New or revised Contract terms and conditions are subject to the restrictions set forth in Appendix B-2-D, Section 40.*

The following guidelines and Appendix F, Contract Update Form attached to this Contract are subject to change at the discretion of OGS.

(1) **TYPES OF CONTRACT UPDATES:** In order to expedite processing of a change request, where proposed changes involve more than one category below, they should be submitted to OGS as totally separate requests.

a) **AUTO ADDS / DELETIONS** – “Auto Adds/Deletions” are Contract changes and updates made in accordance with the previously approved Contract pricing formula; e.g., a “discount from list” or pricing based on an approved GSA-based price Schedule. “Auto Adds” do not include any price increases. “Auto Adds/Deletions” include: i) adding new products within the established, previously approved pricing structure, ii) lowering pricing for Products previously incorporated under the Contract, and iii) deleting Products previously incorporated under the Contract. For categories (i) and (ii) Auto Adds: Contractor shall automatically update the Contract price list and may proceed with selling Products without prior approval of either OGS or the Comptroller. Contractor should note, however, that all “Auto Adds” approved by OGS are subject to a post audit by the Office of the State Comptroller. For category (iii) Auto Deletions, at the end of and subject to the period specified in Appendix B-2, Clause 80 (“Changes in Product or Service Offerings”), Contractor may automatically update the Contract price list by deleting the Product(s), without prior approval of either OGS or the Comptroller. All “auto adds” must be immediately posted electronically by the Contractor at the Contract web site.

b) **REGULAR ADD** - “Regular Adds” are requests for i) price increases for Products which are already incorporated under the Contract, and ii) addition of new products to the Contract which do not fall under the previously established price structure or discounts for Product types previously approved under the Contract. Regular Adds include rebundled Products or Services. Regular Adds must be submitted to OGS for prior approval, and must be accompanied by a justification of reasonableness of price. Regular Adds are subject to pre-audit by the Comptroller. If approved, OGS staff will notify Contractor in writing. Price increases or new product offerings may not be electronically posted by Contractor until after receipt of OGS approval of the “Regular Add”.

When the Contract pricing is based on GSA prices, the revised prices or prices of new Products must reflect current GSA prices adjusted as necessary for any additional discounts.

c) **CHANGES IN RESELLER LIST** - If the Contractor allows resellers to participate in the contract in accordance with the Use of Resellers/Distributors clause of this Contract, requests to add or delete resellers or to modify reseller information must be submitted for prior approval of the State. Contractor may request changes to the designated Reseller List by submission of a completed, revised Appendix G, Submission # 2 and Contract Update Form.

(2) **CONTRACTOR’S SUBMISSION OF CONTRACT UPDATES:** In connection with any Contract update, OGS reserves the right to:

- request additional information
- reject Contract updates
- remove Products from Contracts
- remove Products from Contract updates
- request additional discounts for new or existing Products

(3) **PRICE JUSTIFICATION – FORMAT:** Contractor is required to submit the Product and price information for the update in an Excel spreadsheet format in hard copy in triplicate and on a floppy disk

or electronically via e-mail to the OGS Purchasing Officer. The list must be dated and the format should be consistent with the format of the price list(s) included in the NYS Net Price appendix of this Contract. The price list should separately include and identify (e.g., by use of separate worksheets or by using italics, bold and/or color fonts):

- Price increases
- Products being added

The State reserves the right to require a revised NYS Net Price List at any time during the Contract period, and it will be requested if there have been numerous updates since the last complete update. Each updated price list must include the date the price list was prepared.

(4) SUPPORTING DOCUMENTATION: Each update request must include the current U.S. commercial price list relevant to the Products included in the update. If the NYS Net Prices are based on a GSA Schedule, the current GSA Schedule must also be included with the update request. Requested price increases not based on an approved GSA schedule must also include a copy of the current National Consumer Price Index as described in the “Payments/Pricing” section of the Contract.

(5) COVER LETTERS: A Contract update must be accompanied by three (3) copies of the Contract Update Form set forth in Appendix F. Contractor should briefly describe the nature and purpose of the update (e.g., update requested in order to reflect a recently approved GSA schedule, to restructure the pricing to its Licensees generally, and/or for new Products or services which fall into a new group or category that did not exist at the time of approval of the Contract by the New York State Comptroller, etc.). Each of the three copies of the Contract Update Form must contain original signatures by an individual authorized to sign on behalf of Contractor, and an original corporate acknowledgment (see below).

15. CONTRACTOR’S PERFORMANCE OBLIGATIONS:

- A. The Contractor will provide and maintain help files and other appropriate user documentation for the Products to be accessible to all Authorized Users free of charge.

The Contractor shall use reasonable efforts to restore access to the Products as soon as possible in the event of an interruption or suspension of service. In the event that access to the Products is not restored in a reasonable time, the Contractor will provide appropriate reimbursement to the Authorized User in an amount proportional to the total fee for the Products had they been available to the Authorized User.

- D. Authorized User understands that from time to time the Products may be added to, modified, or deleted by the Contractor and/or that portions of the Products may migrate to other formats. The Contractor shall give prompt notice of any such changes to Authorized User. Failure by the Contractor to provide such reasonable notice shall be grounds for immediate termination of the Agreement by Authorized User.
- E. The Contractor will ensure regular system and project updates to Authorized Users as they become available. The Contractor will provide additional training to Authorized User staff made necessary by any updates or modifications to the Products or any of the Contractor software.

- B. Audit The Contractor is subject to the audit requirements imposed by Appendix A, Clause 10, including the retention periods for information stated therein. In addition, annual audits of the information posted at Contractor's web site may be conducted by OSC, or by an independent auditor at Contractor's expense.
- C. Site Changes Contractor hereby consents to a link from the OGS web site to the Contractor's web site in order to facilitate access to Contract information. The establishment of the link will be at the sole discretion of OGS and if installed, is provided solely for convenience in carrying out the business operations of the State. OGS reserves the right to install, terminate or remove a link at any time, in its sole discretion, without advance notice, or to deny a future request for a link. OGS will provide Contractor with subsequent notice of link termination or removal. STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the previous consent, in writing, of the State and any attempts to assign the contract without the State's written consent are null and void. The Contractor may, however, assign its right to receive payment without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$15,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$30,000 (State Finance Law Section 163.6a).

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. In accordance with Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate

in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor warrants, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further warrants that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State

department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) FEDERAL EMPLOYER IDENTIFICATION NUMBER and/or FEDERAL SOCIAL SECURITY NUMBER. All invoices or New York State standard vouchers submitted for payment for the sale of goods or services or the lease of real or personal property to a New York State agency must include the payee's identification number, i.e., the seller's or lessor's identification number. The number is either the payee's Federal employer identification number or Federal social security number, or both such numbers when the payee has both such numbers. Failure to include this number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or New York State standard voucher, must give the reason or reasons why the payee does not have such number or numbers.

(b) PRIVACY NOTIFICATION. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law.

