Lot 1 Notes:

- Orders for consumable items may be placed by e-mailing Orders@ESSVote.com or calling 1-877-377-8683.
- Large volume purchase discounts may be available. Please contact your ES&S sales representative for details.
- Freight charges are included on orders equaling \$100.00 or more and shipping standard ground. Freight charges for orders under \$100.00, or expedited shipment requests, will be billed as incurred.
- Per day service rates are inclusive of travel, lodging, meal, and per diem expenses. A "Day" shall mean the performance of any agreed upon service on or off of Customer's facilities, as applicable, by one (1) ES&S employee, contractor or agent for a minimum of four (4) hours and maximum of twelve (12) hours on any one (1) calendar day. By way of example, ten "Days" could be used by Customer by one (1) ES&S employee, contractor or agent on each of ten (10) different calendar days, two (2) ES&S employees, contractors or agents on each of five (5) different calendar days, or ten (10) ES&S employees, contractors or agents on one (1) calendar day.

5. 2. ES&S offers a five (5) year hardware preventative maintenance warranty program that can be substituted for the hardware depot break/fix maintenance program included with the DS200 Tabulator. Should the customer select this option it would result in an increase of \$302.00 per DS200 Tabulator unit.

Lot 2 Notes:

- Orders for consumable items may be placed by e-mailing Orders@ESSVote.com or calling 1-877-377-8683.
- Large volume purchase discounts may be available. Please contact your ES&S sales representative for details.
- Freight charges are included on orders equaling \$100.00 or more and shipping standard ground. Freight charges for orders under \$100.00, or expedited shipment requests, will be billed as incurred.
- Per day service rates are inclusive of travel, lodging, meal, and per diem expenses. A "Day" shall mean the performance of any agreed upon service on or off of Customer's facilities, as applicable, by one (1) ES&S employee, contractor or agent for a minimum of four (4) hours and maximum of twelve (12) hours on any one (1) calendar day. By

way of example, ten "Days" could be used by Customer by one (1) ES&S employee, contractor or agent on each of ten (10) different calendar days, two (2) ES&S employees, contractors or agents on each of five (5) different calendar days, or ten (10) ES&S employees, contractors or agents on one (1) calendar day.

5. 2. ES&S offers a five (5) year hardware preventative maintenance warranty program that can be substituted for the hardware depot break/fix maintenance program included with the ES&S A200 AutoMARK. Should the customer select this option it would result in an increase of \$496.00 per ES&S A200 AutoMARK unit.

ES&S Warranty Programs:

Service	DS200	AutoMARK	Unity Software
Break/Fix Program	<p>ES&S will repair or replace any component of our proprietary equipment or software which, while under normal use and service, (a) fails to perform in accordance with its documentation in all material respects, or (b) is defective in material or workmanship. The principle elements of this program are:</p> <ul style="list-style-type: none"> a. Equipment requiring repairs must be sent to a location designated by ES&S. b. Customer is responsible for freight to and from the designated ES&S repair location. c. Repairs as a result of negligent care of the equipment are not covered under this program. 		N/A
Preventative Maintenance Program	<p>On-Site Routine Maintenance Services: Includes, among other things, cleaning, lubrication and calibration services on a once annual basis.</p> <p>On-Site Remedial Maintenance Services: If a defect or malfunction occurs in any Product while it is under normal use and service, Customer shall promptly notify ES&S, and ES&S shall use reasonable efforts to restore the Product to Normal Working Condition as soon as practicable. ES&S will repair or replace any component of our proprietary equipment or software which, while under normal use and service, (a) fails to perform in accordance with its documentation in all material respects, or (b) is defective in material or workmanship.</p>		N/A
Software Maintenance and Support	<p>ES&S shall provide maintenance and support services for the ES&S Firmware to enable it to perform in accordance with its documentation in all material respects, and to cure any defect in material or workmanship. During the Firmware Warranty Term, ES&S shall provide updates in accordance with any update schedule determined by ES&S.</p>		<p>ES&S shall provide maintenance and support services for the Software (a) to enable the Software to perform in all material respects in accordance with its documentation, as provided by ES&S, and (b) to cure any defect in material or workmanship. The specific Software Maintenance and Support services provided by ES&S and each party's obligations with respect to such services are set forth below. During the Software Warranty Term, ES&S</p>

Service	DS200	AutoMARK	Unity Software
			<p>may provide new releases, upgrades or maintenance patches to the Software, along with appropriate documentation (“Updates”), on a schedule defined by ES&S. Customer is responsible for obtaining and installing any upgrades or purchases of third party hardware or software required to operate the Updates. Customer shall install Updates in accordance with ES&S’ recommended instructions or may request that ES&S install the Updates. ES&S will charge Customer separately to (a) deliver the Updates, (b) train customer on the use of such Updates, and (c) provide maintenance and support on the Software which is required as a result of Customer’s failure to timely install an Update. Customer shall pay ES&S for any Update which is required due to a change in state law.</p> <p>Software Maintenance and Support Services Provided by ES&S Under the Agreement</p> <p>1. Telephone support</p> <ul style="list-style-type: none"> • ES&S will provide support on procedural questions of a specific nature not covered in ES&S’ User Manuals; • ES&S will verify the appropriate steps to take to resolve issues identified by the Customer. <p>2. Issue Resolution (to be provided on a limited basis)</p> <ul style="list-style-type: none"> • ES&S will provide issue resolution on a limited basis once the Customer has followed all issue resolution procedures as set forth in the User Manuals and as directed in the required training course. If it becomes apparent that the Customer has not followed the appropriate User Manual and/or training directives, Customer will be advised to begin the issue resolution process over by following the procedures

Service	DS200	AutoMARK	Unity Software
			<p>identified in the User Manuals or by utilizing ES&S Election Services. The Customer may also be advised that additional training may be necessary to ensure the Customer has the appropriate level of issue resolution training.</p> <p>3. ES&S will provide Technical Bulletins on a schedule to be determined by ES&S regarding specific issues the Customer may be experiencing</p> <p>Software Maintenance and Support Services Not Provided by ES&S Under the Agreement</p> <ol style="list-style-type: none"> 1. Network design, layout or administration 2. Training for any Unity product 3. Election set up and programming 4. "Where/how do I start my programming of my Election" 5. Installation of Unity modules, firmware or setting date or time – User Guides, Installation Instructions, Training Checklists and Technical Bulletins are provided for these processes • Installation of Unity modules, printers and peripherals. These items shall be the responsibility of the Customer. 6. Third Party Interface – Import from a Voter Registration System 7.
