Description

Asphalt emulsions are liquid bituminous materials (asphalt cement, water and an emulsifying agent) which are applied either separately or with crushed stone to seal the surface of highway pavements. Asphalt emulsions are also applied as tack coats in conjunction with highway pavement resurfacing with bituminous concrete materials.

EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

OPTIONAL EQUIPMENT:

To request optional aggregate spreaders and/or rubber-tired rollers from a vendor, agencies must anticipate placement of at least 5,000 square yards of aggregate per day for each day that equipment is requested. This minimum does not include the last day of work on larger projects at which time quantities to complete work may be less than 5,000 square yards.

Equipment shall be supplied with operators and include mobilization. All equipment supplied shall meet the following requirements:

Self-propelled aggregate spreader. The aggregate spreader shall be a self-propelled unit capable of uniformly spreading the aggregate at the required rate on a minimum width of 6 inches wider than the width of the lane to be treated. The spreader shall meet the approval of the using agency and be calibrated similar to the test method used in ASTM D2995, within the previous 12 months, for transverse and longitudinal application using a portable scale and several sheets of canvas, 1 x 3 feet in size.

Pneumatic tire roller. The pneumatic tire rollers shall be self-propelled and have oscillating wheels with smooth tread tires and will have a minimum ballasted weight of 10 tons. The tire pressure for all wheels shall be uniform within ± 5 psi. To prevent pick-up of the aggregate to the tires, the tires shall be kept properly moistened with water mixed with small quantities of detergent or other material approved by the using agency. In no case shall a solvent having an affect upon the surface treatment be used.

Operators shall be capable and experienced in the operation of the supplied equipment. The vendor is advised that due to the nature of projects done with the supplied equipment, overtime hours are customarily used to expeditiously progress projects. No extra payment shall be due to vendors that supply operators for aggregate spreaders and/or rollers due to overtime hours worked by those operators. The vendor shall be responsible for fuel and repairs for all supplied equipment.

PRICE:

General - Clause 24B of the General Specifications has been modified to read, “Price with the exception of F.O.B. Storage Facility shown herein includes material cost and cost to furnish, heat, haul, deliver and apply with contractor's equipment.”

The price (mile and gallon range) for a specific job is calculated at the same rate. This rate is determined by finding the one category that applies to the total miles and gallons per job. For example, a job that is 11 miles from the plant is calculated at the same rate per gallon for each mile (from 1 to 11) that is indicated in the 11-25 mile column herein, rather than on a cumulative basis. Similarly, a job that is 16 miles from the plant and requires 4,000 gallons over a two-day period is calculated using the 11-25 mile row and the 1,001-3,000 gallon range since it is presumed that equal quantities are to be applied each day.

Optional Equipment Charges:

Price for optional Self-propelled Aggregate Spreader with Operator is net per day per spreader with operator and includes mobilization.

Price quoted for optional 10-ton Pneumatic Tire Roller with Operator is net per day per 10-ton pneumatic tire roller with operator and includes mobilization.

Excess Time Charge for All Items Except Material Designation 702-90, Asphalt Emulsion Tack Coat - This is the charge for each 15-minute period or portion thereof for a delay attributable to the receiving agency after scheduled delivery time. Excess time charges do not apply while contractor is unloading and/or applying material. They only apply when contractor is delayed by the receiving agency.

Hourly Charge for Material Designation 702-90, Asphalt Emulsion Tack Coat - This is the charge per hour that an Asphalt Emulsion distributor truck is on the project commencing at the scheduled start time indicated by the receiving agency and ending when the receiving agency has indicated to the distributor truck operator that no more Tack Coat is needed for the day. No deduction of time spent applying tack coat shall be made from the payment of the hourly charge. No adjustment is allowed for work hours longer than the standard work day. Excess Time Charge does not apply to Material Designation 702-90, Asphalt Emulsion Tack Coat.

It is inherent in the application of Tack Coat that the distributor applies tack coat for a very short period of time and then must wait until the emulsion breaks and the Hot Mix Asphalt is placed over the tack coat before Tack Coat may be applied at another location on the project. To fairly compensate contractors for expenses incurred during long periods of inactivity where Tack Coat distributor trucks and operators must be in stand-by mode on the project, an hourly charge for time actually spent on the project after the scheduled starting time has been introduced. This hourly charge is for time spent on the project, both applying tack coat and waiting to apply tack coat.

