 Group Number 77017  
 Award Number PGB 22706  
 NVLPT Piggyback Contract Number 1907  
 Contractor: Cellco Partnership d/b/a  
 VERIZON WIRELESS  
 Services: Apple iPhone and Related Services  
 CONTRACT PS66328  
 Statewide

**Verizon Wireless Pricing Sheet**  
**National Association of Procurement Officials ValuePoint (NVLPT f/k/a WSCA)**  
**Contract for Services #1907**

**NVLPT 3G/4G Nationwide Email for Government Calling Plans**  
 Unlimited National Mobile to Mobile and Night & Weekend Minutes  
 No Domestic Roaming or Long Distance Charges  
 Unlimited Data Allowance for Email & Domestic Messaging

Monthly Anytime Voice Minutes	Monthly Access Fee Non-Shared Minutes	Monthly Access Fee Shared Minutes	Friends & Family (Up to 10 numbers)	Per-Minute Rate After Allowance
	Monthly Access Fee with a 23% WSCA Discount			
400	<del>\$61.53</del> <b>\$47.38</b>	<del>\$64.09</del> <b>\$49.35</b>	Included*	\$0.25
600	<del>\$78.19</del> <b>\$60.21</b>	<del>\$80.76</del> <b>\$62.19</b>		
1000	<del>\$93.58</del> <b>\$72.06</b>	<del>\$96.14</del> <b>\$74.03</b>		
National Access Roaming	\$0.002 per kilobyte			
Tethering	\$10 additional monthly access per line			
Unlimited Push-to-Talk	\$2.00			
Add-a-line	\$35.99**			

**Notes:** Current coverage details can be found at [www.verizonwireless.com](http://www.verizonwireless.com). See attached Calling Plan and Feature Details for important information about calling plans, features and options. \*Friends & Family eligibility varies on selected calling plan. \*\*The \$35.99 Add-a-Line plan can only be 50% of an accounts total share lines.

**NVLPT Smartphone Calling Plans for Government Subscribers**  
 No Additional Discounts Apply

Includes Wireless Sync or BlackBerry Solution compatible with Microsoft Outlook, Lotus Notes, POP3, and IMAP email accounts. .

Discounted Monthly Access Fee	<b>\$35.99</b>
Domestic MB Allowance	Unlimited
Home Airtime/Min. Rate	\$0.12
Nationwide Mobile to Mobile	Unlimited
Night & Weekend Minutes	Unlimited
Domestic Text, Picture and Video Messages	Unlimited
Domestic Long Distance <sup>1</sup>	Included
Overage Rate Per KB	n/a
National-Access Roaming	\$0.002 per Kilobyte

**Notes:** Subject to the NationalAccess/BroadbandAccess terms and conditions; additional terms and conditions apply to Unlimited, Megabyte (MB), Smartphone and BlackBerry Plans. BroadbandAccess is available only in specific markets; please see [www.verizonwireless.com](http://www.verizonwireless.com) for current availability. NationalAccess is available in the National Enhanced Services rate and coverage area; see map for details. <sup>1</sup>Roaming, toll, and long distance charges may apply when making and receiving calls outside of the NationalAccess home airtime rate and coverage area and in CDMA countries, see International Roaming terms and conditions. Per minute roaming applies to Voice calls and Quick 2 Net. <sup>†</sup>Domestic long distance is included when placing calls in the America's Choice home airtime rate and coverage area. <sup>†††</sup>Long distance charges will apply when making or receiving calls outside the United States.