(2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or

lease. The information is maintained in New York State's Central Accounting System by the Director of Accounting Operations, Office of the State Comptroller, AESOB, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a", "b", and "c" above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State; or (iii) banking services, insurance policies or the sale of securities. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency

shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Governor's Office of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article XI-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of State Finance Law §165. (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIDE FAIR EMPLOYMENT PRINCIPLES. In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby

stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

Contractors intending to seek an exemption from disclosure of these materials under the Freedom of Information Law must request the exemption in writing, setting forth the reasons for the claimed exemption, at the time of submission. 17. TAXES

a. The NYS net price includes all taxes applicable to the transaction.

b. Purchases made by the State of New York and certain non-State Authorized Users are exempt from New York State and local sales taxes and, with certain exceptions, federal excise taxes. To satisfy the requirements of the New York State Sales tax exemption, either the Purchase Order issued by a State Agency or the invoice forwarded to authorize payment for such items will be sufficient evidence that the sale by the Contractor was made to the State, an exempt organization under Section 1116 (a) (1) of the *Tax Law*. Non-State Authorized Users must offer their own proof of exemption upon request. No person, firm or corporation is, however, exempt from paying the State Truck Mileage and Unemployment Insurance or Federal Social Security taxes, which remain the sole responsibility of the Contractor.

c. Purchases by Authorized Users other than the State of New York may be subject to such taxes, and in those instances the tax should be computed based on the NYS net price and added to the invoice submitted to such entity for payment.

23. PRICING

a. (Reserved)

b. **Net Pricing** Unless otherwise specified in the Contract, prices shall be net, including delivery, and other charges fully prepaid by the Contractor to the destination(s) indicated on the Purchase Order, subject to the cash discount.

c. **Price Escalation:** The pricing under this Agreement may be increased a maximum of one time in any twelve month period on the anniversary date of the Agreement. Pricing may be decreased at any time.

The annual price will be subject to a maximum increase of the lesser of five (5%) percent or the percent increase in the latest copy of the National Consumer Price Index for national average, as published by the U.S. Department of Labor, Bureau of Labor Statistics, Washington, DC 20212. The Contractor has the sole responsibility to submit to The Office of General Services a rate adjustment, providing a copy of the index and other supporting documentation necessary to support the increase. Increases will be granted only when it is documented that the Contractors' costs have actually increased. In the event that this index ceases to be published, the referent index shall be as issued by the U.S. Department of Labor in its place.

The above provisions only apply to actual price increases for the Products available under this Agreement. The provisions do not apply to price increases or decreases that would naturally occur as a result of annual changes in the FTE count, Simultaneous User count or other similar price formulas under the Agreement.

Such drawings and diagrams shall be delivered to the Authorized User's representative.

c. **Accuracy of Drawings Submitted** All drawings shall be neat and professional in manner and shall be clearly labeled as to locations and type of product, connections and components. Drawings and diagrams are to be in compliance with accepted drafting standards. Acceptance or approval of such plans shall not relieve the Contractor from responsibility for design or other errors of any sort in the drawings or plans, or from its responsibility for performing as required, furnishing product, services or installation, or carrying out any other requirements of the intended scope of work.

25. (RESERVED)

26. PROCUREMENT CARD NYS has entered into agreements for purchasing card services. Purchasing Cards are issued to selected employees authorized to purchase for the agency and having direct contact with Contractors. Cardholders can make purchases directly from any Contractor that accepts the Purchasing Card.

The Contractor shall not process a transaction for payment through the credit card clearinghouse until the purchased products have been shipped or services performed. Unless the cardholder requests correction or replacement of a defective or faulty product in accordance with other contract requirements, the Contractor shall immediately credit a cardholder's account for items returned as defective or faulty.

27. - 32. (RESERVED)

33. PERFORMANCE QUALIFICATIONS The Commissioner reserves the right to investigate or inspect at any time whether or not the Product, qualifications or facilities offered by the Contractor meet the requirements set forth in the Contract or Purchase Order. Contractor shall at all times during the Contract term remain responsible and responsive. A Contractor must be prepared, if requested by the Commissioner, to present evidence of experience, ability and financial standing, as well as a statement as to capacity of the Contractor for the production, distribution and servicing of the Products offered. If the Commissioner determines that the conditions and terms of the Contract are not complied with, or that items or Product proposed to be furnished do not meet the specified requirements, or that the qualifications, financial standing or facilities are not satisfactory, or that performance is untimely, the Commissioner may terminate the Contract. Nothing in the foregoing shall mean or imply that it is obligatory upon the Commissioner to make an investigation either before or after award of a Contract, but should such investigation be made, it in no way relieves the Contractor from fulfilling all requirements and conditions of the Contract.

34. DISQUALIFICATION FOR PAST PERFORMANCE Contractor may be disqualified from receiving awards if Contractor, or anyone in Contractor's employment, has previously failed to perform satisfactorily in connection with public bidding or contracts.

35. - 37. (RESERVED)

38. CONTRACT CREATION / EXECUTION Except for contracts governed by Article 11-B of the *State Finance Law*, upon receipt of all required approvals a Contract shall be deemed executed and created upon the Commissioner's mailing or electronic communication to the address set forth in the Contract of: i) a Letter of Acceptance; ii) a fully executed Contract; or iii) a Purchase Order authorized by the Commissioner.

39. PARTICIPATION IN CENTRALIZED CONTRACT The following shall not limit or inhibit the OGS Commissioner's authority under *State Finance Law*, Section 163 (10) (e) (Piggybacking):

a. **Agencies** All State Agencies may utilize and purchase under any State centralized Contract let by the Office of General Services Procurement Services Group, unless the Contract limits purchases to specific State Agencies.

b. **Non-State Agency Authorized Users** Authorized Users other than State Agencies are permitted to make purchases through State centralized contracts where permitted by law, the Contract or the OGS Commissioner.

c. **Voluntary Extension** Purchase Orders issued against a State centralized Contract by any Authorized User not provided for by law shall be honored by the Contractor at its discretion and only with the approval of the OGS Commissioner and any other approvals required by law. Contractors are encouraged to voluntarily extend service contracts to those additional entities authorized to utilize commodity contracts under Section 163 (3) (a) (iv) of the *State Finance Law*, which would comprise all entities authorized under prior laws.

d. Responsibility for Performance Participation in New York State centralized contracts by Authorized Users is permitted upon the following conditions: a) the responsibility with regard to performance of any contractual obligation, covenant, condition or term thereunder by any Authorized User other than State Agencies shall be borne and is expressly assumed by such Authorized User and not by the State; b) a breach of the Contract by any particular Authorized User shall neither constitute nor be deemed a breach of the Contract as a whole which shall remain in full force and effect, and shall not affect the validity of the Contract nor the obligations of the Contractor thereunder respecting non-breaching Authorized Users, whether State or otherwise; c) for a breach by an Authorized User other than a State Agency, the State specifically and expressly disclaims any and all liability for such breach; and d) each non-state agency Authorized User and Contractor guarantee to save the State, its officers, agents and employees harmless from any liability that may be or is imposed by their failure to perform in accordance with its obligations under the Contract.