Insurance - Price includes the following insurance coverage costs:

- Commercial General Liability Insurance with a limit of not less than \$5,000,000 each occurrence ;
- Comprehensive Business Automobile Liability Insurance with a limit of not less than \$2,000,000 each accident.

Owners and Contractors Protective Insurance Coverage (OCP) is a separate price and is to be included only when specifically called for by an ordering agency. OCP requirements should be reviewed carefully. (Please see separate CONTRACTOR INSURANCE clause, especially section on "ADDITIONAL INSURANCE REQUIREMENTS AFTER AWARD".) Note that pricing for OCP was not required to be bid and was not a requirement for award; however, if an agency requires OCP coverage the vendor must supply it. This requirement will be stated on the “Quick-Quote” form and a pass through cost will be allowed. The charge for OCP insurance must be included when determining the lowest cost for the project.

Lower Pricing - The State reserves the right to negotiate lower pricing, or to advertise for bids, whichever is in the State's best interest as determined by the Commissioner, in the event of a significant decrease in market price of any product listed. In addition, if the contractor's normal pricing to the public or to the trade in general is less than the net/contract pricing with the application of a contract discount, etc., then the normal pricing to the public or to the trade in general shall also be granted to contract participants.

Price Reductions - Contractors are permitted to reduce their pricing any time during the contract term. In addition, contractors may choose to offer lower prices in specific instances or for particular projects. Vendors may do so through the agency's use of the “Quick Quote/Price Calculation” worksheet.

ASPHALT PRICE ADJUSTMENTS:

General -

1. Asphalt Price Adjustments allowed will be based on the October 1, 2010 average of the F.O.B. terminal price per ton of unmodified PG 64-22 binder without anti-stripping agent (base average F.O.B. terminal price). The new monthly average terminal price will be determined by the New York State Department of Transportation based on prices of preapproved primary sources of performance graded binder in accordance with the New York State Department of Transportation Standard Specification.

The October 1, 2010 average is \$489.00 per ton.

NOTE: The same grade of asphalt cement used in establishing the base average F.O.B. terminal price shall be used in establishing the new average F.O.B. terminal price.

In the event that one or more of the New York State Department of Transportation preapproved sources discontinue posting a price for asphalt cement, the base average F.O.B. terminal **price shall not be recalculated.**

2. The new average F.O.B. terminal price will be determined based on the above F.O.B. terminal prices posted on the 20th of each month, hereafter known as the “Adjustment Date”, during the contract period starting with February 20, 2011. However, Asphalt Price Adjustments, in accordance with the formula below, will be effective for deliveries made on and after the first of the month (i.e., March 1, 2011) following the adjustment date.
3. The unit prices of bituminous materials purchased from any award based on this specification will be subject to adjustment based on the following formula:

Price Adjustment (per gallon)	=	$\frac{\text{New Monthly Average FOB Terminal Price} - \text{Base Average Terminal Price}}{235}$	X	Total Allowable Petroleum %
-------------------------------------	---	--	---	-----------------------------------

New Monthly Average F.O.B. Terminal Price -

The average F.O.B. terminal price for unmodified PG 64-22 binder without anti-stripping agent as determined by the New York State Department of Transportation per New York State Department of Transportation Standard Specification.

Base Average F.O.B. Terminal Price -

The average F.O.B. terminal price of unmodified PG 64-22 binder without anti-stripping agent as determined by the New York State Department of Transportation as of October 1, 2010.

Total Allowable Petroleum -

The percentage of total allowable petroleum for each item is as follows:

<u>Material Designation</u>	<u>Grade</u>	<u>Asphalt %</u>	<u>Petroleum Allowance %</u>	<u>Total Allowable Petroleum %</u>
702-0700	18-60	100.0	0.2	100.2%

Asphalt Price Adjustments will not be allowed for materials which do not have an asphalt cement base.

EXAMPLE:

Item 702-3101	\$499.000 - \$489.000			
Base Avg. Price = \$489.000			x 0.662	= + \$0.028 per gallon
New Avg. Price = \$499.000	235			
Total Allowable Petroleum = 66.2%				

Positive Price Adjustment number shall be added to original per gallon Bid Price.

Negative Price Adjustment number shall be subtracted from original per gallon Bid Price.

4. Work performed after the expiration of the contract, where no extension has been granted, resultant from purchase orders placed prior to expiration of the contract will receive the Asphalt Price Adjustments applicable in effect during the last month of the contract.

Asphalt Price Adjustments for any contracts that are extended will be based on the new average for the month in which the work is done applying the same base established for that contract.