## NVLPT Nationwide Global Email for Government Calling Plans

Unlimited National Mobile to Mobile and Night & Weekend Minutes

No Domestic Roaming or Long Distance Charges

Unlimited Data Allowance for Global Email & Domestic Messaging

Monthly Anytime Minutes	Monthly Access Fee Non-Shared Minutes	Monthly Access Fee Shared Minutes	Friends & Family (Up to 10 numbers)	Per-Minute Rate After Allowance
	No Additional Discounts Apply			
400	<b>\$64.79</b>	<b>\$66.66</b>	Included*	\$0.25
600	<b>\$76.99</b>	<b>\$78.87</b>		
1000	<b>\$88.26</b>	<b>\$90.14</b>		
<b>National Access Roaming</b>	\$0.002 per Kilobyte			
<b>Unlimited Push to Talk</b>	\$2.00			

**Notes:** Current coverage details can be found at [www.verizonwireless.com](http://www.verizonwireless.com). The Unlimited Data allowance applies in the United States, Canada, Mexico, and the rest of the world where coverage is available. See attached Calling Plan and Feature Details for important information about calling plans, features and options. These plans are not eligible for discounts on month to month activations. \*Friends & Family eligibility varies on selected calling plan.

For specific product functionality and features, device and calling plan/feature compatibility, and for the latest equipment pricing, see your Verizon Wireless Government Account Manager or visit [www.verizonwireless.com](http://www.verizonwireless.com). The above Equipment prices are effective as of 07/01/2016 and are subject to change with approval by OGS. All PC Card, USB Modem, notebooks with Mobile Broadband Built-In, Smartphone or BlackBerry device purchases must be combined with an eligible data plan. Equipment purchased without service activation is not eligible for discounted pricing and will be charged full retail price. A wireless device must be in service for a minimum of 10 months to be eligible for an equipment upgrade at the discounted pricing. Government Subscribers may purchase at NYS Government Equipment Matrix pricing or the then current Government promotional pricing available from your account manager, whichever is less at the time of purchase. Verizon Wireless reserves the right to disconnect cellular service if a number is disconnected from one wireless device and then reconnected on a new wireless device as a means to circumvent the 10-month upgrade policy. Government Subscriber Equipment Pricing listed in NYS Government Equipment Matrix is not available for activations or upgrades on Verizon Wireless Telemetry plans. Camera phone use or possession may be prohibited in some locations based on privacy, security, or other restrictions. All Equipment is subject to change and availability; Verizon Wireless reserves the right to add or discontinue models.

**Plans and Associated Charges:** Billing, shipping and end-user address must be within an area where Verizon Wireless is licensed and provides service. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on subscriber's phone. Unused monthly minutes and/or Megabytes are lost. On outgoing calls, charges start when subscriber presses **SEND** or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after subscriber presses **END** or the call disconnects. Calls made on the Verizon Wireless network are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free. Airtime may be charged when dialing toll-free numbers.

**Anytime Minutes:** Anytime Minutes apply when making or receiving calls from a calling plan's rate and coverage area. Coverage information is available at [www.verizonwireless.com](http://www.verizonwireless.com). Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on plans with sharing. In order to gain access to coverage in newly expanding markets, subscribers must periodically dial \*228 to update roaming information from voice or Smartphone devices; from the VZAccess Manager, go into "Options" and click "Activation," while in the National Enhanced Services Rate and Coverage Area every three months. This may alter the rate and coverage area. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

**Long Distance:** Unlimited domestic long distance is included when calling from the plan's rate and coverage area, unless otherwise specified in the plan.

**Mobile to Mobile Calling:** Mobile to Mobile Calling minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless subscriber while in the Nationwide Rate and Coverage area. Mobile to Mobile calls must originate and terminate while both Verizon Wireless subscribers are within the Mobile to Mobile Calling area. Mobile to Mobile Calling is not available (i) with fixed wireless devices with usage substantially from a single cell site, (ii) for data usage including Push to Talk calls, Picture or Video Messaging (iii) if Call Forwarding or No Answer/Busy Transfer features are activated, (iv) for calls to Verizon Wireless customers using any of the global services, (v) for calls to check Voice Mail, (vi) in those areas of Louisiana and Mississippi where the users roaming indicator flashes, (vii) in Canada and Mexico and (viii) to users whose current wireless exchange restricts the delivery of Caller ID And (viii) for incoming calls if Caller ID is not present or Caller ID Block is initiated. Mobile to Mobile Calling minutes will be applied before Anytime Minutes.

