20191p76-T07kr

Sentrol	TelGuard
Siedel	Tyco IS
Sisco	Verint
Software House	Wheelock
System Sensor	Winsted
	Zenitel

The following product lines have been added to the above-referenced contract PT63073

**Aruba Networks, Inc.**  
**Exacq Vision Software and Hardware**

The Total Hourly Rates for Job Titles included in the NYSDOL Prevailing Wage Rates Schedules on said contract have been increased commensurate with the July 1, 2012 allowable published rates.

The following subcontractors have been added to the above-referenced contract:

<b>NAME OF COMPANY</b>	<b>SCOPE OF WORK</b>	<b>REGIONS</b>
<b>Corporate Electric Group, Inc.</b>	Electrical Contractor	1,2,3
<b>Open Water Solutions, LLC</b>	Low Voltage CATV, Telephony, CCTV Integrated Smart Home Systems, Door Entry Systems, Structured Network Wiring and Fire Annunciation Systems	5, 6, 7, 8

**PLEASE NOTE: The Contract Holder’s Name Has been Changed:**

FROM: ADT SECURITY SERVICES, INC.  
TO: TYCO INTEGRATED SECURITY LLC

The contact information for this contract is as follows:

PT63073	Tyco Integrated Security, LLC. (formerly ADT Security Services) One Winners Circle Albany, NY 12205 Fed ID #: 58-1814102 NYS Vendor ID #: 1000018330	Bill Bivona Phone: 518 951-7348 Fax:: (518) 951-7394 Email: bbivona@tyco.com Website: www.tycois.com
---------	---	--

Finally, contract holder’s Annual Services have been broadened and all new services have been added to the list attached to its material and labor pricing as follows:

**Tyco Integrated Security added Annual Services items**

**Hosted Access:** Enables customer to remotely control its security management tasks in real time over the Web. It can help reduce infrastructure and training costs, reduce personnel costs, and professionally and properly maintain the customer’s system with transparent platform updates and without user intervention.

**Video Verification: Indoor & Outdoor** – Upon receipt of an intrusion alarm signal from the customer premises, Tyco IS operators begin observing activities through a live video feed (**Verification**). The operator can also open a 2-way audio communication, where audio services are installed (**Voice Down**). Based on what the operator observe and converse, Tyco IS can determine if a security Breach or criminal activity is taking place and then follow the customer’s security protocols. In the case of Outdoor Verification, Tyco IS can determine if the activity that triggered the intrusion alarm signal is criminal and not a false alarm triggered by an animal or other natural event.

**Video Assistance:** Provides customer employee assistance when he/she is confronted with a person or group whose behavior arouses concern. Tyco IS installs an assistance button in a discreet but accessible location at your facility. When an employee presses that button, a Tyco IS Special Operations Security professional will look at a live video feed, announce via 2-way voice equipment that they are security and ask the employee if they require assistance. Depending on the situation, the Tyco IS operator may ask the person in question to leave the premises or state that the authorities will be notified if the person does not

cooperate with the request and leave immediately. All incidences are recorded and maintained. The customer can view them through the Tyco IS web-based customer portal.

**Video Escort:** Provides customer employees with the kind of security they need to help them feel safer as they enter and exit the customer's facilities. Video Escorts are initiated upon request by the employee at the site. The employee contacts Tyco IS using his/her cell phone, which helps ensure that the employee can remain safely in their vehicle upon arrival at the site or in the building before he/she leaves. Once a Tyco IS operator receives the call and confirms that a video connection has been established, the operator can "escort" the employee to or from his/her vehicle.

**Video Unattended Delivery:** Tyco IS can monitor any delivery, any time from the Remote Monitoring Center. A special security professional watches as the driver enters the facility and can make 2-way audio contact to provide instructions to the driver.

**Video Guard Tours:** Tyco IS Special Operations Security Professional, using video cameras, can visually sweep entire facilities at regularly scheduled intervals from their remote monitoring center. Tyco IS Operators observe and record all activities, day and night. These carefully programmed tours are conducted and timed on the customer's schedule, with scripted audio announcements based on need. Upon discovery of any suspicious activity during these tours, Tyco IS operators follow security protocols based on the customer's requirements. Plus, Tyco IS provides the customer with access to a web-based portal that provides the customer with recorded video footage of alarm events or other security footage.

