## YOUR PRODUCTIVITY PARTNER WITH INTELLIGENT SOLUTIONS

Meet your business demands with a smart productivity partner that performs. The Neopost Intelligent Solution 460 takes mail processing to a new level of efficiency and delivers the results you need.

With state-of-the-art technology and online services under your control, you'll be sure to have the best-in-class solution to meet your demanding mailing requirements.

Easy to operate and convenient to use, the highly capable IS-460 with whisper-quiet operation is fast and efficient. Plus, with the smallest footprint in its category, you'll appreciate the sleek ergonomic design that easily integrates into your business environment.

Automatic Mixed-Size Feeder  
adjusts to sort mail by size  
and thickness.  
Self-aligning rollers  
prevent jams or misprints

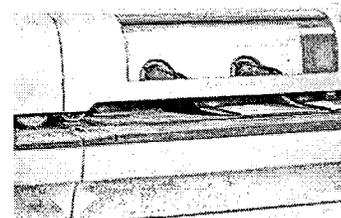

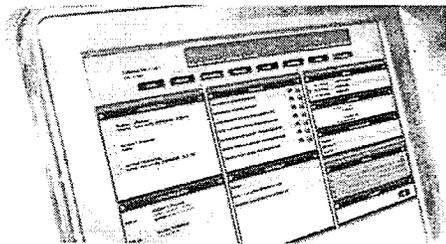

### MIX IT UP THE IS-460 WILL SORT IT OUT AND SEAL IT UP

Eliminate the manual task of sorting mail by size, thickness, or weight. Simply Load 'n Go when you place your envelopes of various sizes and formats into the Mixed-Size Self-aligning Feeder and press start. And no matter what your needs are, the IS-460 can still mix it up, process and automatically seal up to 125 letters per minute. It's that easy.

### MONITOR, TRACK AND CONTROL THE ONLINE GENERATION

Neopost Online Services give you greater control over your mailing system and postal expenditures. The Intelligent Solution 460 is connected to help you manage your operations more efficiently. Don't run out of ink with Low Ink E-mail Alerts and simplify re-ordering. Enjoy the hassle-free automatic postal rate change downloads that ensures you're compliant with the latest USPS postal rates. If you have accountable mail, why not use eConfirmation & eCertified services to track mail and receive status email alerts? With convenient online access, you can monitor and track postage, mail class, and department usage.

### MAIL ACCOUNTING SOLUTIONS THAT KEEP YOU IN CONTROL

Optimizing budget and effective costs control are expected in today's business environment. The Neopost Mail Accounting Solution (MAS) delivers the detailed reports you need to track, analyze, allocate, forecast, and consolidate your mail processing activity by mail class, department, time-period and more, even from a distance. You can even establish budget by department and then monitor costs with automatic alerts or limits controlling overspending. Connect to a PC with Neopost MAS installed and you're never out of control.

### WEIGHING YOUR COSTS HAS NEVER BEEN FASTER

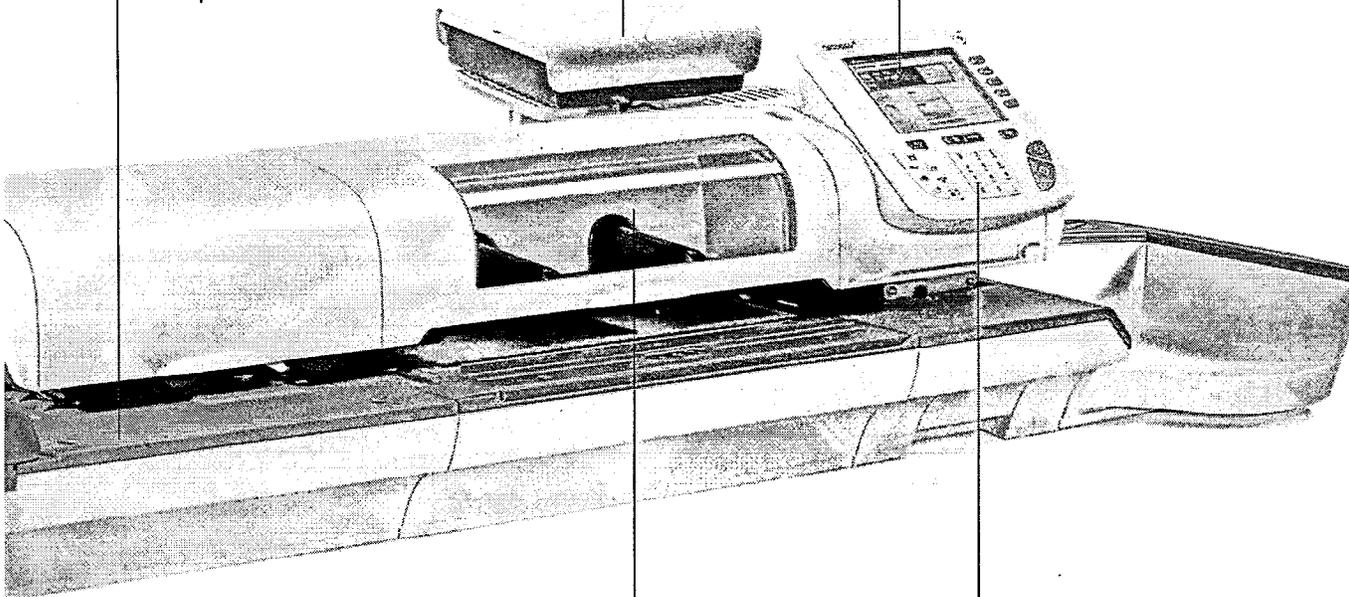

Dramatically reduce mail processing time and simplify operations with the Neopost Dynamic Scale. Its intelligent four-point detection system is patented to automatically weigh and measure full dimensions and then moves your mail by accurately categorizing and rating it in compliance with USPS' Shape-Based Pricing regulations at speeds up to 70 letters per minute. For larger package handling, external weighing platform with up to 70 lbs in capacity are available that can be ergonomically placed where you use them most. Even more, with Differential Weighing and Smart Start technology you simply place a stack of mail on the platform, lift one piece off at a time and the system will automatically dispense a Secure Stick postage label.

Differential Weighing technology calculates and delivers the exact postage for each item removed from the platform

Large control panel provides a simple dashboard overview of operations. Intuitive design minimizes keystrokes, improves efficiency, and ensures simplicity