40. MODIFICATION OF AGREEMENT

a. This Agreement shall not be modified or changed except by written instrument signed by the parties hereto. Such modification shall become and be part of this Agreement from the date of execution of the modification.

b. Contractor may make minor changes, modifications or deletions to the services offered by Contractor as is customary in the normal course of business provided that: (1) services which were included as "Standard Databases" or in a lower price category may not thereafter be changed from one price category to a higher price category, or offered for a separate, additional charge (i.e., changes from a lower to a higher database category); and (2) Contractor must provide written notice of any such changes, modifications or deletions to the currently configured services to the Office of General Services, Procurement Services Group, at the address first listed above; and (3) changes to Excluded Charges, as defined in Service Agreement, must be approved in advance by the New York State Comptroller. See Contract Article 14 and Appendix F.

c. At any time, Contractor may add new materials or features to the Services or make new electronic information services available to Authorized Users other than those detailed in Appendix F to this agreement. Any charges and other terms and conditions established by Contractor for new materials, features or electronic information services shall be approved by the State Comptroller for incorporation under the terms of this Service Agreement upon thirty days advance notice to the State and each Authorized User. The rate schedule for new features shall, where applicable, follow the aggregate volume structure of this agreement.

d. Contractor may change the rates to certain databases, features and third party gateway charges in an amount equal to the increase from said third party, or make them excluded charges if Contractor is contractually bound or otherwise required to do so by a third party contributor of data to Contractor.

e. Third party vendor contract price increases pursuant to this paragraph may be passed through to the Authorized User provided that the charges have been documented by Contractor. Such documentation shall be deemed shown upon Authorized User receipt of the following:

- i. Notice of said increase shall be furnished to the State at the address first stated above at least thirty days prior to such change going into effect; and
- ii. Contractor shall furnish from said third party vendor a written statement of an independent auditor verifying: 1) the date on which such price increase from third party shall be deemed effective as against Contractor; and 2) the percentage increase in the charge which the third party vendor is charging to Contractor as a gateway for vendor's services.

f. Contractor shall not be otherwise authorized to increase the fees stated herein for non-third party gateway charges, or to charge additional fees for updates to the Contractor databases listed in this Agreement more frequently than annually.

g. This Agreement shall not be changed, modified or altered in any manner except by an instrument in writing mailed to the parties at the address first stated above and agreed to in writing by both parties hereto. Agreement or consent on behalf of the State of New York shall be evidenced by written approval of the New York State Comptroller.

h. Nothing contained in this section 40 shall be construed to allow Contractor to diminish rights under this Service Agreement, or to restructure or re-bundle existing services covered by this agreement without the written consent of the State pursuant to Article 14 of this Contract.

i. The parties anticipate that the means of access to the services described in this agreement may evolve during the term of this agreement in response to new or emerging technological changes. In such event, the parties may amend this agreement as required to allow for such access, which amendment shall be based upon mutual consent of the parties.

41. SCOPE CHANGES The Commissioner reserves the right, unilaterally, to require by written order, changes altering, adding to or deducting from the Contract specifications, such changes to be within the general scope of the Contract. The Commissioner may make an equitable adjustment in the contract price or delivery date if the change affects the cost or time of performance. Such equitable adjustments require the consent of the Contractor, which consent shall not be unreasonably withheld.

42. ESTIMATED / SPECIFIC QUANTITY CONTRACTS Estimated quantity contracts are expressly agreed and understood to be made for only the quantities, if any, actually ordered during the Contract term. No guarantee of any quantity(s) is implied or given. Contracts for services and technology are completely voluntary as to use, and therefore no quantities are guaranteed.

With respect to any specific quantity stated in the contract, the Commissioner reserves the right after award to order up to 20% more or less (rounded to the next highest whole number) than the specific quantities called for in the contract. Notwithstanding the foregoing, the Commissioner may purchase greater or lesser percentages of contract quantities should the Commissioner and Contractor so agree. Such agreement may include an equitable price adjustment.

43. BEST PRICING OFFER

Price Decreases shall take effect automatically during the Contract term and apply to Purchase Orders submitted on or after:

a. GSA Changes: Where NYS Net Prices are based on an approved GSA Schedule, the date the approved GSA Schedule pricing decreases during the Contract term; or

b. Commercial Price List Reductions: Where NYS Net Prices are based on a discount from Contractor's list prices, the date Contractor lowers its pricing to its customers generally or to similarly situated government customers during the Contract term; or

c. Special Offers/Promotions Generally: Where Contractor generally offers more advantageous special price promotions or special discount pricing to other similarly situated customers during the Contract term for a similar quantity and similar services, and the maximum price or discount associated with such offer or promotion is better than the discount or net price otherwise available under this Contract, such better price or discount shall apply for similar quantity transactions for the life of such general offer or promotion.

d. Special Offers/Promotions to Authorized Users: Contractor may offer Authorized Users, under either the Contract or any other Contracting vehicle, competitive pricing which is lower than the NYS Net Price set forth herein at any time during the Contract term and such lower pricing shall not be applied as a global price reduction under the Contract pursuant to the foregoing paragraph (c).

44. PURCHASE ORDERS Unless otherwise authorized in writing by the Commissioner, no Products are to be delivered or furnished by Contractor until transmittal of an official Purchase Order from the Authorized User. Unless terminated or canceled pursuant to the authority vested in the Commissioner, Purchase Orders shall be effective and binding upon the Contractor when placed in the mail or electronically transmitted prior to the termination of the Contract period, addressed to the Contractor at the address for receipt of orders set forth in the Contract or the Contract Award Notification.

All Purchase Orders issued pursuant to contracts let by the Commissioner must bear the appropriate contract number and, if necessary, required State approvals. Unless otherwise specified, all Purchase Orders against centralized contracts will be placed by Authorized Users directly with the Contractor and shall be deemed to incorporate the terms and conditions set forth in this Contract by reference. Should an Authorized User add pre-printed terms and conditions to the purchase order that conflict with the terms and conditions of this contract, the Contractor has the option of rejecting the order after first attempting to negotiate the additional pre-printed terms and conditions in good faith with the Authorized User, or of filling the order. Any discrepancy between the terms stated on the Contractor's order form, confirmation or acknowledgment, and the Contract terms shall be resolved in favor of the terms most favorable to the Authorized User.

The Purchase Order shall indicate the address for delivery of the Product. Authorized User shall confirm pricing, supported hardware platforms and model availability with Contractor prior to placement of orders. Contractor's order form shall, at a minimum, contain the NYS Product Name, price, and must separately itemize quantities for products and services. The State reserves the right to require any other information from the Contractor, which the State deems necessary in order to verify any Purchase Order placed under the Contract.