Please refer to the **Pricing Section** of the Contract Award Notification (CAN) for a link to the updated product/price list. Please refer to the **Subcontractor List** for a link to the updated listing of Subcontractors. All other terms and conditions of the original contract award notification remain the same.

**ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:**

**BER-NATIONAL CONTROLS, INC.** has requested and the State has approved an update to the product/price list on the above-referenced contract, PT63535, which includes the product addition of a new manufacturer, Digital Payment Technologies, as well as updated Prevailing Wage and Total Hourly rates. Please refer to the **Pricing Section** of the Contractor Award Notification (CAN) for a link to the updated product/price list. Please refer to the **Contractor Information** section of the Contract Award Notification for a link to the updated Subcontractors list. All other terms and conditions of the original Contract Award Notification remain the same.

**HENRY BROTHERS ELECTRONICS, INC.** has requested and the State has approved Lenel product line updates consisting of line item pricing to equal that of the company’s GSA contract offering, excluding IFF. In addition, multiple items on the Lenel product line have been removed from the above-referenced contract PT64381. This update also includes price increases and decreases for certain Pelco product offerings which are already incorporated under contract PT64381 and based on Pelco’s commercial price list dated October, 2012 submitted herewith. Please refer to the **Pricing Section** of the Contractor Award Notification (CAN) for a link to the updated product/price list.

**LPC, INC.** has requested and the State has approved the addition of new products, deletion of obsolete parts, products and accessories as well as price increases and decreases for certain Pelco product offerings which are already incorporated under contract PT64315 and based on Pelco’s commercial price list dated June, 2012, submitted herewith. In addition, the following Manufacturers’ product line have been added to the above-referenced contract PT64315: **ComNetCommunications Networks**. Please refer to the **Pricing Section** of the Contract Award Notification (CAN) for a link to the updated product/price list. All other terms and conditions of the original contract award notification remain the same.

**JOHNSON CONTROLS, INC.** has requested and the State has approved the addition of the following-named subcontractors to the above-referenced contract PT63103:

<b>NAME OF COMPANY</b>	<b>SCOPE OF WORK</b>	<b>REGIONS</b>
<b>Sub-City Electrical Inc.</b>	Electrical, low voltage and communication installations	6,7,8,9
<b>Navsim Services, Inc.</b>	Maritime Simulation and Electronics Integration Specialists	Statewide

Please refer to the **Contractor Information** section of the Contract Award Notification for a link to the updated subcontractors list. All other terms and conditions of the original Contract Award Notification remain the same.

**SI TECHNOLOGIES, INC.** has requested and the State has approved the addition of new products, deletion of obsolete parts, products and accessories as well as price increases and decreases for certain Arecont Vision and Zebra Raco product offerings which are already incorporated under contract PT63302 and based on both Manufacturers’ commercial price list dated 2012, submitted herewith. Please refer to the **Pricing Section** of the Contract Award Notification (CAN) for a link to the updated product/price list. All other terms and conditions of the original contract award notification remain the same.

**TECHNICAL SYSTEMS GROUP** has requested and the State has approved the addition of new products, deletion of obsolete parts, products and accessories as well as price increases and decreases for certain ADI, AXIS COMMUNICATIONS, EST, LENEL and TSG product offerings which are already incorporated under contract PT64310 and based on each Manufacturers’ commercial price list dated September 2012, submitted herewith. In addition, the above-referenced contract has updated approved job titles and NYS Prevailing Wage schedules pursuant to the Department of Labor increases published on July 1, 2012. The following named subcontractor has also been added to the above-referenced contract PT64310:

<b>NAME OF COMPANY</b>	<b>SCOPE OF WORK</b>	<b>REGIONS</b>
<b>Billitier Electric, Inc.</b>		7,8,9

Please refer to the **Pricing Section** of the Contractor Award Notification for a link to the updated product/price list. Please refer to the **Contractor Information** section of the Contract Award Notification for a link to the updated Subcontractors list. All other terms and conditions of the original Contract Award Notification remain the same.

