E-mail : joseph.hodder@ogs.state.ny.us	E-mail : customer.services@ogs.state.ny.us

### Description

<p>Cold-In-Place recycling of bituminous concrete pavements is a corrective maintenance technique. The existing pavement is milled off for a depth of 3 to 4 inches, a liquid bituminous material is added to the millings, and the resulting mixture is placed and compacted on the milled surface. A new bituminous concrete sealing layer is added later. Existing cracks are eliminated and the resulting pavement should last for many years.</p>

Cash Discount, If Shown, Should be Given Special Attention.

**INVOICES MUST BE SENT DIRECTLY TO THE ORDERING AGENCY FOR PAYMENT.**

AGENCIES SHOULD NOTIFY THE PROCUREMENT SERVICES GROUP PROMPTLY IF THE CONTRACTOR FAILS TO MEET THE DELIVERY TERMS OF THIS CONTRACT. PRODUCT WHICH DOES NOT COMPLY WITH THE SPECIFICATIONS OR IS OTHERWISE UNSATISFACTORY TO THE AGENCY SHOULD ALSO BE REPORTED TO THE PROCUREMENT SERVICES GROUP.

**NOTE TO AGENCY:**

The letters SB listed under the Contract Number indicate the contractor is a small business. Additionally, the letters MBE and WBE indicate the contractor is a Minority-owned Business Enterprise and/or Woman-owned Business Enterprise, respectively.

**NOTE TO ALL CONTRACT USERS:**

The terms and conditions of the solicitation which apply to the award appear at the end of this document. We strongly advise all contract users to familiarize themselves with all terms and conditions before issuing a purchase order.

**PRICE:**

Clause 23B of the General Specifications has been modified to read:

Price quoted is FOB the contractor's location per square meter for the cold-in-place recycling, at the project site for the additional cost for small and/or short projects and for the shoulder milling, FOB the contractor's location per liter for the liquid bituminous material (unmodified or modified), and delivered to the location specified by the State per metric ton for the aggregate. Price for Optional Maintenance and Protection of Traffic is per square meter of recycling.

Price for additional flaggers (if required) is net per day (to the nearest quarter day) for additional flaggers. Price for rumble strips (if required) is net per each linear meter of rumble strips both installed and removed (i.e. one price included both installation and removal of rumble strips) at the project locations. Price for optional pilot vehicles with drivers (if required) is net per day (to the nearest quarter day) for each pilot vehicle with driver.

**PRICE FOR MOBILIZATION FROM CONTRACTOR'S LOCATION TO PROJECT LOCATION AND TO HEAT, HAUL, AND APPLY LIQUID BITUMINOUS MATERIAL WITH CONTRACTOR'S EQUIPMENT:**

Price for mobilization from contractor's location to project location is net per square meter of accepted cold-in-place recycling performed at the locations indicated by the customer/purchasing agency. Price is for heating, hauling and applying liquid bituminous material from contractor's location to project location and is net per liter of liquid bituminous material (unmodified or modified) incorporated in the completed cold-in-place recycling. Cold-in-Place recycling shall be performed in accordance with NYSDOT's Standard Specifications and as per the material specification for cold-in-place recycling. Shoulder milling shall be performed as per these specifications. Cleaning and preparing the existing pavement will be the responsibility of the purchasing agency. Erecting warning signs and directing traffic will be the responsibility of the purchasing agency or the contractor using the optional maintenance and protection of traffic section at the discretion of the purchasing agency.

(continued)

**PRICE ADDITIONAL FOR SMALL PROJECTS OR PROJECTS RECYCLED IN SHORT LENGTHS:**

Price for small projects (less than 16,700 square meters) or projects where 50% of the total area must be recycled in lengths less than 450 meters shall be the price for 16,700 square meters to 41,800 square meters for the appropriate depth. An additional price for small projects or projects where 50% of the total area must be recycled in lengths less than 450 meters shall be quoted and added to this price.
