

## **HOW TO USE TECHNICAL SYSTEMS GROUP, INC.'S LIST OF SUBCONTRACTORS:**

It has been the guideline of Technical Systems Group Inc to provide an effective, value added product to all its clients. Having a close relationship with key suppliers and sub-contractors is seen as essential to accommodate the overall turn-key solution.

Examples of items that may be outside the expertise of TSG but are not limited to the following:

- Locksmiths for door strikes
- Electricians for installing cable, installing conduit or trenching
- Electricians to install proper camera lighting
- Electricians to install poles for parking lot cameras
- Specialized IT support

Technical Systems Group Inc will offer these services at a fee not to exceed cost plus 25% of the subcontractor invoice.

Technical Services Group will demonstrate the cost of these services by submitting the original subcontractors' quote to the authorized user for review prior to the commencement of work. In addition, Technical Systems Group will attach a copy of the subcontractors' invoice, with our fee clearly noted, when applying for payment.

This fee includes the expense of TSG to manage the subcontractor including, but not limited to the following items:

- ❖ Devising a scope of work
- ❖ Administrative responsibilities such as (certified payroll, submittals, as-built documentation etc.)
- ❖ Managing project timelines and coordination of activities between trades
- ❖ Coordination of walkthrough's / project meetings
- ❖ Inspection of work performed to ensure projects are completed to scope approved by customer

Technical Systems Group Inc will take full ownership of the installation and will be a single point of contact for the customer. All subcontractors have a minimum of two years experience in their specialty. Please see below the approved subcontractor list for Technical Systems Group Inc. contract # PT64310.
