the EUCL or CEA charges will not result in a change in the monthly line rate stated above. Further, Customer will pay applicable taxes and any applicable service connection charges, nonrecurring charges and tariff surcharges required under applicable laws or tariffs

The rates herein require that all local exchange usage for the Service will be carried by Verizon.

Service Period: For _____ (____) months following the execution of this ICB Contract, installation of the Service (if not previously installed and cutover), and receipt of all necessary regulatory and other governmental approvals that may be required prior to the provision of such Services (“Commencement Date”).

Termination Liability Charges: Customer will be allowed to decrease the number of lines in service to xxx lines without incurring termination liability charges (“Minimum Number of Lines”). If Customer terminates Service below the Minimum Number of Lines prior to the expiration of the Service Period, Customer will pay to Verizon the applicable amount specified in the chart below (“Termination Liability Calculation Factor”) for each terminated line below the Minimum Number of Lines, multiplied by the number of months that have passed since the Commencement Date (“Termination Liability Charge”). The Termination Liability Charge is in compliance with Contract #PS63765.

Number of Lines in Service	Termination Liability Calculation Factor

In addition, all remaining lines in Service will revert to the standard rates for the Service set forth in Contract #PS63765 until (i) the parties execute a new ICB Contract; or (ii) Customer terminates the Service as set forth in Contract #PS63765.

For illustration purposes only,

Customer Initial Quantity:	500 lines
Minimum Number of Lines:	400 lines
In 10 th Month of Service Period, Customer Decreases Quantity to:	360 lines
Termination Liability Calculation Factor:	\$5.87

Total termination charges: Customer will pay to Verizon a Termination Liability charge equal to 40 (400 – 360) x 10 months x \$5.87 = \$2,348.00.

Service Continuation: (i) If, at the time of expiration of the Service Period, a new agreement or tariffed service arrangement with Verizon for the Services is not effective and Customer has not requested, in writing, disconnection of the Services, then the Services will be reverted to the applicable monthly rates based upon number of lines in Service set forth in Contract #PS63765. The rates, terms and conditions of Contract #PS63765 will govern the service arrangement prospectively. If Contract #PS63765 no longer exists, then the Service will be subject to disconnection upon the expiration of the Service Period of this ICB Contract. If, upon expiration of the Service Period, there is a delay in reverting rates to the rates in Contract #PS63765, or in disconnecting the Services if Contract #PS63765 is no longer in effect, the Service Period shall be deemed temporarily extended on a month-to-month basis until such reversion of rates or disconnection of Services is completed. In no event, however, will such temporary extension of the Service Period continue more than twelve months after the expiration of the initial Service Period. (ii) If Customer indicates to Verizon in writing that it desires to negotiate a new contract or tariffed service arrangement to continue or replace the Services provided for herein, the Service Period shall automatically be extended for a period not to exceed 60 days from the end of the initial Service Period to allow the parties to finalize a new agreement or to transition to a tariffed service arrangement. Written notice must be provided by Customer at least 30 days prior to the end of the initial Service Period. For purposes of this paragraph only, written notice may be by facsimile or electronic mail.

Assigned Numbers: Customers are required to keep 50% or more of their assigned numbers working at all times in order to retain assignment of their entire block of numbers. Verizon will notify Customer annually if their number of working numbers drops below 50% of their assigned numbers so that action can be initiated by Customer to increase their number of assigned numbers working or by Verizon to reclaim numbers. Numbers shall be considered working if they provide dial tone for a minimum of 90 nonconsecutive days during each calendar year in which they are assigned to Customer.

Additional Lines and Features: Upon written request, Customer may subscribe to additional lines of Service at the Locations identified below or at additional locations during the Service Period. Provided Verizon has suitable facilities available to provide such additional Service at costs substantially similar to the cost to provide the Service initially requested herein, Verizon will provide such Service at the same Monthly Rate per Line hereunder, and in no case will the line rate exceed the standard NYS OGS CTS line rate, plus tariffed installation charges, and no written amendment to this ICB Contract will be necessary. If a different Monthly Rate per Line is required by Verizon, then Verizon will determine the applicable rate and present it to Customer for its consideration. In no case will a different line rate, if required, exceed the standard CTS line rate. Verizon shall not be required to provide any such additional Services until and unless both parties mutually agree to any such different Monthly Rate per Line via an amendment to this ICB Contract. The Service Period for all such additional lines of Service, or additional services or features, shall be coterminous with the Service Period set forth herein unless otherwise agreed in writing.

Locations: Service shall be provided to Customer at the following locations. Other Customer locations may be added to this ICB Contract only upon mutual written agreement of the parties.

Except as provided herein, all the other terms and conditions remain as stated in NYS OGS Comprehensive Telecommunications Services Agreement, Contract #PS63765. This agreement does not supercede the CTS contract and in all other aspects the terms and conditions of that contract control.

**NYS OGS Comprehensive Telecommunications Services PS63765
(Customer Specific Agreement) (“CSA”)
(IP Application Hosting)**

Customer:
Address:
Account number:
NYS OGS CTS Custom Quote number:

1. Services. Verizon will provide the Services as set forth below in the section entitled “CSA Special Pricing.”

2. Term and Survival. The “Operational Date” for Service ordered hereunder will be the date that Verizon provides access codes to Customer. The applicable rates and charges shall be effective either: (a) on the Operational Date if Customer does not receive such Services prior to the execution of this CSA; or (b) otherwise, on the first day of the second full billing cycle following execution and delivery of this CSA by Customer to Verizon (“Effective Date”). To the extent that there is more than one Operational Date for the Services, the applicable rates and charges will begin accruing on the related service specific Operational Date. The "Term" begins upon the Effective Date and expires upon the completion of _____() months. If, prior to such expiration, the Customer has not terminated this CSA by written notification to Verizon or executed a new CSA, the Service will continue on a month to month basis at the rates, terms and conditions set forth in NYS OGS Comprehensive Telecommunications Services Contract #PS63765 (the “CTS Agreement”) until (i) either party terminates the Service as set forth in the CTS Agreement; or (ii) the Parties execute a new CSA. It is the responsibility of the Customer to notify Verizon if the Customer wishes to terminate Service at the expiration of the Term or wishes to execute a new CSA. Verizon will not notify the Customer of the expiration of the term.

