NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

(continued)

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

PRICE:

GENERAL - Price shall be net, per quart, F.O.B. point of destination indicated in the “DELIVERY SCHEDULE” sheets. Price shall include unloading by the contractor to the location and in the time frame stated in the “DELIVERY SCHEDULE”.

MILK MARKETING ORDER - In the event of an increase or decrease in the class 1 (one) price including butterfat and skim milk prices, pursuant to the provisions of Article 21, as amended by Chapter 383 of the Laws of 1937, of the Agriculture and Markets Law, and/or Federal or State Milk Marketing Agreement or Order, the Office of General Services, Procurement Services, will authorize an adjustment of the prices paid for fluid milk products delivered under contract to facilities located in the milk marketing area.

Prices for fluid milk for facilities located in the Northeast Milk Marketing Area (NEMMA), are based on the class 1 (one) price announced by the Order’s Market Administrator for **April 2011** at Onondaga County (Syracuse, NY) and for facilities located in the Western New York Milk Marketing Area (WNYMMA), they are based on the class 1 (one) price announced by the Order’s Market Administrator for **April 2011** at Monroe County (Rochester, NY). All milk products must conform with the definitions and standards of identity set forth in Part 17 of 1NYCRR.

In areas not subject to Federal or State Milk Marketing Orders, adjustments shall be computed on the same basis as those under the Northeast Milk Marketing Area.

CPI Price Adjustment - Pricing will be firm through June 30, 2012. As of July 1, 2012 a price adjustment will be allowed based on the Consumer Price Index (CPI-U) for all Urban Consumers, Not Seasonally Adjusted, U.S. City Average, All Items (Series ID: CUUR0000SA0) as published by the US Department of Labor, Bureau of Labor Statistics, Washington D. C. 20212. The index is available through the internet at the Bureau of Labor Statistics (BLS) website at "www.bls.gov.com" If at any time, the above series ID is discontinued or not available, the State reserves the right to implement an applicable index.

Price adjustments using the CPI involve changing the base quart price for each type of fluid milk offered by the percent change in the level of the CPI between a “reference” period and a “subsequent” time period. The “reference” period shall be the month in which the bid opening was held and the subsequent time period shall be May. Every price adjustment shall be based on comparing the reference period (May 2011) to the following subsequent CPI-U May figure. Each price adjustment shall be effective the following July.

An example of the first price adjustment calculation is as follows (all figures used are for illustrative purposes):

Base Quart Price for Milk, White 1%	<u>\$.3445</u>
CPI-U (CUUR0000SA0) May 2012	199.5
CPI-U (CUUR0000SA0) May 2011	189.4
Equals index point change	10.1
Divided by the reference period (May 2011)	189.4
Equals	.0533
Results multiplied by 100 to achieve a percent. Percent change rounded to the nearest whole %	5.332%
5% multiplied by the Base Quart Price for Milk, White, 1% (.3445 x 1.05) equals (New Base Quart Price) effective July 2012.	<u>\$.3617</u>

MILK MARKETING ORDER (Cont'd)

Dairy Compact - In the event a dairy compact covering New York State becomes effective pursuant to State and/ or Federal law during the contract period and such compact's mandated price is higher than the price set for Class 1 (one) milk within the State pursuant to a State or Federal order, OGS will authorize price adjustments to reflect such compact pricing.

Deposit Charge for Milk Cases - The contractor shall assess a deposit charge as established by the New York State Department of Agriculture and Markets for each milk case delivered to the using facility and which upon delivery remains at the premises of the facility. Ownership of each milk case properly identified with the name or other business identification of the person or company who is the owner remains with that owner notwithstanding the imposition of the deposit.

The deposit shall be held by the contractor so long as the milk case or its replacement remains on the facility premises and until such time as it is returned to the contractor in useful condition allowing for normal wear and use.

Milk Coolers/Dollies/Dispensers/Carts - For designated facilities, the contractor is required to provide milk coolers, dollies, dispensers or carts as indicated at no additional cost.

No additional charge for this equipment will be allowed. The dollies, dispensers or carts are to be provided, installed, maintained and replaced (if necessary) by the contractor at the contractor's expense. On conclusion of the contract, the equipment remains the property of the contractor and is to be removed at contractor's expense.

Rounding Down of Price(s) - Any price which goes beyond the fourth place after the decimal point (e.g., beyond the ten thousands place) shall be rounded downward in the State's favor (i.e., a price of \$3.64528 shall be computed and considered \$3.6452).

Lower Pricing - The State reserves the right to negotiate lower pricing, or to advertise for bids, whichever is in the State's best interest as determined by the Commissioner, in the event of a significant decrease in market price of any product listed. In addition, if the contractor's normal pricing to the public or to the trade in general is less than the net/contract pricing with the application of a contract discount, etc., then the normal pricing to the public or to the trade in general shall also be granted to contract participants.

DELIVERY:

General - Deliveries are to be made strictly in accordance with orders, on the day and date and within the time frame specified, in clean properly sealed containers and at a maximum temperature of 45° Fahrenheit on delivery.

Restricted Delivery - Price includes "restricted" delivery. Delivery to some facilities, particularly Correctional Facilities, have delivery "restricted" --- delivery must be made during certain hours, and must be made only on weekdays (Monday through Friday) except/excluding State holidays. [See also "PACKAGING - CONTAINERS FOR CORRECTIONAL FACILITIES" in "DETAILED SPECIFICATIONS."]

Delivery Schedule - The separate "DELIVERY SCHEDULE" for Award 22230 provides expanded information on locations, required delivery days and times, special equipment, etc.

Discrepancy on Purchase Order - Delivery shall be made in accordance with instructions on Purchase Order from each agency. If there is a discrepancy between the purchase order and what is listed on the contract, it is the contractor's obligation to seek clarification from the ordering agency and, if applicable, from the Office of General Services, Procurement Services.

The State of New York retains the right to cancel this contract, in whole or in part without reason provided that the Contractor is given at least sixty (60) days notice of its intent to cancel. This provision should not be understood as waiving the State's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision. Any such cancellation shall have no effect on existing Agency agreements, which are subject to the same 60 day discretionary cancellation or cancellation for cause by the respective user Agencies.

With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

RESERVATION:

(continued)

An agency, any of its officers, or any properly authorized representative of the State shall have the right to inspect the premises, facilities and methods on or by which such milk is produced, and may make, or cause to be made, standard tests of any milk delivered for the purpose of determining whether the contract is being properly performed.

INFERIOR DELIVERIES:

Inferior deliveries will be rejected, except where milk has been used prior to receipt of laboratory reports from the New York State Department of Agriculture and Markets on official samples showing deficiency in quality. Such milk will be paid for as follows:

MILK - For each one-tenth of one percent of butterfat content found less than the minimum established requirements there shall be deducted one cent per quart.

If two or more samples taken from deliveries of milk are found to contain bacteria in excess of the standards specified, the contract shall be canceled. The undelivered quantities may be purchased in the open market and any difference in cost shall be charged to the contractor.

All deliveries must be made strictly in accordance with instructions appearing on the purchase order. Failure to deliver as specified will result in rejection upon arrival. Immediate replacement may be made from the open market at the contractor's expense.

EMERGENCY PURCHASING:

Prior to processing such payment, the contractor may be required to complete the ordering non-State agency's own voucher form.

This shift will primarily affect the classes of milk purchased and not the quantity; therefore the shift should not be construed as a breach of the requirement that all facilities must purchase 80% of their reported requirements.
