

HOW TO USE HONEYWELL BUILDING SOLUTIONS, INC.'s SUBCONTRACTORS:

As a Security Systems & Solutions provider, Honeywell is often responsible for a complete turnkey solution. Integral to a successful outcome, Honeywell will perform, in conjunction with subcontractors, all aspects of the integration, installation and/or service offering as required by the customer's scope of work. Work would include but is not limited to the following examples:

- Heating, ventilating, air conditioning (HVAC) specialists to install, modify, and/or furnish material for HVAC systems including, but not limited to, building management controls, access, digital video management & access systems, fan control, smoke control, smoke/fire dampers, ductwork, etc. as necessary.
- Mechanical & electrical contractors to install, modify, and/or furnish material for electrical & mechanical systems including, but not limited to, raceway, cabling (fiber), line voltage supply, control wiring, trenching, duct banks, water meters, steam meters, natural gas (utility) meters, variable frequency drives, etc. as necessary.
- General contractor specialists to install, modify, and/or furnish material for structural changes, soffits, painting, patching, etc. as necessary.
- Locksmiths to install, modify, and/or furnish material including, but not limited to, door strikes, door closures, etc. as necessary.
- Providing Split Air Conditioning or localized AC systems to keep equipment running at proper operating temperature.

Honeywell is permitted under the Security Systems & Solutions procurement contract (Group 77201, Contract PT63299) to utilize subcontracting services as defined above. As the single point of contact, Honeywell will work in conjunction with the authorized user to ensure the utilization of qualified subcontractors is of best value, and to ensure the highest quality and best services when providing a turn-key solution. Additionally, Honeywell take have full responsibility of the installation including the warranty provisions as set forth in the contract. Honeywell will offer these services at a fee not to exceed cost plus 25% of the subcontractors invoice. Subcontractors will provide services on a fixed price/lump sum basis, and will be required to meet current prevailing wage mandates for their respective trade.

Honeywell will demonstrate the cost of these services by submitting the original subcontractors' quote to the authorized user for review prior to the commencement of work. In addition, Honeywell will attach a copy of the subcontractors' invoice, with our fee clearly noted, when applying for payment.

This fee includes direct expenses to manage the subcontractor including, but not limited to:

- Developing a scope of work.
- Procuring subcontracting services including walkthrough's as necessary.
- Managing project documents - (time sheets, certified payroll, as-built documentation, etc.)
- Coordinating project activity between trades.
- Ensuring project plans & specifications are met.
- Overseeing all aspects of the installation to ensure projects are completed in a timely manner.

Over the course of providing emergency service, maintenance, repair, inspection, and testing to life safety and integrated systems under the Honeywell Contract PT63299 (NYS Contract), Honeywell will at times utilize the services of a subcontractor or employ technical services to augment it's own. Honeywell will offer these services at a fee not to exceed cost plus 25% of the subcontractors invoice. Subcontractors will provide services on a "fixed price/lump sum" or "Time & Material" basis. The subcontractor will be required to meet current prevailing wage mandates for their respective trade.

1. All LABOR shall be charged as per the Regional rates posted on the current contract.

2. All REPLACEMENT of "ON CONTRACT PARTS" shall be charged as per the current NYS Contract posted rate.