45- 54. (RESERVED)

55. EMPLOYEES / SUBCONTRACTORS / AGENTS All employees, subcontractors or agents performing work under the Contract must be trained technicians who meet or exceed the technical and training qualifications set forth in the Contract, and must comply with all security and administrative requirements of the Authorized User. The Commissioner reserves the right to conduct a security background check or otherwise approve any employee or agent furnished by Contractor and to refuse access to or require replacement of any personnel for cause, including but not limited to, technical or training qualifications, quality of work or change in security status or non-compliance with Authorized User's security or other requirements. Such approval shall not relieve the Contractor of the obligation to perform all work in compliance with the Contract terms. The Commissioner reserves the right to reject and/or bar from the facility for cause any employee, subcontractor, or agents of the Contractor

56. ASSIGNMENT / SUBCONTRACTORS Contractor shall not assign, transfer, convey, sublet, or otherwise dispose of the Contract or its right, title or interest therein, or its power to execute such Contract to any other person, company, firm or corporation in performance of the Contract, other than the assignment of the right to receive money due, without the prior written consent of the Issuing Entity. Prior to an assignment of the right to receive moneys becoming effective, Contractor shall file written notice of such assignment simultaneously with the NYS Comptroller, the Commissioner, and participating Authorized User(s).

The Commissioner reserves the right to reject any proposed subcontractor, assignee or supplier for bona fide business reasons, which may include, but are not limited to: that the proposed transferee is on the Department of Labor's list of companies with which New York State cannot do business; the Commissioner determines that the company is not qualified; unsatisfactory Contract performance or service has been previously provided; or attempts were not made to solicit minority and women's business enterprises (M/WBE) bidders for the subcontract. Contractor's request to assign shall not be unreasonably withheld.

57. (RESERVED)

58. SUSPENSION OF WORK The Commissioner, in his/her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, in the best interests of the State or Issuing Entity. In the event of such suspension, the Contractor will be given a formal written notice outlining the particulars of such suspension. Examples of the reason for such suspension include, but are not limited to, a budget freeze on State spending, declaration of emergency, or other such circumstances. Upon issuance of such notice, the Contractor is not to accept any Purchase Orders, and shall comply with the Suspension Order. Activity may resume at such time as the Commissioner issues a formal written notice authorizing a resumption of work.

59. CANCELLATION

a. For Cause: For a material breach that remains uncured for more than thirty (30) days after written notice to the Contractor, the Contract or Purchase Order may be cancelled by the Commissioner or Authorized User at the Contractor's expense where Contractor becomes unable or incapable of performing the service, or meeting any requirements or qualifications set forth in the Contract, or for non-performance, or upon a determination that Contractor is non-responsible. In such event, the Commissioner or Authorized User may complete the work in any manner as it may deem advisable and pursue available legal or equitable remedies for breach.

b. For Convenience: This Contract may be cancelled at any time by the State for convenience upon thirty (30) days written notice without penalty or other early termination charges due. Such cancellation shall not affect the validity of Purchase Orders placed prior to cancellation. Such cancellation of the Contract shall not affect any project or Purchase Order, which has been issued under the Contract prior to the date of such termination.

60. SAVINGS / FORCE MAJEURE The Contractor shall not be responsible for delay resulting from its failure to perform if neither the fault nor negligence of the Contractor, its officers, employees or agents contributed to such delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires or floods, or other similar cause beyond the control of the Contractor, or for any of the foregoing which affect subcontractors or suppliers and no alternate source of supply is available to the Contractor. In such event, Contractor shall notify the Commissioner, by certified or registered mail, of the delay or potential delay and the cause(s) thereof either (a) within ten (10) calendar days after the cause which creates or will create the delay first arose if the Contractor could reasonably foresee that a delay could occur by reason thereof, or (b) if delay is not reasonably foreseeable, within five (5) calendar days after the date the Contractor first had reason to believe a delay could result. The foregoing shall constitute the Contractor's sole remedy or excuse with respect to such delay. In the event performance is suspended or delayed, in whole or in part, by reason of any of the aforesaid causes or occurrences and proper notification is given the Commissioner, any performance so suspended or delayed shall be performed by the Contractor at no increased cost, promptly after such disabilities have ceased to exist unless it is determined in the sole discretion of the Commissioner that the delay will significantly impair the value of the Contract to the State or to Authorized Users, whereupon the Commissioner may:

- a. Accept allocated performance from the Contractor. The Contractor, however, hereby agrees to grant preferential treatment to State Agencies with respect to Product subjected to allocation; and/or
- b. Purchase from other sources (without recourse to and by the Contractor for the costs and expenses thereof) to replace all or part of the Products which are the subject of the delay, which purchases may be deducted from the Contract quantity; or
- c. Terminate the Contract or the portion thereof which is subject to delivery delays, and thereby discharge any unexecuted portion of the Contract or the relative part thereof.

In addition, the Commissioner reserves the right, with Contractor's consent, which consent shall not unreasonably be withheld, to make an equitable adjustment in the Contract terms and/or pricing should extreme and unforeseen volatility in the marketplace affect pricing or the availability of supply. "Extreme and unforeseen volatility in the marketplace" is defined as market circumstances which meet the following criteria: (1) the volatility is due to causes outside the control of Contractor; (2) the volatility affects the marketplace or industry, not just the particular contract source of supply; (3) the effect on pricing or availability of supply is substantial; and (4) the volatility so affects Contractor's performance that continued performance of the Contract would result in a substantial loss.

61. CONTRACT BILLINGS Contractor shall provide complete and accurate billing invoices to each Authorized User in order to receive payment. Billings for Agencies must contain all information required by the Comptroller. The Comptroller shall render payment for Agency purchases, and such payment shall be made in accordance with ordinary State procedures and practices. Payment of Contract purchases made by Authorized Users other than Agencies shall be billed directly by Contractor on invoices/vouchers, together with complete and accurate supporting documentation as required by the Authorized User.

Submission of an invoice and payment thereof shall not preclude the Commissioner from reimbursement or demanding a price adjustment in any case where the Product delivered is found to deviate from the terms and conditions of the Contract.

62. DEFAULT - AUTHORIZED USER An Authorized User's breach shall be individual and shall not be deemed a breach of the centralized Contract. In the event a participating Authorized User fails to make payment to the Contractor for Products delivered, accepted and properly invoiced, within 60 days of such delivery and acceptance, the Contractor may, upon 10 days advance written notice to both the Commissioner and the Authorized User's purchasing official, suspend access to Database or provision of services to such entity until such time as reasonable arrangements have been made and assurances given by such entity for current and future Contract payments.

Notwithstanding the foregoing, the Contractor shall, at least 10 days prior to declaring a breach of Contract by any Authorized User, by certified or registered mail, notify both the Commissioner and the purchasing official of the breaching Authorized User of the specific facts, circumstances and grounds upon which a breach will be declared. It is understood, however, that if the Contractor's basis for declaring a breach is insufficient, the Contractor's declaration of breach and failure to service an Authorized User shall constitute a breach of its Contract and the State or Authorized User may thereafter utilize any remedy available at law or equity.

