

Contract: Security Systems and Solutions
 Group: 77201
 Award: 20191
 Contract #: PT65556
 Contractor: Networked Educational Technologies, Ltd. d/b/a CSDNET
 Offerings: Genetec, Labor Rates
 Lots: 3 (Product, Installation, Integration & Maintenance)
 Regions: 1
 Effective Date: Feb 03, 2017

Type	Category	Mfg.	Part Number	Product Description	U/M	Warranty Period - # of year(s) after acceptance as required by Appendix B, Clause 72	MSRP (USD)	% Discount	NYS Net Price
------	----------	------	-------------	---------------------	-----	--	------------	------------	---------------

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

CSDNET Services

CSDNET Project Services

CSDNET	NET11001	Computer & Information System Manager Services (Hourly Rate) - Plan, direct, or coordinate activities in information systems, systems analysis, and computer programming	EA	1 Year	\$212.18	0%	\$212.18

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Omnicast Standard

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Genetec	Sy-M5-2RP	Mercury Reader Interface Module (2 Rdr, 4 Inputs, 6 Outputs) for M5 enclosure - 2 Software Synergis Reader Connections included. No connectors included, must reuse original connectors	EA	1 Year	\$590.00	0%	\$590.00
Genetec	Sy-M5-2SRP	Mercury Supervised Reader Interface Module (2 Rdr, 4 Inputs, 6 Outputs) for M5 enclosure - 2 Software Synergis Reader Connections included. No connectors included, must reuse original connectors	EA	1 Year	\$590.00	0%	\$590.00
Genetec	Sy-M5-8RP	Mercury Supervised Reader Interface Module (8 Supervised Rdr Connections) for M5 enclosure- 8 Software Synergis Reader Connections included. No connectors included, must reuse original connectors	EA	1 Year	\$1,090.00	0%	\$1,090.00
Genetec	Sy-M5-20IN	Mercury 20 Zone Input Monitor Module for M5 enclosure. No connectors included, must reuse original connectors	EA	1 Year	\$506.00	0%	\$506.00
Genetec	Sy-M5-16DO	Mercury 16 Digital Output Control Module (16 Digital Arrays) for M5 enclosure. No connectors included, must reuse original connectors	EA	1 Year	\$484.00	0%	\$484.00

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Genetec	AU-K-X-1CAM-EWAS-P3	Extended Warranty for Sharp X system with one (1) camera VGA or XGA (mobile or fixed system) with Advance Replacement coverage - Total warranty coverage of 3 Years when pre-paid at time of system purchase (one year included in the selling price for return and repair, plus update to advanced replacement plan and two (2) additional years). This includes coverage of AutoVu vehicle hardware. Does not cover in-vehicle PC, Patroller software or Map renewal. Not applicable for Mobile Parking applications	EA	1 Year	\$2,520.00	0%	\$2,520.00
Genetec	AU-K-X-1CAM-EWAS-P4	Extended Warranty for Sharp X system with one (1) camera VGA or XGA (mobile or fixed system) with Advance Replacement coverage - Total warranty coverage of 4 Years when pre-paid at time of system purchase (one year included in the selling price for return and repair, plus update to advanced replacement plan and three (3) additional years). This includes coverage of AutoVu vehicle hardware. Does not cover in-vehicle PC, Patroller software or Map renewal. Not applicable for Mobile Parking applications	EA	1 Year	\$3,380.00	0%	\$3,380.00

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Genetec	AU-K-X-3CAM-EWRR-P2	Extended Warranty for Sharp X system with three (3) cameras VGA or XGA (mobile or fixed system) with Return and Repair coverage - Total warranty coverage of 2 Years when pre-paid at time of system purchase (one year included in the selling price and one (1) additional years). Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Extended Warranty - Mobile Parking (cont'd)

Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.

Genetec	AU-K-SXX-EWAS-P5	Extended Warranty for AU-K-SXX kit with Advance Replacement coverage - Total warranty coverage of 5 Years when pre-paid at time of system purchase (one year included in the selling price for return and repair, plus update to advanced replacement plan and four (4) additional years). Note 1: Cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. must only be purchased from these contracts if used in conjunction with the physical security and facility system and solutions being purchased under these contracts.

The contract does not allow for cable (coaxial & fiber optic), wire, conduit, steel boxes, hangers, etc. to be purchased from these contracts for any other purposes, including, but not limited to:

- A. General Purpose IT, Telecommunications, Networking Cabling, Fiber Optics (e.g. phone, pbx, digital centrex, digital key systems, television, cable, T-Line, general broadband, etc.)
- B. Audio-Video equipment or systems (e.g. smart boards, projectors, studio broadcasting, conference rooms, video video conferencing equipment, Theatre Screens/Displays, etc.).

A physical security and facility system includes an emergency telephone system or pbx system expressly and solely used:

- A. To communicate fire or health and safety emergencies directly and solely to law enforcement organizations, or
- B. To identify an individual(s)' location in the event of a fire or emergency.

Note 2: General purpose non-security based products The contract does not allow for IT or Telecom networking, or other products which are not integrated into a physical security and facility purpose (not hardwired or affixed to buildings) or a law enforcement, public safety or emergency response system.