5. Asphalt Price Adjustments allowed by this contract shall be calculated and applied to the original prices. There will not be Asphalt Price Adjustments unless the change amounts to more than \$0.010 per gallon from the original price. In these instances, prices will revert back to the original prices.
6. All Asphalt Price Adjustments will be computed to three decimal places.
7. Should these provisions result in a price structure which becomes unworkable, detrimental or injurious to the State or in prices which are not truly reflective of market conditions or which are deemed by the Commissioner to be unreasonable or excessive, and no adjustment in price is mutually agreeable, the Commissioner reserves the sole right upon ten days written notice mailed to the contractor to terminate any contract resulting from this bid opening.
8. All Asphalt Price Adjustments shall be published by the State and issued to all contract holders whose responsibility will be to attach the appropriate State notification (based on when the work was performed) to the payment invoice submitted to agency.

Note To Contractors -

All construction and materials quantities specified are in U.S. Customary Units and should be billed accordingly.

References are made herein to New York State Department of Transportation, Standard Specifications, most current version, and all current addenda. A copy may be obtained through the Department's publication unit. Call 518-457-2124 for information.

QUICK QUOTE/PRICE CALCULATION:

During the course of this award, agencies may wish to try to obtain lower prices and contractors may wish to lower their contract price for various reasons, i.e. excess supply, slow business etc. Each quick quote situation is unique and the price is firm for that particular project only.

The use of the quick quote format is optional. Agencies may simply use the contract prices to fill out the price calculation worksheet (see following page) to determine who has the lowest price.

If an agency wishes to try to obtain better pricing they must send a quick quote form to the contractors within proximity of the project. If bid security is an issue, the agency can require bids to be sealed and/or opened publicly.

Agencies are to accept the lowest bid meeting their specific need. There are no negotiations permitted following this “Quick Quote” and prices cannot be changed once offered. Failure to adhere to all quick quote procedures may cause any non-state agency to lose the privilege of using State contracts. If for some reason the lowest bid is not taken, the agency must prepare detailed documentation explaining the action taken (i.e., the low contractor could not provide the product in the time frame required). This explanation along with the worksheets must be made a part of the record. State Agencies are required to send copies of all worksheets along with the purchase order to the Office of the State Comptroller.

Contractors are not required to lower prices when they receive a quick quote. They may quote the contract price. However, at no time, may a price be quoted that is higher than the contract price. Either or both materials cost and hauling expenses can be lowered by the contractor during the quick quote process.

Since asphalt price adjustments will be charged/credited to all invoices (after the work is finished), **asphalt price adjustments are not a factor to be considered when offering quick quote pricing.**

The applicable five-digit PC (contract) number should be cited in the space provided on the Quick Quote/Price Calculation Worksheet

NOTE: The applicable 5-digit PC (contract) number should be cited in the space provided on this sheet.
 Since price adjustments will be charged/credited to all invoices (after the work is finished), price adjustments are not a factor to be considered when offering quick quote pricing. Any reduction in prices must be based on the actual awarded price for each item in the contract.
 *Explain under “Agency Comments” any rejection of lowest price.

AWARD PENDING:

Any contractor given an "Award Pending" for a material item may become eligible for award by reducing their price(s) to less than or equal to the "revised average price" increased by 20%. **Acceptable revised pricing for material items shall be considered up to thirty days after date issued that appears on the original Contract Award Notification and again 30 days thereafter.** A supplemental award(s) shall then be published to incorporate contractors whose material pricing is determined to be acceptable.

Any contractor given an "Award Pending" for an "optional" item may become eligible for award by reducing its price(s) as previously stated.

The following are optional items:

- AGGREGATE SPREADER WITH OPERATOR AND MOBILIZATION
- PNEUMATIC TIRE ROLLER WITH OPERATOR AND MOBILIZATION
- EXCESS TIME CHARGE
- HOURLY CHARGE FOR 702-90

Acceptable revised pricing for "optional" items will not have time restrictions and will be handled by issuance of Purchasing Memoranda.

REQUEST FOR CHANGE:

Any request by the agency or contractor regarding changes in any part of the contract must be made in writing to the Office of General Services, Procurement Services Group, prior to effectuation.

NOTE TO CONTRACTOR:

This Contract Award Notification is not an order. Do not take any action under this contract except on the basis of purchase order(s) from the agency or agencies.