63. INTEREST ON LATE PAYMENTS

a. State Agencies The payment of interest on certain payments due and owed by a State agency may be made in accordance with Article 11-A of *State Finance Law* and Title 2 of the New York Code of Rules and Regulations, Part 18 (Implementation of Prompt Payment Legislation).

b. By Non-State Agencies The terms of Article 11-A apply only to procurements by and the consequent payment obligations of State Agencies. Neither expressly nor by any implication is the statute applicable to non-State Authorized Users. Neither is the Office of General Services nor the Office of the State Comptroller responsible for payments on any purchases made by a Non-State Agency Authorized User.

c. By Contractor Should the Contractor be liable for any payments to the State hereunder, interest, late payment charges and collection fee charges will be determined and assessed pursuant to Section 18 of the *State Finance Law*.

64. REMEDIES FOR BREACH

a. In the event the Authorized User shall fail to keep, observe or perform any covenant or agreement of the Service Agreement hereunder and such failure continues unremedied for 30 days after written notice from the Contractor, the Contractor, at its election, may discontinue service to the Authorized User, and/or exercise all rights and remedies which may be available at law or in equity. Failure of the Contractor to enforce any provision or to require that any default hereunder be cured shall not constitute a waiver of rights nor shall it be deemed an implied amendment or modification of this Agreement, unless agreed to in writing and signed by the Contractor.

b. In the event the Contractor shall fail to keep, observe or perform any covenant or agreement of the Contractor's hereunder and such failure continues unremedied to the satisfaction of The State of New York for 30 days after written notice, The State of New York at its election may terminate this Agreement, and/or exercise all rights and remedies which may be available at law or in equity.

c. It is understood and agreed that all rights and remedies afforded below shall be in addition to all remedies or actions otherwise authorized or permitted by law:

i. Withhold Payment: In any case where a question of non-performance by the Contractor arises, payment may be withheld in whole or in part at the discretion of the Authorized User. Should the amount withheld be finally paid, a cash discount originally offered may be taken as if no delay in payment had occurred.

ii. Deduction / Credit: Sums due as a result of these remedies may be deducted or offset by the Authorized Users from payments due, or to become due, the Contractor on the same or another transaction. If no deduction or only a partial deduction is made in such fashion the Contractor shall pay to the Authorized Users the amount of such claim or portion of the claim still outstanding, on demand.

65. ASSIGNMENT OF CLAIM Contractor hereby assigns to the State any and all its claims for overcharges associated with this Contract which may arise under the antitrust laws of the United States, 15 U.S.C. Section 1, et seq. and the antitrust laws of the State of New York, G.B.L. Section 340, et seq.

66. (RESERVED)

67. INDEPENDENT CONTRACTOR It is understood and agreed that the legal status of the Contractor, its agents, distributors, resellers, officers and employees under this Contract is that of an independent Contractor, and in no manner shall they be deemed employees of the State or Authorized User, and therefore are not entitled to any of the benefits associated with such employment. The Contractor agrees, during the term of this Contract, to maintain at Contractor's expense those benefits to which its employees would otherwise be entitled by law, including health benefits, and all necessary insurance for its employees, including worker's compensation, disability and unemployment insurance, and to provide the Authorized User with certification of such insurance upon request. The Contractor remains responsible for all applicable federal, state and local taxes, and all FICA contributions.

68. SECURITY / CONFIDENTIALITY Contractor warrants, covenants and represents that it will comply fully with all security procedures of the State and any Authorized User(s) in performance of the Contract. Contractor further warrants, covenants and represents that any confidential information obtained by Contractor, its agents, subcontractors, officers, distributors, resellers or employees in the course of performing its obligations, including without limitation, security procedures, business operations information, or commercial proprietary information in the possession of the State or any Authorized User hereunder or received from another third party, will not be divulged to any third parties. Contractor shall not be required to keep confidential any such confidential material which is publicly available through no fault of Contractor, independently developed by Contractor without reliance on confidential information of the State or Authorized User, or otherwise obtained under the Freedom of Information Act or other applicable New York State Laws and Regulations. This warranty shall survive termination of this Contract. Contractor further agrees to take appropriate steps as to its personnel, agents, officers and any subcontractors regarding the obligations arising under this clause to insure such confidentiality.

69. COOPERATION WITH THIRD PARTIES The Contractor shall be responsible for cooperating with any third party, including but not limited to subcontractors.

70. CONTRACT TERM - RENEWAL In addition to any stated renewal periods in the Contract, any Contract or unit portion thereof let by the Commissioner may be extended by the Commissioner for an additional period(s) of up to one year (cumulatively) with the written concurrence of the Contractor.

71. WARRANTIES Where Contractor or Product manufacturer/developer generally offers additional or more advantageous warranties than set forth below, Contractor shall offer or pass through any such warranties to Authorized Users. Contractor hereby warrants and represents that:

a. The Contractor warrants that it has the right to license the rights granted under this Agreement to use Products, that it has obtained any and all necessary permissions from third parties to license the Products, and that use of the Products by Authorized Users in accordance with the terms of this Agreement shall not infringe the copyright of any third party.

b. The Contractor shall use reasonable efforts to provide continuous availability of the Products online subject to periodic unavailability due to maintenance of the server(s), the installation or testing of software, the loading of additional Products as they become available, and downtime related to equipment or services outside the control of the Contractor including public or private telecommunications services or internet nodes or facilities. If the Products fails to operate in conformance with the terms of this Agreement, Authorized User shall immediately notify Licensor, and Licensor shall promptly repair the nonconformity. In the event that Licensor fails to repair the nonconformity in a reasonable time, Licensor shall reimburse Authorized User in an amount that the nonconformity is proportional to the total Fees owed by Authorized User under this Agreement.

c. Licensor warrants the physical medium on which the Products is provided to Authorized User will be free from defects for a period of ninety (90) days from delivery.

d. Product Performance Products delivered pursuant to this Contract conform to the specifications, performance standards and documentation, and the documentation fully describes the proper procedure for using the Products.

e. Title and Ownership Warranty Full ownership, clear title free of all liens, or that Contractor has obtained on behalf of Authorized User perpetual license rights to use the Product for the purposes of this Contract. Contractor shall be solely liable for any costs of acquisition associated therewith. Contractor fully indemnifies the State and Authorized User for any loss, damages or actions arising from a breach of said warranty without limitation. Authorized User may require Contractor to furnish appropriate written documentation establishing the above rights and interests as a condition of payment. Authorized User's request or failure to request such documentation shall not relieve Contractor of liability under this warranty.

f. Contractor Compliance To pay, at its sole expense, all applicable permits, licenses, tariffs, tolls and fees and give all notices and comply with all laws, ordinances, rules and regulations of any governmental entity in conjunction with the performance of its obligations under the Contract. Prior to award and during the Contract term and any renewals thereof, Contractor must establish to the satisfaction of the Commissioner that it meets or exceeds all requirements of the bid/Contract and any applicable laws, including but not limited to, permits, insurance coverage, licensing, proof of coverage for workman's compensation, and shall provide such proof as required by the Commissioner. Failure to do so may constitute grounds for the Commissioner to cancel or suspend this Contract, in whole or in part, or to take any other action deemed necessary by the Commissioner.

g. Software Product Warranty Every Product must be unconditionally guaranteed against faulty material and workmanship for a period of ninety (90) days from and after the date the Product is accepted unless otherwise specified by the Commissioner. Furthermore, the Contractor agrees to extend its warranty period by the cumulative periods of time, after notification, during which the Product requires servicing or replacement (down time) or is in the possession of the Contractor, its agents, officers, distributors, resellers or employees. If during the regular or extended warranty periods faults develop, the Contractor shall promptly repair or, upon demand, replace the defective unit or component part affected. Substituted or replacement Product must be unconditionally guaranteed for a period of ninety (90) days from the date such substituted or replacement Product was installed or replaced. All costs for labor and material and transportation incurred to repair or replace defective Product during the warranty period shall be borne solely by the Contractor, and the State or Authorized User shall in no event be liable or responsible therefore. This warranty shall survive any termination of the Contract in accordance with the warranty term.

h. Virus Warranty Licensed Software contains no known viruses. Contractor is not responsible for viruses introduced at Licensee's site.