**UNLIMITED TECHNOLOGY, INC.** has requested and the State has approved the addition of the following-named manufacturers and their respective products to the above-referenced contract PT65442:

Sargent Hardware	10%
Securitron Hardware	10%
HES Hardware	10%

Please refer to the **Pricing Section** of the Contractor Award Notification for a link to the updated product/price list. Please refer to the **Contractor Information** section of the Contract Award Notification for a link to the updated Subcontractors list. All other terms and conditions of the original Contract Award Notification remain the same.

**ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:**

The aforementioned contract holders submitted, and OGS has accepted, the following contract updates for the period of June 1, 2012 through August 2, 2012:

**A+ Technology & Security Solutions, Inc. PT63297:**

1. A+ Technologies
2. Aiphone
3. Alvarado
4. Axis
5. DSC
6. Corbin-Russwin
7. Ditek
8. IPVideo
9. Panasonic
10. Samsung
11. Sargeant
12. SDC
13. TKH
14. Veracity
15. Yale

The following product lines have been added to PT63297:

1. Aexeon Technologies
2. Carolina Design & Manufacturing (COM Wireless)
3. Commend
4. Intelligent Product Solutions
5. Hanchette Entry Systems (HES)
6. Liberty Wire & Cable
7. Louroe Electronics

**Anixter, Inc. PT63201:**

The following product lines have been updated on PT63201:

1. Aiphone
2. Alpha
3. Altronix
4. Arecont
5. Arrow Security
6. Assa Abloy
7. Axis
8. Belden
9. Bogen
10. Bosch
11. Burgess Computer Decisions
12. CommScope
13. ComNet
14. Corbin

15. Cyber Data
16. Dedicated Micros
17. Ditek
18. Dotworkz
20. EtherWan,

4. American Dynamics
5. American Fibertek
6. Bosch
7. Commend
8. Ditek
9. Doorking
10. Dortronics
11. Flir
12. HID
13. Hirsch
14. IFS
15. Kantech
16. Lenel
17. Magal Senstar
18. Middle Atlantic
19. Nice
20. NVT
21. Panasonic
22. Pelco
23. Sightlogix
24. Software House
25. Talk-a-phone
26. Verint

The following product lines have been added to PT63536:

1. Axis
2. Genetec

The following product lines have been removed from PT63536:

1. DSI
2. Extreme
3. Honeywell
4. Identica
5. VideoIQ
6. Vicon
7. Winstead

Please review the section of the award website titled "Pricing Information" in the section titled "Diebold Enterprise Security Systems, Inc. d/b/a Integrated Systems" for the updated Price List.

**Eclipse Network Solutions, LLC. PT64313:**

The following product line has been updated on PT64313:

1. Axis

The following product lines have been added to PT64313:

1. ExacqTechnologies
2. BridgeWave Communications

Please review the section of the award website titled “Pricing Information” in the section titled “Eclipse Network Solutions, LLC.” for the updated Price List.

**Electronic Systems Solutions, Inc. PT65385**

The following product line has been updated on PT65385:

1. Vigilant

Please review the section of the award website titled “Pricing Information” in the section titled “Electronic Systems Solutions, Inc.” for the updated Price List.

**Graybar Electric Co. PT63298:**

The following product lines have been removed from PT63298:

1. Allen-Tek
2. Belden
3. Berktek
4. Chatsworth
5. Commscope
6. Ortronics

Please review the section of the award website titled “Pricing Information” in the section titled “Graybar Electric Co.” for the updated Price List.

**Henry Brothers Electronics, Inc. PT64381**

The following subcontractor has been added to PT64381:

**Sub-Contractor Information**

<b>Company Name:</b>	Certified Multi-Media Solutions,Ltd.
<b>Address:</b>	1790 Hempstead Turnpike East Meadow, NY 11554

Please review the section of the award website titled “Pricing Information” in the section titled “Henry Brothers Electronics, Inc.” for the updated Price List.

**IBM Corporation PT64409:**

The following product lines have been updated on PT64409:

1. Axis
2. Genetec

Please review the section of the award website titled "Pricing Information" in the section titled "IBM Corporation" for the updated Price List.