CONTRACT PAYMENTS:

Payments cannot be processed by State facilities until the contract products have been delivered in satisfactory condition or services have been satisfactorily performed. Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to contract number, description of product or service, quantity, unit and price per unit as well as federal identification number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts for prompt payment.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, those entities are required to make payments directly to the contractor. Prior to processing such payment, the contractor may be required to complete the ordering non-State agency's own voucher form.

See "Contract Billings" in Appendix B, OGS General Specifications.

CONTRACT BILLINGS AND PAYMENTS:

a. Billings. Contractor and the dealers/distributors/resellers designated by the Contractor, if any, shall provide complete and accurate billing invoices to each Authorized User in order to receive payment. Billing invoices submitted to an Authorized User must contain all information required by the Contract and the State Comptroller or other appropriate fiscal officer. Submission of an invoice and payment thereof shall not preclude the Commissioner from requesting reimbursement or demanding a price adjustment in any case where the Product delivered is found to deviate from the terms and conditions of the Contract or where the billing was inaccurate.

Contractor shall provide, upon request of the Commissioner, any and all information necessary to verify the accuracy of the billings. Such information shall be provided in the format requested by the Commissioner and in a media commercially available from the Contractor. The Commissioner may direct the Contractor to provide the information to the State Comptroller or to any Authorized User of the Contract.

b. Payment of Contract purchases made by an Authorized User when the State Comptroller is responsible for issuing such payment. The Authorized User and Contractor agree that payments for invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the Commissioner, in the Commissioner's sole discretion, due to extenuating circumstances. Such electronic payments shall be made in accordance with ordinary State procedures and practices. The Contractor shall comply with the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the State Comptroller website at www.osc.state.ny.us, by e-mail at epunit@osc.state.ny.us, or by telephone at 518-486-1255. Contractor acknowledges that it will not receive payment on any invoices submitted under this Contract that are payable by the State Comptroller if it does not comply with the State Comptroller's electronic payment procedures, except where the Commissioner has expressly authorized payment by paper check as set forth above.

c. Payment of Contract purchases made by an Authorized User when the State Comptroller is not responsible for issuing such payment. The Authorized User and Contractor agree that payments for such Contract purchases shall be billed directly by Contractor on invoices/vouchers, together with complete and accurate supporting documentation as required by the Authorized User. Such payments shall be as mandated by the appropriate governing law from the receipt of a proper invoice. Such Authorized User and Contractor are strongly encouraged to establish electronic payments.

NEW YORK STATE VENDOR RESPONSIBILITY QUESTIONNAIRE FOR-PROFIT BUSINESS ENTITY:

Contractor is encouraged to maintain up-to-date Questionnaire during the life of the contract and is also required to ensure this Questionnaire reflects any substantive issues that may have occurred from the time the Contract was initially awarded.

(continued)

DEBRIEFING:

Contractors and bidders are accorded fair and equal treatment with respect to the opportunity for debriefing. OGS shall, upon request, provide a debriefing to any bidder or awarded contractor that responded to the IFB or RFP regarding the reason that the proposal or bid submitted by the unsuccessful bidder was not selected for a contract award. The post award debriefing should be requested by the bidder or awarded contractor within thirty days of posting of the contract award on the OGS website.

PSG's DISPUTE RESOLUTION POLICY:

It is the policy of the Office of General Services' Procurement Services Group (PSG) to provide vendors with an opportunity to administratively resolve disputes, complaints or inquiries related to PSG bid solicitations or contract awards. PSG encourages vendors to seek resolution of disputes through consultation with PSG staff. All such matters will be accorded impartial and timely consideration. Interested parties may also file formal written disputes. A copy of PSG's Dispute Resolution Procedures for Vendors may be obtained by contacting the person shown on the front of this document or through the OGS website (www.ogs.state.ny.us).

MERCURY-ADDED CONSUMER PRODUCTS:

Offerers are advised that effective January 1, 2005, Article 27, Title 21 of the Environmental Conservation Law bans the sale or distribution free of charge of fever thermometers containing mercury except by prescription written by a physician and bans the sale or distribution free of charge of elemental mercury other than for medical pre-encapsulated dental amalgam, research, or manufacturing purposes due to the hazardous waste concerns of mercury. The law further states that effective July 12, 2005, manufacturers are required to label mercury-added consumer products that are sold or offered for sale in New York State by a distributor or retailer. The label is intended to inform consumers of the presence of mercury in such products and of the proper disposal or recycling of mercury-added consumer products. Offerers are encouraged to contact the Department of Environmental Conservation, Bureau of Solid Waste, Reduction & Recycling at (518) 402-8705 or the Bureau of Hazardous Waste Regulation at 1-800-462-6553 for questions relating to the law. Offerers may also visit the Department's web site for additional information:

CONTRACTOR REQUIREMENTS AND PROCEDURES FOR EQUAL EMPLOYMENT AND BUSINESS PARTICIPATION OPPORTUNITIES FOR MINORITY GROUP MEMBERS AND NEW YORK STATE CERTIFIED MINORITY/WOMEN-OWNED BUSINESSES

In accordance with Article 15-A of the New York State Executive Law (Participation by Minority Group Members and Women with Respect to State Contracts) and in conformance with the Regulations promulgated by the Minority and Women's Business Development Division of the New York State Department of Economic Development set forth at 5 NYCRR Parts 140-144, the Contractor agrees to be bound by the following to promote equality of economic opportunities for minority group members and women, and the facilitation of minority and women-owned business enterprise participation on all covered OGS contracts.

- a. **Equal Employment Opportunity Requirements**
The Contractor agrees with all of the terms and conditions of Appendix A including Clause 12 - Equal Employment Opportunities for Minorities and Women. The contractor is required to ensure that the provisions of Appendix A clause 12 – Equal Employment Opportunities for minorities and women, are included in every subcontract in such a manner that the requirements of these provisions will be binding upon each subcontractor as to work in connection with the State contract.
- b. **Participation Opportunities for New York State Certified Minorities and Women-Owned Businesses**
Authorized Users are encouraged to make every good faith effort to promote and assist the participation of New York State Certified Minority and Women-owned Business Enterprises (M/WBE) as subcontractors and suppliers on this contract for the provision of services and materials. To locate New York State Certified M/WBEs, the directory of Certified Businesses can be viewed at:
http://www.empire.state.ny.us/Small_and_Growing_Businesses/mwbe.asp

REPORT OF CONTRACT PURCHASES:

Contractor shall furnish quarterly reports containing total sales for both state agency and authorized non-state agency contract purchases no later than forty-five (45) days after the close of each calendar quarter.

A separate report shall be provided in the following format for each authorized distribution channel. The sales report form is forwarded to each contractor at time of award for completion in accordance with the contract terms and conditions:

Product/ Service Description	Total Quantity Shipped to State Agencies	Total Quantity Shipped to Authorized Non-State Agencies	Total Sales \$ State Agencies	Total Sales \$ Authorized Non-State Agencies
				\$
		Grand Total Sales- State & Non-State Agencies		\$

The report is to be submitted electronically in Microsoft Excel 2007 or lower format to the Office of General Services, Procurement Services Group, Tower Bldg., Empire State Plaza, Albany, NY 12242, to the attention of the individual shown on the front page of the Contract Award Notification and shall reference the Group Number, the Award Number, Contract Number, sales period, and contractor's (or other authorized agent) name.

The outlined sales report is the minimum information required. Additional related sales information, such as monthly reports, and/or detailed user purchases may be required and must be supplied upon request.

PREVAILING WAGE RATES - PUBLIC WORKS AND BUILDING SERVICES CONTRACTS:

Work is subject to the prevailing wage rate provisions of New York State Labor Law. See "Prevailing Wage Rates - Public Works and Building Services Contracts" in Appendix B, OGS General Specifications. Any federal or State determination of a violation of any public works law or regulation, or labor law or regulation, or any OSHA violation deemed "serious or willful" may be grounds for a determination of vendor non-responsibility.

For access to the Department of Labor (DOL) Prevailing Wage Schedule for this award, use the link <http://wpp.labor.state.ny.us/wpp/publicViewProject.do?method=showIt&id=538239> or copy and paste into your browser. Next, click on "Original Wage Schedule" beneath the header. This schedule is in excess of 2,100 pages in length and may require several minutes to open.

The applicable Prevailing Wage Rate Schedule for this award is **PRC #2010008266**. For Prevailing Wage Updates, use the DOL link <http://wpp.labor.state.ny.us/wpp/publicViewPWChanges.do?method=showIt> or copy and paste into your browser. Links to schedule updates appear in the table at the bottom of the web page.

IMPORTANT NOTE: The above PRC number MUST be noted on all purchase orders issued for purchases from this contract.

WORKER NOTIFICATION – A9052; S6240

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, paragraph a of subdivision 3-a. It requires contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the *prevailing wage rate* for their particular job classification *on each pay stub**. It also requires contractors and subcontractors to *post a notice* at the beginning of the performance of every public work contract *on each job site* that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her particular job classification. The required notification will be provided with each wage schedule, may be downloaded from www.labor.state.ny.us or made available upon request by contacting the Bureau of Public Work at 518-457-5589.