THE WARRANTIES SET FORTH IN THIS CONTRACT ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Misuse, accident, unsuitable physical or operating environment, modification or operation inconsistent with standard industry practice, or failure caused by a product for which Contractor is not responsible may void the warranties.

72. LIMITATIONS ON WARRANTIES

Notwithstanding anything else in this Agreement,

a. No party shall be liable for any indirect, special, incidental, punitive or consequential damages, including but not limited to loss of data, business interruption, or loss of profits, arising out of the use of or the inability to use the Products.

b. The Authorized User's election to obtain additional Product shall not operate to diminish, alter or extinguish rights previously granted.

79. (RESERVED)

80. CHANGES TO PRODUCT OR SERVICE OFFERINGS

a. Product or Service Discontinuance Where Contractor is the Product Manufacturer/Developer, and Contractor publicly announces to all U.S. customers ("date of notice") that a service is being withdrawn from the U.S. market or that technical support provided by Contractor ("withdrawn support") is no longer going to be offered, Contractor shall be required to: (1) notify the Commissioner, each Licensee and each Authorized User then under contract for technical support in writing of the intended discontinuance; and (2) continue to offer Product or withdrawn support upon the Contract terms previously offered for the greater of: a) the best terms offered by Contractor to any other customer, or b) not less than twelve (12) months from the date of notice and (3) at Authorized User's option, provided that the Authorized User is under contract for maintenance on the date of notice, either: a) provide the Authorized User with either a Product replacement or migration path with at least equivalent functionality at no additional charge, or b) provide Authorized User with the source code for Licensed Product at no additional charge to enable Authorized User to continue use and maintenance of the Product.

In the event that the Contractor is not the Product Manufacturer, Contractor shall be required to: (1) provide the notice required under (1), above, to the entities described within five (5) business days of Contractor receiving notice from the Product Manufacturer, and (2) include in such notice the period of time from the date of notice that the Product Manufacturer will continue to provide Product or withdrawn support.

The provisions of this paragraph (a) shall not apply or eliminate Contractor's obligations where withdrawn support is being provided by an independent subcontractor. In the event that such subcontractor ceases to provide service, Contractor shall be responsible for subcontracting such service, subject to state approval, to an alternate subcontractor.

b. Product or Service Re-Bundling In the event that Contractor is the Product manufacturer and publicly announces to all U.S. customers ("date of notice") that a Product or Service offering is being re-bundled in a different manner from the structure or licensing model of the prior U.S. commercial offering, Contractor shall be required to: (1) notify the State and each Authorized User in writing of the intended change; (2) continue to provide Product or withdrawn support upon the same terms and conditions as previously offered on the then-current NYS Contract for the greater of : a) the best terms offered by Contractor to any other customer, or b) not less than twelve (12) months from the date of notice; and (3) shall submit the proposed rebundling change to the Commissioner for approval prior to its becoming effective for the remainder of the Contract term.

81. - 82. (RESERVED)

83. INDEMNIFICATION & LIMITATION OF LIABILITY Neither party shall be liable for any delay or failure in performance beyond its control resulting from acts of God or force majeure. The parties shall use reasonable efforts to eliminate or minimize the effect of such events upon performance of their respective duties under a Project Award.

Contractor shall be fully liable for the actions of its agents, employees, partners or subcontractors and shall fully indemnify and save harmless the State and Authorized Users from suits, actions, damages and costs of every name and description relating to personal injury and damage to real or personal tangible property caused by an intentional act or negligence of Contractor, its agents, employees, partners or subcontractors, without limitation; provided, however, that the Contractor shall not indemnify for that portion of any claim, loss or damage arising hereunder due to the negligent act or failure to act of the State or Authorized Users.

Contractor will indemnify, defend and hold the State and its Authorized Users harmless, *without limitation*, from and against any and all damages, expenses (including reasonable attorneys' fees), claims, judgments, liabilities and costs which may be finally assessed against the State in any action for infringement of a United States Letter Patent with respect to the Products furnished, or of any copyright, trademark, trade secret or intellectual property right, provided that the State shall give the Contractor: (i) prompt written notice of any action, claim or threat of infringement suit, or other suit, (ii) the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense, and (iii) assistance in the defense of any such action at the expense of Contractor. Where a dispute or claim arises relative to a real or anticipated infringement, the State or Authorized User may require Contractor, at its sole expense, to submit such information and documentation, including formal patent attorney opinions, as the Commissioner shall require.

The Contractor shall not be obligated to indemnify that portion of a claim or dispute based upon: i) Authorized User's unauthorized modification or alteration of a Product; ii) Authorized User's use of the Product in combination with other products not furnished by Contractor; iii) Authorized User's use in other than the specified operating conditions and environment.

In addition to the foregoing, if the use of any item(s) or part(s) thereof shall be enjoined for any reason or if Contractor believes that it may be enjoined, Contractor shall have the right, at its own expense and sole discretion as the Authorized User's exclusive remedy to take action in the following order of precedence: (i) to procure for the State the right to continue using such item(s) or part (s) thereof, as applicable; (ii) to modify the component so that it becomes non-infringing equipment of at least equal quality and performance; or (iii) to replace said item(s) or part(s) thereof, as applicable, with non-infringing components of at least equal quality and performance, or (iv) if none of the foregoing is commercially reasonable, then provide monetary compensation to the State up to the dollar amount of the Project Award.

For all other claims against the Contractor under any individual Project Award or subsequent scope change(s) ("Project Award") where liability is not otherwise set forth in the Contract as being "without limitation", and regardless of the basis on which the claim is made, Contractor shall be fully liable for the actions of its agents, employees, partners or subcontractors and such liability for direct damages under any Project Award shall not exceed two (2) times the charges rendered by the Contractor. Unless otherwise specifically enumerated herein or in the Project Definition, Contractor shall not be liable for consequential, indirect, special or economic consequential damages, even if Contractor has been advised of the possibility of such damages. *Contractor shall not be responsible for loss of records or data unless the Contractor is required to back-up the records or data as a Deliverable.*

The State and Authorized User may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them.