**InterVid, Inc. PT63537:**

The following product lines have been added to PT63537:

1. Axis
2. Aexmen

Please review the section of the award website titled "Pricing Information" in the section titled "InterVid, Inc." for the updated Price List.

**Johnson Controls, Inc. PT63103:**

The following product lines have been added to PT63103:

1. Amag
2. EST\*

\*Note: At this time, Johnson Controls is only adding this product line on a regional basis to regions 1 and 2. If expanded, OGS will reflect this on its website.

Please review the section of the award website titled "Pricing Information" in the section titled "Johnson Controls, Inc." for the updated Price List.

**Linstar, Inc. PT63106:**

The following product lines have been updated on PT63106:

1. Aiphone
2. BadgePass
3. NDI

The following product lines have been added to PT63106:

1. Alvarado

**CONTRACTOR(S)/** Trimble Navigation, Ltd.

**CONTRACT NO(S):** PT64163

**SUBJECT:** Notification to Authorized Users - Entity is not an Authorized Reseller

**ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:**

This PM is to notify all Authorized Users that Waypoint Technologies, Inc. is **NOT** an Authorized Reseller on Contract PT64163 or any other contract under Group 77201, award 20191:

Additionally, Waypoint has provided Authorized Users with a letter from Trimble dated August 22, 2009 which appears to indicate that they are a reseller on PT64163. This letter is **NOT VALID** as per a letter from Trimble to Waypoint dated October 22, 2009 in which Trimble advises them they are not an Authorized Reseller on PT64163.

All orders, inquiries, and invoices/remittances under PT64163 must be directed to:

Trimble Navigation, Ltd.  
FEIN: 94-2802192

The main contact for PT64163 is as follows:

**CONTRACT NO(S):** Various

**SUBJECT:** Clarification Semi-Annual Contract Usage Reporting Requirements

**ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:**

All NYS Contracts require that Contractors furnish a report containing both state agency and authorized non-state agency contract purchases. These reports are due by the fifteenth (15<sup>th</sup>) day of January and July for the previous six month period (e.g. January 1 – June 30). In addition to contractor direct sales, Contractors are also required to submit sales information for all resellers, dealers, distributors or other authorized distribution channels, where such contract sales are provided by other than the Contractor.

The sales reports need to reflect all sales (invoicing/billing) for Contracts awarded during the six month period. This includes the following information:

- A. Purchase of products
- B. Installation/systems integration of products
- C. Training
- D. Maintenance (including preventative and remedial), testing, inspection, and monitoring, etc.)
- E. Prepaid maintenance agreements (for preventative and remedial maintenance). Please Note: even though the billing for prepaid maintenance precedes the commencement of work, contract holders should report the sale in the actual period the billing occurs.

Please see below the Semi-Annual Contract Usage Report Forms:

Semi-Annual  
Contract Usage Repo

**CONTRACTOR(S)/** ADT Security Services, Inc.  
**CONTRACT NO(S):** PT63073

**SUBJECT:** Price List Update/Solutions Update

**ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:**

The aforementioned contractor requested, and OGS has approved the following price list update requests:

The following product lines have been added to PT63073:

Aiphone  
Seenex

The following product line currently on PT63073 has been updated to include new products:

CooperWheelock

The following solutions have been added to PT63073

1. All REPLACEMENT of "NON CONTRACT PARTS" shall be charged as cost plus a 25% markup.
2. In the event that an ADT technician determines that a piece of equipment can not be field repaired it will be necessary to return such piece of equipment to the manufacturer for evaluation. If the manufacturer can repair the piece of equipment or any component of such equipment an estimate will be provided to ADT by the Manufacturer. ADT will then determine the cost of the repair, which is not to exceed 50% of the replacement cost. If the repair cost exceeds 50% of the replacement cost, ADT will recommend replacement. If the piece of equipment or any component can be repaired by the manufacturer for less than 50% of the replacement value, ADT shall authorize such repair via a Purchase Order to the Manufacturer. The final repair cost will be the cost of the repair plus an additional fee of 25% of the manufacturers repair cost and will include all shipping and handling charges. Any field repair charges incurred will be billed at the hourly labor rates posted

on our current contract. Upon request, ADT will furnish the Purchase Order provided to the manufacturer as verification of the repair charge.

