(See "Contract Payments" and "Electronic Payments in this document.)

AGENCIES SHOULD NOTIFY THE PROCUREMENT SERVICES GROUP PROMPTLY IF THE CONTRACTOR FAILS TO MEET DELIVERY OR OTHER TERMS OF THIS CONTRACT. PRODUCTS OR SERVICES WHICH DO NOT COMPLY WITH THE SPECIFICATIONS OR ARE OTHERWISE UNSATISFACTORY TO THE AGENCY SHOULD ALSO BE REPORTED TO THE PROCUREMENT SERVICES GROUP.

SMALL, MINORITY AND WOMEN-OWNED BUSINESSES:

The letters SB listed under the Contract Number indicate the contractor is a NYS small business. Additionally, the letters MBE and WBE indicate the contractor is a Minority-owned Business Enterprise and/or Woman-owned Business Enterprise.

RECYCLED, REMANUFACTURED AND ENERGY EFFICIENT PRODUCTS:

The Procurement Services Group supports and encourages the purchase of recycled, remanufactured, energy efficient and "energy star" products. If one of the following codes appears as a suffix in the Award Number or is noted under the individual Contract Number(s) in this Contract Award Notification, please look at the individual awarded items for more information on products meeting the suffix description.

RS,RP,RA	Recycled
RM	Remanufactured
SW	Solid Waste Impact
EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

NOTE TO ALL CONTRACT USERS:

The terms and conditions of the bid solicitation which apply to the award appear at the end of this document. We strongly advise all contract users to familiarize themselves with all terms and conditions before issuing a purchase order.

PRICE:

Price quoted includes all customs duties and charges and is F.O.B. plant per net metric ton, net metric ton kilometer, and additional charges per net metric ton for hauling 620.4M and 620.05M.

(continued)

PRICE REDUCTIONS:

Contractors are permitted to reduce their pricing any time during the contract term. In addition, contractors may choose to offer lower prices in specific instances or for particular projects. Contractors may do so through the agency use of the Quick Quote/Price Calculation worksheet.

QUICK QUOTE/PRICE CALCULATION:

During the course of this award, agencies may wish to try to obtain lower prices and contractors may wish to lower their contract prices for various reasons, i.e. excess supply, slow business. Each quick quote situation is unique and the price is firm for that particular project only.

The use of the quick quote format is optional. Agencies may simply use the contract prices to fill out the price calculation worksheet to determine who has the lowest price.

If an agency wishes to try to obtain better pricing they must send a quick quote form to the contractors within proximity of the project. If bid security is an issue, the agency can require bids to be sealed and/or opened publicly.

Agencies are to accept the lowest bid meeting their specific need. There are no negotiations permitted following this "Quick Quote" and prices cannot be changed once offered. Failure to adhere to all quick quote procedures may cause any non-state agency to lose the privilege of using State contracts. If for some reason the lowest bid is not taken, the agency must prepare detailed documentation explaining the action taken (i.e., the low contractor could not provide the product in the time frame required). This explanation along with the worksheets must be made a part of the record. State Agencies are required to send copies of all worksheets along with the purchase order to the Office of the State Comptroller.

Contractors are not required to lower prices when they receive a quick quote. They may quote the contract price. However, at no time, may a price be quoted that is higher than the contract price. Materials cost and/or hauling expenses can be lowered by the contractor during the quick quote process.

TRANSPORTATION (HAULING):

Transportation (hauling) costs, with the possible exception of 620.4M and 620.5M, will be based on two (2) prices. One price will be bid for transportation for 0 to 1 kilometer (0-1) and one price will be bid for any additional kilometers (1+).

The 0 to 1 kilometer price will be the bid price for any distance traveled up to and including one kilometer. This 0 to 1 kilometer bid price will be added to the material cost. This final figure will constitute the cost to deliver one metric ton of material up to one kilometer.