**Night and Weekend Minutes:** Apply to calls made in a calling plan's rate and coverage area only during the following hours: 12:00 am Saturday through 11:59 pm Sunday and 9:01 pm to 5:59 am Monday through Friday. If both Night and Weekend and Mobile to Mobile Calling minute allowances apply to a given call, Mobile to Mobile Calling minutes will apply before Night and Weekend minutes. However, if either allowance is unlimited, the unlimited allowance will always apply first.

**International Eligibility:** International Eligibility requires a minimum payment history and credit approval; a contract term and security deposit may also be required. Failure to maintain these requirements may result in suspension of International Eligibility without notice. You can remove International Eligibility at any time by calling Customer Service. You are responsible for any unauthorized use of your SIM Card and will safeguard security codes. Upon termination of service, destroy your SIM Card. See [verizonwireless.com/global](http://verizonwireless.com/global) for details.

**International Long Distance:** You need International Eligibility to make international calls to most countries, but you can make calls to some North American destinations without it. Additional surcharges may apply when calling certain countries; see [verizonwireless.com/global](http://verizonwireless.com/global) for details.

**International Roaming:** Some services, such as premium text messaging, directory assistance, entertainment lines and third-party services, may be available, and charges for these services will be billed (along with applicable toll charges) in addition to roaming rates. Message-waiting-indicator service is not available where Text Messaging is not available. When using Global Phone, or Global Data services, or if you subscribe to a Nationwide Plus Canada or Nationwide Plus Mexico Plan, and you're roaming near country borders, calls may be carried by a cell site located in a neighboring country and billed at that country's rates. Verizon Wireless will terminate your service for good cause if less than half of your voice or data usage over three consecutive billing cycles is on the Verizon Wireless National Enhanced Services Rate and Coverage Area. See [verizonwireless.com/global](http://verizonwireless.com/global) for rates and destinations, which are subject to change without notice. International Eligibility required for GSM roaming, and for CDMA roaming in many destinations. Rates, terms and conditions apply only when roaming on participating GSM and CDMA networks in published destinations. Availability of service, calling features, and Text messaging varies by country and network and may be restricted without notice. You must add International Eligibility to your account to roam in many destinations. Visit [verizonwireless.com/narooming](http://verizonwireless.com/narooming). By using Equipment outside the United States, subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that may result from subscriber's failure to comply with Foreign Laws.

**Roaming in CDMA countries outside of the US:** CDMA Roaming rates are available at [www.verizonwireless.com](http://www.verizonwireless.com). Roaming in CDMA countries is only available in "CDMA" mode where service is available. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received, and applies when roaming in most foreign countries. Text messaging rates are subject to change. An update to Equipment software is required to roam in S. Korea.

**Roaming in GSM countries:** CDMA/GSM Global Phone, activated in the United States with compatible subscriber Identity Module (SIM) card required. Rates, terms and conditions apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. See [www.verizonwireless.com](http://www.verizonwireless.com) for coverage and airtime rates. Service in certain countries may be blocked without prior notice. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. Text messaging rates are subject to change. Text messages may be sent only to MTNs of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check [www.vtext.com](http://www.vtext.com) for the most current list of participating foreign carriers.

**Data Services:** Verizon Wireless charges you for all data and content sent or received using our network (including any network overhead and/or Internet Protocol overhead associated with content sent or received), as well as resolution of Internet Protocol addresses from domain names. Sending or receiving data using a virtual private network (VPN) involves additional VPN overhead for which you will be charged. Please note that certain applications or widgets periodically send and receive data in the background, without any action by the user, and you will be billed for such data use. Applications may automatically re-initiate data sessions without you pressing or clicking the **SEND** or connect button. Data sessions automatically terminate after 24 hours. A data session is inactive when no data is being transferred. Data sessions may seem inactive while data is actively being transferred, or may seem active when the data is actually cached and data is not being transferred. If you have a Data Only plan and use voice service, domestic voice calls will be billed at \$0.25/minute.

