----------------------	--	--------------------	--

Procurement Services has been notified that National Grid interruptible gas service customers must switch to an alternate fuel no later than Thursday, December 15, 2016 at 10:00am until further notice. Con Edison interruptible gas service customers must be off at 1:00am on Friday, December 16, 2016 until Saturday at 10:00am.

All Authorized Users should contact their supplier for confirmation and updates.

Users of Natural Gas Interruptible supply that will switch over to Heating Oil during interruptible and/or curtailment events are reminded that before switching to heating oil it is a requirement that you must have a minimum of a 10 day supply on hand at all times.

Where a 10 day supply is not physically possible then there should be full tanks available during the upcoming coldest parts of the year.

In the colder months delivery delays may occur and we request that you plan ahead and work with your fuel oil supplier to ensure an adequate supply. During these events please be aware that other facilities may be designated a human needs customer placing them as a higher priority. Such as hospitals and nursing homes for which having heat is essential.

All other terms and conditions of this award remain unchanged.

Oswego	#2 MT	\$1.8490	\$1.6672	Superior Plus
Oswego	#2 TW	\$1.9589	\$1.7771	Superior Plus

All other terms and conditions remain the same.

NYC Clean Heat Act - Authorized users of #4 and #6 fuels in NYC need to be aware of the NYC Clean Heat Act

Regulations

Regulations issued by the New York City Department of Environmental Protection will phase out the use of No. 4 heavy heating oil in New York City. The regulations were designed to balance near-term pollution reduction while minimizing costs for buildings.

- All new boiler or burner installations must utilize one of the cleanest fuels, which may include natural gas, ultra-low sulfur 2 oil, biodiesel, or steam.
- Beginning July 1, 2012, No. 6 oil Certificate of Operations will not be issued. At a minimum, buildings will be required to convert to a fuel as clean as No. 4 oil.
- All No. 6 oil Certificate of Operations expired on or before June 30, 2015.
- All buildings must convert to one of the cleanest fuels upon boiler or burner retirement or by January 1, 2030, whichever is sooner.

To find out when your building will be required to switch to a cleaner fuel go to the website at:

[https://www.nyccleanheat.org/sites/default/files/public//DEP%20Rules_Heavy%20Oil%20Phase-out%20\(Apr%2021%202011\).pdf](https://www.nyccleanheat.org/sites/default/files/public//DEP%20Rules_Heavy%20Oil%20Phase-out%20(Apr%2021%202011).pdf)

Contract Award Notification Update

Subject: Heating Oil Price Correction for May 29th

DATE: June 4, 2015

AWARD #: [22779](#)

GROUP #: 05500

AWARD DESCRIPTION: Fuel Oil, Heating

CONTRACT PERIOD: November 21, 2014 – November 20, 2016

CONTACT: James Patrick

| 518-408-1026 |

james.patrick@ogs.ny.gov

CONTRACT NO.: PC66719

CONTRACTOR: Superior Plus Energy

There is a slight price correction for Kerosene using the Buffalo posting location on the weekly price list beginning May 29, 2015 ending June 4, 2015.

The correct Kerosene prices for the following counties are as follows:

Ontario and Orleans County

Posted Price is \$2.9973, the correct price is **\$2.9995**

Wayne County

Posted Price is \$3.0773, the correct price is **\$3.0795**

All other terms and conditions of this award remain unchanged

RECYCLED, REMANUFACTURED AND ENERGY EFFICIENT PRODUCTS:

The New York State Procurement supports and encourages the purchase of recycled, remanufactured, energy efficient and "energy star" products. If one of the following codes appears as a suffix in the Award Number or is noted under the individual Contract Number(s) in this Contract Award Notification, please look at the individual awarded items for more information on products meeting the suffix description.

RS,RP,RA	Recycled
RM	Remanufactured
SW	Solid Waste Impact
EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

DELIVERY:

Contractor must be prepared, at all times, to make prompt delivery as ordered. In emergencies, fuel must be delivered within twenty-four (24) hours of notification. Normal deliveries are considered to be Monday thru Friday (8:00 am - 5:00 pm). Saturday/Sunday deliveries are to be made on an emergency basis (and not a regular basis) ONLY.

Agencies shall be responsible to insure that tanks are accessible by the contractor. Failure of the agency to make appropriate arrangements, preventing delivery of product upon contractor's arrival at delivery site, may result in a charge to the agency for the contractor's transportation costs for that particular trip. Agencies should also make certain that receiving personnel are available at time of delivery.

PREVAILING WAGE:

This award is subject to the prevailing wage rate provisions of New York State Labor Law. See "WAGE AND HOUR PROVISIONS" in Appendix A paragraph 6. See "Prevailing Wage Rates - Public Works and Building Services Contracts" in Appendix B, OGS General Specifications. Any federal or State determination of a violation of any public works law or

regulation, or labor law or regulation, or any OSHA violation deemed "serious or willful" may be grounds for a determination of vendor non-responsibility and termination of award.

The applicable Prevailing Wage Rate Schedule for this project is **PRC # 2014900606**

For access to the Department of Labor (DOL) Public Works information including Prevailing Wage Schedule and updates, use the following link: <http://labor.ny.gov/workerprotection/publicwork/PWGeneralProvisions>.

IMPORTANT NOTE: The above PRC number MUST be noted on all purchase orders issued for purchases from this contract.

FUEL SUPPLIER CERTIFICATE

This form may be used to supply reports to State Contract Users requesting documentation of fuel sulfur content, as may be required under State and/or Federal Environmental Laws. When requested, this form should be supplied to the facility with each delivery or billing (As previously arranged with each facility)

1)

Date of Delivery		
Delivery Location / Account #		
Supplier Name		
Address		
City, State		
County		

- 2) Type of Fuel Delivered with **MAXIMUM** percent sulfur (*Please check one*)

Is this a Biofuel Blend? YES NO

MINIMUM BTU Value per fuel type is as follows unless otherwise specified:

#2 fuel oil minimum BTU value per gallon is 139,000

#4 fuel oil minimum BTU value per gallon is 141,000

#6 fuel oil minimum BTU value per gallon is 143,000

(Items 3, 4, & 5 must be completed only if referring to a residual oil)

- 3) Actual Sulfur Content: _____ %
- 4) Test Method _____

5) **Location of oil when sampled for testing** _____
Indicate whether the oil was sampled as delivered or whether the sample was drawn from oil in storage at the oil supplier's or oil refiner's facility, or other location;

6) **We certify that the fuel supplied complies with the D396 (or latest revision) - Standard Specification for Fuel Oils.**