The 1+ kilometer price will be the bid price for any distance traveled after the first kilometer. This 1+ kilometer bid price will be multiplied by the total number of kilometers (less the first kilometer), added to the bid price for 0-1 kilometer, and then added to the material cost. This final figure will constitute the cost to deliver one metric ton of material the total number of kilometers.

An additional 1+ kilometer price may be bid for hauling 620.4M and 620.5M. This price will be added to the 1+ kilometer price bid.

The formulas further illustrate the transportation (hauling) calculations:

**FORMULAS FOR TOTAL DELIVERED COST CALCULATION OF
TRANSPORTATION (HAULING) RATES**

Total cost will be determined by applying the following formulas:

A) FOR DISTANCE OF ONE KILOMETER OR LESS:	EXAMPLE:
Cost per metric ton/kilometer delivery charge for first kilometer or portion thereof (0-1) as bid	\$.55
+ Material Cost as bid	\$35.00
=	
Total delivered cost per metric ton for one kilometer or less	\$35.55
B) FOR DISTANCES OVER ONE (1) KILOMETER: (11 kilometers delivered)	
Total Kilometers minus one (11-1)	10
X	
Cost per metric ton/kilometer each additional kilometer after the first kilometer as bid	\$.06
=	
Delivery Charge for total kilometers less the first kilometer	\$.60
+	
Cost per metric ton/kilometer for first kilometer (0-1)	\$.55
=	
Total Delivery charge per metric ton	\$ 1.15
+	
Material Price as bid	\$35.00
=	
Total Delivered Cost per metric ton for 11 kilometers	\$36.15
C) ADDITIONAL COST FOR ITEM 620.04M OR 620.05M	
Additional 1+ kilo price for 620.04M	\$0.03
Additional Delivery Charge for total kilometers less the first kilometer	\$0.30
Total Delivery Charge per metric ton for 11 kilometers for 620.04M	\$ 36.45

NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See "Participation in Centralized Contracts" in Appendix B, OGS General Specifications. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (www.ogs.state.ny.us). Click on "For Government-Contracts and Purchasing," then "About Procurement," then "Non-State Agency Legal References." Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS Procurement Services Group's Customer Services at 518-474-6717.

EXTENSION OF USE:

Any contract resulting from this bid solicitation may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

DELIVERY:

Delivery shall be made as specified and in accordance with instructions furnished with each order, unless otherwise directed in writing. A weight slip is required with each delivery. Invoice must be sent promptly by the contractor to the Regional Office of the region to which the material is shipped, or to the Agency placing the order.

CONTRACT PERIOD AND RENEWALS:

It is the intention of the State to enter into a contract for the term as stated on the Invitation for Bids except that the commencement and termination dates appearing on the Invitation for Bids may be adjusted forward unilaterally by the State for any resulting contract for up to two calendar months, by indicating such change on the Contract Award Notification.

The contract dates may be adjusted forward beyond two months only with the approval of the successful bidder. If, however, the bidder is not willing to accept an adjustment of the contract dates beyond the two month period, the State reserves the right to proceed with an award to another bidder.

Prices or discounts quoted are to be firm for the initial 2-year period of the contract. Price escalation or discount reduction will not be allowed during this period and is specifically excluded from the terms and conditions of the Invitation for Bid, its specifications and subsequent contract award. Price decreases or discount increases are permitted at any time.

If mutually agreed between the Procurement Services Group and the contractor, the contract may be renewed under the same terms and conditions for additional period(s) not to exceed a total contract term of five (5) years. For each additional one-year renewal period, price adjustments for all items will be considered based on the average of the percentage of annual increases or decreases listed for the *20-City Average* for Gravel and Crushed Stone as published in McGraw-Hill Construction's *Engineering News-Record* (ENR), in the first week of the month 3-months prior to the expiration of the contract. The annual price adjustment shall not exceed 5% per year.

