CONTRACTOR: 3M Company
CONTRACT NO: PC63279

SUBJECT: Price List Update

To All Authorized Users:

In reference to the terms and conditions of the above contract, a new price list has been submitted and is being posted to the contract website under the heading "Pricing Information" at:
<http://www.ogs.ny.gov/purchase/spg/awards/3862520867CAN.HTM>

The changes are limited to two product lines noted in the contractor's catalog: 3M High Build All Weather Traffic Paint and 3M Reflective Elements, which are sold in combination as a Matched Component System Package. These changes are warranted and reflective of ongoing domestic and international shortages and price changes on Titanium Dioxide (TiO₂) and associated binding resins required for the products' manufacture over the past 3 years.

The new pricing is found on catalog pages 52 and 53 (pdf file pages 65 & 66) of the posted catalog price list. The information has been consolidated from the previous catalog edition, and as such pages 54 & 55 have been deleted in their entirety.

Please address any questions to the purchasing officer listed above or to The Customer Services Department. All other terms and conditions remain unchanged.

CONTRACTOR: 3M Company
CONTRACT NO: PC63279

SUBJECT: Product Discontinuation & Replacement - Price List Update

To All Authorized Users:

In reference to the terms and conditions of the above contract, the contractor has announced the discontinuation of 3200T Series Commercial Grade Reflective Sheeting from their product line as found in the 3M Traffic Safety Systems Division's 2008 Catalog and Price List; upon which the aforementioned contract is based. The product line has been replaced by 3 new products as follows:

3200CG Series Commercial Grade Reflective Sheeting Material
3200DP Series Commercial Grade Reflective Sheeting Material
3430 Series Engineer Grade Reflective Sheeting Material.

The 3200CG and DP Series are general purpose materials, whereas 3430 Series material is designed for Traffic Control needs. 3430 meets which exceeds ASTM D4956 Type 1 for retroreflectivity. 3430 is also more environmentally friendly as its manufacturing process has reduced VOC emissions by 97% and energy consumption by 72% over its predecessor.

Additional technical information for the new products is available at www.3m.com/tss.

The 3200CG and 3200DP Series catalog prices are the same as the original 3200T Commercial Grade (\$1.30 per square foot), and will be subject to the same 32% discount from the list as was applicable to the original 3200T series material. The 3430 Series material is being offered at a lower list price than the original 3200T series material (\$1.24 per square foot) and 3M has increased the discount rate for this material to 35.48% from the listed prices.

3M has also advised of price reductions on All Weather High Build Paint and Reflective Elements.

Complete pricing information, which also contains the available configurations and sizes for all of this material, may be found under the PRICING INFORMATION tab on the contract website at

<http://www.ogs.state.ny.us/purchase/spg/awards/3862520867CAN.HTM>.

The pages have been inserted into the 2008 Price List as pdf document pages #65-68 for the paint products and #101 & 102 at the end of the document for the reflective sheeting. 3200T Pricing has been removed from the document.

All other terms and conditions of the original award remain unchanged.
