### Pricelist Worksheet

The State will have one standardized format for all Contract pricelists. Each Bidder must submit their proposed Product and service offerings on Attachment 1, Pricelist, detailing SKU/part number, item description, List Pricing, discount percentage, and Net Pricing for each Product and service on the pricelist that the Bidder is proposing. Bidders may offer either a single or variable discount for each Product and service on the Pricelist. All monetary values shall be extended to two decimal points (e.g., \$.123 shall be rounded to \$.12). All discount percentage values shall not exceed two decimal places (e.g., 6%, 6.5%, 6.25% are permitted; 6.875% is not permitted). Pricelists may be segmented by Product or service type at the discretion of the Bidder by inserting new rows and formatting them (i.e. by using highlighting/shading, italics, bold and/or color fonts); however, Bidder shall not attempt to add additional columns or modify formulas in Column E. Any attempt to alter or modify the Worksheet beyond what is allowed may result in bid being deemed non-responsive and rejected.