3. CSA Special Pricing. Customer will not be eligible to receive any other additional discounts, promotions and/or credits (Tariffed or otherwise). The rates and charges set forth in this CSA do not include Taxes, Surcharges and Fee charges (as set forth in the CTS Agreement). Any additional components or services not identified below will be provided at the rates, terms and conditions provided for in CTS Contract #PS63765.

- (a) Customer will pay the following monthly recurring charges ("MRC"), which are fixed for the Term of this CSA and the non-recurring charges (“NRC”) for **IP Application Hosting Services** in the contiguous U.S. (“Service”), as set forth below. Additionally, Customer is responsible for charges for any non-standard support services, such services to be billed at the hourly rate of \$_____.

<i>IP Application Hosting Services</i>	<i>MRC</i>	<i>NRC</i>	<i>Service ID*</i>
TOTAL			

* For internal Verizon order entry purposes only.

(b) **Total MRC and NRC:**
MRC: _____
NRC: _____

4. Termination. If Customer terminates the Service or any portion of the Service prior to the expiration of the Term, Customer will pay to Verizon termination charges as follows: (i) the difference between the then current MRC CTS Agreement rates in effect at the time of termination and the CSA MRC special pricing rates stated in Section 3 above for the terminated Service, multiplied by the number of months from the Effective Date to the date of termination; plus (ii) the difference between the then current NRC CTS Agreement rates in effect at the time of termination and the CSA NRC special pricing rates stated in Section 3 above for the terminated Service.

For illustration purposes only, the following example illustrates how termination charges would be calculated in the event a customer terminated a CSA in the seventh (7th) month of the Term:

If the CSA charges are as follows

Service Element	Total MRC	Total NRC
IP Application Hosting	\$9,648.49	\$17,549.10

If the CTS Agreement charges are as follows*:

Service Element	Total MRC	Total NRC
IP Application Hosting	\$14,747.00	\$20,646.00

* CTS Agreement charges are subject to change and shall be determined as of the date of termination.

Termination charges:

Service Element	Difference between CTS Agreement Total MRC and CSA Total MRC	Difference between CTS Agreement Total NRC and CSA Total NRC
IP Application Hosting	\$5,098.51	\$3,096.90

Total termination charges: Pursuant to this example, if customer terminates the CSA in month 7 of the Term, Customer will pay to Verizon a Termination Charge equal to $\$5,098.51 \times 7 \text{ months} + \$3,096.90 = \$35,689.57 + \$3,096.90 = \$38,786.47$ (Total Termination Charge).

5. Additional Terms and Conditions. This CSA incorporates the following Addendum:
IPH Microsoft Software Addendum

Except as provided herein, all other terms and conditions of the CTS Agreement remain in full force and effect. Also, except as provided herein, this CSA does not supersede the CTS Agreement and in all other aspects the terms and conditions of the CTS Agreement shall control.

Agreed and Accepted:

_____ (“Customer”)

VERIZON BUSINESS NETWORK SERVICES INC., on behalf of MCI Communications Services, Inc.

IPH Microsoft Software Addendum

1. Definitions.

Definition	Meaning
Client Software	Software that allows a Device to access or utilize the services or functionality provided by the Server Software
Device	A computer, workstation, terminal, handheld PC, pager, telephone, personal digital assistant, "smart phone," or other electronic device.
Server Software	Software that provides services or functionality on a computer acting as a server.

2. **Ownership of Microsoft Products.** The Software Products are licensed to Verizon from an affiliate of the Microsoft Corporation ("Microsoft"). All title and intellectual property rights in and to the Software Products (and the constituent elements thereof, including but not limited to any images, photographs, animations, video audio, music, text, and "applets" incorporated into the Software Products) are owned by Microsoft or its suppliers. The Software Products are protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. Customer's possession, access, or use of the Software Products does not transfer any ownership of the Software Products or any intellectual property rights to Customer.
3. **Use of Client Software.** Customer may use the Client Software installed on Customer's Devices by Verizon only in accordance with the instructions, and only in connection with the services, provided to Customer by Verizon.
4. **Copies of Client Software.** Customer may not make any copies of the Software Products; except for 1 copy of Client Software on Customer's Device. Customer must erase or destroy all such Client Software upon termination or cancellation of Customer's agreement with Verizon, upon notice from Verizon or upon transfer of Customer's Device to another person or entity, whichever first occurs. Customer may not copy any printed materials accompanying the Software Products.
5. **Limitations on Reverse Engineering, Decompilation and Disassembly.** Customer may not reverse engineer, decompile, or disassemble the Software Products, except and only to the extent that applicable law, notwithstanding this limitation expressly permits such activity.
6. **No Rental.** Customer may not rent, lease, lend, pledge or directly or indirectly transfer or distribute the Software Products to any third party, and Customer may not permit any third party to have access to and/or use the functionality of the Software Products.
7. **Termination.** Without prejudice in any other rights, Verizon may terminate Customer's rights to use the Software Products if Customer fails to comply with the terms and conditions of this Addendum. In the event of termination or cancellation, Customer must stop using and/or accessing the Software Products, and destroy all copies of the Software Products and all of its component parts.
8. **No Warranties, Liabilities or Remedies by Microsoft.** ANY WARRANTIES, LIABILITY FOR DAMAGES AND REMEDIES, IF ANY, ARE PROVIDED SOLELY BY VERIZON AND NOT BY MICROSOFT OR ITS AFFILIATES OR SUBSIDIARIES. FOR THE AVOIDANCE OF DOUBT, THE SOFTWARE PRODUCTS ARE NOT "PRODUCTS" UNDER APPENDIX B OF THE CTS CONTRACT #PS63765 ("APPENDIX B") BECAUSE SUCH SOFTWARE PRODUCTS ARE NOT A DELIVERABLE UNDER THE CTS CONTRACT #PS63765. THEREFORE, SECTION 72 OF APPENDIX B SHALL NOT APPLY. NOTWITHSTANDING THE FOREGOING, THE CUSTOMER RETAINS ALL REMEDIES AVAILABLE UNDER APPENDIX B IN CONNECTION WITH THE SERVICE.
9. **Product Support.** Any product support for the Software Products is provided to Customer by Verizon and is not provided by Microsoft or its affiliates or subsidiaries, provided that, Customer may request Verizon to engage Microsoft to provide support and Verizon may in its sole discretion engage Microsoft to provide support.
10. **Not Fault Tolerant.** THE SOFTWARE PRODUCTS MAY CONTAIN TECHNOLOGY THAT IS NOT FAULT TOLERANT AND IS NOT DESIGNED, MANUFACTURED, OR INTENDED FOR USE IN ENVIRONMENTS OR APPLICATIONS IN WHICH THE FAILURE OF THE SOFTWARE PRODUCTS COULD LEAD TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL, PROPERTY OR ENVIRONMENTAL DAMAGE.
11. **Export Restrictions.** The Software Products are of U.S. origin for purposes of U.S. export control laws. Customer agrees to comply with all applicable laws and regulations including international and national laws