* In the event that the required information will not fit on the pay stub, an accompanying sheet or attachment of the information will suffice.

MATERIALS:

Materials offered must be from a NYS Dept. of Transportation approved location. Materials offered from other than approved locations will not be considered for award and will be sufficient cause for rejection of bid. Inspection of storage locations not currently approved may be requested directly from NYSDOT and subsequently certified for consideration in future Invitations for Bids.

(continued)

MINIMUM ORDER:

The absolute minimum order is 500 gallons for each Material Designation.

CONTRACTOR INSURANCE:

The Contractor shall provide to The New York State Office of General Services (“OGS”) written proof of insurance coverage and additional insured documentation as specified herein. "Written proof" consists of certificates of insurance and/or endorsements to policies issued by an officer of an insurance company licensed or authorized to do business in New York, government self-retention funds or other self-insurance companies evidencing that the Contractor has the requisite insurance coverages. All non-standard exclusions or limitations applicable to the contract must be disclosed on the Certificate of Insurance and must be approved by The New York State Office of General Services (“OGS”). Policies providing commercial general liability, excess or umbrella liability and pollution legal liability insurance shall be specifically endorsed to name the People of the State of New York, its officers, agents, and employees as additional insureds thereunder. Such written proof shall be in the form and substance acceptable to The New York State Office of General Services (“OGS”). Acceptance and/or approval by The New York State Office of General Services (“OGS”) of the written proof of insurance does not and shall not be construed to relieve Contractor of any obligations, responsibilities or liabilities under the Contract to obtain the required coverage.

Contractor shall secure and continue to keep in force during the term of the contract, and Contractor shall require all Subcontractors prior to commencement of an agreement between Contractor and the Subcontractor, to secure and keep in force during the term of this contract the following insurance coverage in parenthesis:

- a) Commercial General Liability Insurance with minimum liability limits of **not less than \$2,000,000.00 each occurrence** (and minimum liability limits of not less than \$5,000,000 after notice of award). Such liability shall be written on the ISO occurrence form CG 00 01© (current edition) or a substitute form providing equivalent coverages and shall cover liability arising from premises or operations, independent contractors, broad form property damage, personal & advertising injury, cross liability coverage, contractual damages, and products or completed operations, if applicable (including the tort liability of another assumed in a contract), and explosion, collapse & underground coverage. If such insurance contains an aggregate limit, it shall apply separately on a per job basis. General Liability Additional Insured Endorsement shall be on Insurance Service Office’s (ISO) form number **CG 2010 1185**.
- b) Comprehensive Business Automobile Liability Insurance with minimum liability limits of **not less than \$2,000,000.00** each accident both at the time of bid and after notice of award. Such insurance shall cover liability arising out of any automobile including Owned (if any), Hired and Non-Owned automobiles.
- c) Workers’ Compensation, Employer’s Liability, and Disability Benefits meeting all New York State statutory requirements. The policy shall provide coverage for all states of operation that apply to the performance of the contract. In addition, if employees will be working on, near or over navigable waters, coverage provided under the US Longshore and Harbor Workers Compensation Act must be included. Also, if the contract is for temporary staffing services or involves renting equipment with operators, the Alternate Employer Endorsement WC 00 03 01A must be included on the policy naming the People of the State of New York as the alternate employer.

All insurance coverage must meet the following additional requirements:

- 1) All insurance required shall be obtained at the sole cost and expense of the Contractor, and shall be primary and non-contributing to any insurance, self-retention or self-insurance maintained by the Authorized User.
- 2) Any deductible or self-insured retention amount or other similar obligation under the policies shall be the sole responsibility of the Contractor. The amount of any deductible or self-insured retention is subject to approval by the The New York State Office of General Services (“OGS”).
- 3) The requisite insurance may be provided through a policy or policies of insurance which may be primary and/or excess including umbrella policies, but must be placed with an Insurer rated “A-“ Class “VII” or better by the A.M. Best Company, Inc. If, during the term of the policy, an Insurer’s rating falls below “A-” Class “VII”, the insurance must be replaced no later than the renewal date of the policy with an Insurer rated at least “A-” Class “VII” by the A.M. Best Company, Inc. Any excess policy must follow the requirements set forth in the New York State Insurance Law for such coverage.

CONTRACTOR INSURANCE: (Cont'd.)

