

HOW TO USE eCLIPSE NETWORK SOLUTIONS, LLC.'s SUBCONTRACTORS:

From time to time eCLIPSE may utilize subcontractors to supplement work or provide additional services that are an integral part of the overall turn-key solution. In these instances when additional expertise is needed, eCLIPSE will partner with the subcontractors below to accommodate the overall design and functionality of the system. Examples of partnered subcontractors' resources will include

but are not limited to:

- Hardware implementation services
- Electrical and low voltage wiring services
- Cabling, wiring, and connecting services
- Networking and IT services for specialized support
- General contractor construction, excavation, and repair services

eCLIPSE will provide and utilize these services as permitted under the Security Systems & Solutions procurement contract as part of the total solution. eCLIPSE will ensure that this utilization represents the highest level of professional implementation quality, competitive pricing, and customer satisfaction.

eCLIPSE will be the single point of contact for the authorized user to manage subcontractor services and oversee all aspects of their work. eCLIPSE will take full responsibility for services performed including all installation and warranty issues set forth by the contract.

Subcontractors will be required to provide services at a fixed price / lump sum basis and to submit certified payroll and ensure compliance with NYS DOL prevailing wage schedules. The original subcontractors quote will be submitted to the authorized user prior to commencement of work. In addition, eCLIPSE will attach a copy of the subcontractor's invoice, with our fee clearly noted, when applying for payment.

eCLIPSE will offer these services as part of the total solution at a fee not to exceed cost plus 25% of the subcontractor's quote. This fee will include direct expenses for management of subcontractor services that include but are not limited to:

- Developing a scope of work for the project
- Procuring subcontractor services including walk-throughs as necessary
- Managing project documentation such as certified payroll, as-built drawings, etc.
- Overseeing all aspects of the installation to ensure projects are completed timely
- Coordination of project activities between trades
- Ensuring project plans and specifications are met