APPENDIX E

**Contractor's Executive Law, Article 15-A
(M/WBE) Requirements**

CONTRACTOR'S REQUIREMENT UNDER ARTICLE 15-A

In July of 1988, Article 15-A of the Executive Law was passed by the New York State Legislature. This legislation provides specific rules, regulations and procedures for minority and women-owned enterprise participation in certain State Contracts.

The Office of General Services (OGS) is required to implement the provisions of Article 15-A for all of its Contracts (1) in excess of \$25,000 for labor, services, supplies, equipment, materials, or any combination of the foregoing and (2) for Contracts in excess of \$100,000 for real property renovation and construction. For purposes of this Contract, OGS hereby establishes a goal of 4% for minority business enterprises (MBE) participation and 4% for women-owned business enterprises (WBE) participation.

In order to be awarded an OGS Contract, every bidder must comply with the requirements, rules and regulations outlined in Article 15-A.

POLICY AND PROVISIONS

It is the policy of the State of New York to promote equality of economic opportunity for minority and women-owned business enterprises (M/WBEs) in State Contracting. In order to comply with the State's objectives, the Contractors shall use "good faith efforts" to provide meaningful participation by M/WBE Subcontractors or suppliers in the performance of this Contract.

For the purpose of determining a Contractor's good faith effort to comply with the requirements of Article 15-A or to be entitled to a waiver therefrom, the Contracting agency shall consider:

- (a) Whether the Contractor has advertised in general circulation media, trade association publications, minority-focus and women-focus media. In such event,
 - (i) whether or not certified minority or women-owned businesses which have been solicited by the Contractor exhibited interest in submitting proposals for a particular project by attending a pre-bid conference; and
 - (ii) whether certified businesses which have been solicited by the Contractor have responded in a timely fashion to the Contractor's solicitations for timely competitive bid quotations prior to the Contracting agency's bid date; and
- (b) Whether there has been written notification to appropriate certified businesses that appear in the Directory of Certified M/WBE prepared pursuant to paragraph (f) of subdivision three of section three hundred eleven of this article; and
- (c) Whether the Contractor can reasonably structure the amount of work to be performed under subcontracts in order to increase the likelihood of participation by certified businesses.

- A. **GOALS** - The MBE and WBE participation goals as stated earlier are based on the availability of M/WBEs currently certified by New York State and geographically located to be able to perform the work in the region where the project is located. The total dollar value of the Contract, scope of work, the supplies and equipment necessary to perform the project, are also considerations used to determine the percentage goals.
- B. **UTILIZATION** - The Contractor may count as M/WBE participation: subcontracting part of the Contract to certified firms or purchasing supplies and equipment used to perform the terms and conditions of the Contract from certified firms.

Upon a showing by the Contractor of every good faith effort to achieve the goal for M/WBE participation in the work, the State will waive a Contractor's failure to achieve the goal M/WBE participation.

- C. **MINORITY AND WOMEN-OWNED BUSINESS OFFICER** - The Contractor shall designate a Affirmative Action officer and assign the officer the responsibility and authority to monitor the M/WBE program for this Contract. The OGS' Office of Minority and Women-owned Business Enterprises' staff is available to help in identifying certified M/WBEs.
- D. **REQUIRED REPORTS** - The Contractor is required to submit a Utilization Plan (BDC-328) to the NYS Office of General Services within five (5) days after the opening of bids for construction Contracts exceeding \$100,000 and 14 days after notification of award for commodity and service Contracts exceeding \$25,000. The Contractor must also submit the MBE/WBE Letter of Intent to Participate (BDC-49). The Letter MBE/WBE of Intent to Participate is a commitment by the Contractor and the subcontractor/supplier that the terms and conditions for M/WBE participation on this Contract are agreed to. Any modifications or changes to the agreed participation by certified M/WBEs, over the term of the Contract, must be reported on a revised Utilization Plan.
- E. **NONDISCRIMINATION** - The Contractor agrees not to discriminate on the basis of race, creed, color, national origin, gender, age, disability, or marital status, in any respect, against any potential subcontractor, supplier, other company, firm, or enterprise in any manner relating to the performance of this Contract.

POST AWARD

The Contractor must submit to the Office of Minority and Women-owned Business Enterprises after notification of award, the following forms, by the 10th day of each month:

1. (BDC-58) Cumulative Monthly Payment Statements
2. (BDC-25) Monthly Affirmation of Income Payments

AutoTrackXP

Product Description

AutoTrackXP is an online, internet-based interface to ChoicePoint's public record data sets. AutoTrackXP allows access to ChoicePoint's data sets using off-the-shelf web browser technology commonly found on today's personal computers such as Netscape Navigator™ or Microsoft Internet Explorer™. Users can access the information they need using Windows point-and-click technology. Users gain access to AutoTrackXP through their desktop Internet connection, using a secured password-protected web site.

AutoTrackXP allows multi-tasking in a Windows environment which permits browsing and processing of multiple reports simultaneously, as well as allowing the user to cut and paste returned information from the browser directly into other open documents.

AutoTrackXP also offers a Report Manager that will automatically store requested reports for seven days, thereby allowing the user the luxury of reviewing and retrieving the reports at their convenience.

In terms of functionality, AutoTrackXP users are able to search a particular database and then cross-reference other databases within AutoTrackXP in order to generate comprehensive reports or expand on a basic set of information about a subject. Searchable data includes, but is not limited to, current and past addresses, telephone numbers, neighbors, associates, professional licenses, driving histories, business profile reports, real estate, death records, vehicles and other assets. Users are able to perform a detailed search of all relevant data based on only a limited amount of input information.

AutoTrackXP is an aggregation of numerous databases. Some of more frequently searched databases include:

*Faces of the Nation.*SM Faces of the Nation contains information on individuals throughout the United States. With limited information, users can access current and previous addresses, neighbors, date of birth and other information for millions of individuals.

Corporations of the Nation. Corporations of the Nation contains information on active and inactive businesses based on secretary of state filings in 43 states including officers, directors, registered agents, corporate status and federal employment identification numbers.

Properties of the Nation. Properties of the Nation provides information on real property in 37 states and the U.S. Virgin Islands. Users can receive information on situs and mailing addresses, parcel numbers, assessed values, recent and prior sales prices and property narratives as well as other information related to the property.

Vehicles of the Nation. Vehicles of the Nation contains information on vehicle registrations in 32 states including owner's name and address, description, title information, vehicle identification number (VIN), lien holder information and historical data.

Drivers of the Nation. Drivers of the Nation contains information on drivers' licenses issued in 22 states and can be searched using a combination of name, driver license number, address, date of birth and zip code.

Liens/Judgments/Bankruptcies. Liens/Judgments/Bankruptcies contains information on business and consumer bankruptcies in all 50 states. Users can also locate data in 29 states relating to federal and state tax liens and civil judgments.

Other National Databases. Other national databases offered in AutoTrack XP include Deed Transfers of the Nation, Real-time Phone Gateways and Federal trademarks and service marks.