(continued)

PRICE ADJUSTMENT BASED ON *Engineering News-Record*:

Adjustment Date - There shall be no change in price permitted during the initial 2 years of the contract. Price adjustment may take place if the contract is renewed beyond that date.

Formula - The following formula shall be used to calculate the new prices:

P = Original award price

C = Average of annual percentage increases/decreases as listed for the *20-City Average* for Gravel and Crushed Stone in the *ENR* representing the first March publication for that year.

A = Adjustment factor = $100 \pm C\%$

N = New, adjusted price = $P * A$ rounded to 2 decimal places

Example - Below is an example of how the New Prices would be calculated:

P = \$6.75 per metric ton

C = 0.64%

A = 100.64

N = $\$6.75 * 100.64 = \6.79 per metric ton

Should the referenced publication be discontinued, a publication or index deemed equivalent by the Procurement Services Group will be utilized.

Should the price structure utilized by the parties become unworkable for the State, detrimental or injurious to the State, or result in prices which are not truly reflective of current market conditions and the price is deemed unreasonable or excessive by the Commissioner, and no adjustment in price is mutually agreeable, the Commissioner reserves the sole right upon 10 days written notice mailed to the contractor to terminate any contract resulting from this bid opening. If the contractor is unable or unwilling to meet contractual requirements in whole or in part, it shall immediately notify the State of that fact in order that the State may take appropriate action. Such notification shall be in writing and shall be directed to the Office of General Services, Procurement Services Group. Such notification shall not relieve the contractor of its responsibilities under the contract.

SHORT TERM EXTENSION:

In the event the replacement contract has not been issued, any contract let and awarded hereunder by the State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

CANCELLATION FOR CONVENIENCE:

The State of New York retains the right to cancel this contract, in whole or in part without reason provided that the Contractor is given at least sixty (60) days notice of its intent to cancel. This provision should not be understood as waiving the State's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision. Any such cancellation shall have no effect on existing Agency agreements, which are subject to the same 60 day discretionary cancellation or cancellation for cause by the respective user Agencies.

(continued)

DEFAULT:

Clause 45 of the General Specifications is modified as follows:
Failure to furnish material within ten days after receiving and accepting order or as agreed upon with authorized representative or violation of shipping instructions, shall be cause for and entitle the State (1) to damages which in its judgment have resulted, or (2) to purchase in the open market at the expense of the contractor. At the discretion of the State, one or both of these courses of action may be followed.

REQUEST FOR CHANGE:

Any request by the agency or contractor regarding changes in any part of the contract must be made in writing to the Office of General Services, Procurement Services Group, prior to effectuation.

CONTRACT PAYMENTS:

Payments cannot be processed by State facilities until the contract products have been delivered in satisfactory condition or services have been satisfactorily performed. Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to contract number, description of product or service, quantity, unit and price per unit as well as federal identification number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts for prompt payment.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, those entities are required to make payments directly to the contractor. Prior to processing such payment, the contractor may be required to complete the ordering non-State agency's own voucher form.

See "Contract Billings" in Appendix B, OGS General Specifications.

ELECTRONIC PAYMENTS:

The Office of the State Comptroller (OSC) offers an "electronic payment" option in lieu of issuing checks. Contact OSC to obtain an information packet at 518-474-4032 or e-mail to epunit@osc.state.ny.us or visit their website at www.osc.state.ny.us.

PSG's DISPUTE RESOLUTION POLICY:

It is the policy of the Office of General Services' Procurement Services Group (PSG) to provide vendors with an opportunity to administratively resolve disputes, complaints or inquiries related to PSG bid solicitations or contract awards. PSG encourages vendors to seek resolution of disputes through consultation with PSG staff. All such matters will be accorded impartial and timely consideration. Interested parties may also file formal written disputes. A copy of PSG's Dispute Resolution Procedures for Vendors may be obtained by contacting the person shown on the front of this document or through the OGS website (www.ogs.state.ny.us).