that apply to the Software Products. Customer will, and will ensure that users of Software Products will, comply with all laws and regulations including without limitation: (i) local license or permit requirements; and (ii) applicable export, import and customs laws and regulations. Notwithstanding the foregoing, Verizon does not make any representation as to whether any necessary regulatory approvals will in fact be granted.

12. Liability for Breach. In addition to any liability Customer may have to Verizon, Customer agrees that Customer will be legally responsible directly to Microsoft for any breach of the terms and conditions of this Addendum.

SUBJECT: Additional information regarding the OFT Plan to Purchase Policy (PTP)

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Recently OGS has received inquiries as to when Authorized Contract Users must contact OFT for permission to acquire equipment or services via New York State Contracts. There are two tests:

1. Is the service one that is offered by OFT as an enterprise service?
2. Is the dollar value of the planned purchase \$50,000 or less

The answer to these questions will determine your course of action. The PTP policy, a link to OFT and a list of covered services provided by OFT are listed below.

CIO/OFT PLAN TO PURCHASE POLICY

- All New York State agencies must notify the Chief Information Officer/Office for Technology (CIO/OFT) of **any purchases of technology that meet the stated thresholds (equal to or greater than \$50,000) and technology-related materials, services or otherwise, as stated in Technology Policy NYS-P08-001.**

The purpose of such notification is threefold:

1. To ensure CIO/OFT has a working knowledge of what technology is being purchased by New York State.
2. To coordinate purchases, whenever possible, among agencies.
3. To ensure the compatibility of technology acquisitions on a statewide basis.

State agencies must submit a PTP to acquire any technology and technology-related products or services meeting the following guidelines:

- Any technology goods or services, i.e., hardware, software and related services equal to or greater than \$50,000; or
- Any aggregate commodity contract or any enterprise/universal licensing contract purchase regardless of dollar amount; or
- Any exception to an aggregate or enterprise contract regardless of dollar amount.

OFT Approval Required

LOT 1 - Voice Services

- All service involving OFT Centralized Telecommunications Systems
- Local Exchange Service
- Centrex Service
- VoIP Service

LOT 2 - Connectivity Services

- All Service involving connectivity to the NYeNet
- Private Line Data Service
- Frame Relay Service
- ATM Service
- SONET Service
- Ethernet Service

LOT 3 - Managed Services

- Internet Access Service
- Audio Teleconferencing
- MPLS

OFT Approval Not Required

LOT 1 - Voice Services

- Long Distance Service
- Toll-Free Service
- Calling Card Service
- Directory Assistance

LOT 2 - Connectivity Services

- Switched 56kbps Service
- ISDN Service
- xDSL Service
- Broadband Cable Service
- Fixed Wireless Service **

LOT 3 - Managed Services

- Internet Hosting Service
- Video Conferencing Service
- Interactive Voice Response
- Co-Location
- Student Re-Sale
- Mobile Wireless **

**Additionally contract users must adhere to NYS Technology Policy P03-003, Required Notification of Actions Involving Wireless Communications Infrastructure.

For additional information about the CIO/OFT's PTP process, please visit their website at:

CONTRACTOR: At&t
CONTRACT NO(S): PS63306

SUBJECT: Billing Dispute Process for Underutilization Charged Credits

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

In a prior Purchasing Memo, dated February 10, 2009, Authorized Users were informed of how to request a credit of the T-1 Underutilization charges imposed by AT&T for the months of March, April, May and/or June 2008.

AT&T recently reviewed the accounts of all affected authorized users to ensure that they were set up with a profile which would allow them to file for T-1 Underutilization credits. **AT&T has also streamlined the process for requesting these credits.** The following e-mail has been, or will be sent to all affected authorized users:

You are entitled to a credit for the Mar-June 2008 T1 Underutilization Charge that appeared on your Oct/Nov 2008 OneNet account invoice. Attached are instructions on how to initiate a dispute using the AT&T Business Direct system. We have streamlined the process to make it easier for you to make a request and navigate the system using the Initiate Bill & Account Inquiries tool.