- 4) Contractors shall provide The New York State Office of General Services (“OGS”) with updated Certificates of Insurance and as applicable amendatory endorsements at least thirty (30) days prior to the expiration or renewal date of a policy.
- 5) The insurance provided shall include an endorsement indicating that the policy and any endorsements may not be cancelled without thirty (30) days prior written notice to The New York State Office of General Services (“OGS”). In the event that the cancellation is due to non-payment of premium, ten (10) days prior written notice shall be provided.
- 6) The insurance provided shall include a blanket or specific “Waiver of Subrogation” endorsement waiving any right to recovery the insurance company may have against the State.
- 7) In the block provided in the Certificate of Insurance for insertion of “Description of Operations/Locations/Vehicles/Exclusions Added by Endorsement/Special Provisions” the additional insured information and job-specific information such as the nature of the contract and either the solicitation number or the contract award number should be referenced.
- 8) Additional insured endorsements should specify the following:
 - The full legal name of the additional insured; i.e., the State of New York, its agencies, officers and employees;
 - The specific location or operations for which the coverage applies;
 - Coverage will run until the completion of the last project on this contract;
 - That notice of modification or cancellation will be provided to the additional insured at a specified name and address;
 - That the insurance company waives any right of recovery it may have against the State;
 - That the coverage required shall be primary for the State and shall not be affected by any self-insurance or other insurance or coverage obtained by the State on its own behalf;
 - That cross-liability/severability of interest coverage is provided; and
 - That the legal defense provided to the State under the policy must be free of any conflicts of interest even if retention of separate legal counsel for the State is necessary.
- 9) The insolvency or bankruptcy of the insured Contractor or Subcontractor shall not release the Insurer from payment under the policy even when such insolvency or bankruptcy prevents the insured Contractor or Subcontractor from meeting the retention limits under the policy.

Failure to provide insurance coverage as required herein and to keep the same in force during the term of the contract is a material breach of contract entitling the State to terminate the contract in accordance with the termination provisions in the contract.

ADDITIONAL OCP INSURANCE - Any Authorized User, in particular the New York State Department of Transportation (NYSDOT) may also require Owners and Contractors Protective Insurance Coverage (OCP) in addition to the above-referenced insurance. **The OCP insurance required shall be \$1,000,000 per occurrence and \$2,000,000 in the aggregate.**

The request for OCP shall be indicated by the Authorized User on the Quick Quote form. All Quick Quotes submitted must state the cost for such coverage which will be included as part of the Total Cost per Project and evaluated accordingly by the Authorized User.

In addition, as stated above, Workers’ Compensation, Employer’s Liability, and Disability Benefits coverages meeting all New York State statutory requirements are required.

"OGS OR LESS" GUIDELINES APPLY TO THIS CONTRACT:

Purchases of the products included in the Contract Award Notification are subject to the "OGS or Less" provisions of Section 163.3.a.v., Article XI, of the New York State Finance Law. This means that State agencies can purchase products from sources other than the contractor provided that such products are substantially similar in form, function or utility to the products herein and are:

1. lower in price; and/or
2. available under terms which are more economically efficient to the State agency (e.g. delivery terms, warranty terms, etc.).

Agencies are reminded that they must provide the State contractor an opportunity to match the non-contract savings at least two business days prior to purchase. In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the New York State Contract Reporter, prior approval of the Comptroller's Office and competitive bidding of requirements exceeding the discretionary bid limit. State agencies should refer to Procurement Council Guidelines section "OGS or Less Purchases" for complete procedural and reporting requirements. The Procurement Council Guidelines are available at <http://www.ogs.state.ny.us/procurecouncil/pdfdoc/guidelines.pdf>.

Non-contract vendors furnishing materials under "OGS or Less" shall meet the same qualifications as those required of contract vendors. In addition, non-contract vendors are subject to all other requirements and conditions appearing in this Invitation for Bids including Group Specification, Appendix A, Appendix B and any and all applicable Purchasing Memoranda.

Price shall include ALL required insurance coverage costs (see "CONTRACTOR INSURANCE" clauses).

PURCHASE ORDERS AND INVOICING:

General – All orders and invoices/vouchers should include the following:

- contract number (5-digit PC number);
- **PRC #2010008266**; and
- a line by line listing of separate charges as itemized on the quick quote or the contract award, whichever price is lower.