We are implementing optimization and transcoding technologies in our network to transmit data files in a more efficient manner to allow available network capacity to benefit the greatest number of users. These techniques include caching less data, using less capacity, and sizing the video more appropriately for the device. The optimization process is agnostic to the content itself and to the website that provides it. While we invest much effort to avoid changing text, image, and video files in the compression process, and while any change to the file is likely to be indiscernible, the optimization process may minimally impact the appearance of the file as

## Verizon Wireless Plan and Feature Details

displayed on your device. For a further, more detailed explanation of these techniques, please visit [verizonwireless.com/vzwoptimization](http://verizonwireless.com/vzwoptimization) [www.verizonwireless.com/global](http://www.verizonwireless.com/global).

Verizon Wireless strives to provide customers the best experience when using our network, a shared resource among tens of millions of customers. To help achieve this, if you use an extraordinary amount of data and fall within the top 5% of Verizon Wireless data users we may reduce your data throughput speeds periodically for the remainder of your then current and immediately following billing cycle to ensure high quality network performance for other users at locations and times of peak demand. Our proactive management of the Verizon Wireless network is designed to ensure that the remaining 95% of data customers aren't negatively affected by the inordinate data consumption of just a few users.

Data transfer amounts will vary based on application. If you download an audio or video file, the file may be downloaded in sections or in its entirety; data charges will apply to the portion downloaded, regardless of whether you listen to or watch all of it. You may access and monitor your own data usage during a particular billing period, including during the Return Period, by accessing My Verizon online or by contacting Customer Service.

**Data Services: Permitted Uses:** You can use your Data Services for accessing the Internet and for such uses as: (i) Internet browsing; (ii) email; (iii) intranet access (including accessing corporate intranets, email and individual productivity applications made available by your company); (iv) uploading, downloading and streaming of audio, video and games; and (v) Voice over Internet Protocol (VoIP).

**Data Services: Prohibited Uses. You may not use our Data Services for illegal purposes or purposes that infringe upon others' intellectual property rights, or in a manner that interferes with other users' service, that violates trade and economic sanctions and prohibitions as promulgated by the Departments of Commerce, Treasury or any other U.S. government agency, that interferes with network's ability to fairly allocate capacity among users, or that otherwise degrades service quality for other users. Examples of prohibited usage include: (i) server devices or host computer applications that are broadcast to multiple servers or recipients such that they could enable "bots" or similar routines (as set forth in more detail (ii) below) or otherwise denigrate network capacity or functionality; (ii) "auto-responders," "cancel-bots," or similar automated or manual routines that generate amounts of net traffic that could disrupt net user groups or e-mail use by others; (iii) generating "spam" or unsolicited commercial or bulk e-mail (or activities that facilitate the dissemination of such e-mail); (iv) any activity that adversely affects the ability of other users or systems to use either Verizon Wireless' services or the Internet-based resources of others, including the generation of dissemination of viruses, malware, or "denial of service" attacks; (v) accessing or attempting to access without authority, the information, accounts or devices of others, or to penetrate, or attempt to penetrate Verizon Wireless' or another entity's network or systems; or (vi) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or "any keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time.**

We further reserve the right to take measures to protect our network and other users from harm, compromised capacity or degradation in performance. These measures may impact your service, and we reserve the right to deny, modify or terminate service, with or without notice, to anyone we believe is using Data Services in a manner that adversely impacts our network. **We may monitor your compliance, or other subscribers' compliance, with these terms and conditions, but we will not monitor the content of your communications except as otherwise expressly permitted or required by law. [See [verizonwireless.com/privacy](http://verizonwireless.com/privacy)]**

**Data Roaming:** In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. In other available countries, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. International Eligibility is needed to roam in many destinations. Current coverage details, and list of Other Available Countries can be found at [www.verizonwireless.com/global](http://www.verizonwireless.com/global)

## M2M Data Plan Terms and Conditions

A data session is inactive when no data is being transferred, and may seem inactive while data is actively being transferred to a device, or seem active when actually cached and not transferring data. Customer must maintain virus protection when accessing the service and is responsible for all data sent and received including "overhead" (data that is in addition to user-transmitted data, including control, operational and routing instructions, error-checking characters as well as retransmissions of user-data messages that are received in error) whether or not such data is actually received. Verizon Wireless will not be liable for problems receiving Service that result from Customer's device.