If you have any questions, please feel free to contact:

Catherine McCann
AT&T Billing Service Manager
Office Phone: 860-947-7431
Cell Phone: 860-331-7036
E-mail: cm8291@att.com

-or-

Karen M. Jubic
AT&T Service Executive - State of New York
518-437-3311
518-437-3245 (fax)
800-227-6021 x3311
kmjubic@att.com

The following instructions outline the streamlined process for requesting credits of the T-1 Underutilization Charges:

[THE STEP BY STEP TO PROCESS FOR AN AT&T BILLING DISPUTE:](#)

Step 1:

Log on to Business Direct / <https://www.businessdirect.att.com/portal/index.jsp>

Step 2:

From the tools applications select –

Initiate Bill & Account Inquiries application.

Step 3.

From the **Billing & Account Inquiry Screen,**

* Select type of service –

* Select OneNet

* Select - **Billing Claims & Credit Request.**

-From the drop down menu –

* Select **Charges Dispute**

- Enter your account number

(no need to enter the contract number.....)

Reason for Credit Request: **Charges Dispute**

Account Number

AT&T Contract Number, if known:

***Click continue.....**

Charges Information

*Select charge type – **Other charges**

Charge Type: Other Charges

Type in your invoice date & disputes amount (as shown in the example below)

Invoice Date (mm/dd/yyyy)

Amount in Dispute(\$):

10/01/2008	\$285.00

Number of Additional Entries (available if you need additional lines)

Total Amount of Credit Request(\$):

Routing Code: **GMSYORB** **(PLEASE MAKE SURE TO INCLUDE YOUR ROUTING CODE)**

Description Name for View
History List: (not necessary to fill it)

Credit Request Description: Please provide specific details about your request

This credit is for a shortfall penalty for t1 utilization on our OneNet account # for Mar 2008 –Jun 2008. Please credit in the amount of \$XXX.00

Click continue.....

Please enter your contact information including ...Company name, your name, phone and email address....

Click continue.....

Your request will be summarized, please review information and if satisfied...click submit. Your new tracking number will be displayed – please note this tracking # if you need to call 888-342-5697, prompt 2 regarding status.

Process takes approximately, 5-7 minutes and once completed credits will appear in 1 to 2 billing cycles.

OGS encourages all AT&T customers to file for T-1 Underutilization credits. The process can be completed in a matter of minutes and may result in significant credits. The credits take approximately 2 billing cycles to post to your account. If you have any questions about these credits or the process for requesting the same please contact OGS and/or the AT&T representatives listed above.

All other contract terms and conditions remain unchanged.

CONTRACTOR(S): ALL
CONTRACT NO(S): ALL

SUBJECT: Miscellaneous Service or Installation Agreements

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

In order to provide services that Authorized Users may request under contract award 20268, Contractors may determine that they need to undertake certain installations and ask Authorized Users to enter into an agreement for the same. Those agreements may offer more advantageous pricing or reduced charges for required installations, and may include time commitment requirements or provide for prorated termination charges in the event that service is terminated prior to the agreed upon service period.

Authorized Users are advised to read these agreements carefully prior to execution. These agreements must include:

- Language which states that in the event the agreement is cancelled or expires, rates will revert to the rates in effect under contract award 20268 at the time the agreement is cancelled or expires
- A schedule showing the amount of the prorated charges in the event there is early termination
- State that the agreement in no way diminishes the rights afforded under contract award 20268

Authorized Users are advised to have their legal staff review any agreements prior to signing. Any questions should be directed to the OGS contract administrator of the NYS contract that pertains to the service in question.

All other contract terms and conditions remain unchanged.

CONTRACTOR: AT&T
CONTRACT NO(S): PS63306

SUBJECT: Credit for Underutilization Charges

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

OGS previously issued a Purchase Memorandum advising effected authorized users of the above referenced contract that they would receive invoices for past due charges for T-1 Underutilization. There was a discussion with AT&T regarding the months to be charged and the process for obtaining credits for any charges paid for the months of March, April, May and June 2008.

AT&T has advised OGS that the following procedures need to be followed to receive the credit for previously billed underutilization charges for the months of March, April, May and June 2008.

DISPUTE PROCESS FOR SHORTFALL PENALTY OF UNDERUTILIZED T1'S

In regards to the billing disputes of the \$285.00 penalty for underutilized T1's, there is a process that needs to be followed. In order to get the 4 months credit (Mar, Apr, May and Jun 2008). The authorized end-user **MUST** enter the dispute through [BusinessDirect](#) to receive the adjustments.

Once the dispute has been entered, the Care Center will process the adjustment(s) and the amounts will appear within 1-3 billing cycles.

*If access is required to BusinessDirect, the request form below will need to be filled out to establish a profile.

BUSINESS DIRECT ENROLLMENT

- First, Last Name -
- Job Title -
- Email address:
- Work Address (Street, City, State, ZIP)

Users Time Zone -

- Is Daylight Savings Time Observed
- Work Hours/Contact Time -
- Phone -
- Fax -
- Select a Security Question and Provide the Answer:

- What is your mother's maiden name?
- What is your city of birth?
- Who is your favorite author?
- What is the name of your first born or sibling?
- What is the full name of your high school?

Once the form has been filled out, please send via email to: kj5195@att.com or cm8291@att.com

Steps to enter dispute:

1. Once the account is accessed in BusinessDirect and you locate the amount in dispute, position your mouse over the blue arrow next to the charge. A pop-up menu appears
2. Select **Create Dispute**.
3. On Create Dispute screen; you will need to:
 - a. Enter the disputed amount.
 - b. Select the reason from the drop down menu.
 - c. Describe the dispute in words.
 - d. Click Add to List
4. On the Summary of disputes, you will need to:
 - a. Enter your identifying information in the fields on left.
 - b. Check the Box and click Submit Disputes.
5. On Dispute Confirmation
 - a. Note that your dispute has been successfully submitted
 - b. You can use the tracking number to follow the progress of dispute resolution.