3. In the event that ADT chooses to use a manufacturer's representative, field advisor, or sub contractor to perform a service call or site visit, the cost shall be the same as our sub contractor provision which is cost plus a 25% markup.

Please review the section of the award website titled "Pricing Information" in the Tab titled "ADT Security Services, Inc." for the updated Price List.

All other terms and conditions remain the same.

**New Item: Offender ID Server and Workstation Software**

Offender-ID™ is an advanced inmate identity management system that incorporates state-of-the-art iris technology for fast and accurate identification. Critical processes such as booking and release can be now be quickly and securely executed preventing inmates from falsifying their identities. The Offender-ID system can be integrated into an existing JMS/Mug Shot system or other “Systems of Record” or can operate as a standalone biometric and biographic repository. In both the integrated and stand-alone setup, officers are able to create audit trails of subject enrollments/identifications; query records with text based biographic searches, and generate customizable reports.

**New Item: Offender ID Hardware**

### Subcontract Utilization

As a provider of turn-key Security Systems & Solutions installations, SimplexGrinnell will at times utilize subcontractors to provide additional work that is outside our core business. This additional work may require, but not be limited to, the utilization of the following subcontracting services to accommodate the overall design requirements in conjunction with the provision of turn-key solutions:

- Heating, ventilating, air conditioning (HVAC) specialists to install, modify, and/or furnish material for HVAC systems including, but not limited to, building management controls, fan control, smoke control, smoke/fire dampers, ductwork, etc. as necessary.
- General contractor specialists to install, modify, and/or furnish material for structural changes, soffits, painting, patching, etc. as necessary.
- Electrical contractors to install, modify, and/or furnish material for electrical systems including, but not limited to, raceway, cabling, line voltage supply, control wiring, trenching, duct banks, etc. as necessary.
- Locksmiths to install, modify, and/or furnish material including, but not limited to, door strikes, door closures, etc. as necessary.
- Cabling specialists to install, modify, and/or furnish material including, but not limited to, fiber optic cabling, fiber optic connectors, duct banks, etc. as necessary.

SimplexGrinnell is permitted under the Security Systems & Solutions procurement contract (Group 77201, SimplexGrinnell Contract PT63104) to utilize subcontracting services as defined above. SimplexGrinnell will work in conjunction with the authorized user to ensure the utilization of qualified subcontractors is of best value, and to ensure the highest quality and best services when providing a turn-key solution.

In doing so, SimplexGrinnell will act as the single point of contact for the authorized user. SimplexGrinnell will take full ownership of the installation including the warranty provisions as set forth in the contract. SimplexGrinnell will oversee all aspects of the project as it relates to our scope of work including that of the subcontractor.

---

SimplexGrinnell will offer these services at a fee not to exceed **cost plus 25%** of the subcontractors invoice. Subcontractors will provide services on a fixed price/lump sum basis, and will be required to meet current prevailing wage mandates for their respective trade.

SimplexGrinnell will demonstrate the cost of these services by submitting the original subcontractors' quote to the authorized user for review prior to the commencement of work. In addition, SimplexGrinnell will attach a copy of the subcontractors' invoice, with our fee clearly noted, when applying for payment.

This fee includes direct expenses to manage the subcontractor including, but not limited to:

- Developing a scope of work.
- Procuring subcontracting services including walkthrough's as necessary.
- Managing project documents - (time sheets, certified payroll, as-built documentation, etc.)
- Coordinating project activity between trades.
- Ensuring project plans & specifications are met.
- Overseeing all aspects of the installation to ensure projects are completed in a timely manner.

A list of approved subcontractors qualified to perform work associated with their respective trade is attached. All of the subcontractors listed will have a minimum of two years experience in their discipline. The list details the company name and services they provide.

Please review the section of the award website titled "Pricing Information" in the Tab titled "SimplexGrinnell, LP." for the updated Price List.

All other terms and conditions remain the same.