**Megabyte (MB) Data Plans:** M2M data usage is rounded to next full kilobyte at end of each billing cycle. Any unused portion of the megabyte allowance is lost. Equipment will not indicate kilobyte usage.

**NationalAccess Roaming Feature:** Not for use with Mobile Office Kits. Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where NationalAccess Roaming is available, see [www.verizonwireless.com](http://www.verizonwireless.com).

**Roaming in CDMA countries outside of the US:** Roaming in CDMA countries is \$0.69 per minute plus the servicing carrier's long distance charges, toll charges, surcharges and taxes, which are billed on a pass-through basis. Roaming rates in Canada and Mexico may vary. Roaming in CDMA countries is only available in "CDMA" mode where service is available. An update to Equipment software is required to roam in S. Korea.

**Data Roaming:** In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. For more information on roaming in Canada and Mexico, visit [verizonwireless.com/narooming](http://verizonwireless.com/narooming). In the Bermuda, China, Dominican Republic, Guam, India, Israel, Saipan and South Korea Enhanced Services Rate and Coverage Areas, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. I-Dial is needed to roam in many destinations. Only the Canadian Broadband Rate and Coverage Area supports EV-DO.

## Regulatory Surcharges and Fees

Verizon Wireless' pricing does not include federal, state, local or foreign fees, assessments or other charges (collectively "fees"), which must be billed based on the jurisdiction in which the subscriber's cellular number is set up and located. Fees vary by state and local areas and are subject to change without notice.

Verizon Wireless cannot provide a comprehensive list of all charges and regulatory fees required and assessed when using a wireless device because they vary greatly from one jurisdiction to another.

In addition to taxes, surcharges and fees that we are required to collect, we will also collect charges to recover or help defray costs of taxes and governmental surcharges and fees imposed on us, and costs associated with governmental regulations and mandates on our business. These charges include, among others, a Regulatory Charge and a Federal Universal Service Charge, and are described below in more detail. These charges are Verizon Wireless charges, not taxes, and are subject to change. Because these charges are not taxes, your tax exemptions, if any, will not apply to these charges.

#### **Federal Universal Service Charge**

Wireless carriers are assessed by the federal government to fund the delivery of universally-affordable telecommunications and information services under the Federal Universal Service Fund (FUSF) program.

The Federal Universal Service Charge (FUSC) is a percentage of the customer's applicable monthly wireless service charges based upon an assessment rate that changes quarterly. The rate for the quarter beginning – July 01, 2016 is 4.49% of the following items:

- Cellular Access for voice calling plans (only on first 79% of this item)
- Verizon Wireless Toll
- Roaming Charges
- Activation Charges
- Re-connect fees
- Landline Connect Fee
- TXT Messaging monthly service
- TXT Messaging usage
- Airtime usage for voice calls
- Mobile to Mobile feature
- Nights and Weekends feature
- Toll free feature

The FUSC on other separately billed interstate and international long distance charges is 17.9%.

The quarterly percentage rate described above for the FUSC is applied in our billing system.

Verizon Wireless also imposes state universal service charges. These charges vary by jurisdiction and are subject to change depending on changes in the state universal service impositions on Verizon Wireless.

#### **Regulatory Charge**

The FCC assesses wireless carriers the costs of enforcement, policy and rulemaking. The Regulatory Fee recovers Verizon Wireless' share of these costs, as well as some of the costs of implementing regulatory mandates, such as number portability. The Regulatory Charge is a flat charge of \$0.21 per Mobile Telephone Number (MTN) per month (excluding BroadbandAccess and NationalAccess Plans) and is \$0.02 per mobile number per month for BroadbandAccess and NationalAccess Plans, but is subject to change over time.

Regulatory fees impacting the wireless industry are constantly evolving and are subject to change without notice. For more information you can visit the FCC's website at [www.fcc.gov](http://www.fcc.gov).

The FUSC and Regulatory Charge are included in the "Verizon Wireless Surcharges" section of the bill.