***If considering removing the service; before requesting a disconnect, please reach out to the AT&T account team; (contact info below) to discuss other alternative service options.**

- Sheila Gibson Telephone: 518 437-3234
- Tara Weitz Telehone: 914 397-5427

Disconnect Process:

If you choose to disconnect a circuit (T1) please follow the below process in order for the circuit to be removed from your records appropriately.

1. Determine which service will not be reused anywhere else (will not be changed to another AT&T service) and needs to be totally disconnected.
2. Submit your request in one of the following ways:
 - a. BusinessDirect
 - b. Call the AT&T Disconnect Desk at 1-866-888-DISC(3472)

- c. Email the Disconnect Desk at disconnect@rdsml.ims.att.com
- 3. Prior to submitting your disconnect request; please have the following information available:
 - a. Company Name
 - b. Account Number listed on associated invoice
 - c. Circuit ID
 - d. Contact Name
 - e. E-mail Address
 - f. Contact Numbers-including Phone, Fax and possible wireless
 - g. Best Reach Time

At the time you place your initial disconnect request, you will receive a tracking number to be used as a reference for the specific disconnect request. Within 2 business days, an Ordering Specialist will contact you to verify and complete the request. The Order Specialist may require additional service specific information and an authorization form, requiring signature, to complete the disconnection order. You will need to review the document, sign and RETURN it to us. Once all required information is returned, your standard disconnect interval will begin and you will be quoted the date your billing will stop.

All other terms and conditions remain unchanged.

CONTRACTOR: AT&T
CONTRACT NO.: PS63306

SUBJECT: Disputing Paid T-1 Underutilization Charges For March through June 2008

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

You may have recently paid T-1 Underutilization charges to AT&T for the months of March, April, May or June 2008. Under the terms and conditions of the above referenced contract these charges can not be assessed for the months of March, April, May or June 2008. In the event that these charges have been paid, you will need to use the disputed charges provision of Contract PS63306 to recoup these charges.

Authorized users should contact AT&T directly or use the AT&T Business Direct system to dispute these charges. We have included instructions on how to proceed. They are included at the end of this Purchase Memorandum.

Some background information:

AT&T's Comprehensive Telecommunications Service Contract PS63306 defines underutilization charges for Voice T1's for both In and Outbound usage that falls below \$1,500.00 per month. To that end AT&T will be billing a charge of \$285.00 for T1 Access on voice service that fall below the \$1,500.00 per month usage for OneNet traffic and Toll Free access circuits.

Reasons for disputing charges as indicated above:

- Section VI.5.17 only allows for past charges to be billed back 120 days. Since at&t did not bill timely and the contract only allows for 120 days for billing of past charges. That would mean that underutilization charges could only go back 120 days from the date of the invoice.

- AT&T issued invoices for past charges for T-1 Underutilization as Follows:

The October invoice reflected charges going back to March 2008
The November invoice reflected charges going back to April, May, June and July 2008.
The December Invoice reflected charges going back to August, September, October and November 2008
The amount for each T-1 line is \$285.00 for each Underutilized T-1.
The 2009 invoices will be billed as usage and based on the previous month charges.
(January 2009 invoice reflects the December 2008 usage.)

As such, the March, April, May and June charges are not allowed by the contract, therefore, if you have paid them, you need to dispute them.

All other terms and conditions remain unchanged.

DISPUTE PROCESS AND OTHER INFORMATION

ATTENTION: THE INSTRUCTIONS BELOW NEED TO BE FOLLOWED TO DISPUTE CHARGES INDICATED IN THE INFORMATION ABOVE.

The AT&T BusinessDirect Web Portal

AT&T BusinessDirect is our secure, award-winning Web portal that enables you to perform a variety of network and routine supplier-management tasks. AT&T BusinessDirect Map provides point-and-click management of your AT&T inventory and view of network elements.

The tools allow you to review, analyze, and pay your bills, place orders, check current inventory and more. Powerful performance reporting tools allow you to monitor your AT&T services in real time, including AT&T Managed Services, such as Web hosting.

The AT&T BusinessDirect® Portfolio puts you in control

The AT&T BusinessDirect Portfolio is designed to give you greater control of your communications — at any time and from any place. You'll find it an easier, faster and more reliable way to do business with AT&T. Here are the online tools you'll have access to upon registration:

- **Ordering and Status**
 - Place orders quickly and easily and get status reports on their progress.
- **Billing Capabilities**
 - Review, pay or inquire about your bills.
 - View bill summaries and create customized reports.
- **Trouble Reporting**
 - Create trouble tickets and get status reports automatically.
 - Initiate circuit tests.
 - View toll-free number and circuit inventories.
- **Network Performance**
 - Assess the performance of your network to help you make timely and informed decisions.
 - Analyze call detail and trunk traffic records in real time to assist in revenue generation, cost savings, or increasing your customer satisfaction levels.
- **Network Control**

- Make hands-on routing changes to optimize your toll-free network's performance.
- Assess and reconfigure dedicated voice trunk facilities on demand.
- **AT&T Managed Internet Service**
 - Manage your AT&T **MIS** Service, including DNS records and secondary domain names.
- **Training/Reference/Tutorials**
 - Take full advantage of the AT&T BusinessDirect Portfolio and get answers to many of your questions.
 - Access valuable training and reference guides and brochures.

Your Business Direct Manager, Christine Barnabei at 610-347-2144 (email:cbamabei@att.com), AT&T Service Manager (Karen Jubic) at 518-437-3311 (email:kmjubic@att.com) or your AT&T Account Executive Sheila Gibson 518-437-3234 (email:smgibson@att.com) or Tara Weitz at 914 397 5427 (email:tweitz@att.com) can register you and create a "Company Profile" that includes the AT&T services to which you currently subscribe. Then when you go online, you'll find that many of the entries for the on-screen data fields and drop-down menus in the AT&T BusinessDirect Portal are pre-populated for you.

