M Series Notes (applies to pages 1-4 only, not CCT model)

- CodeLink Bluetooth wireless option may be purchased by changing digit 10 to a 1, this is \$499 per device. This is not available for CCT models.
- Direct transmission to GE Medical Systems Catalyst™ MUSE® is available for M Series with 12-lead option. The M Series with MUSE option is compatible with GE Medical Systems Catalyst™ MUSE® Versions 4B and higher. Replace digit 5 with a "2", \$995 per device.
- New M Series are available with an XL Battery Upgrade at no additional cost. This upgrade includes the XL Battery enclosure and handle. One XL battery is substituted. This upgrade is ordered by replacing digit "7" with a "3" for M Series with AC power, by replacing digit "7" with a "4" for M Series with DC power or a "5" for M Series with no external power source.
- All M Series quoted in this price book are configured with a biphasic waveform.
- New monophasic M Series may be ordered as a "Special Order" requiring prior approval from Management and VP Sales with 120-180 day delivery terms. Replace digit 9 with "0". The price is the same as biphasic.
- Refurbished Monophasic units can be ordered by replacing digit 1 with a "6" and digit 9 with a "0". Quote these 20% off list price.
- Voice recording can be added to any AED. This can be ordered by replacing digit 13 with a "7". Add \$500.00.
- If RS232 option is required, the RS232 Data Transfer Cable must be quoted. Part number 8000-0605-01, \$50 per cable.
- Xtreme Pack I or II is available for all M Series units. Order as a separate line item if required for transport applications.

CCT Special Considerations:

- All EMS M Series are available with a DC Power Supply instead of an AC Power Supply at no additional charge. This can be ordered by replacing digit 7 with a "2".
- Direct transmission to GE Medical Systems Catalyst™ MUSE® is available for M Series with 12-lead option. The M Series with MUSE option is compatible with GE Medical Systems Catalyst™ MUSE® Versions 4B and higher. (Replace digit 5 with a "2" and add \$995 per device.)
- Xtreme Pack I or II is available for all M Series units. Order as a separate line item if required for transport applications.
- If RS232 option is required, the RS232 Data Transfer Cable must be quoted. Part number 8000-0605-01, \$50 per cable.
- The CCT Model may be upgraded to include a XL Smart Complete Battery for an additional charge of \$50. This upgrade includes the replacement of the XL Smart Ready Battery with the Smart Complete Battery. This can be ordered by replacing digit 7 with a "6" for M Series CCT with AC power or by replacing digit 7 with a "7" for M Series CCT with DC power.

Xtreme Pack II Limited Warranty Statement:

ZOLL Medical Corporation warrants solely to the original purchaser of an M Series Defibrillator encased in a Xtreme Pack II that if the M Series injection molded enclosure is cracked or damaged under normal operating conditions when housed in an Xtreme Pack II carry case, that ZOLL will repair or replace the injection molded enclosure at its option so as to return the enclosure to original factory condition. This warranty is provided for the life on the M Series when the M Series is used under normal operating conditions. Additionally, this warranty includes the use of a loaner defibrillator during repair, the cost of shipping the damaged unit to ZOLL, and the cost of the return of the repaired or replacement unit to the original purchaser.

This limited warranty is the sole warranty made with respect to the Xtreme Pack II and is expressly in lieu of any other warranty either stated or implied, including any implied warranty of merchantability. ZOLL expressly disclaims all liability for any special or consequential damages. Breakage or damage to the screen, recorder, electronic or other portion of the M Series defibrillator other than the injection-molded enclosure are specifically excluded from this limited warranty.

M Series Notes (applies to pages 1-4 only, not CCT model)

- Bluetooth wireless option may be purchased by changing digit 10 to a 1, this is \$499 per device. This is not available for CCT models.
- All EMS M Series are available with a DC Power Supply instead of an AC Power Supply at no additional charge. This can be ordered by replacing digit 7 with a "2". If RS232 option is required, the RS232 Data Transfer Cable must be quoted. Part number 8000-0605-01, \$50 per cable.
- New M Series are available with an XL Battery Upgrade at no additional cost. This upgrade includes the XL Battery enclosure and handle. One XL battery is substituted for the 2 standard batteries. This upgrade is ordered by replacing digit "7" with a "3" for M Series with AC power, by replacing digit "7" with a "4" for M Series with DC power or a "5" for M Series with no external power source.
- All M Series quoted in this price book are configured with a biphasic waveform.
- New monophasic M Series may be ordered as a "Special Order" requiring prior approval from Management and VP Sales with 120-180 day delivery terms. Replace digit 9 with "0". The price is the same as biphasic.
- Refurbished Monophasic units can be ordered by replacing digit 1 with a "6" and digit 9 with a "0". Quote these 20% off list price.
- Voice recording can be added to any AED. This can be ordered by replacing digit 13 with a "7". Add \$500.00.
- Xtreme Pack II is optional and may be substituted for Xtreme Pack I at the time of the order for \$170. List as separate line item for each M Series ordered.
- Xtreme Pack II for 12-lead or 12-lead and NIBP may be substituted for Xtreme Pack I at the time of the order for \$250. List as a separate line item for each M Series ordered.

M Series & CCT Special Considerations

- All EMS M Series are available with a DC Power Supply instead of an AC Power Supply at no additional charge. This can be ordered by replacing digit 7 with a "2".
- Direct transmission to GE Medical Systems Catalyst™ MUSE® is available for M Series with 12-lead option. The M Series with MUSE option is compatible with GE Medical Systems Catalyst™ MUSE® Versions 4B and higher. (Replace digit 5 with a "2" and add \$995 per device.)
- Xtreme Pack I or II is available for all M Series units. Order as a separate line item if required for transport applications.
- If RS232 option is required, the RS232 Data Transfer Cable must be quoted. Part number 8000-0605-01, \$50 per cable.
- Xtreme Pack II is optional and may be substituted for Xtreme Pack I at the time of the order for \$170. List as separate line item for each M Series ordered.
- Xtreme Pack II for 12-lead is optional and may be substituted for Xtreme Pack I at the time of the order for \$250. List as a separate line item for each M Series ordered.
- The CCT Model may be upgraded to include a XL Smart Complete Battery for an additional charge of \$50. This upgrade includes the replacement of the XL Smart Ready Battery with the Smart Complete Battery. This can be ordered by replacing digit 7 with a "6" for M Series CCT with AC power or by replacing digit 7 with a "7" for M Series CCT with DC power.

Xtreme Pack II Limited Warranty Statement:

ZOLL Medical Corporation warrants solely to the original purchaser of an M Series Defibrillator encased in a Xtreme Pack II that if the M Series injection molded enclosure is cracked or damaged under normal operating conditions when housed in an Xtreme Pack II carry case, that ZOLL will repair or replace the injection molded enclosure at its option so as to return the enclosure to original factory condition. This warranty is provided for the life on the M Series when the M Series is used under normal operating conditions. Additionally, this warranty includes the use of a loaner defibrillator during repair, the cost of shipping the damaged unit to ZOLL, and the cost of the return of the repaired or replacement unit to the original purchaser.

This limited warranty is the sole warranty made with respect to the Xtreme Pack II and is expressly in lieu of any other warranty either stated or implied, including any implied warranty of merchantability. ZOLL expressly disclaims all liability for any special or consequential damages. Breakage or damage to the screen, recorder, electronic or other portion of the M Series defibrillator other than the injection-molded enclosure are specifically excluded from this limited warranty.