Invoices - Contract users are instructed not to process invoices without needed information. Invoices must be detailed and include **all** of the following:

- Contract Number (5-digit PC number);
- **PRC #2010008266**;
- Purchase Order Number;
- Item Description; and
- Total price including line item breakdown of all charges in accordance with contract award format.

Failure to comply may result in lengthy payment delays.

DELIVERY:

Delivery shall be made in accordance with instructions on Purchase Order from each agency. If there is a discrepancy between the purchase order and what is listed on the contract, it is the contractor's obligation to seek clarification from the ordering agency and, if applicable, from the Office of General Services, Procurement Services Group.

PAYMENT:

Payment shall be made at contract price per gallon for the actual quantities of liquid bituminous material furnished to and verified by the receiving agency. This determination as to quantities involved in any contract shall be accepted as final and binding upon the contractor. A delivery slip stating quantities shall accompany each shipment. An invoice shall be sent promptly by the contractor to the engineer of the region or to the State Agency placing the order. Measurement shall be based on the volume of the liquid bituminous material at a temperature of 60° F. All invoices shall show an allowance for temperature above 60° F. The temperature - volume correction to obtain the correct volume at 60° F shall be 0.00025 gallons per °F for all asphalt emulsions. The method to be used for volume corrections for other petroleum products shall be the method and coefficients of expansion given in the "Standard Petroleum Tables, A.S.T.M. D1250." The price per unit for other than "Specific Projects" arrived at (mutually estimated) by the contractor and the using agency on the Quick Quote/Price Calculation Worksheet or the price per unit resultant from the actual average daily production, whichever is less, shall be the price per unit paid to the contractor. No additional payment shall be due to the contractor for production rates that are not equal to the rate upon which the calculation work sheet price was based.

Payment for equipment shall be by the day for each day the equipment is actually used to place or compact material except as follows: No payment shall be made for days required to deliver the equipment to the project site or to return the equipment to the vendor's plant. Payment shall be made for each day that actual surface treatment work is started, even if work is not completed due to inclement weather or other unforeseen circumstances. The vendor shall not be entitled to payment for days where work is not started due to inclement weather.

NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See "Participation in Centralized Contracts" in Appendix B, OGS General Specifications. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (<http://www.ogs.state.ny.us/purchase/snt/othersuse.asp>). Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS Procurement Services Group's Customer Services at 518-474-6717.

EXTENSION OF USE:

Any contract may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

CONTRACT PERIOD AND RENEWALS:

It is the intention of the State to enter into a contract for the term as stated herein. If mutually agreed between the Procurement Services Group and the contractor, the contract may be renewed under the same terms and conditions for additional period(s) not to exceed a total contract term of five (5) years.

SHORT TERM EXTENSION:

In the event the replacement contract has not been issued, any contract let and awarded hereunder by the State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

CANCELLATION FOR CONVENIENCE

The State of New York retains the right to cancel this contract, in whole or in part without reason provided that the Contractor is given at least sixty (60) days notice of its intent to cancel. This provision should not be understood as waiving the State's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision. Any such cancellation shall have no effect on existing Agency agreements, which are subject to the same 60 day discretionary cancellation or cancellation for cause by the respective user Agencies.

ESTIMATED QUANTITIES:

Each contract shall be for the quantities or dollar values actually ordered during the contract period. The individual value of each contract is indeterminate and will depend upon the number of contracts issued and the competitiveness of the pricing offered. Agencies will be encouraged to purchase from contractors who offer the supplies, services, and pricing that best meet their needs in the most practical and economical manner. See "Estimated/Specific Quantity Contracts" and "Participation in Centralized Contracts" in Appendix B, OGS General Specifications.

CONTRACT MIGRATION:

State Agencies or any other authorized user holding individual contracts with contractors under this centralized contract shall be able to migrate to this contract award with the same contractor, effective on the contract begin date (retroactively, if applicable). Migration by an agency or any other authorized user to the centralized contract shall not operate to diminish, alter or extinguish any right that the agency or other authorized user otherwise had under the terms and conditions of their original contract.

EMERGENCY PURCHASING:

In the event that a disaster emergency is declared by Executive Order under Section 28 of Article 2-B of the Executive Law, or that the Commissioner determines pursuant to his/her authority under Section 163(10)(b) of the State Finance Law that an emergency exists requiring the prompt and immediate delivery of products or services, the Commissioner reserves the right to obtain such products or services from any source, including but not limited to this contract, as the Commissioner in his/her sole discretion determines will meet the needs of such emergency. Contractor shall not be entitled to any claim or lost profits for products or services procured from other sources pursuant to this paragraph.