Upon registering you, Christine, Karen, Sheila or Tara will also will authorize you or someone you designate to serve as the "Company Administrator" who may issue IDs to new users, deactivate the IDs of departing employees and perform other administrative tasks. Having a company administrator onsite eliminates the need to call AT&T with minor administrative matters.

So contact Christine, Karen, Sheila or Tara today and start taking advantage of AT&T's online self-service capabilities.

Attachment D - Disconnect Procedures

Disconnect "Returns Desk"

Change is inevitable...and in business, it can sometimes become a daily occurrence. Whether it's to move an office location or "right-size" a business unit, these changes may require disconnection of communication services. Whatever the reason, AT&T is ready to assist you with four (4) ways to process your request.

To disconnect any* AT&T service, follow these simple steps.

- Determine which service will not be reused anywhere else (will not be changed to another AT&T service) and needs to be totally disconnected.
- Submit your request in one of the following ways:
 1. Business Direct
 2. Call the AT&T Disconnect Desk at 1-866-888-DISC (3472)
 3. Email the Disconnect Desk at disconnect@rdsml.ims.att.com
- Prior to submitting your disconnect order, please have the following information at hand (as applicable to the service you are disconnecting):
 - a. Company Name
 - b. Account Number Listed on Associated Bill
 - c. Circuit ID
 - d. DLCI
 - e. Master Customer Number (MCN)
 - f. Billed Account Number (BAN)
 - g. Contact Name
 - h. E-mail Address
Contact Numbers including Phone, Fax, and possibly Wireless Best Reach
Time
 - k. ALL TOTAL DISCONNECT ORDERS, SHOULD ALSO BE COPIED IN EMAIL TO YOUR AT&T ACCOUNT TEAM REPRESENTATIVE, EITHER SHEILA GIBSON AT smgibson@att.com OR TARA WEITZ AT TARA.WEITZ@ATT.COM.

At the time a state agency or municipality places the initial disconnect request, you will receive a tracking number to be used for any future reference to this order. In 2 business days (by close of business), an Order Specialist will contact you to verify and complete your request. The Order Specialist may require additional service specific information and an authorization form, requiring signature, to complete the disconnection order. Apollo will need to review the document, sign and return it to the Order Specialist. Once all required information is returned, the standard disconnect interval will begin, and Concerto will be quoted the date billing will stop.

(Note: If your request includes multiple services, an Order Specialist for each product will contact you to confirm your request. These multiple contacts, where applicable, will assure that an AT&T representative with expertise in each piece of your service will assist you.)

Attachment E - AT&T Billing Contacts and Escalations

Billing Inquiries should be submitted via BusinessDirect or by contacting the Customer Care inquiry and/or dispute number available on the top of the your invoice use the link below:

<https://www.businessdirect.att.com/bortal/index.isb>

Step	Action
1	Submit the billing inquiry and/or dispute through Business Direct when the service you have contracted is supported by Business Direct https://www.businessdirect.att.com/bortal/index.isb (Business Direct Customer Support Line: (800) 221-0000) or Call the Customer Care number on your invoice to submit an inquiry and/or dispute
2	Escalate through the same method used in step one
3	Contact the Service Manager (SM) or Billing Specialist (BS), but continue to escalate through the same method used in step one

Billing Inquiries/Disputes

Examples Billing inquiries/Disputes:

- Removing disaffiliated lines from your account and adjusting charges billed.
- Fixing about misapplied payments.
- Payment investigations.
- To request refund of a credit balance.
- To transfer a credit balance to one of your other accounts.
- Adding an itemized call detail.
- Bill reprints.

Any specific questions or issues surrounding charges, balances or discounts on your bill

Billing Inquiries for all services other than AT&T Local Services should be submitted using the Business Direct (formerly Interactive Advantage) Platform or emailing them directly to attEcare@rdsmailims.att.com or by calling 1-888 342 5697, prompt 2.

(Note: Billing Inquiries for AT&T Local Services (Local lines that are purchased from AT&T directly vs. Verizon) should be referred to the billing inquiry number located at the top of the invoice, or to Karen Jubic at kirtjubic@att.com)

FOR ALL BILLING INQUIRIES/DISPUTES/ PLEASE INCLUDE A PARAGRAPH DESCRIBING THE NATURE OF THE ISSUE, THE ACCOUNT NUMBER, LINE NUMBER (S) AND ANY OTHER APPLICABLE INFORMATION

THE ROUTING CODE OF GMSYORB MUST BE INCLUDED ON ALL VOICE BILLING INQUIRIES SUBMITTED TO attEcare@rdsmailims.att.com IN ORDER TO ROUTE TO OUR SYRACUSE CUSTOMER CARE CENTER.

THE ROUTING CODE OF GMSYORD MUST BE INCLUDED ON ALL DATA BILLING INQUIRIES SUBMITTED TO attEcare@rdsmail.ims.att.coni IN ORDER TO ROUTE TO OUR SYRACUSE CUSTOMER CARE CENTER.

IMPORTANT: IF SUBMITTED VIA EMAIL, SUBJECT LINE – SHOULD INCLUDE ROUTING CODE ONLY!

A complete listing of escalation contacts and product specific processes are provided in Attachment A. Any need to escalate an issue should be brought to the immediate attention of the Service Manager -Karen Jubic at kinjubic@att.com or 518-437-3311.

Point of Escalation - Voice Billing Inquiries	Name	E-mail	Office # & Pager #
1st Level Escalation - Order Specialist	Monica Kerr	kerrm@att.com	888-342-5697, 2 ext. 4827 ext. 4210
	Christopher Wise	cjwise@att.com	
2nd Level Escalation - Coach	Beverly Young	beverlyyoung@.att.co	315-442-3527
		m	
3rd Level Escalation - Service Manager	Karen Jubic	kmjubic@att.com	518-437-3311
Point of Escalation - Data Billing Inquiries	Name	E-mail	Office # & Pager. #
1st Level Escalation - Order Specialist	Sara Lavallo	saralavallo@att.com	866-541-9791 ext. 4448
2nd Level Escalation - Coach	Beverly Young	beverlyyoung@.att.co	315-442-3527
		m	
3rd Level Escalation - Service Manager	Karen Jubic	kmjubic@att.com	518-437-3311

Any need to escalate any billing issue beyond 3rd Level should be brought to the immediate attention of Service Manager Karen Jubic at kmjubic@att.com.