AutoTrackXP also includes a number of state specific databases; the broadest selection of these includes Florida, Texas, New York, Oregon, Washington and California.

Other individual state data sets available through AutoTrackXP include citizen profiles, professional licenses, vehicle and vessel registrations, drivers' licenses, marriages, secretary of state filings and other specialized data.

Comprehensive and dossier reports allow users to efficiently and cost-effectively gather all the relevant information available in AutoTrackXP from the national and state databases on the subject of their search, in a clear and convenient format. These reports eliminate the user's need for further searches and provide the most complete amount of information in the shortest time.

Standard AutoTrackXP Functionality

The following descriptions provide information referencing the means in which users obtain data through AutoTrackXP.

Search

A Search is a query of the databases AutoTrackXP maintains in order to identify an individual, address, asset, business, etc. A Search can be conducted based on a name, a social security number, a telephone number, a driver's license number, or other criteria. Each Search will provide matches, when available, to the chosen criteria.

Search Extensions

Search Extensions are provided as options after results are returned from a Search of the Faces of the Nation database. The three Search Extensions are:

- 1) the names of other people associated with an individual's address(es)
- 2) the names and listed telephone numbers for the neighbors of an address(es)
- 3) any other names associated with a particular social security number.

Basic Reports

A Basic Report can be ordered on an individual after conducting a Search or by using the Direct-to-Report Feature. This report will include, when available, up-to-date address information, historical address information, date of birth, information related to social security numbers, telephone numbers and more. The information in the Basic Report is derived from a large collection of databases, and provides an overview of the subject of your search.

National Comprehensive Reports

A National Comprehensive Report can be ordered after conducting a Search or by using the Direct-to-Report feature. This report will include the information from the Basic Report as well as information from AutoTrackXP's other extensive national and state databases for a summary of assets, driver's licenses, professional licenses, real properties, vehicles and more. Using advanced search techniques, AutoTrackXP precisely identifies and integrates the information that matches an individual. The result is a National Comprehensive Report providing an extremely focused composite on an individual.

Business Comprehensive Reports

A Business Comprehensive Report can be ordered after conducting a Search. This report will include, when available, business-related information from Secretaries of State and other leading business sources. In addition, the Business Comprehensive Report will include, when available, linkages to other extensive national and state databases of AutoTrackXP for a summary of assets, FEIN's, vehicles, real-time telephone listings, trademarks, businesses linked by address and FEIN, licenses and more. The Business Comprehensive Report will also include additional information on business executives and their other business affiliations. The result is a Business Comprehensive Report providing an extremely focused composite on a business.

Associates Feature

The Associates Feature is an option that can be incorporated into either the Basic Report or the National Comprehensive Report. The Associates Feature provides, when available, the names of an individual's relatives, other people who have used an individual's address(es), neighbors with listed telephone numbers and spouses in Florida and Texas.

AutoTrackXP is available with two pricing options: 1-a flat rate, unlimited usage program or 2-a transactional priced program. AutoTrackXP has no per-minute charges, no setup fees and no printing charges*

FAIR – Family Assistance Information Reporting

Product Description

ChoicePoint's FAIR system extends the framework of the AutoTrackXP National Comprehensive Report in a product designed specifically for Authorized Users responsible for eligibility determination for public assistance programs or the enforcement of child support efforts. FAIR provides users the ability to combine the information contained in a National Comprehensive Report with a subject's full credit report. The combined information allows the customer to quickly identify potential inconsistencies in information provided by an applicant for entitlement benefits, or identify assets in conjunction with a child support effort.

Unlike AutoTrackXP, which is a standard interface, FAIR reports are typically highly customized based upon the specific requirements of a customer agency. Because a high level of customization is required, standard pricing structures are not currently in place for FAIR and so are not incorporated into this offering. A general version of FAIR is listed on the GSA Schedule at a rate of \$6.00 per report.

CORE

Production Description

CORE provides the customer with the ability to draw from a multitude of information resources, including ChoicePoint's 14 billion public records and proprietary data, notes, interviews, photos, financial records and police reports. This data productivity software will aid customers in investigating and solving cases economically and easily. With CORE, a customer can produce presentation-quality reports and drawings to illustrate results. This easy-to-use software helps reveal hidden relationships between various subjects and cases.

Uniqueness of CORE

CORE allows the customer to pull public records data directly into a database for analysis, which prevents unneeded time inputting data by hand. This software allows any customer to work with data stored formats such as MS Access, Excel or text files. The customer can simultaneously download multiple AutoTrackXP reports for batch processing as well as merging data automatically with a customer's legacy and ongoing investigative data.

ChoicePoint Online

ChoicePoint is designed to meet the needs of state and local law enforcement personnel, ChoicePoint Online is an internet-based application providing access to subject location searches, subject asset identification searches, vehicle ownership information, reverse telephone directory, corporate ownership and address information, and real property ownership information. This system can be used to locate fugitives and subjects of investigations, identify neighbors and potential relatives, develop a complete profile of a subject's asset ownership, and for a number of other investigative purposes.

ChoicePoint Online is available via a secured website, accessible only by authorized users with a valid user identification code and password. The front page for this system can be viewed at www.cpgov.com. From this portal, users can enter the ChoicePoint application, view a list of free Internet sources of information, or review other available information

Batch Processing Services

Batch Processing provides the customer with the ability to conduct a high volume offline research in an efficient and economical manner. Batch Processing allows the customer to access 14 billion records across numerous databases. File exchanges in text format allow easy integration into customer systems with responsive services with the flexibility of a daily, weekly or monthly file delivery. Batch Processing finds the links of associations and relationship through powerful linking technology. APPENDIX H

Contractor's Statement on 508 Compliance

(continued)

Statement on 508

ChoicePoint Public Records Inc. is committed to making its products accessible to all responsible users of information. ChoicePoint is aggressively working to make its existing products such as AutoTrackXP and ChoicePoint Online, 508 compliant. Initiatives are currently underway to rebuild these products to assure compliance.

The AutoTrackXP 508 Compliance project commenced in May 2002 to assist the developers in identifying specific Section 508 requirements in each line of HTML code within the product., Some of the common items we are modifying throughout the product to meet Section 508 requirements in AutoTrackXP are the addition of alt tags to graphics and images, fieldsets and legends for input forms, page linearization, options to skip repetitive navigation links, etc.

The plan is to release applications as they are completed and tested for 508 compliance. We developed the release schedule based on usage of applications, i.e., we are releasing the most-used applications in the product first. These applications represent approximately 90% of total usage. Additionally, 508 standards have been incorporated in the development and testing plans for all new applications added to AutoTrackXP in the future.

The 508 enhancements made to AutoTrackXP are best realized using Internet Explorer. According to the Access Board, assistive technologies do not optimally work when using Netscape. We have certified and tested the pages primarily using Internet Explorer 5.5 and 6.0, and Netscape 4.78, 4.79 and 6.21. Some applications were tested using Internet Explorer 4 as well.

We are pleased to announce the release of the following applications, which are live in AutoTrackXP and fully 508 compliant:
