\$ 500.00 to \$ 999.99:	\$ 80.00
\$ 499.99 or Less:	\$105.00

**CONTRACT PAYMENTS:**

Payments cannot be processed by State facilities until the contract products have been delivered in satisfactory condition or services have been satisfactorily performed. Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to contract number, description of product or service, quantity, unit and price per unit as well as federal identification number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts for prompt payment.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, those entities are required to make payments directly to the contractor. Prior to processing such payment, the contractor may be required to complete the ordering non-State agency's own voucher form.

See "Contract Billings" in Appendix B, OGS General Specifications.

**NOTE TO CONTRACTOR:**

This Contract Award Notification is not an order. Do not take any action under this contract except on the basis of purchase order(s) from the agency or agencies.

**NOTE TO AGENCY:**

NYS agencies and/or political subdivisions whose receiving facilities cannot accommodate entrance of an over the road trailer with a height of 13'-6" must specify on their purchase order - example: "Maximum trailer height for delivery to this location is \_\_\_\_\_." (ordering agency should insert height in this space).

**AUDITING:**

**GENERAL**

Audit functions are an integral part of the contract. The State (or the State's designee) shall have the right to verify and audit costs, billings, pricing, agreements, allowances, promotions and discounts. Contractor shall issue refunds, credits for sums due as a result of any overcharges, incorrect billings, incorrect payments, etc. The State reserves the right to expand or diminish audit requirements as it deems proper and necessary to preserve the integrity of the contract. The number of products involved and the frequency of requests may be modified for any contract audits.

**CONTRACT AUDITS - CONTRACTOR**

There is also the expectation that audits of the contract shall be performed each month by requesting Contractor invoices or billings for approximately ten to forty products. Failure to provide requested information within fourteen calendar days may be the basis to cancel a contract, request a responsibility hearing or initiate other appropriate action.

**AUDIT VERIFICATION - SUPPLIER**

The State shall also have the right to verify costs, billings, etc. by contacting Contractor's suppliers and shippers. Failure to provide requested information within fourteen days of requests may be the basis to direct the Contractor to use another supplier, request a responsibility hearing or initiate other appropriate action.

**ON-SITE AUDIT**

The State (or the State's designee) may also conduct on-site verification and auditing. There is the expectation that this may occur at least once a year. It is anticipated the State (or the State's designee) will conduct on-site audits as follows:

- Duration to be for one day.
- A list of approximately half the items to be audited will be furnished to the Contractor fourteen days prior to the arrival of State personnel.
- A list of approximately half the items to be audited will be furnished to the Contractor the day of the on-site audit.
- State personnel will review original invoices, bills, vendor agreements, payment documents, etc. when available or copies of original documents. Original documents may be required to be provided at a later date.
- Contractor will permit and arrange for copies to be made of material being reviewed. (Note: Such material is understood to be "confidential.")
- Any discrepancies will be discussed.
- A follow-up meeting may be held with the Contractor to review audit findings.

Periodically the State may compare copies of invoices, etc., submitted for previous months off-site audits with original documents. This may involve approximately ten to forty invoices; half to be identified fourteen days prior to review and the other half to be identified the day of review.

**AUDIT SUMMARY FOR OSC**

Summaries of monthly and on-site audits may be furnished to the Office of the State Comptroller. They will include a spreadsheet identifying time period, product, stock number, product cost, allowances, subtotal cost, incoming freight, upcharge factor, calculated Net NYS Delivered Price, price on Price Guide, comparison of "calculated" vs. Price Guide. Reasons for differences, monetary amounts involved, and follow-up action to be taken will be stated.

(continued)

ADMINISTRATIVE FEE:

In order to assist with the cost of administering and auditing for contract compliance, the Contractor must return to the Office of General Services, Procurement Services Group, a fee of 1/4 percent (.0025) of the total sales during each quarter, to be paid no later than 30 days after each quarter. Total sales includes all sales, of all products, to all facilities both State and non-state. Each contract year will run for four consecutive quarters based on the calendar year. Although the contract may not begin exactly at the start of a quarter, total sales will be calculated for the remainder of that quarter. Quarters are defined as January through March, April through June, July through September and October through December. The State may make use of any available contracts for auditing purposes, including but not limited to temporary personnel, audit services, etc.

PURCHASES FROM PRICE GUIDE:

GENERAL

Agencies are to make purchases from the Contractor's PRICE GUIDE.

FURNISHING PRICE GUIDES

At no charge to contract participants, the Contractor must prepare, supply, and keep current for all Authorized Users a weekly and monthly PRICE GUIDE that is to include: Net NYS Delivered Prices; product descriptions; product brand or manufacturer; product stock number; and pack for each product accepted by the State. The identical Price Guides must be sent electronically to Authorized Users and OGS to arrive at least 3 calendar days before the effective date of the PRICE GUIDE. Hard copies of the PRICE GUIDE must be submitted to Authorized Users, upon request. All distributed copies of the Price Guides; hard copies, electronic transmittals and web-based pricing shall be identical. In the event of a discrepancy, it is the subsequent Contractor's obligation to notify OGS and Authorized Users. Prices may be reduced at any time; however, price increases shall not be permitted, unless obviously erroneous.

**For NYS Department of Correctional Services users only the "DOCS" PRICE GUIDE shall be provided.** Failure to submit the proper PRICE GUIDES to all Authorized Users may result in disqualification of Contractor for future contracts and/or cancellation of current contract.

COST LISTS AND PRICE GUIDES

There shall be two PRICE GUIDES; a PRICE GUIDE with approximately 1200 products, and a "DOCS" PRICE GUIDE with only those particular products the NYS Department of Correctional Services designates. The "DOCS" PRICE GUIDE will be a subset of the "main" PRICE GUIDE; fewer products will be listed but not different products.

PRICE GUIDES shall be updated weekly and monthly as noted in the "PRICE" clause (See "PRICE CHANGES" portion). Consequently, there will be separate weekly and monthly portions of the "main" PRICE GUIDE and the "DOCS" PRICE GUIDE. The effective dates of the weekly price guides shall be specified by the Contractor and shall be fixed for a one week period. The monthly prices shall be effective beginning the first day of the month and shall be fixed for the one-month period. Electronic and paper price guides shall be effective on the same date. Pricing shall be effective on the day of delivery.

In addition, Contractor shall provide upon request, to the Office of General Services, an updated COST LIST.

Contractor shall contact ordering facility prior to making delivery if regularly scheduled delivery date is changed.

**OUT OF STOCK/NOT AVAILABLE PRODUCT**

Contractor must have available at least 95% of the items and quantities ordered. Contractor shall notify ordering facility of out of-stock/not available products as soon as practical after receipt of order, but in no event later than the day before delivery.

Suitable substitution shall be made with the consent of the customer in the event of out of stock/not available product situations. Such substitutions shall be of same or better grade, quality, etc. Substitutions shall be priced using the same pricing methodology as on the original product. Substitutions should not be made on a continuing basis. Explanation of repeated/continued substitutions shall be made to the State. [NOTE: Out-of-stock/not available product situations may be a basis for cancellation of contract and/or charging back for open market purchase or any other appropriate remedies.]

The State reserves the right to request monthly documentation of Contractor's fill rate.

**REPLACEMENT**

Any claim that product delivered is unusable (damaged, rotten, non-edible, unacceptable substitution, etc.), shall be resolved by credit, substitution or any other applicable means for resolution within three (3) days upon notice from receiving agency. Overall height, commodity plus pallet, shall not exceed 66"; maximum weight not to exceed 3,500 pounds. All shipping units shall have a uniform block and tier. Containers shall be strapped to pallets or shrink-wrapped to prevent movement of the load. Pallet shall be returned or exchanged to Contractor at time of delivery, on subsequent deliveries, or as arranged between the Contractor and the ordering agency.

While Contractor may utilize double palleting in shipping, Authorized Users do NOT have the ability to unload or handle double pallets. If double palleting is used, Contractor is responsible for unloading and ensuring safe handling.

Mixed loads of dissimilar products are to be avoided, as well as inappropriate stacking of heavy/dense items on top of light items.

Some Authorized Users have limited receiving capabilities. Contractor must provide cart/hand truck delivery when required by ordering facility

Correctional Facilities, and possibly some other institutions or Authorized Users, require packaging and containers that do not present security problems (i.e., wire, metal, sharp edges, glass, etc., that may possibly be fashioned into a weapon). The Contractor may be required to modify and/or change packaging and/or containers for delivery to some locations, in order to reduce potential security problems. There shall be no surcharge in pricing for Contractor's packaging or containers used to meet security requirements. FUEL SURCHARGE:

The State shall consider the implementation of a fuel surcharge as a result of a national or worldwide catastrophe that causes the "Weekly Retail on-Highway Diesel Prices" for the Central Atlantic (New York State) region to exceed 50% of the price per gallon. The State shall use the following, "Weekly Retail on-Highway Diesel Prices Index." The "Weekly Retail on-Highway Diesel Prices," in cents per gallon, for the Central Atlantic (New York State) region shall be tracked using information obtained through the Energy Information Administration, United States Department of Energy's (EIA DOE) web site:

(<http://tonto.eia.doe.gov/oog/info/gdu/gasdiesel.asp>).

For every ten (\$.10) cents per gallon that the price exceeds 50% of the cost of the referenced diesel fuel price at the time of bid opening, a delivery surcharge of \$1.00 per invoice will be allowed. For example, if \$1.49 is the price of diesel on date of bid opening and \$2.47 is current price, the difference above 50% of the bid price is \$.23. Therefore, a surcharge of \$2.00 (\$1.00 for every ten cents) may be added. The increase shall be figured in whole increments only. It is the responsibility of the Contractor to notify the Office of General Services, Procurement Services Group (OGS/PSG) of any request. All fuel surcharges shall take effect after approval by OGS/PSG.

Once the "Weekly Retail on-Highway Diesel Prices" for the Central Atlantic (New York State) region drops below 50% of the price per gallon threshold based upon the original bid opening date, the fuel surcharges shall be removed.

In the event fuel prices decrease by more than 50% of the price per gallon based upon the price in effect at the time of the Bid Opening using the "Weekly Retail on-Highway Diesel Prices Index," the State shall apply a credit to each invoice as per the above example.

**The "Weekly Retail on-Highway Diesel/Price" in cents per gallon, for the Central Atlantic (New York State) region at the time of the bid opening (March 6, 2003) was \$1.921 per gallon.**

CONTRACT PERIOD AND RENEWALS:

It is the intention of the State to enter into a contract for a term as stated on page one.

However, the State may unilaterally cancel the contract on a monthly basis any time after the initial twelve (12) months by providing written notification at least one (1) month prior to the effective date of cancellation. The minimum term of the contract shall be twelve (12) months. This provision does not affect the State's right of suspension or cancellation contained in the "Suspension of Work" and "Cancellation" clauses in Appendix B, OGS General Specifications.

If mutually agreed between the Procurement Services Group and the Contractor, the contract may be renewed under the same terms and conditions for an additional period(s) not to exceed a total contract term of ten (10) years. Upon renewal, the Contractor may request a total of one increase to the percent upcharge for each product category for the combined five-year period. The foundation for any potential increase will be based on the Consumer Price Index (CPI-U) for all Urban Consumers, Not Seasonally Adjusted, U.S. City Average, All Items, as published by the U.S. Department of Labor, Bureau of Labor Statistics, Washington, D.C. 20212. Any increased adjustments shall not exceed a 5.0% increase of the percent upcharge for each product category at the time the original award was issued. Upcharge decreases are permitted at any time. **(Detail on the calculation are as described in the Invitation For Bids document.)**

SHORT TERM EXTENSION:

In the event the replacement contract has not been issued, any contract let and awarded hereunder by the State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the Contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the Contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

(continued)

**CONTRACT MIGRATION:**

State Agencies or any other authorized user holding individual contracts with Contractors under this centralized contract shall be able to migrate to this contract award with the same Contractor, effective on the contract begin date (retroactively, if applicable). Migration by an agency or any other authorized user to the centralized contract shall not operate to diminish, alter or extinguish any right that the agency or other authorized user otherwise had under the terms and conditions of their original contract.

**RESERVATIONS:**

**RESTRICTIONS ON PURCHASING**

Alcoholic beverages are not to be purchased. In addition, prior approval of OSC must be secured by an ordering NYS agency for non-food items if the non-food item:

- Aggregate total exceeds \$15,000.

**Also, no product containing any form of alcohol may be shipped to Correctional Facilities.**

**PURCHASING FROM OTHER SOURCES**

Consistent with guidelines issued by the State Procurement Council, State agencies may competitively purchase commodities in accordance with Article 11, Section 163 of the STATE FINANCE LAW, in lieu of using centralized contracts when the resultant price is less than the centralized contract price. Also, when commodities are not available in the form, function and utility required by state agencies through preferred sources or centralized contracts, a state agency may, independently or in conjunction with other state agencies, procure commodities in accordance with the provisions of the STATE FINANCE LAW and guidelines issued by the State Procurement Council.

**CHANGES IN PROGRAM AND/OR FUNDING**

In addition to, and in accordance with, Section 41 of the State Finance Law, the State shall have no liability or obligation to a Contractor, supplier, firm or person, if there should be a change in an agency's or a facility's program, operations, responsibilities, funding, staffing, or appropriation, that results in a change in ordering, a change in requirements, a change in contract, a cancellation of contract, etc. The State's past history of ordering, as well as any "forecasts," may not be indicative of ordering in the future.

**OVERLAPPING CONTRACT ITEMS:**

Products/services available in the resulting contract may also be available from other New York State contracts. Contract users are advised to select the most cost effective procurement alternative that meets their program requirements and to maintain a procurement record documenting the basis for this selection.

1. lower in price

In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the New York State Contract Reporter, prior approval of the Comptroller's Office and competitive bidding of requirements exceeding the discretionary bid limit. State agencies should refer to Procurement Council Bulletin "OGS or Less Purchases" for complete procedural and reporting requirements.