Questions regarding AT&T Billing Edge SNYS OGSware can be directed to: 1-800-557-2455 Prompt #2

CONTRACTOR: VARIOUS

CONTRACT NO.: VARIOUS

SUBJECT: T-1 Underutilization charge

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Various Comprehensive Telecommunications Services Contracts impose underutilization charges for Voice T1's for both Inbound and Outbound usage. These charges may be assessed if your usage falls below a specified monthly dollar or minute usage requirement.

OGS suggests that Authorized Users review their monthly bills to determine if such charges are included. Even if your current monthly bill does not contain these charges, you should review your Telecommunications carrier's contract to determine if they can impose these charges. Contracts are available at the following link:
<http://www.ogs.state.ny.us/purchase/prices>

In the times of fiscal constraint OGS recommends that all Authorized Users of the Comprehensive Telecommunications Services Contracts review all existing T-1 lines to determine their monthly use and assess whether any consolidation or elimination of lines is possible. The contact individuals listed for the Telecommunication carriers can assist you in this review. Use the link above for contact information.

All other terms and conditions remain unchanged.

CONTRACTOR: tw telecom
CONTRACT NO(S): PS63072

SUBJECT: PROMOTIONS FOR DECEMBER ONLY

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

tw telecom, inc. (TWTC) has two promotions for the month of December ONLY.

1. On-Net or Off-Net new customers or prospects who purchase a new service are eligible to receive a one-month MRC certificate for future credit on their account.
 - Only products that bill a monthly recurring charge are eligible for the credit. Usage, taxes, surcharges, or products that do not bill monthly recurring charges are not eligible for the credit.
 - The free month certificate can be redeemed any time between March 1, 2009 and December 31, 2009 by faxing or emailing their certificate to Denver. The certificate will contain instructions for where to send it. The certificate is void after December 31, 2009.
 - Customers must contract for at least \$1000 of new Month Recurring Revenue to be eligible for this credit. Off-net local loops are not eligible for credit.
2. Two separate offers are being launched for two separate Ethernet Internet customer targets. 1) customers who currently have 10Mbps EIS up to 100Mbps EIS and 2) those customers with 100Mbps+ EIS that want up to 1 Gbps EIS.
 - Customers with 10 megs of EIS or greater can upgrade to all the way up to 100megs with no incremental bandwidth steps for an additional \$1000.
 - Customer with 100Mbps of EIS or greater can upgrade their current bandwidth up to 1Gbps at \$10 per meg.

This above promotions are ONLY being offered from 12/1/08 through 12/31/08 for customer requested due dates BEFORE 1/31/09. Please direct any questions concerning this Contract Update to Kristin Hoblock at (518) - 640-0904.

CONTRACTOR: VerizonBusiness
CONTRACT NO.: PS63765

SUBJECT: Price List Update

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Verizonbusiness has requested and the State has approved the following updates to their NYS price list:

Lot 1

- Update International Long Distance billing table to reflect a 18 to 30 second initial increment that is in conformity with VZB billing system. Many long distance rates have been reduced.

Lot 3

- Addition of data-only Adtran equipment.
- Internet port charges reduced Addition of new GigEport only hub service relabeled from Internet Access to Internet Port. Internet port, monthly recurring charge rate reduction of 20-40% for T1, T3, OC3, OC12, OC48 and Ethernet based on speed (MBPS).
- Rates for colocation have increased - Rates for bandwidth have **decreased by as much as 80%** and rates for power have increased approximately 20%.
- Price changes which reflect adjustments in the Universal Service Fund Charge FCC Surcharge for Educational Institutions (FCC 11 Sect 31.4) effective October 1, 2008. This is a tariff change based on FCC mandate and is not initiated by Verizon. The current Contribution Factor on contract is 11.4%, the same as the third quarter rate. The FUSF applies to regulated services and so may apply to certain services in Lots 1, 2, 3.

Refer to the **Contractor Information** section of the Contract Award Notification (CAN) summary page for a link to the updated price list which also reflects the deletion of some services.

All other terms and conditions remain unchanged.

CONTRACTOR: All

CONTRACT NO.: All

SUBJECT: Contract Migration Clarification

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

The following language has been added to the **PROCUREMENT INSTRUCTIONS** section to clarify contract migration.

9. State Agencies or any other authorized users obtaining services via a current NYS centralized contract shall be able to migrate to any contract awarded to the same vendor as a result of RFP 20268, effective on the contract approval date and not dependent on the actual date of migration, with no charge or penalty. Migration by an agency or any other authorized user to any new centralized contract shall not diminish, alter or extinguish any right (that normally survives end of the contract period) that the agency or other authorized user had under the terms and conditions of their original contract. In instances where it is more advantageous for users to migrate, they may do so upon mutual agreement and negotiation with the contractor.

Any existing State Agencies or Authorized Users migrating to pricing available under the new centralized contract will be eligible to receive any rate change resulting from such migration as of the date of migration to the new contract only. There shall be no retroactive credits or adjustments based upon the contract approval date.

All other terms and conditions remain unchanged.

CONTRACTOR: Verizon Business
Network Services, Inc.

CONTRACT NO.: PS 63765

SUBJECT: Possible Strike

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

In anticipation of a possible strike by Verizon Telecom employees, OGS has secured a contingency plan from Verizon Business on how they expect to address service during the possible walk out. The contracts that provide some local telephone services for Verizon Business customers expire at midnight on August 2, 2008. The strike is not expected to impact day to day service and will not affect wireless communications.

Please be advised that Verizon's CTS SPOC (single point of contact) **866-757-9761** phone number for the Verizon contract remains in effect. All Verizon contract administrators will remain available to assist state agencies.

Attached is the official information letter on the current bargaining with Verizon Business labor unions in New York State.

August 1, 2008

Donna McNeil
NYS Office of General Services
Empire State Plaza
Albany NY 12242

One Verizon Way
Basking Ridge, NJ 07920

Dear Ms McNeil]:

We want to provide you with information about Verizon's labor negotiations and their potential impact on Verizon Business and services we provide to you. First of all, we have no reason to believe the current negotiations will lead to any kind of work stoppage—but in the event they do, this is what you should expect.

Verizon Telecom, which provides some local telephone services for Verizon Business customers in Verizon East, has contracts that expire at midnight on August 2, 2008 with two unions that represent approximately 65,000 employees. Verizon East includes Massachusetts, New York, New Jersey, Pennsylvania, Delaware, Maryland, the District of Columbia, Virginia, Rhode Island and West Virginia.

All other Verizon Telecom territories, as well as Verizon Business employees, are not covered by these expiring contracts. Verizon Wireless employees also are not covered. Accordingly, services furnished entirely by Verizon Business, Verizon Wireless and services furnished by Verizon Business outside Verizon East should not be impacted.

Verizon Telecom and the unions have publicly stated they are in bargaining discussions to agree upon new contracts that are fair for both union-represented employees and the company. Discussions are ongoing, and if for some reason the parties are unable to reach an agreement on a new contract prior to August 2, a work stoppage is a possibility. It is also possible the parties could continue bargaining while employees continue working.

In the event of a work stoppage, Verizon Telecom would add personnel for work activity associated with Verizon Business customers. Installation and maintenance time frames and customer service response intervals could be impacted for certain services in the Verizon East territory. Maintenance would be the top priority with the goal to maintain normal intervals for maintenance based on the volume of trouble tickets. Provisioning would be ramped up as the maintenance load is stabilized and balanced with maintenance activities. New provisioning project intervals would be negotiated based on size and scope of the project.

Verizon Business is committed to continue to provide its customers with normal high levels of service, and preparations are underway to address customer impacts of a work stoppage. Our Business Continuity plans have been assessed to ensure a business-as-usual service approach, and operational contingency plans have been developed for provisioning and maintenance activities in coordination with Verizon Telecom.

We value your business and trust.

Sincerely,

Sara Burkhardt
Sales Engineer
Verizon Business

CONTRACTOR: All
CONTRACT NO(S): All

SUBJECT: Customer Authorization to Order Services and/or Change Preferred Carrier

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

When ordering services under this contract all contractors may require that the contract user complete a “Customer Authorization to Order Services and/or Change Preferred Carrier” Form. The form may be arranged differently for each contractor but the main content will be similar. This type of form is required by FCC Regulation Title 47, Part 64.1120 for carrier exchange to prevent slamming and **should be signed by contract users if you are requested to do so.**

Below is a sample of how this form may be designed:

Communications Service Request and Full Local Letter of Agency

Customer Billing Name		Date	
Customer Billing Address	City	State	ZIP Code
Customer Street Address	City	State	ZIP Code
Name of Individual Authorized To Act for Customer	Title	Phone Number of Individual Authorized To Act for Customer	

The signature below confirms my decision to change from my current carrier(s) to “*New Contractor’s name*” for the individual service or services I have designated by marking the boxes below. I understand that only one carrier may be designated as my interstate or interLATA primary interexchange carrier for any telephone number. To the extent that my state allows me to choose an additional primary carrier(s) for intraLATA toll, local service, interLATA toll or international toll, I understand that I may designate different carriers for each. I choose “*New Contractor’s name*” for the services marked below.

Service Type: **Local Exchange** **Local Toll (intraLATA)** **Long Distance (interLATA Toll)**

I select “*New Contractor’s name*” to provide the telecommunications service types indicated above for each of the telephone numbers listed.

Billed Telephone Number(s) (BTN):

Use separate page for additional BTNs - Check here if used

Customer and the person(s) executing this Letter of Agency (LOA) appoint “*New Contractor’s name*” to:

- a) Act as Customer’s agent in order to effectuate the collection of account information and to carry out the changes(s) authorized herein on Customer’s behalf.
- b) Order 1+ access with the local telephone company for lines located at the above address and designated on this form or its attachments.
- c) Act as Customer’s communications representative for all negotiations with the local telephone company, interconnecting company and any other equipment supplier.
- d) Handle all negotiations for service requests, including access service requests (ASRs) equipment records (2733 records) billing inquiries and the issuance of orders related to Customer’s telephone systems at address listed herein.

This authorization is in addition to any other agency agreements currently in effect and does not preclude Customer from acting on its behalf when deemed necessary. This agency designation supersedes previous LOA agreements. This authorization is effective from the date written below until termination or revoked by Customer in writing to Verizon.

I understand and accept the terms and conditions of this Letter of Agency. Communications Services provided as a result of this agreement will be governed by “*New Contractor’s name*” state and federal tariffs and the Service Publication and Price Guide, as applicable. I AM DULY AUTHORIZED TO MAKE THE CHANGE(S) INDICATED BY EXECUTING THIS AGREEMENT.

ELECTRONIC SIGNATURE. Customer may sign this Communications Service Request and Full Local Letter of Agency by emailing it to Verizon, in accordance with Verizon’s instructions and the *Electronic Signatures in Global and National Commerce Act*, as it may be amended from time-to-time (the “E-Sign Act”). Customer agrees that any Services provided hereunder may not be used primarily for personal, family, or household purposes.

Customer’s Signature	
Customer’s Name (Print or Type)	
Title (Type)	
Date	

All other terms and conditions remain unchanged.
